Anatomy Of A Hate Crime
Anatomy of a Hate Crime
Anatomy Of A Hate Crime

Anatomy of a Hate Crime - Max Ember 2000 Recreates the events leading up to the violent death of Matthew Shepard, a gay college student, in Laramie, Wyo. in Oct. 1998. Focuses on the more worldly Shepard, as well as on his killers, Aaron McKinney and Russell Henderson, two local youths who met Shepard in a bar and later robbed and beat him and left him for dead.

The Cult Awareness Network- 1995*

Hate Crimes in America - Melissa Abramovitz 2016-12-15 Hate Crimes in America covers the history of crimes motivated by prejudice, examples of such incidents in the headlines today, and the ways in which communities are responding to these vicious acts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Violence in American Society: An Encyclopedia of Trends, Problems, and Perspectives [2 volumes] - Chris Richardson 2020-08-31 While many books explore specific issues such as gun violence, arson, murder, and crime prevention, this encyclopedia serves as a one-stop resource for exploring the history, societal factors, and current dimensions of violence in America in all its forms. This encyclopedia explores violence in the United States, from the nation’s founding to modern-day trends, laws, viewpoints, and media depictions. Providing a nuanced lens through which to think about violence in America, including its underlying causes, its iterations, and possible solutions, this work offers broad and authoritative coverage that will be immensely helpful to users ranging from high school and undergraduate students to professionals in law enforcement and school administration. In addition to detailed and evenhanded summaries of the key events and issues relating to violence in America, contributors highlight important events, political debates, legal perspectives, modern dimensions, and critical approaches. This encyclopedia also features excerpts from such important primary source documents as legal rulings, presidential speeches, and congressional testimony from scholars and activists on aspects of violence in America. Together, these documents provide important insights into past and present patterns of violent crime in the United States, as well as proposed solutions to those problems. Addresses all aspects of violence in American society, past and present, including societal factors and legal, political, and law enforcement responses. Includes lists of research resources for additional study. Highlights insightful primary documents of key events and patterns of violence in America. Features contributions from prominent scholars in a wide range of fields related to crime, violence, and law.

Anatomy of Fear - Jonathan Santlofer 2007-04-10 Helping with a serial murder investigation in which the killer leaves grisly drawings at his crime scenes, police sketch artist Nate Rodriguez finds the tables turned on him when he gets close to identifying the killer, who manages to turn Nate's colleagues against him while setting up the artist in a deadly game of cat and mouse. By the author of The Killing Art.

It's Time Truth Speaks - Spencer Leak Sr 2010-02 Commentaries on contemporary political, social and religious issues and controversies from the host of the Chicago weekly radio broadcast, It's time the truth speaks.

Hate Crime in Texas - Texas Civil Rights Project 1995

Blood Brothers - Amy Rickman 2011-08-01 Two books for the price of one; this book follows in the footsteps of the immensely successful dual biography Blood Rivals. This will be the only book to include the biographies of both of The Vampire Diaries stars. Ian Somerhalder plays Damon Salvatore, the elder and far more dangerous of two vampire brothers who share a long and bitter history, in the hit drama The Vampire Diaries. He has been nominated for a 2010 Teen Choice Award for "Choice TV Villain" for his portrayal. Somerhalder is well known for his role as Boone on J.J. Abrams' critically acclaimed drama Lost, for which he won the 2005 SAG Award as part of "Outstanding Performance by an Ensemble in a Drama Series". Somerhalder has starred in Lost City Raiders opposite James Brolin and the mini-series Marco Polo in which he played the title character opposite Brian Dennehey and B.D Wong. Other film credits include The Wake, Sensation of Sight, The Rules of Attraction, Life as a House, and In Enemy Hands. Paul Wesley stars as Stefan Salvatore, a vampire struggling to live at peace with human beings. Wesley's last role was as Jake Tanner, a young director, in Killer Movie, which premiered at the 2008 Tribeca Film Festival. Other film credits include Peaceful Warrior, opposite Nick Nolte, and the cult favorite Roll Bounce. In 2007, Wesley starred in Fallen, a four-part mini-series based on the hit books by Tom Sniegoski. Wesley has also starred in hit television shows such as 24, American Dreams and 8 Simple Rules. Born and raised in New Brunswick, New Jersey, Wesley
Policing Hate Crime

