Landscapes Beyond Land

Arnar Árnason
2012–09–15

Land is embedded in a multitude of material and cultural contexts, through which the human experience of landscape emerges. Ethnographers, with their participative methodologies, long-term co-residence and quotidian interactions with the ecology of their work, are well positioned to describe landscapes in this fullest of senses. The contributors explore how landscapes become known primarily through movement and journeying rather than stasis. Working across four continents, they explain how landscapes are constituted and recollected in the stories people tell of their journeys through them, and how, in turn, these stories are embedded in landscaped forms.

British Art Show 9

Popular Support for an Undemocratic Regime
Richard Rose
2011–06–02

To survive, all forms of government require popular support, whether voluntary or involuntary. Following the collapse of the Soviet system, Russia's rulers took steps toward democracy, yet under Vladimir Putin Russia has become increasingly undemocratic. This book uses a unique source of evidence, eighteen surveys of Russian public opinion from the first month of the new regime in 1992 up to 2009, to track the changing views of Russians. Clearly presented and sophisticated figures and tables show how political support has increased because of a sense of resignation that is even stronger than the unstable benefits of exporting oil and gas. Whilst comparative analyses of surveys on other continents show that Russia's elite is not alone in being able to mobilize popular support for an undemocratic regime, Russia provides an outstanding caution that popular support can grow when governors reject democracy and create an undemocratic regime.

To Catch a Thief
Mandy Hartley
2017–10–05

In the first book of the DNA Detectives series Annabelle and Harry's pet dog, Milly goes missing. After putting up posters and waiting on their parents they don't know what to do. But when a number of their friend's pets also vanish the children think the perpetrator is their next door neighbour and set out to prove it.

Economy, Society and Public Policy
Core Espp Team
2019–09–18

In order to be well-governed, a democracy needs voters who are fluent in the language of economics and who can do some quantitative analysis of social and economic policy. We also need a well-trained cadre of researchers and journalists who have more advanced skills in these fields. Many students in other disciplines are drawn to economics so that they can engage with policy debates on environmental sustainability, inequality, the distribution of wealth, and the relationship between financial stability and macroeconomic growth. By the time they begin the study of economics, they find that courses appear to have little to do with these pressing policy matters, and are designed primarily for students who want to study the subject as their major, or even for those destined to go on to postgraduate study in the field. The result: policy-oriented students often find they have to choose between a quantitative and analytical course of study – economics – that is only minimally policy oriented in content and that downplays the insights of other disciplines, or a policy and problem-oriented course of study that gives them little training in modelling or quantitative scientific methods. Economy, Society, and Public Policy changes this. It has been created specifically for students from social science, public policy, business studies, engineering, biology, and other disciplines who are not economics majors. If you are one of these students, we want to engage, challenge, and empower you with an understanding of economics. We hope you will acquire the tools to articulate reasoned views on pressing policy problems. You may even decide to take more courses in economics as a result. The book is also being used successfully in courses for economics, business, and public policy majors, as well as in economics modules for masters' courses in Public Policy and in Philosophy, Politics and Economics (PPE). This textbook -- the print complement to CORE's open-access online eBook -- is the result of a worldwide collaboration among researchers, educators, and students who are committed to bringing the socially relevant insights of economics to a broader audience.

Jack Webster's Aberdeen
Jack Webster
2007

Aberdeen has had its fair share of attention from historians down the centuries, but in this fresh look at the story, Jack Webster condenses the knowledge and wisdom of past research and his own experience. He observes the city's dramatic transformation in the 20th century, from an economy based on farming, fishing, textiles and granite to a Golden Age that outshone them all. Who could have guessed that the Granite City would take on an international reputation as the oil capital of Western Europe? This thoroughly readable book highlights the people who have left their mark on Aberdeen, from Robert the Bruce to Willie Miller, from Isaac Benzie and Raggie Morrison to Cocky Hunter and Ma Cameron. It brings fascinating tales of war and peace and covers everything from school and university to the history of sport, cinema and theatre, from the life of Sir John Sinclair to the arrival of Harry Gordon Scotland and the What?

Childhood and Youth Studies
Paula Zwodziak-Myers
2007–07–27

This book introduces the inter-disciplinary study of childhood and youth and the multi-agency practice of supporting children and the families they love. Exploring key theories and central ideas, research methodology, policy and practice, it takes a holistic, contextual approach that values difference and
diversity. It examines concepts such as identity, representation, creativity and authenticity in the modern-day issues, and by engaging with a range of perspectives to highlight debates within the field.

An Imaginative Woman Thomas Hardy 2020-12-08 This is a short story written by Thomas Hardy was published in Wessex. This talks of a woman, a wife and a mother who aspires to be a poet and who falls in love with a male poet she never meets. As a Victorian realist who wrote his novels in the tradition of the Bayeux Tapestry, crystallising the artistic, spiritual and emotional relations, the organization of England's premier scriptorium, monk-nun integration of Anglo-Saxons and Normans.

