Faith Healing Ministry-Gwendolyn Washington 2020-08-25 Faith Healing Ministry: A Christian Education Model for Clergy and Laity The purpose of this book is to begin an intentional effort to retrieve the ministry of faith healing using a Christian education model to educate/train clergy and laity. Healing as a spiritual gift for the body of Christ is a much-neglected gift due to variables that may be altered to benefit multitudes. In my research and study, I have discovered it is the lack of knowledge in understanding the gift of healing and how to operate it that caused so many to be indifferent about it. Jesus came so that our souls may be saved and to heal our bodies. A scriptural reference is Isaiah 53:5: "But He was wounded for our transgressions, He was bruised for our iniquities, the chastisement of our peace was upon him, and by His stripes we are healed." This sums up the purpose for Jesus coming to earth, to make it possible for each person who would believe to have eternal life, and be sound in body and mind. This book reveals some pitfalls, or controversial teachings, regarding why so many from various denominations believe that the gifts ceased during the first century. Being in the health profession for thirty-eight years, I have seen various diseases many struggle with and medical technology has no cure for. With health care benefits changing and there is a possibility many may lose their coverage, it is imperative that we go back to God's original plan-divine healing. Not to discount the physicians, scientist, and medical technology, but it is important for us to know that we have God's plan for healing. My desire is to get the message out to the masses, especially to churches to establish healing centers, that divine healing is a benefit of the Kingdom of God.

THE BEST OF THE KAMBULOW-walter kambulow 2003-06-01 As for God, His way is perfect; The word of the LORD is proven; He is a shield to all who trust in Him. For who is God, except the LORD? And who is a rock, except our God? It is God who arms me with strength, And makes my way perfect. He makes my feet like the feet of deer, And sets me on my high places. He teaches my hands to make war, So that my arms can bend a bow of bronze. You have also given me the shield of Your salvation; Your right hand has held me up, Your gentleness has made me great. Psalm 18:30-35 The book is the compilation of what we consider to be some of the best chapters in the many different books that we wrote.

Agnes Sanford and Her Companions-William L. De Arteaga 2015-08-17 Agnes Sanford was arguably the most original and spiritually fruitful theologians of the twentieth century. Among her achievements were the discovery and development of the inner healing ministry, the development of a theology of the light of God (missing in Western theology), and the first ever theology of "nature prayers"--as in stilling storms. She and her husband developed a school to teach ministers and lay leaders healing and deliverance prayer, and the gifts of the Spirit a decade before the charismatic renewal made such things acceptable in mainline churches. In spite of these achievements, she is largely ignored and unrecognized today. This work examines her career and shows why her theology, though deeply biblical, was unacceptable to "orthodox" critics. Sanford was part of a group who worked from the 1900s through the 1960s to make healing and deliverance prayer as normal in church. They had to confront the erroneous established theology of cessationism, which affirmed that the healing ministry of the church was past.

The Failure of Evangelical Mental Health Care-John Weaver 2014-11-26 In the evangelical community, a variety of alternative mental health treatments—deliverance/exorcism, biblical counseling, reparative therapy and many others—have been proposed for the treatment of mentally ill, female and LGBT evangelicals. This book traces the history of these methods, focusing on the major proponents of each therapeutic system while also examining mainstream evangelical psychology. The author concludes that in the majority of cases mental disorders are blamed on two main issues—sin and demonic possession/oppression—and that as a result some communities have become a mental health underclass who are ill-served or oppressed by both alternative and mainstream evangelical therapeutic systems. He argues that the only recourse left for mentally ill, female and LGBT evangelicals is to rally for reform and increased accountability for both professional and alternative evangelical practitioners.

Counselor or Pastor, do you sometimes wonder why you have such limited authority over evil spirits; and why, after evicting them one week, the same spirits show up again the next week? In Delivering the Captives, Alice Smith draws on her thirty-five years of deliverance ministry around the world to expose some of Satan's "slickest strategies." She explains how he deceives us into building spiritual strongholds in our own lives through willful sin so his demons can operate, develop into strongmen, and access levels of dominion over us. Let Alice show you how to detect and defeat strongmen, and precisely why Jesus said we must bind the strongmen before we dismantle their strongholds and permanently dismiss them. Here are your guidelines, including Alice's much sought-after list of Apparent Demonic Groupings which reveals how demons work together. Here are your biblical tools, including prayers, proclamations, and pronouncements to renounce evil spirits and remove them from your life and from the lives of others.

When Technology Fails-Matthew Stein 2008-08-18 There's never been a better time to "be prepared." Matthew Stein's comprehensive primer on sustainable living skills—from food and water to shelter and energy to first-aid and crisis-management skills—prepares you to embark on the path toward sustainability. But unlike any other book, Stein not only shows you how to live "green" in seemingly stable times, but to live in the face of potential disasters, lasting days or years, coming in the form of social upheaval, economic meltdown, or environmental catastrophe. When Technology Fails covers the gamut. You'll learn how to start a fire and keep warm if you've been left temporarily homeless, as well as the basics of installing a renewable energy system for your home or business. You'll learn how to find and sterilize water in the face of utility failure, as well as practical information for dealing with water-quality issues even when the public tap water is still flowing. You'll learn alternative techniques for healing equally suited to an era of profit-driven malpractice as to situations of social calamity. Each chapter (a survey of the risks to the status quo; supplies and preparation for short- and long-term emergencies; emergency measures for survival; water; food; shelter; clothing; first aid, low-tech medicine, and healing; energy, heat, and power; metalworking; utensils and storage; low-tech chemistry; and engineering, machines, and materials) offers the same approach, describing skills for self-reliance in good times and bad. Fully revised and expanded—the first edition was written pre-9/11 and pre-Katrina, when few Americans took the risk of social disruption seriously—When Technology Fails ends on a positive, proactive note with a new chapter on "Making the Shift to Sustainability," which offers practical suggestions for changing our world on personal, community and global levels.