Gail Mason

2017-03-16

In a contemporary setting of increasing social division and marginalisation, Policing Hate Crime interrogates the complexities of prejudice motivated crime and effective policing practices. Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities. But how do police effectively lead conversations with such communities about problems arising from prejudice? Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group-based animosity. At the same time, police have been criticised in over-policing targeted communities as potential perpetrators, as well as under-policing these same communities as victims of crime. Despite this history, the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime. Drawing upon a research partnership between police and academics, this book entwines current law enforcement responses with key debates on the meaning of hate crime to explore the potential for misunderstandings of hate crime between police and communities, and illuminates ways to overcome communication difficulties. This book will be important reading for students taking courses in hate crime, as well as victimology, policing, and crime and community.

Encyclopedia of Television Film Directors

Jerry Roberts

2009-06-05

From live productions of the 1950s like Requiem for a Heavyweight to big budget mini-series like Band of Brothers, long-form television programs have been helmed by some of the most creative and accomplished names in directing. Encyclopedia of Television Film Directors brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, Encyclopedia of Television Film Directors is an indispensable resource for anyone interested in the history of the medium.

Ellen DeGeneres: A Biography

Lisa Iannucci

2008-11-30

In 1997 Ellen DeGeneres made television history when she came out to the American public on her nationally syndicated sitcom. In spite of the controversy stirred by this personal revelation, Ellen DeGeneres has gone on to become one the most popular personalities in Hollywood. With her own highly rated daily talk show, a lucrative ad campaign with American Express, and a successful turn as Oscar host to her credit, she has become one of America's leading female comedians and won her has place a household name. High profile romances with actresses Anne Heche and fiance Portia de Rossi, have also made a her an unassuming champion for gay and lesbian rights. Ellen Degeneres' monumental success, however, belies a painful childhood and uncertain career beginnings. This comprehensive and intriguing biography explores the life events that shaped the hilarious public figure we know today. Complete with a chronology of significant events, illustrations, and a bibliography of print and electronic resources, this detailed biography is ideal for general readers looking to learn more about their favorite star or for those seeking information on groundbreaking members of the gay and lesbian community.

Hate and Bias Crime

Barbara Perry

2012-11-12

Covering everything from hate groups and extremist exploits to Black church arsons and the fall out violence from 9/11; this is an important collection that sheds much-needed light on this growing problem.

Anatomy of a French Murder Case

Bron McKillop

1997

The book provides a first hand account of the processing of a murder case through the French criminal justice system from the initial police investigation through to the compilation of the dossier, the hearing and the appeal, and the press coverage of the case. The study provides an effective comparison between 'adversarial' and 'inquisitorial' processes and will be valuable for anyone with an interest in comparative law, criminal process and legal systems.

The Advocate

2001-08-14

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Out

2001-01

Out is a fashion, style, celebrity and opinion magazine for the modern gay man.

Kant’s Anatomy of Evil

Sharon Anderson-Gold

2009-12-24

Kant infamously claimed that all human beings, without exception, are evil by nature. This collection of essays critically examines and elucidates what he must have meant by this indictment. It shows the role which evil plays in his overall philosophical project and
analyses its relation to individual autonomy. Furthermore, it explores the relevance of Kant's views for understanding contemporary questions such as crimes against humanity and moral reconstruction. Leading scholars in the field engage a wide range of sources from which a distinctly Kantian theory of evil emerges, both subtle and robust, and capable of shedding light on the complex dynamics of human immorality.

