Conversations with Western Novelists-John R. Milton 1971

Wallace Stegner and the Continental Vision-Curt Meine 1997-09-01 Wallace Stegner (1909-1993) was, in the words of historian T. H. Watkins, "a walking tower of American letters." Winner of the Pulitzer prize and the National Book Award for fiction, founder of the Stanford Writing Program, recipient of three Guggenheim fellowships and innumerable honorary degrees, Stegner was both a brilliant writer and an exceptional teacher.

Wallace Stegner and the Continental Vision brings together leading literary critics, historians, legal scholars, geographers, scientists, and others to present a multifaceted exploration of Stegner's work and its impact, and a thought-provoking examination of his life. Contributors consider Stegner as writer, as historian, and as conservationist, discussing his place in the American literary tradition, his integral role in shaping how Americans relate to the land, and his impact on their own personal lives and careers. They present an eclectic mix of viewpoints as they explore aspects of Stegner's work that they find most intriguing, inspiring, and provocative: Jackson J. Benson on the personal qualities that so distinctively shaped Stegner's writings Walter Nugent on the historical context of Stegner's definition of the West T. H. Watkins on Stegner's contributions to the modern conservation movement Terry Tempest Williams on Stegner's continuing importance as an "elder" in the community of writers he nurtured Other contributors include Dorothy Bradley, John Daniel, Daniel Flores, Melody Graulich, James R. Hepworth, Richard L. Knight, Curt Meine, Thomas R. Vale, Elliott West, and Charles F. Wilkinson.

Wallace Stegner and the Continental Vision is an illuminating look at Stegner's many and varied contributions to American literature and society. Longtime admirers of Stegner will appreciate it for the new perspectives it provides, while readers less familiar with him will find it a valuable and accessible introduction to his life and work.

Why I Can't Read Wallace Stegner and Other Essays-Elizabeth Cook-Lynn 1996-09-01 This provocative collection of essays reveals the passionate voice of a Native American feminist intellectual. Elizabeth Cook-Lynn, a poet and literary scholar, grapples with issues she encountered as a Native American in academia. She asks questions of critical importance to tribal people: who is telling their stories, where does cultural authority lie, and most important, how is it possible to develop an authentic tribal literary voice within the academic community? In the title essay, "Why I Can’t Read Wallace Stegner," Cook-Lynn objects to Stegner’s portrayal of the American West in his fiction, contending that no other author has been more successful in serving the interests of the nation’s fantasy about itself. When Stegner writes that “Western history sort of stopped at 1890,” and when...
he claims the American West as his native land, Cook-Lynn argues, he negates the whole past, present, and future of the native peoples of the continent. Her other essays include discussion of such Native American writers as Michael Dorris, Ray Young Bear, and N. Scott Momaday; the importance of a tribal voice in academia, the risks to American Indian women in current law practices, the future of Indian Nationalism, and the defense of the land. Cook-Lynn emphasizes that her essays move beyond the narrowly autobiographical, not just about gender and power, not just focused on multiculturalism and diversity, but are about intellectual and political issues that engage readers and writers in Native American studies. Studying the “Indian,” Cook-Lynn reminds us, is not just an academic exercise but a matter of survival for the lifeways of tribal peoples. Her goal in these essays is to open conversations that can make tribal life and academic life more responsive to one another.

Wallace Stegner-Jackson J. Benson 2009-01-01 In a career spanning more than fifty years, Wallace Stegner (1909?93) emerged as the greatest contemporary author of the American West?writing more than two dozen works of history, biography, essays, and fiction, including the Pulitzer Prize-winning Angle of Repose and the bestselling Crossing to Safety. Jackson J. Benson?s Wallace Stegner: His Life and Work is the first full-dress biography of this celebrated ?Dean of Western Writers.? Drawing on nearly ten years of research and unlimited access to Stegner?s letters and personal files, Benson traces the trajectory of Wallace Stegner?s life from his birth on his grandfather?s Iowa farm to his prominence as an award-winning writer, critic, historian, environmental activist, and teacher, and as founder of Stanford?s creative writing program. But Benson?s book is as much a consideration of Stegner?s literary legacy as it is a retelling of his life. His critical reassessment of the entire body of Stegner?s work argues convincingly for his subject?s place in the literary canon?not merely as a ?regional? Western writer but straightforwardly as one of the great American writers of the twentieth century.

