The Justice God Is Seeking (The Worship Series)-David Ruis 2013-04-30 The issues of the poor and oppressed in this world are not removed from our worship of God. In fact, to serve the poor is to worship. When we capture God’s heart for the poor and broken, we begin to move toward action through worship. In The Justice God Is Seeking, David Ruis explores how drawing near to God softens our hearts and opens us up to the need for salvation that is all around us. Worship and compassion are linked in the Scriptures, and they must be woven throughout our lives. Here is a passionate exhortation to love like Jesus loves and to experience worship that is touched by brokenness and a longing for things to be set right. Therein lies the justice God is seeking.

The Indian Way-John M Koller 2016-05-23 There is no other book that explains both the philosophies and religions of India in their full historical development. The Indian Way is accessible to beginning students, and does justice to the Indian tradition’s richness of religious and philosophical thought. Clear and powerful explanations of yajna and dharma, and appealing, intimate descriptions of Krishna, Kali, and Shiva allow students to read some of the great Indian texts for themselves.

Mental Health in Prisons-Alice Mills 2018-11-19 This book examines how the prison environment, architecture and culture can affect mental health as well as determine both the type and delivery of mental health services. It also discusses how non-medical practices, such as peer support and prison education programs, offer the possibility of transformative practice and support. By drawing on international contributions, it furthermore demonstrates how mental health in prisons is affected by wider socio-economic and cultural factors, and how in recent years neo-liberalism has abandoned, criminalised and contained large numbers of the world’s most marginalised and vulnerable populations. Overall, this collection challenges the dominant narrative of individualism by focusing instead on the relationship between structural inequalities, suffering, survival and punishment. Christ's Object Lessons-Ellen G. White 1969

Slow Church-C. Christopher Smith 2014-05-06 In today’s fast-food world, Christianity can seem outdated or archaic. The temptation becomes to pick up the pace and play the game. But Chris Smith and John Pattison invites us to leave franchise faith behind and enter the kingdom of God, where people know each other well and love one another as Christ loves the church.

Lessons from the Crossroads-Ed Poole 2007-06 Lessons from the Crossroads is full of stories and tales Ed has heard from others, tales that are now part of his life. The story of any one of us is, in part, the story of all of us. By telling the story of his experiences of reclaiming his authentic path, Ed inspires his readers as they discover humor, joy, laughter, personal meaning in their own lives, some sadness, but most of all, a sense of hope, love, forgiveness and personal excitement for the times their lessons are learned from their own crossroads experiences. While reading this book, you will become aware of the changes Ed experienced in his life which will provide insight into the many changes you have created in yours as your journey led you to your different crossroads. Ed shares his feeling about many of his struggles, concepts and relationships as he share his insights throughout Lessons form the Crossroads. Ed also has the unique ability to share his growth from the beginning of this manuscript to the end, and you will rejoice in his transformation as well as receive inspiration and courage to continue yours. It is the joy of sharing these stories as you write your own that will create a heartfelt connection to Ed and his wisdom for years to come.

Undivided Heart-Lucy Mills 2020-04-28 "Give me an undivided heart.' Something in my soul has always been snagged by that phrase in Psalm 86. Something in it speaks to me of my own heart division, my own disarray. It captures a deeper longing, beyond the surface chatter of my mind. I find, amid the muddle that is me, that there is something--someone--calling me on, gathering together my disparate, fraying threads and weaving them into a story greater than I could ever perceive." Why do we do what we do? What makes us who we are? And what could make us more? In Undivided Heart, Lucy Mills digs deep in search of an
understanding of human identity, purpose, and living by faith, asking what the influences are that shape us and define us. She explores what it might mean to have an undivided heart—to live a life compelled by Christ’s love, undistracted by all other motives. This is not a book of easy answers. It is a book of deep questioning, of relationship, honesty, and encounter, counter-cultural in our age of social media, soundbite news, and mass communication. But God can meet us in our confusion and distraction as much as in our certainty. Join Lucy on her exploration of this demanding, fragmented life, and the quest for a faith that is deeper, stronger, and undivided.