Understanding The Anatomy of Evil-William Nitardy 2016-04-14 The book examines the anatomy of evil in the realm of ideological and philosophical beliefs. This includes politics, culture, religion, science and law. It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar. Although the author uses many scriptural verses to support the book's thesis, it does not simply rely on scripture, but relies on probability science and rationale to draw conclusions while showing consistency with and support of scripture. Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity, he is very critical of denominational Christianity and other religions including pseudo-science and other religions that masquerade as secular entities. He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive. Those false foundations justify and support many evils that have been and are being promoted in America. The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return. The book addresses the current political situation and the upcoming presidential election. The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence. Although this book should connect well with Christians, it is hoped that the rational approach taken would attract atheists, agnostics, and skeptics as well as pastors and religious leaders. Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contaminated soil that prevents the gospel seeds from germinating.

Anatomy of Deception: How Liberals Lie About Christianity-Mark Jarmuth

The Advocate- 2001-01-30 The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Anatomy Of Motive-John Douglas 2012-12-11 Legendary FBI profiling pioneer John Douglas's theory is that once you figure out the motivating force driving a perpetrator, you've got a good chance of cracking the case. In THE ANATOMY OF MOTIVE he uses cases from his own career to illustrate his argument. He takes us further than ever before into the dark corners of the minds of arsonists, hijackers, serial and spree killers and mass murderers. THE ANATOMY OF MOTIVE analyses such diverse killers as Lee Harvey Oswald and Timothy McVeigh - and helps us learn to anticipate potential violent behaviour before it's too late.

Becoming Subjects-Mary Louise Rasmussen 2006 This book focuses on key contemporary discourses related to sexualities and schooling. Such discourses include: educational strategies used to support lesbian, gay, bisexual, and transgender (LGBT) students; considerations of how educators might influence students' sexual identity; narratives of risk and violence often associated with LGBT youth; stories of salvation and protection; as well as debates relating to the 'closet' and calls to 'come out' in the classroom. People often are left out of discussions of sexualities and schooling are also incorporated in this text.

The Bent Lens-Lisa Daniel 2003 The definitive international guide to gay, lesbian and queer film and video.

Anatomy of Steampunk-Katherine Gleason 2013-10-19 DIVThe Anatomy of Steampunk is a fashion sourcebook of nearly 200 inspirational photos for the steampunk "look" you want. Also includes DIY tips for transforming your own wardrobe./div

Hate Crime-Neil Chakroborti 2009-06-10 'Hate Crime is essential reading for researchers, students and practitioners seeking to understand this complex and contested subject. It is thoroughly researched and theoretically informed, but will be accessible to newcomers to the field and to people delivering practical responses to offending and victimisation. Clearly written and with case-study illustrations, Chakroborti and Garland bring this challenging subject to the reader in a vivid and readable form.' - Ben Bowling, Professor of Criminology, King's College, London. This engaging and thought-provoking text provides an accessible introduction to the subject of hate crime. In a world where issues of hatred and prejudice are creating complex challenges for society and for governments, this book provides an articulate and insightful overview of how such issues relate to crime and criminal justice. It offers comprehensive coverage, including topics such as: " racist hate crime " religiously motivated hate crime " homophobic crime " gender and violence " disablist hate crime The book considers the challenges involved in policing hate crime, as well as exploring the role of the media. Legislative developments are discussed throughout. Chapter summaries, case studies, a
glossary and advice on further reading all help to equip the reader with a clear understanding of this nuanced and controversial subject. Hate Crime is essential reading for students and academics in criminology and criminal justice.