Recapitulation-Wallace Stegner 2013-05-02 ‘One of our greatest contemporary novelists’ Washington Post Bruce Mason returns to Salt Lake City not for his aunt’s funeral, but to encounter the place he fled in bitterness forty-five years ago. A successful statesman and diplomat, Mason had buried his awkward childhood to become a figure who commanded international respect. But the realities of the present recede in the face of ghosts of his past. As he makes the perfunctory arrangements for the funeral, his inner pilgrimage leads him to the father who darkened his childhood, the mother
whose support was both redeeming and embarrassing, the friend who drew him into the respectable world of which he so craved to be a part, and the woman he nearly married. In this profoundly moving book, Stegner has drawn an intimate portrait of a man understanding how his life has been shaped by experiences seemingly remote and inconsequential.

The Selected Letters of Wallace Stegner-Wallace Stegner 2007-11 Collects six decades worth of previously unpublished correspondence by the Pulitzer Prize-winning historian and environmentalist, in a volume that imparts his perspectives about such topics as literature, history, and conservation to such recipients as Ansel Adams, Wendell Berry, and William Kittredge.

DeVoto's West-Bernard Augustine De Voto 2005 Social commentator and preeminent western historian Bernard DeVoto vigorously defended public lands in the West against commercial interests. By the time of his death in 1955, DeVoto had published criticism, history, and fiction. He had won both the Pulitzer and Bancroft prizes. But his most passionate writing--at once incisive and eloquent--advocated conservation of America's prairies, rangeland, forests, mountains, canyons, and deserts. This collection showcases the complexity, depth, and breadth of DeVoto's thinking. These essays (many of which originally appeared in the renowned Harper's column The Easy Chair) persuasively advocate stewardship of public land. DeVoto addressed the plundering of resources by absentee eastern corporations, westerners' conflicted relationship with the forces of exploitation, and the degradation of the national parks.--From publisher description.

Angle of Repose-Wallace Stegner 2009-07-10 Traces the lives and fortunes of four generations of one family as they attempt to build a life for themselves in the American West.

The Spectator Bird-Wallace Stegner 2013-04-04 Literary agent Joe Allston, the central character of Stegner's novel All the Little Live Things, is now retired and, in his own words, 'just killing time until time gets around to killing me.' His parents and his only son are long dead, leaving him with neither ancestors nor descendants, tradition nor ties. His job, trafficking the talent of others, had not been his choice. He passes through life as a spectator. A postcard from an old friend causes Allston to return to the journals of a trip he and his wife had taken years before, a journey to his mother's birthplace, where he'd sought a link with the past. The memories of that trip, both grotesque and poignant, move through layers of time and meaning, and reveal that Joe Allston isn't quite spectator enough. Wallace Stegner was the author of, among other works of fiction, Remembering Laughter (1973); The Big Rock Candy Mountain (1943); Joe Hill (1950); All the Little Live Things (1967, Commonwealth Club Gold Medal); A Shooting Star (1961); Angle of Repose (1971, Pulitzer Prize); Recapitulation (1979); Crossing to Safety (1987); and Collected Stories (1990). His nonfiction includes Beyond the Hundredth Meridian (1954); Wolf Willow (1963); The Sound of Mountain Water (essays, 1969); The Uneasy Chair: A Biography of Bernard deVoto (1964); American Places (with Page Stegner, 1981); and Where the Bluebird Sings to the Lemonade Springs: Living and Writing in the West (1992). Three short stories have won O.Henry prizes, and in 1980 he received the Robert Kirsch Award from the Los Angeles Times for his lifetime literary achievements.

Literature of Place-Melanie Louise Simo 2005 "In Literature of Place Melanie Simo looks beyond crowded malls and boarded-up storefronts on Main Street to our collective memory, finding answers to these questions in stories, novels, memoirs, poetry, essays, diaries, travel writing, and nature writing that range in origin from New England and the Southern Highlands to Hawaii and in subject from little gardens to lost or reinhabited places in cities, mill towns, deserts, and woodlands. In her consideration of selected American works from 1890 to 1970 - years that mark the closing of the Western frontier and later openings in space exploration, environmental protection, genetic engineering, and cyberspace - Simo uncovers a literature of place and the often-surprising relationship of place to our daily lives."--BOOK JACKET.

