Susa Races Deer

1. Deer was proud of his strength and speed. He never liked being called slow. To make matters worse, deer was a bully, and he often teased his friends. You are such a patient little creature, "he said. "You hardly move at all!"

2. Deer agreed, "I know the woods well, but the wise deer never impedes its journey. One day, I decided to challenge you to a race in your valley.

3. Deer accepted the challenge and laughed. "A race," he boasted. "If you can catch me, you shall win!"

4. The day of the race, deer and deer met at the starting line. On the sound of the bell, deer ran off as fast as he could. The wise deer walked at a steady pace. Little did deer know that all the leaves of the monster had agreed to work together to get revenge on deer.

5. The wise deer walked at a steady pace, while deer ran as fast as he could. As the wise deer walked, deer overtook him. When deer reached the finish line, he saw the wise deer. "You always win," deer said.

6. "The wise deer pointed his head to the wise deer. "What took you so long?" he asked.

7. Deer answered, "I had to go back and search for my friend who went missing."

8. Deer could not go on without his friend. "I'm sorry about your friend," the wise deer said.

9. "Of course, deer never turned his back on his friends. Deer left the starting line, after all, to work as one. One of deer's real friends was waiting for him with those words. "What took you so long?"

Analyzing Literature-to-Film Adaptations—Mary H. Snyder 2011-01-20
“This is a wise and wonderful book, which among other things provides a novelist's eloquent insider's perspective on the transformation of one of her books into a film. Thirty years ago Stanley Cavell published The World Viewed: Reflections on the Ontology of Film, which opened up an intellectual highway between philosophy and cinema. Now at long last Mary Snyder's book accomplishes a parallel clearing of the way between film making, the art of the novel, and literary and critical theory. Every page is bubbling with creative, theoretical, and pedagogical insights. Her intertextual readings of a score of literature-to-film adaptations are priceless in themselves. I only wish that the title of the book had been taken from her chapter, 'The Fascination Never Ends'." Michael Payne, Professor of English Emeritus, Bucknell University
Critical questions specific to film adaptations need to be not only developed but established. These questions, or approaches, must be accessible to students, including those students who are not yet educationally sophisticated enough to digest purely theoretical material. Analyzing Literature-to-Film Adaptations: A Novelist's Exploration and Guide demonstrates an exploration into film adaptation from a novelist's perspective, comprising a study of literary creation as well as the process/product of adaptation and moving into the author's collaboration with a screenwriter, which ultimately becomes a journey to understand and identify the implications of literature-to-film adaptation and the complexities and problems it raises. Drawing from both classic and contemporary film adaptations (Frankenstein, The Hours, The Constant Gardener, Children of Men, The Lovely Bones, Away from Her), the book puts forth an understanding of film and film
analysis, as well as addresses literary analysis. The crux of the book, however, lies in its introduction to an academic means for critical analysis of film adaptations.