The Handbook of Race, Ethnicity, Crime, and Justice-Ramiro Martinez, Jr. 2018-09-12 This Handbook presents current and future studies on the changing dynamics of the role of immigrants and the impact of immigration, across the United States and industrialized and developing nations. It covers the changing dynamics of race, ethnicity, and immigration, and discusses how it all contributes to variations in crime, policing, and the overall justice system. Through acknowledging that some groups, especially people of color, are disproportionately influenced more than others in the case of criminal justice reactions, the "War on Drugs", and hate crimes; this Handbook introduces the importance of studying race and crime so as to better understand it. It does so by recommending that researchers concentrate on ethnic diversity in a national and international context in order to broaden their demographic and expand their understanding of how to attain global change. Featuring contributions from top experts in the field, The Handbook of Race and Crime is presented in five sections—An Overview of Race, Ethnicity, Crime, and Justice; Theoretical Perspectives on Race and Crime; Race, Gender, and the Justice System; Gender and Crime; and Race, Gender and Comparative Criminology. Each section of the book addresses a key area of research, summarizes findings or shortcomings whenever possible, and provides new results relevant to race/crime and justice. Every contribution is written by a top expert in the field and based on the latest research. With a sharp focus on contemporary race, ethnicity, crime, and justice studies, The Handbook of Race and Crime is the ideal reference for advanced undergraduate students, graduate students, and scholars interested in the disciplines such as Criminology, Race and Ethnicity, Race and the Justice System, and the Sociology of Race.

'Hate Crime' and the City-Paul Iganski 2008-07-09 This title widens understanding by demonstrating that many offenders are just ordinary people who offend in the context of their everyday lives.

Transphobic Hate Crime-Joanna Jamel 2017-11-25 This book uniquely combines a critical examination of the extent and diversity of transphobic hate crime together with a consideration of the victims and offenders. Trans people are marginalised in society and already negotiate complex physical and emotional challenges in order to live authentically in accordance with their self-identified gender presentation. Transphobic hate crime has devastating consequences both for the victim and trans people more generally by reinforcing the female/male binary and punishing gender non-conformity. In this thought-provoking study Jamel examines the history, extent, nature, and victim-offender relationship regarding these crimes whilst also considering the obstacles which affect legislation and policy-making decisions in response to hate crimes against trans people. The concept of a single transgender community is also critiqued in this book by exploring the diversity of trans identities cross-culturally. This original and timely book provides students, academics and those developing an interest in the topic with an understanding of the complexities of transphobic hate crime within the wider context of gender studies and critical criminology.

Policing Hate Crime against LGBTI persons-Perry, Joana 2017-06-30 Combating discrimination on grounds of sexual orientation and gender identity The police are at the frontline of the criminal justice system and the first point of contact for many victims of hate crime. This manual is designed for police trainers, investigators, managers, hate crime officers and frontline police officers working in countries across the Council of Europe region to develop essential skills to identify and investigate hate crimes against LGBTI persons.

Handbook on Crime-Fiona Brookman 2010-02-01 The Handbook on Crime is a comprehensive edited volume that contains analysis and explanation of the nature, extent, patterns and causes of over 40 different forms of crime, in each case drawing attention to key contemporary debates and social and criminal justice responses to them. It also challenges many popular and official conceptions of crime. This book is one of the few criminological texts that takes as its starting point a range of specific types of criminal activity. It addresses not only 'conventional' offences such as shoplifting, burglary, robbery, and vehicle crime, but many other forms of criminal behaviour - often an amalgamation of different legal offences - which attract contemporary media, public and policy concern. These include crimes committed not only by individuals, but by organised criminal groups, corporations and governments. There are chapters on, for example, gang violence, hate crime, elder abuse, animal abuse, cyber crime, identity theft, money-laundering, eco crimes, drug trafficking, human trafficking, genocide, and global terrorism. Many of these topics receive surprisingly little attention in the criminological literature. The Handbook on Crime will be a unique text of lasting value to students, researchers, academics, practitioners, policy makers, journalists and all others involved in understanding and preventing criminal behaviour.