Mormon Country-Wallace Stegner 2003-01-01 Where others saw only sage, a salt lake, and a great desert, the Mormons saw their ?lovely Deseret,? a
land of lilacs, honeycombs, poplars, and fruit trees. Unwelcome in Ohio, Missouri, and Illinois, they migrated to the dry lands between the Rockies and the Sierra Nevada to establish Mormon country, a wasteland made green. Like the land the Mormons settled, their habits stood in stark contrast to the frenzied recklessness of the American West. Opposed to the often prodigal individualism of the West, Mormons lived in closely knit communities. The story of Mormon country is one of self-sacrifice and labor spent in the search for an ideal in the most forbidding territory of the American West. Richard W. Etulain provides a new introduction to this edition.

The Cambridge Companion to Literature of the American West—Steven Frye 2016-02-29 This Companion provides a comprehensive introduction to the literature of the American West, one of the most vibrant and diverse literary traditions.

Wet Growth—Craig Anthony Arnold 2005 It is unrealistic and unwise to believe that water law will or should govern land use decisions, or alternatively that land use planning and regulation will or should govern water management. Nonetheless, the initially unsettling question of whether one area of law and policy should control the other provokes discussion and reflection on both why and how we might move toward greater integration of land and water controls. Wet Growth: Should Water Law Control Land Use? was written as a means to disseminate new ideas about the land/water interface in law and policy and provides an overview of the relevant issues, current trends toward integrating land and water controls, and prospects for further progress. The authors of this book describe the nature and costs of our currently fragmented management of land and water resources that results in unsustainable practices and suggest principles that should guide and direct our response to these problems. Although they take differing perspectives, the authors share common, or at least overlapping, observations about the fragmentation and integration of land and water controls.

Literature and the Environment—George Hart 2004 Scholars critique the works of eleven leading 20th century authors who have explored environmental issues in nonfiction, fiction, and poetry.

Wallace Stegner—Charles E. Rankin 1996 The writings of Wallace Stegner (1909-1993) make him a major figure in American literature. These essays by some of the foremost commentators writing on the West today constitute the first attempt since his death to assess the diversity of Stegner’s contributions to American intellectual life. The essayists engage his novels, short stories, memoirs, and biographies; the intersection between Stegner’s fiction and history; and his role as an environmental essayist. These interpretive pieces are preceded by more personal accounts by his son Page Stegner, former students James R. Hepworth and Wendell Berry, and writers William Kittredge and Ivan Doig. They identify several themes that pervade Stegner’s life and work - a search for continuity between past and present, hope and optimism about the future, and an attempt to foster for the West, as Stegner put it, “a society to match its scenery”.

A Shooting Star—Wallace Stegner 2013-04-04 Sabrina Castro, an attractive woman with a strong New England heritage, is married to a wealthy, older California physician who no longer fulfils her dreams. An almost accidental misstep leads her down the slow descent of moral disintegration, until there is no place for her to go but up and out. How Sabrina comes to term with her life is the theme of this absorbing personal drama, played out against the background of an old Peninsula estate where her mother lives among her servants, her memories of Boston and her treasured family archives. A Shooting star displays all the greatness of Wallace Stegner's storytelling powers. Wallace Stegner was the author of, among other works of fiction, Remembering Laughter (1973); The Big Rock Candy Mountain (1943); Joe Hill (1950); All the Little Live Things (1967, Commonwealth Club Gold Medal); Angle of Repose (1971, Pulitzer Prize); The Spectator Bird (1976, National Book Award); Recapitulation (1979); Crossing to Safety (1987); and Collected Stories (1990). His nonfiction includes Beyond the Hundredth Meridian (1954); Wolf Willow (1963); The Sound of Mountain Water (essays, 1969); The Uneasy Chair: A Biography of Bernard deVoto (1964); American Places (with Page Stegner, 1981); and Where the Bluebird
Sings to the Lemonade Springs: Living and Writing in the West (1992). Three short stories have won O.Henry prizes, and in 1980 he received the Robert Kirsch Award from the Los Angeles Times for his lifetime literary achievements.

