Religious Education as Encounter. A Tribute to John M. Hull-Siebrn Miedema 2009 This volume is a tribute to our esteemed colleague Professor John Martin Hull for his exceptional academic achievements in the field of religious education. Especially worth mentioning are his worldwide continuous efforts in trying to realize interreligious education and interreligious learning in public schools. In his approach there is a strong emphasis on openness, dialogue, and encounter. When we are looking for an adequate vignette to characterize the contribution of this famous religious educator, a good one might be 'religious education as encounter'. That is why this volume is systematically focusing on this topic. It brings together contributions from leading researchers in the international field of religious education adhering to a great variety of religious or worldview traditions, and it addresses a wide range of perspectives regarding the concept of encounter in religious education.

Ordinary Theology-Jeff Astley 2017-07-05 'Ordinary theology' is Jeff Astley's phrase for the theology and theologising of Christians who have received little or no theological education of a scholarly, academic or systematic kind. Astley argues that an in-depth study of ordinary theology, which should involve both empirical research and theological reflection, can help recover theology as a fundamental dimension of every Christian's vocation. Ordinary Theology analyses the problems and possibilities of research and reflection in this area. This book explores the philosophical, theological and educational dimensions of the concept of ordinary theology, its significance for the work of the theologian as well as for those engaged in the ministry of the church, and the criticisms that it faces. 'Ordinary theology' Astley writes, 'is the church's front line. Statistically speaking, it is the theology of God's church.'