Hate Crime-Robert J. Kelly 1998 These previously unpublished essays explore the international phenomenon of hate crimes, examining the socio-psychological
Anatomy Of A Hate Crime

The Routledge International Handbook on Hate Crime-Nathan Hall 2014-07-25 This edited collection brings together many of the world's leading experts, both academic and practitioner, in a single volume handbook that examines key international issues in the field of hate crime. Collectively it examines a range of pertinent areas with the ultimate aim of providing a detailed picture of the hate crime 'problem' in different parts of the world. The book is divided into four parts: An examination, covering theories and concepts, of issues relating to definitions of hate crime, the individual and community impacts of hate crime, the controversies of hate crime legislation, and theoretical approaches to understanding offending. An exploration of the international geography of hate, in which each chapter examines a range of hate crime issues in different parts of the world, including the UK, wider Europe, North America, Australia and New Zealand. Reflections on a number of different perspectives across a range of key issues in hate crime, examining areas including particular issues affecting different victim groups, the increasingly important influence of the Internet, and hate crimes in sport. A discussion of a range of international efforts being utilised to combat hate and hate crime. Offering a strong international focus and comprehensive coverage of a wide range of hate crime issues, this book is an important contribution to hate crime studies and will be essential reading for academics, students and practitioners interested in this field.

Hate Groups: A Reference Handbook-David E. Newton 2021-08-31 Hate Groups: A Reference Handbook offers answers to essential questions about hate groups in a way that is accessible to students and general readers interested in this important topic. Hate Groups: A Reference Handbook covers the topic of hate groups from the earliest pages of human history to the present day. Chapters One and Two provide a historical background of the topic and a review of current problems, controversies, and solutions. The remainder of the book consists of chapters that aid readers in continuing their research on the topic, such as an extended annotated bibliography, a chronology, a glossary, lists of noteworthy individuals and organizations in the field, and important data and documents. The variety of resources provided, such as further reading, perspective essays about hate groups, a historical timeline, and useful terms in the field, differentiates this book from others of its kind. It is intended for readers of high school through the community college level, along with adult readers who may be interested in the topic. Provides readers with a history of hate groups, which have evolved significantly over the years Discusses the role of seemingly "neutral" organizations in promoting the efforts of hate groups Supplies abundant resources for further research on hate groups by readers of all ages Rounds out the author's expertise with perspective essays, giving readers a diversity of viewpoints on the topic

Hate Crimes [5 Volumes]-Barbara Perry 2009-02-28 The twentieth century appeared to close much as it had opened - with sprees of violence directed against "the Other." The murder of Matthew Shepard, the lynching of James Byrd, the murderous rampage of Benjamin Smith, and post-9/11 anti-Muslim violence all stand as reminders that the bigotry that kills is much more than an unfortunate chapter in U.S. history. Racial, gender, ethnic and religious violence persist. This riveting new set focused on hate crimes comes at a time when such acts are still not uncommon. The topic, then, remains relevant despite outcries for an end to such violence. It covers a wide variety of hate crimes, the consequences for both victims and perpetrators and their communities, efforts to combat hate crime, and other aspects of these ugly offenses that affect everyone.