Zen and the Art of Poker-Larry Phillips 1999-11-01 Inside the intriguing world of poker lies a fascinating exercise in strategy and extreme concentration—many of the same principles that underpin the one-thousand-year-old philosophy of Zen spirituality. Zen and the Art of Poker is the first book to apply Zen theories to America’s most popular card game, presenting tips that readers can use to enhance their game. Among the more than one hundred rules that comprise this book, readers will learn to:* Make peace with folding* Use inaction as a weapon* Make patience a central pillar of their strategy* Pick their times of confrontation Using a concise and spare style, in the tradition of Zen practices and rituals, Zen and the Art of Poker traces a parallel track connecting the two disciplines by giving comments and inspirational examples from the ancient Zen masters to the poker masters of today.

Tribal Libraries, Archives, and Museums-Loriene Roy 2011-10-10 Hundreds of tribal libraries, archives, and other information centers offer the services patrons would expect from any library: circulation of materials, collection of singular items (such as oral histories), and public services (such as summer reading programs). What is unique in these settings is the commitment to tribal protocols and expressions of tribal lifeways—from their footprints on the land to their architecture and interior design, institutional names, signage, and special services, such as native language promotion. This book offers a collection of articles devoted to tribal libraries and archives and provides an opportunity for tribal librarians to share their stories, challenges, achievements, and aspirations with the larger professional community. Part one introduces the tribal community library, providing context and case studies for libraries in California, Alaska, Oklahoma, Hawai‘i, and in other countries. The role of tribal libraries and archives in native language recovery and revitalization is also addressed in this section. Part two features service functions of tribal information centers, addressing the library facility, selection, organization, instruction, and programming/outreach. Part three includes a discussion of the types of records that tribes might collect, legal issues, and snapshot descriptions of noteworthy archival collections. The final part covers strategic planning, advice on working in the unique environments of tribal communities, advocacy and marketing, continuing education plans for library staff, and time management tips that are useful for anyone working in a small library setting.

Humanities Perspectives in Peace Education-Nicole L. Johnson 2021-08-01 In Humanities Perspectives in Peace Education: Re-Engaging the Heart of Peace Studies, scholar-teachers across a variety of humanities fields explore the content, methods, and pedagogies that are unique to their respective disciplines in contributing to the study of peace and justice. In recent decades, even as peace scholarship has burgeoned, many peace studies texts—including those that purport to be interdisciplinary in nature—have emphasized social science perspectives and, in some cases, have foregone exploration of the role of the humanities altogether in comprehensive peace education. While humanities scholars continue to stake out space for peace scholarship within their fields, no volume has attempted to collect the wisdom of multiple humanities disciplines in order to make the case for their critical role in authentic peace education. Humanities Perspectives in Peace Education addresses that shortcoming in the field of peace studies by exploring the ways in which the humanities are uniquely situated to contribute particular content, knowledge, skills, and values required of comprehensive peace education, scholarship, and activism. These include the development of empathy and understanding, creative vision and imagination, personal and communal transformation toward “the good” in society (such as the pursuit of justice, nonviolence, freedom, and human thriving), and field-specific analytical lenses of their own, among other contributions. Both teachers and students of peace will find value in this interdisciplinary humanities volume. Each chapter of Humanities Perspectives in Peace Education offers a deep-dive into a particular humanities field—including philosophy, literature, language and culture studies, rhetoric, religion, history, and music—to mine the field’s unique contributions to peace and justice studies. Scholars ask: “What are we missing in peace education if we fail to include this academic discipline?” Chapters include suggestions for peace pedagogies within the humanities field as well as bibliographies and suggestions for further reading.

The Mindful Writing Workshop: Teaching in the Age of Stress and Trauma-Richard Koch 2019-04-17 “Though life occurs in events, it must be written about in moments.” Today’s youth are growing up in an age of stress and trauma, and nowhere is that more apparent than in the classroom. Absenteeism, emotional
distraction, passivity, and unresponsiveness are all signs of children in need. Thankfully, it turns out that the workshop classroom, with limited but essential tuning, can be just the environment students in the grip of trauma need to become comfortable in themselves and break through into active learning. In The Mindful Writing Workshop: Teaching in the Age of Stress and Trauma, Professor Richard Koch offers clear, comprehensive, guided lessons that help teachers gain the insight necessary to adapt their instruction of writing to incorporate restorative and healing practices—practices that can improve the quality of learning and writing for all learners. Accessible, straightforward, and empowering, the approaches presented in The Mindful Writing Workshop will help previously indifferent or distracted students become engaged, increase their effort, deepen their resilience, and soon raise the quality of their writing, all while guiding teachers in creating a positive, collaborative, “doing” classroom.