All the Little Live Things-Wallace Stegner 2013-05-02 'Timely and timeless ... Will hold any reader to its last haunting page' Chicago Tribune The early life of Joe Allston, the retired literary agent of Stegner's National Book Award-winning novel, The Spectator Bird, features in this disquieting and keenly observed novel. Scarred by the senseless death of their son and baffled by the engulfing chaos of the 1960s, Allston and his wife, Ruth, have left the coast for a California retreat. And although their new home looks like Eden, it also has serpents: Jim Peck, a messianic exponent of drugs, yoga and sex; and Marian Catlin, an attractive young woman whose otherworldly innocence is far more appealing - and far more dangerous. 'The Great Gatsby captures the twenties and yet transcends them. All the Little Live Things is a comparable achievement for the sixties ... Stegner's craft is here at an apex' Virginia Quarterly Review

Mary Hallock Foote-Darlis A. Miller 2002 Devoted wife and mother. Acclaimed novelist, illustrator, and interpreter of the American West. At a time when society expected women to concentrate on family and hearth, Mary Hallock Foote (1847-1938) published twelve novels, four short story collections, almost two dozen stories and essays, and innumerable illustrations. In Mary Hallock Foote, Darlis A. Willer examines the life of this gifted and spirited woman from the East as she adapted herself and her artistic vision to the West. Foote's images of the American West differed sharply from those offered by male artists and writers of the time. She depicted a more gentle West, a domestic West of families and settlements rather than a Wild West of soldiers, American Indians, and cowboys. Miller examines how Foote's career was molded by the East-West tensions she experienced throughout her adult life and by society's expectations of womanhood and motherhood. This biography recounts Foote's Quaker upbringing; her education at the School of Design for Women at Cooper Union, New York; her marriage to Arthur De Wint Foote, including his alcohol problems; her life in Boise, Idaho, and later Grass Valley, California; her grief over the early death of daughter Agnes Foote; and the previously unexplored last two decades of her life. Miller has made extensive use of every major archive of letters and documents by and about Foote. She sheds light on Foote's numerous stories, essays, and novels. And examines all pertinent sources on Foote's life and works. Anyone interested in the American West, women's history, or life histories in general will find Miller's biography of Mary Hallock Foote fascinating.

Telling the Stories Right-Jack Baker 2018-03-26 Wendell Berry thinks of himself as a storyteller. It's somewhat ironic then that he is better known as an essayist, a poet, and an advocate for small farmers. The essays in this collection consider the many facets of Berry's life and work, but they focus on his efforts as a novelist and story writer. Indeed, Berry had already published three novels before his seminal work of cultural criticism, The Unsettling of America, established him as an ardent defender of local communities and sustainable agriculture. And over the past fifty years, he has published eight novels and more than forty-eight short stories set in the imagined community of Port William. His exquisite rendering of this small Kentucky town challenges us to see the beauty of our own places and communities and to tend their health, threatened though it inevitably is. The twelve contributors to this collection approach Berry's fiction from a variety of perspectives--literary studies, journalism, theology, history, songwriting--to shed light on its remarkable ability to make a good life imaginable and compelling. The first collection devoted to Berry's fiction, this volume insists that any consideration of Berry's work must begin with his stories.

Wallace Stegner and the American West-Philip L. Fradkin 2009-02-17 "Respectful of his subject but never worshipful, Fradkin has given us our first full critical portrait of the man and his protean career..."—Hampton Sides, author of Blood and Thunder: An Epic of the American West
The Big Rock Candy Mountain - Wallace Stegner 2013-04-04
Bo Mason, his wife, Elsa, and their two boys live a transient life of poverty and despair. Drifting from town to town and from state to state, the violent, ruthless Bo seeks out his fortune - in the hotel business, in new farmland and eventually, in illegal rum-running through thetreacherous back roads of the American Northwest. In this affecting narrative, Wallace Stegner portrays more than thirty years in the life of the Mason family as they struggle to survive during the lean years of the early twentieth century. Wallace Stegner was the author of, among other works of fiction, Remembering Laughter (1973); Joe Hill (1950); All the Little Live Things (1967, Commonwealth Club Gold Medal); A Shooting Star (1961); Angle of Repose (1971, Pulitzer Prize); The Spectator Bird (1976, National Book Award); Recapitulation (1979); Crossing to Safety (1987); and Collected Stories (1990). His nonfiction includes Beyond the Hundredth Meridian (1954); Wolf Willow (1963); The Sound of Mountain Water (essays, 1969); The Uneasy Chair: A Biography of Bernard deVoto (1964); American Places (with Page Stegner, 1981); and Where the Bluebird Sings to the Lemonade Springs: Living and Writing in the West (1992). Three short stories have won O.Henry prizes, and in 1980 he received the Robert Kirsch Award from the Los Angeles Times for his lifetime literary achievements.

