Tomorrow, When the War Began-John Marsden 1995-03-27 When Ellie and six of her friends return home from a camping trip deep in the bush, they find things hideously wrong -- their families gone, houses empty and abandoned, pets and stock dead. Gradually they begin to comprehend that their country has been invaded and everyone in the town has been taken prisoner. As the horrible reality of the situation becomes evident they have to make a life-and-death decision: to run back into the bush and hide, to give themselves up to be with their families, or to stay and try to fight. This reveting, tautly-drawn novel seems at times to be only a step away from today's headlines.

Darkness Be My Friend-John Marsden 1999-04-26 The author of A Killing Frost continues his bestselling series. “Marsden’s style is as surefooted as his independent band of teens.”—School Library Journal Ellie and her friends had been rescued. Airlifted out of their own country to the safe haven of New Zealand, they’d arrived burnt and injured and shocked, with broken bones, and scars inside and out. They did not want to go back. But five months later the war is not over, the nightmares continue, and there are two compelling reasons for them to return: a planned sabotage of the air base in Wirrawee and, most important, the families they left behind. In this episode of the tale begun in Tomorrow, When the War Began and continued in The Dead of Night and A Killing Frost, John Marsden takes us back to Hell, the outpost for a group of teens in a war-ravaged country. “Ellie is a solid narrator whose no-nonsense approach to love, war, and friendship makes her an unusual and impressive female protagonist. A personalized war novel that is apocalyptic yet open-ended enough for another sequel, Darkness benefits from not being limited to fitting into any one genre, but satisfactorily including aspects of several.”—Booklist “Contains as much riveting suspense and cliffhanger chapter endings as the first three.”—The Horn Book

As the founder and principal of two schools, John is at the coalface of education and a daily witness to the inevitable and yet still mysterious process of growing up. Now, in this astonishing, insightful and ambitious manifesto, John pulls together all he has learned from over forty years' experience working with and writing for young people.
