About Catherine Breillat

Catherine Breillat is a French film director and writer. She is a key figure in the development of the New Wave cinema in France, and is known for her work in the realms of erotic and experimental cinema. Breillat's films often explore themes of desire, sexuality, and power dynamics, often with a critical gaze on patriarchal and social norms.

Breillat's filmography

Breillat's filmography includes a number of works that have garnered both acclaim and controversy for their frank and unapologetic exploration of sexuality and gender. Some of her most notable films include

- "Anatomie de la décadence" (1976)
- "Amitié" (1977)
- "Le soleil collectionné" (1979)
- "Le Jeu de la statistique" (1980)
- "C'era una volta... a Napoli" (1981)
- "Les amants du bal" (1983)
- "Départ d'un cancer" (1985)
- "Catharsis" (1988)
- "Mon oncle decisions" (1990)
- "Eugénie de bois" (1991)
- "Histoire(s) du cinéma" (1998)
- "10 avatars du désir" (2000)
- "Flânerie" (2002)
- "J'ai du mal à m'habiller" (2004)
- "Fiona" (2008)
- "La télésérie" (2018)

The influence of Catherine Breillat

Breillat's films have had a significant impact on the development of cinema, particularly in the areas of erotic and experimental cinema. Her work has inspired many filmmakers and writers, and has contributed to the broader discourse on sexuality and gender in contemporary society.

Her legacy

Breillat's enduring legacy is evident in the continued discussion and appreciation of her work, which continues to resonate with audiences and scholars alike. Her films remain a testament to her commitment to exploring the complex and often confronting aspects of human desire and experience, and her impact on the art of filmmaking is immeasurable.
A brief description of each film includes key personnel, particularly female directors, producers, and screenwriters. The collection offers overviews of virtually every movie that has opened nationally over the past year, reports from the major film festivals, interviews with important movie figures, and excerpts on the movie world.