A Great Plains Reader - Diane Dufva Quantic 2003-01-01
The Great Plains are as rich and integral a part of American literature as they are of the North American landscape. In this volume the stories, poems, and essays that have defined the region evoke the world of the American prairie from the days of Native history to the realities of life on a present-day reservation.

Utah Historians and the Reconstruction of Western History - Gary Topping 2003
Among historians of Utah and the American West, few names have greater resonance than Bernard DeVoto, Dale Morgan, Juanita Brooks, Wallace Stegner, and Fawn Brodie. Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history. In many ways their writing set the standard for scholarship and interpretation, and their influence is still felt today. Yet they were not flawless. As Gary Topping explains in this, the first comprehensive appraisal of their work, each had serious shortcomings. DeVoto and Stegner, master storytellers, distorted their histories with excessive use of literary and artistic techniques; Morgan, the thorough researcher, failed to see larger contexts and interpretive possibilities; Brooks, courageous in finding damning new information on the Mountain Meadows massacre, stopped short of drawing conclusions that might alienate her from her fellow Mormons; and Brodie, psychobiographer extraordinaire, nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts. All five writers experienced Mormon Utah in the formative stages of their lives and, whether they wanted to or not, fashioned their work on the American West under that indelible influence. Topping shows ultimately how, despite weaknesses, each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship.

Critical Essays on Wallace Stegner - Anthony Arthur 1982
Wallace Stegner's Salt Lake City - Robert C. Steensma 2007
A recreation of the 1920s and 1930s Salt Lake City from Wallace Stegner's youth based on archival photographs, quotations from Stegner's writings, and interpretive essays.

Provides a comprehensive reference to the novel in American literature with over 900 entries containing critical analyses and synopses of individual novels, novelist biographies, essays on fiction genres, and more. The Nature of the Place - Diane Dufva Quantic 1995-06-01
The Great Plains has long been fertile ground for literature. The Nature of the Place is a comprehensive study of novels and stories by such Plains writers as Willa Cather, Wright Morris, Mari Sandoz, Laura Ingalls Wilder, Frederick Manfred, Wallace Stegner, and Bess Streeter Aldrich. Throughout, Diane Dufva Quantic is aware of the region’s collective social and cultural history—aware of the immensely fruitful clash between that complex history and Plains myth (such as “Garden of the World” and “Great American Desert”). In the vast and changeable Great Plains, as Wright Morris once remarked, “Many things would come to pass, but the nature of the place
would remain a matter of opinion.”

Stegner-Wallace Stegner 2012-06-01 Wallace Stegner, a major American novelist and conservationist, is interviewed by Etulain, a renowned Western scholar, in a series of discussions. Originally published in 1983 and entitled Conversations with Wallace Stegner on Western History and Literature, this book is the ultimate Stegner interview. New foreword by Stewart Udall.

The New Western History-Forrest Glen Robinson 1998 Seven scholars examine the work of the "new western" historians, who retell the story of the American West from the point of view of the oppressed and colonized, and discuss ways to expand the horizons of this new approach to include fiction, literature by women, racial categories, writers who presaged the movement, popular culture, and natural history.

History Meets Fiction-Beverley C. Southgate 2014-09-11 Is history factual, or just another form of fiction? Are there distinct boundaries between the two, or just extensive borderlands? How do novelists represent historians and history? The relationship between history and fiction has always been contentious and sometimes turbulent, not least because the two have traditionally been seen as mutually exclusive opposites. However, new hybrid forms of writing – from historical fiction to docudramas to fictionalised biographies – have led to the blurring of boundaries, and given rise to the claim that history itself is just another form of fiction. In his thought-provoking new book, Beverley Southgate untangles this knotty relationship, setting his discussion in a broad historical and philosophical context. Throughout, Southgate invokes a variety of writers to illuminate his arguments, from Dickens and Proust, through Virginia Woolf and Daphne du Maurier, to such contemporary novelists as Tim O’Brien, Penelope Lively, and Graham Swift. Anyone interested in the many meeting points between history and fiction will find this an engaging, accessible and stimulating read.