The Vocation of Anglicanism—Paul Avis 2016-08-11 Paul Avis charts a pathway of theological integrity through the serious challenges facing the Anglican Communion in the first quarter of the 21st century. He asks whether there is a special calling for Anglicanism as an expression of the Christian Church and expounds the Anglican theological tradition to shed light on current controversies. He argues in conclusion that Anglicanism is called, like all the churches, to reflect the nature of the Church that we confess in the Creed to be one, holy, catholic and apostolic. The book provides a clear view of the way that the Anglican tradition holds together aspects of the church that in other traditions are sometimes allowed to drift apart, as the Anglican understanding of the Church reveals itself to be catholic and reformed, episcopal and synodical, universal and local, biblical and reasonable, traditional and open to fresh insight. Avis combines accessible scholarly analysis with constructive arguments that will bring fresh hope and vision to Anglicans around the world.

Foolish Church—Lee Roorda Schott 2019-02-04 Messy, raw, and real aren’t the words most of us use when we say what’s good about our churches. But what if they were? Author Lee Schott found out, serving a beautiful church inside the Iowa women’s prison. A lifelong church person, she discovered more church, and greater faithfulness, in this most unlikely setting, with room for people the church has often overlooked. She shares the lessons she has learned there, with the hope that church leaders outside of prison might be inspired, equipped, and encouraged to loosen the fetters that keep our churches so closed off. We’ll explore church characterized by honest relationship, protection of the vulnerable, radical welcome, and healthy boundaries. Practical application for the local church context and discussion questions for group study are included throughout.

Preaching the Fear of God in a Fear-Filled World—Dawn Ottoni-Wilhelm 2021-01-25 Fear runs rampant in the world today, including fears related to the rise of nationalism, refugees, political corruption, violence, religious extremism, and climate crises. Amid these existential realities, the biblical idea of “the fear of God” poses theological opportunities and challenges for those who address these themes in their preaching and public ministry. This collection of conference presentations from the 2018 meeting of Societas Homiletica focuses on how preaching and homiletical studies around the world address the rhetorical, biblical, political, and spiritual dimensions of fear as it has emerged in recent decades in church and society.

Jewish Relational Care A-Z—Jack H Bloom 2013-05-13 A collection of caregiving tools combining the values of Jewish tradition and self-relations—useful for practitioners of ANY faith! Self-relations, a powerful framework for doing respectful and humane caregiving for oneself and for others is here brought into relationship with Jewish thought. Jewish Relational Care A-Z: We Are Our Other’s Keeper is an extensive resource for caregiving tools and approaches. Using Jewish tradition and Self-Relations as take-off points, experts from many fields provide insightful perspectives and effective strategies for caregiving. In the language of self-relations each of us is not referred to as a Self. Instead, each of us is more accurately described as a relationship between “selves”—relationship is the basic psychological and religious unit! Jewish Relational Care A-Z: We Are Our Other’s Keeper sensitively centers on relationships and the healing process, using the understanding that to spark healing in others, a loving, respectful relationship must first be present between every aspect of our “selves.” Thirty-six categories of caregiving are comprehensively presented, allowing its use as a helpful resource for any clergy considering any of the included topics. Each author’s personal reflections, and personal experiences using care tools clearly illustrate how love-respect relationships within oneself can transcend into effective care for others.

Jewish Relational Care A-Z: We Are Our Other’s Keeper provides helpful tools and explores: the use of language as a relational care tool time management for reflections, and personal experiences using care tools clearly illustrate how love-respect relationships within oneself can transcend into effective care for others.

Spirituality in Social Work and Education-Janet Groen 2013-01-24 Over the past ten years, the fields of social work and education have grappled separately with definitions of spirituality, ways to integrate spirituality into the classroom, and the rendering of spirituality as a meaningful concept for practitioners, students, and researchers. Social work and education have many commonalities in areas of engagement with children, families, and communities. For the first time, this book brings together these two professional disciplines for interdisciplinary discussions that advance our knowledge in the broad area of "spirituality." The book's three sections reflect broad topic areas created to facilitate dialogue between the contributors, all of whom have established expertise in exploring spirituality in education or social work. The first section of the book explores the historical and theoretical underpinnings of spirituality in education and social work. Examination of our respective heritages uncovers the religious roots within our professions and reveals a present understanding of spirituality that calls for active engagement in challenging oppression and working toward social justice. The second section shifts the focus to the pedagogical implications of incorporating spirituality into higher-education classrooms. The varied level of acceptance and the tensions that come from including spirituality, implicitly or explicitly, in the programs and coursework in our respective faculties are illuminated by authors in both professions. The final section explores issues related to practising and teaching in the field from a spiritually sensitive perspective.