Anatomy of Crime-Mutea Rukwaru 2008-12-09 Normal 0 false false false EN-US X-NONE X-NONE MicrosoftInternetExplorer4 There is no society which is free from crime and criminals. As society advances and new changes sets in crime is bound to increase. Any society which is dynamic should prepare itself to meet the dynamics of these crimes and the settings in which they occur, the relationships between offenders and their victims, the emotional states of the participants, and the legal and law enforcement responses to these crimes. The essays address religious, racial, ethnic, and sexual crimes in the United States, Latin America, Africa, Europe, and the Middle East. The essayists provide historical reviews of the problems and the ways local authorities understand and cope with the dilemmas as well as prognoses about the persistence of hate crime and the measures that can be taken to control and contain it. "Introduction", Robert J. Kelly and Jess Maghan "Black Rage, Murder, Racism, and Madness: The Metamorphosis of Colin Ferguson", Robert J. Kelly "The Neo-Nazis and Skinheads of Germany: Purveyors of Hate", Robert Harnishmacher and Robert J. Kelly "The Ku Klux Klan: Recurring Hate in America", Robert J. Kelly "The Homeless Palestinians in Israel and the Arab World", Ghada Talhami "Hate Crimes in India: A Historical Perspective", Asad ur Rahman "Social Cleansing in Colombia: The War on Street Children", Suzanne Wilson and Julia Greider-Durango "The Emergence and Implications of American Hate Crime Jurisprudence", James B. Kelly and Jess Maghan "An Annotated Bibliography of Hate Crime Literature", Jess Maghan
challenge of crime. It is also important to note that even in the dim past crime existed. There were the rules and don'ts of the society though they were not documented. Causes of crime are multifaceted and this means that the treatment plan should also be multifaceted. A question which comes up often is, are criminals born or made by the society? Has hereditary any part to play? Anatomy of crime attempts to address the theories which attempt to explain crime commission, how societies in the older times dealt with crime, the modern ways of dealing with criminals and lastly the book gives detailed and pragmatic approach to crime prevention. Anatomy of crime covers introduction to basic concepts in criminology, Types of crimes, Theories of crime causation, History of punishments; Police, history, functions and challenges, Capital punishment, Corporal punishment, History of prisons Anatomy of crime also covers A view of prisons, prisoners, prison officers; Prison problems, Prisons reforms, Fine, Probation, Parole; Forfeiture, security for good behavior, settlements and absolute and conditional discharge, Extra mural penal employment (EMPE), Guided group interaction programmes and Crime prevention /* Style Definitions */ table.MsoNormalTable {mso-style-name:"Table Normal"; mso-para-margin-alt:0in 5.4pt 0in 5.4pt; mso-para-margin-top:0in; mso-para-margin-right:0in; mso-para-margin-bottom:10.0pt; mso-para-margin-left:0in; line-height:115%; mso-pagination:widow-orphan; font-size:11.0pt; font-family:"Calibri","sans-serif"; mso-ascii-font-family:Calibri; mso-ascii-theme-font:minor-latin; mso-hansi-font-family:Calibri; mso-hansi-theme-font:minor-latin; mso-bidi-font-family:"Times New Roman"; mso-fareast-font-family:"Times New Roman"; mso-bidi-theme-font:minor-bidi;} From Hate Crimes to Human Rights-Mary E Swigonski 2014-05-01 Fight for the human rights of LGBT individuals with strategies from this powerful book! From the intimate horror of domestic violence to the institutionalized heterosexism of marriage laws, this volume takes an unsparring look at the interconnections of prejudice and hate crimes in the lives of LGBT individuals. Bringing together original research and solidly grounded theory, From Hate Crimes to Human Rights: A Tribute to Matthew Shepard also offers fresh strategies so you can work effectively for social change. This moving, thoughtful volume begins with a friend's memoir of the murdered Matthew Shepard; this intimate glimpse is powerful testimony that hate crimes affect individuals, not just symbolic martyrs. From Hate Crimes to Human Rights drags hidden homophobia from the closet and examines it with clean, incisive intelligence. It tackles taboo topics, including: what the Bible really says about homosexuality how minority cultures sometimes foster hatred against the LGBT individuals in their midst why child welfare services don't protect LGBT youth from peer violence how internalized LGBT self-hatred can be expressed as domestic violence Hate crimes do not occur in a cultural vacuum. From Hate Crimes to Human Rights searches out the roots of hatred and suggests ways to eradicate them, drawing on economics, theology, and linguistics as well as sociology, history, and political science. Specific suggestions include: how to use language as a social and cultural change strategy what individuals and universities can do to promote human rights how to make use of the intersection of difference and tolerance to prevent hate crimes why equal treatment for LGBT individuals is a human rights issue, not a special-interest advantage From Hate Crimes to Human Rights provides powerful explanations of the ways hatred generates hate crimes and proposes positive action you can take to validate human rights. A Statement from the Authors One of the