The St Albans Psalter Jane Geddes 2005 The St Albans Psalter, made in the 1130s, is one of the most magnificent monuments of English Romanesque painting and has survived the disasters of religious upheaval and war in pristine condition. The sequence of forty full-page miniatures illustrates the Life of Christ establishes their artist, the so-called Alexis Master, as one of the most influential painters in early thirteenth-century England. It includes 215 initials illustrating the psalms in a rigorously literal way. Their inventiveness and charm belies the complex theological and personal messages which they convey. This new book by Dr. Jane Geddes is the first to reproduce so much of the psalter in color, but it also follows the psalter's contents into the historical context of its probable patron, Abbot Geoffrey of St Albans and its recipient, the Anglo-Saxon hermitess Christina of Markyate. Using a record of Christina's life, written by a St Albans monk, the book examines in depth every aspect of the psalter, tying it in closely to the lives of Christina of Markyate and Abbot Geoffrey. Through her close analysis, Geddes provides a profound insight into female literacy, Anglo-Norman relations, the organization of England's premier scriptorium, monk-nun relations and the emerging Anglo-Norman language. This new book demonstrates the significance of the St Albans Psalter, which in social terms is as important as the Bayeux Tapestry, and as seminal its understanding the artistic, spiritual and emotional integration of Anglo-Saxons and Normans.

Street on Torts Christian Witting 2015-02-05 Tried and tested by generations of students, Street on Torts provides a wide-ranging, clear and accurate explanation of the law of torts. Witting incorporates the latest learning on each of the torts covered in this book to provide a thoughtful account of the purposes, rules, and operation of the law. Coverage has been closely mapped to undergraduate law courses around the UK and updates and web links can be found on the accompanying Online Resource Centre.

College Voices: Law / Law Division 2018-11-30 College Voices tells the story of Christ's College Aberdeen, a theological college of the Church of Scotland, from its beginnings in the 1840s to the present day. This is a rich and colourful story, vividly told, and peopled with many fascinating characters and stories. Hundreds of students, and later women, have passed through the doors seeking to meet the demands of the College and authorities to become ministers for the Free Church, the United Free Church and, since 1929, for the Church of Scotland. Written by the College's administrator, who saw how the personalities of teachers and students alike shone through the formal language of minute books and other records, College Voices captures how the religious education of the history not only of Scotland but of the world. It demonstrates the effects on ministerial training of two world wars, and is honest about times when the College was threatened by closure and scandal.

The Successful Law Student: An Insider's Guide to Studying Law is the ultimate companion for all prospective and current law students. Packed full of insights, advice and perspectives from current and past law students it is the only student guide to offer you the inside track on how to make the most of your law degree and your time at university. In this book you will find tips and advice on everything from choosing a university to considering your career. Whether you're a one-, two-, three- or four-year degree course or planning to take a year abroad, whether you're a full-time, part-time, or mature student, or whether you'll be balancing your studies with work or other commitments. The focus is on the things that will make a big difference to your study experience, including making that transition to university level study, getting the most out of lectures and feedback from tutors, advice on how to approach law exams, and finding a rewarding career.Complemented by a variety of insider voices from students and alumni, which add valuable context and real-life insights. Georgis and Craig Niblett have brought together law teacher voices to explore the learning process and look beyond it to consider the wider opportunities of legal study.

Enhancing Surgical Performance Rhona Flinn 2015-07-13 Enhancing Surgical Performance: A Primer In Non-Technical Skills explains why non-technical skills are vital for effective performance on the operating theatre. The book provides a full account, with supporting empirical evidence, of the Non-Technical Skills for Surgeons (NOTSS) system and behavioural rating framework, which helps identify the key elements involved in successful operative surgery. The editors spent the last twelve years as part of the team developing and testing the NOTSS system and delivering presentations and workshops across the world. Readers will benefit by having, in one accessible handbook, a description of the NOTSS system and how it can be used for training, assessment, self-reflection and event analysis. The book is a must for anyone involved in enhancing surgical performance, safety initiatives in surgery. Because it encourages surgeons to reflect on their own performance and behaviour, it is suitable for surgeons in all specialties and at all levels.

Professional Level Examination (PLE) National Learning Corporation 2020 The Professional Level Examination (PLE) Passbook prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: quantitative problem solving; reading comprehension; reasoning, and information. The passbooks are designed to enable you to:

1. Determine your strengths and weaknesses.
2. Learn just what you need to know for your exam.
3. Develop test-taking strategies that will help you achieve the best possible result.

OSCOLA Donal Nolan 2012-05-25 There are two golden rules for the citation of legal authorities. One is consistency. The other is consideration for the reader. Legal writing is more persuasive when the author refers to legal materials in a clear, consistent and familiar way. The Oxford University Standard for Citation of Legal Authorities (OSCOLA) helps authors to achieve consistency in citing cases, legislation and secondary sources. OSCOLA is widely used by law schools and legal publishers both in the United Kingdom and abroad. This latest revision of OSCOLA (the fourth edition) is the first to be published in hard copy, and provides more detailed coverage of both primary and secondary legal sources. The editors are Donal Nolan and Sandra Wermuth. Shortlisted for the Halsbury Legal Awards 2013 in the Award for Academic Contribution category.

Early Modern Universities Anja-Silvia Goeing 2020-12-10 "This book contains twenty essays by expert scholars of higher learning in the early modern period. Together these essays explore topics that have generally been overlooked: notably the extensive collaboration, and occasional conflicts, between university scholars, instructors, and administrators on the one hand, and students at academies, independent and dependent colleges, gymnasium, and Latin schools on the other. This book is also cover a wide geographic range, containing universities, schools, academies, and the history of the book, in many European states, and Latin America"***