The Diversity Paradox-J. Jacob Jenkins 2013-11-22 In response to America’s declining sense of community, Central Community Church has prioritized the organizational metaphor of “community.” Building upon forty-eight months of ethnographic fieldwork, this book explores particular ways in which the community metaphor was co-constructed by Central Community’s racially/ethnically diverse leaders and members as well as limitations and tensions that emerged from those efforts.

The Distinguishing Mark of Leadership-Don Meyer 2015-07-17 In The Distinguishing Mark of Leadership, Don Meyer presents 10 questions leaders should ask repeatedly on their leadership journey. Why focus on questions? Our questions help challenge our current thinking. They form a bridge between a new idea and how it applies to us. They help us be honest with ourselves. Our questions distinguish us, set us apart, and define us as leaders. May Meyer's words inspire and guide you on your own leadership journey.

Seeking Spiritual Intimacy-Glenn E. Myers 2011-03-28 In Seeking Spiritual Intimacy Glenn Myers introduces us to the Beguines, a network of faith communities in Medieval Europe, where women organized their world around a simple life with Christ at the center. Learn from the insights of wise women of faith who, from their modest homes and communities, revitalized the faith of a continent.

Shocked But Connected-Michael Roemer 2012-09-16 In Shocked But Connected, distinguished filmmaker Michael Roemer reflects on the nature of comedy and laughter. Incorporating the work of both the great thinkers and great comedians of our age, Roemer investigates what makes us laugh and what distinguishes comedy from all other art forms.

Restless Souls-Leigh Eric Schmidt 2012-09-05 Yoga classes and Zen meditation, New-Age retreats and nature mysticism—all are part of an ongoing religious experimentation that has surprisingly deep roots in American history. Tracing out the country’s Transcendentalist and cosmopolitan religious impulses over the last two centuries, Restless Souls explores America’s abiding romance with spirituality as religion’s better half. Now in its second edition, including a new preface, Leigh Eric Schmidt's fascinating book provides a rich account of how this open-road spirituality developed in American culture in the first place as well as a sweeping survey of the liberal religious movements that touted it and ensured its continued vitality.

Logo of Phenomenology and Phenomenology of The Logos. Book Two-Anna-Teresa Tymieniecka 2006-06-30 The human being is today at the center of scientific, social, ethical and philosophical debates. The Human Condition-in-the-unity-of-everything-there-is-alive, under whose aegis the present selection of essays falls,
offers the urgently needed new approach to reinvestigating humanness. While recent advances in the neurosciences, genetics and bio-engineering challenge the traditional abstract conception of "human nature", indicating its transformability, thus putting in question the main tenets of traditional philosophical anthropology, in the new perspective of the Human Creative Condition the human individual is seen in its emergence and unfolding within the dynamic networks of the logos of life, and within the evolution of living types. Just the same, the creative logos of the mind lifts the human person into a sphere of freedom. Within the networks of the logos we retrieve the classical principles – human subject, ego, self, body, soul, person – reinterpret them to counter the naturalistic critique (Tymieniecka). Thus principles of a new philosophical anthropology satisfying the requirements of the present time are laid down.

Priestly celibacy: a gift and a commitment (can. 277 § 1).-Aroh Prudentius Emeka 2014-05-19 Is celibacy an exclusive practice of the Latin Church? Why has priestly celibacy in the Catholic Church always been singled out for attacks? Is the requirement of celibacy harmful to man’s psycho-sexual equilibrium and to the normal development of human personality? Is celibacy a greater burden to priests from non-Western cultures like Ingho-Nigerian culture? Is priestly celibacy still relevant in today’s society? If priestly celibacy is a charism, how can it be imposed by law? These crucial questions about priestly celibacy find their answers in this work. There has been a debate concerning the primary source of the obligation of priestly celibacy. This work clarifies that since priestly celibacy is a charism of the Holy Spirit, the primary source of obligation does not rise from the law but from the charism itself (gift) and from the free response which the person gives in love to this charism (commitment). The work traced the magisterium of the Church on priestly celibacy from 1917 code to the pontificate of Benedict XVI and came to the conclusion that the crisis associated with celibacy is not solved by abrogating the law but through an integrated celibate formation of seminarians. The work therefore developed an «integrated celibate formation model for Igbo-Nigerian seminarians», a model which is adaptable to the formation of seminarians in any socio-cultural and ecclesial situation.