premises of this book is that if we want to progress from hate crimes to human rights, we must learn to respect, honor, and celebrate diversity. The chapter authors exemplify a rainbow of ethnicities, sexual orientations, and gender identities. Each of us is committed to advocate for human rights and to work to end hate crime. Toward those ends, the royalties from the sale of this book will go directly to a memorial fund that has been established at Monmouth University in Matthew Shepard's honor. The proceeds from that fund will be used to support students in their preparation for human rights advocacy. Crimes of Hate-Phyllis B. Gerstenfeld 2004 Crimes of Hate: Selected Readings is the first comprehensive reader to offer an up-to-date, multidisciplinary examination of hate crimes. Editors Phyllis B. Gerstenfeld and Diana R. Grant include articles from a variety of disciplines, including criminal justice, criminology, sociology, psychology, and political science. With introductions, discussion questions, and resource lists, this unique anthology combines the most current research on hate crimes with accessible articles from scholarly and legal journals in a single, easily understood format. Developed as a companion to Gerstenfeld’s Hate Crimes: Causes, Controls, and Controversies, this innovative reader will provoke thought and discussion in undergraduate and graduate students in criminal justice, and sociology courses. Alternative Library Literature-Sanford Berman 1983 Victimology-Ann Wolbert Burgess 2012-08-23 Thoroughly revised and updated to reflect the most current trends and developments in the field, Victimology:
Theories and Applications, Second Edition provides a comprehensive introduction to the study of victimization, crime typologies, and the impact of crime on victims, offenders, and society at large. Each chapter provides an overview of the scope, law, and victim response to crime and concludes with a summary and discussion questions to ensure comprehension. An overview of the issues impacting victims of a wide variety of traditional and contemporary crimes are examined, including child maltreatment, intimate partner violence, bullying, elder abuse, cybercrime and hate crimes. The history and theories of victimology are explored, as well as definitive laws and policies, strategies for intervention, and future research areas. This Second Edition offers a balance between theory and application and will prepare readers to work with victims, offenders, and the justice system. New to the Second Edition: -Contains new contemporary case studies, including the cases of IMF chief Dominique Strauss-Khan, Casey Anthony, and the Senator Scott Brown case as illustrating non-disclosure of childhood abuse for 40 years. -Includes an analysis on the Casey Anthony case from the perspective of the jury in the chapter on justice systems. -A new chapter includes discussions on domestic and international databases and studies, including UCR, NCVS, StatsCan, Justice Canada, Interpol, and WHO reports on victimization. -Includes a new chapter on child abduction and exploitation including a discussion of child trafficking. -All tables and figures have been updated to reflect the most current data. -Every new printed copy is packaged with full student access to the companion website, which features a variety of engaging and interactive study tools. Key Features: -Offers a balance between theory and the research and practice-oriented tools to prepare readers to work with victims, offenders, and the justice system. -Covers current topics including: human trafficking, victims of gang violence, bullying, victims of terrorism, victims of cybercrime, property crimes, corporate crimes, workplace violence, racial profiling and disproportionate penalties.

Victimology: Theories and Applications-Ann Wolbert Burgess 2011-04-18 Victimology: Theories and Applications introduces readers to the study of victimization, crime typologies, and the impact of crime on victims, offenders, and society at large. Each chapter provides a typology of the offender to analyze motivation, and includes an overview of the issues related to people who become victims of a wide variety of traditional and contemporary crimes such as child maltreatment, intimate partner violence, elder abuse, cyber crime and hate crimes. The history and theories of victimology are explored, as well definitive laws and policies, strategies for intervention, and future research areas.

Critical Queer Studies-Casey Charles 2016-04-22 Critical Queer Studies examines contemporary films and documentaries that dramatize the intersection of law and queer life, analyzing the effects of legal doctrines-jury selection, unwanted sexual advance, negligence, hate crimes, and gay marriage-on the production and reception of queer film and fiction. Exploring the interaction of these discourses by discussing internationally-known American films, the book demonstrates how the law maintains its hold over the queer subject through promoting certain ideological fictions and conversely how film and literature draw upon the material realities of queer legal status to dramatize conflicts between law and the marginalized subject. Critical Queer Studies synthesizes queer studies, law and literature, and film studies, engaging these fields to show how the struggle for gay and lesbian rights has influenced the production of film and fiction.