Contemporary Criminological Issues-Carolyn Côté-Lussier 2020-05-05 Contemporary Criminological Issues tackles some of today’s most pressing social issues, from the criminalization of Indigenous peoples to interpersonal violence, border control, and armed conflicts. This book advances cutting-edge theories and methods, with the aim of moving beyond the scholarship that reproduces insecurity and exclusion. The breadth of approaches encompasses much of the current critical criminological scholarship, serving as a counterpoint to the growth of managerial and administrative criminologies and the rise of explicitly exclusionary and punitive state policies and practices with respect to ‘crime’ and ‘security.’ This edited collection featuring two books, one in English and one in French, includes important contributions to knowledge and public policy by eminent experts and emerging scholars. This book is published in English.

Still Moving-Robert C. Pelfrey 2017-08-29 Speaking about love, Jesus said we should be perfect as our heavenly Father is perfect. Was Jesus joking? Was he setting us up for failure? Or was Jesus offering us a greater experience of God’s love than we are currently settling for? Still Moving is about the journey of love’s perfection. God wants to make us perfect in love in this life. And God wants us to strive after God’s perfect and perfecting love. Still Moving is for individuals and groups seeking to give shape to their formation, to clarify the goal of their faith, and to live in deeper intimacy with God. Areas include: -Learning and living God’s will for your life and for the world -Joining your life story to God’s story and cultivating the mind of Christ -Simplifying your bodily life and experiencing God's power in your body -Living intentionally from the deepest part of your being in union with God -Tearing down personal and societal walls of prejudice, class, violence, and ideology Still Moving includes sections for group discussion or further personal exploration and action. So let’s go! The journey of love's perfection begins with the first step.

A Hidden Wholeness-Parker J. Palmer 2009-06-02 In A Hidden Wholeness, Parker Palmer reveals the same compassionate intelligence and informed heart that shaped his best-selling books Let Your Life Speak and The Courage to Teach. Here he speaks to our yearning to live undivided lives—lives that are congruent with our inner truth—in a world filled with the forces of fragmentation. Mapping an inner journey that we take in solitude and in the company of others, Palmer describes a form of community that fits the limits of our active lives. Defining a “circle of trust” as “a space between us that honors the soul,” he shows how people in settings ranging from friendship to organizational life can support each other on the journey toward living “divided no more.” This paperback edition includes two new and useful features. Circles of Trust is a DVD containing interviews with Parker J. Palmer and footage from retreats he facilitated for the Center for Courage & Renewal (www.CourageRenewal.org). Bringing the Book to Life, by Caryl Hurtig Casbon and Sally Z. Hare, is a reader's and leader's guide to exploring the themes in A Hidden Wholeness. The DVD illuminates and illustrates the principles and practices behind circles of trust. The guide includes questions that connect the DVD to the book, offering "a conversation with the author" as well as an engagement with the text. Together, these features give readers new ways to internalize the themes of A Hidden Wholeness and share with others this approach to sustaining identity and integrity in all the venues of our lives. Inspired by Palmer's writing and speaking—and challenged by the conditions of twenty-first century life—people across the country, from many walks of life, have been coming together in circles of trust to reclaim their integrity and help foster wholeness in their workplaces and their world. For over a decade, the principles and practices in this book have been proven on the ground—by parents and educators, clergy and politicians, community organizers and corporate executives, physicians and attorneys, and many others who seek to rejoin soul and role in their private and public lives. A Hidden Wholeness weaves together four themes that its author has pursued for forty years: the shape of an integral life, the meaning of community, teaching and learning for transformation, and nonviolent social change. The hundreds of thousands of people who know Parker Palmer’s books will be glad to find the journey continued

The Grace of Playing-Courtney T. Goto 2016-02-10 Believers and teachers of faith regularly know the in-breaking of God’s Spirit in their midst, when revelatory experiencing unexpectedly shifts habits of thinking, feeling, and doing toward more life-giving ways of being and becoming. When the moment is right, Spirit breathes new life into dry bones. Though religious educators have much practical wisdom about facilitating learning that is creative and transformative, sharper concepts, cases, and theory can help them do it more critically and assist learners to practice openness to wonder, surprise, and authenticity. The Grace of Playing explains how we can create the conditions for revelatory experiencing by understanding it in light of playing. The notion of playing “as if” can be powerfully reclaimed from ecclesial ambivalence, casual speech, and commercial interests that often lead playing to be associated with childishness, frivolity, or entertainment. This book theorizes adults playing for the sake of faith, drawing on D. W. Winnicott’s psychoanalytic theory, a revision of Jurgen Moltmann's theology of play, biblical texts, medieval devotional practices, as well as art and aesthetics that help local faith communities engage in theological reflection. An Undivided Life Seeking Wholeness In Ourselves Our Work And Our World

Revelation-Brian Simmons 2017-09-01 Of all the sixty-six books that comprise our Bible, the last book is meant to thrill and exhilarate the believer like none other. A beautiful Christ is unveiled while a company of overcomers saints is seen rising into the fullness of Christ. The book of Revelation is exciting, powerful, and dynamic. But it must be more to us than merely an unveiling of events to come. Revelation must be an experience of encountering the living Christ. God is ready to unveil this book to those who are ready to receive it, eat it, and live fully in the splendor of Christ. The unveiling is more than a vision given to John, but is also meant to be an inward discovery, a delightful unveiling within you. This is not a drama of Satan’s worst, but a supernatural drama of God’s best, pouring through his beautiful Son, Jesus Christ. Revelation carries one revelation alone: Christ unveiled in his people. To read this book with any other focus is to miss the entire center of its meaning. There are other truths waiting for you to discover, but only after centering our gaze on the Magnificent One. A joyous blessing rests upon the one who reads this message and upon those who hear and embrace the words of this prophecy, for the appointed time is in your hands. Revelation 1:3 TPT

Theology from the Trenches-Roger J. Gench 2014-09-09 While urban pastors devote time and energy to all the typical demands of ministry, they also grapple with challenges endemic to city life. Achieving a measure of balance amid these competing demands and responsibilities can be daunting. Using his experiences as a pastor in urban settings for nearly three decades, Roger J. Gench offers pastors a close look at the challenges that come from being involved in urban ministry. Throughout, he integrates memoir, sermons, and essays on social ministry, and reflections on the theology and spirituality of parish life. In each chapter, Gench offers his own stories and reflections and then invites readers to consider the relevance for their own ministry. Urban pastors will not only find themselves relating to Gench’s experiences but will also uncover practical help for their ministry.

Eros and Chaos-Veronica Goodchild 2001-05-01 A provocative book that reminds us that our soul's primary longing is for love and then explores that longing. Goodchild explains that our most important task is the growth of our consciousness and that this cannot be accomplished apart from an awareness of the complexities of love and its shadows. It takes the us into that domain where eros' arrows thrust us into those shadowy depths where our keenest vulnerabilities and woundings—and our deepest imaginings and longings—are hidden.

Handbook of College and University Teaching-James E. Groccia 2012-01-17 Handbook of College and University Teaching: A Global Perspective presents international perspectives on critical issues impacting teaching and learning in diverse higher education environments, all with a unique global view. The need to understand learning and teaching from multiple cultural perspectives has become critically important in educating the next generation of college students. Education experts from around the world share their perspectives on college and university teaching, illuminating international differences and similarities. The chapters are organized around a model developed by James Groccia, which focuses on seven interrelated variables, including teacher, learner, learning process, learning context, course content, instructional processes, and learning outcomes. Using this logical model as the organizational structure of the book provides a guide for systemic thinking about what actions one should take, or suggest others take, when planning activities to improve teaching and learning, curriculum development, and assessment.

A Compendium of Essays on Alternative Therapy-Arup Bhattacharya 2012-01-20 A Compendium of Essays on Alternative Therapy is aimed at both conventional and alternate therapy practitioners, besides serving as an educational tool for students and lay persons on the progress made in the field. While this resource is not all-inclusive, it does reflect the current theories from different international experts in the field. This will hopefully stimulate more research initiatives, funding, and critical insight in the already increasing demand for alternate therapies that has been evidenced worldwide.
