Take Me Fishing-John Bryan 2007-05-17 Here is great angling writing from the best writers in the business—from Tom McGuane to John McPhee to

Lefty Kreh. With proceeds going to FishAmerica, to help keep waters and fish healthy, and the Future Fisherman Foundation for education programs for children, these articles include Joan Wulff's look at the stages in an angler's lifetime; John McPhee's passage on our country's "Founding Fish"—the American Shad; Dave Barry's not-so-reverent take on fishing; Dave DiBenedetto on migrating stripers; Monte Burke on record bass; President Jimmy Carter on his youth; and Ted Williams on the environment. And there are many more, every one a joy to read.

Fishing Digest-Dennis Thornton 2003 Offers complete coverage of new fishing gear, tackle, and equipment, a directory of more than 1,400 leading fishing guides and charters, and license fees and regulations for each state. Lists top fishing resorts, state and national parks, and tourism resources by state. Also reports on salmon fishing, the bass pro tour, saltwater success, Great Lakes trolling, and Canadian getaways.

Field & Stream- 2006-06 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

The New North American Trout Fishing-John Merwin 2000-03-01 One of America's top experts shares decades of experience to cover trout fishing history, stream ecology, various trout behavior, and fly tying tips to aid any level of fly fishers.

Fly-Fishing for Sharks-Richard Louv 2001-07-17 For three years, Richard Louv listened to America by going fishing. To explore the cultures of angling, he traveled from the Atlantic to the Pacific and to the Gulf Coast, too; from bass waters north and south to fly-fishing waters east and west. He joined a professional bass tournament on Lake Erie and got a casting lesson from fly-fishing legend Joan Wulff in Colorado. He angled with corporate executives in Montana and stoic steelheaders in the Northwest. He went ice fishing on Michigan's Upper Peninsula and fly-fishing for sharks in California. In the Midwest, he fished with the host of the nation's longest-running television fishing program. He spent time with the captains of Florida, the poachers of the West, and the regulars who fish the Harlem and Hudson Rivers in New York City. Fly-Fishing for Sharks is the delightful result of Richard Louv's journey, a portrait of America on the water, fishing rod in hand. From Whitefish Willy to Bass'n Gal's Sugar Ferris, the people Louv writes about are simply unforgettable. As diverse as the cultures of fishing are. Richard Louv found that certain values unite them. Most of the anglers he spoke with care passionately about the health of the country's water; some have pondered what fishing tells us about our changing relationship with nature. Every one of them finds something renewing, even healing, in angling -- and many of these men and women believe that fishing can be a thread that binds the generations. Louv discovers from a Hemingway son what it really was like to go fishing with Papa; he fishes and talks about fatherhood with Robert Kennedy, Jr.; and he shares the joys and pains of caring for his own children. Fly-Fishing for Sharks is by turns funny, thoughtful, and poignant -- a revealing look at our country from an unusual perspective.

The American Midwest-Andrew R. L. Cayton 2006-11-08 This first-ever encyclopedia of the Midwest seeks to embrace this large and diverse area, to give it voice, and help define its distinctive character. Organized by topic, it encourages readers to reflect upon the region as a whole. Each section moves from the general to the specific, covering broad themes in longer introductory essays, filling in the details in the shorter entries that follow. There are portraits of each of the region's twelve states, followed by entries on society and culture, community and social life, economy and technology, and public life. The book offers a wealth of information about the region's surprising ethnic diversity -- a vast array of foods, languages, styles, religions, and customs -- plus well-informed essays on the region's history, culture and values, and conflicts. A site of ideas and innovations, reforms and revivals, and social and physical extremes, the Midwest emerges as a place of great complexity, signal importance, and continual fascination.

Field & Stream- 2000-04 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Paperbound Books in Print- 1992

Field & Stream- 2001-12 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Fly Fishing For Dummies-Peter Kaminsky 2020-11-03 Hook up with the fly-fishing guide that's a keeper Some say successful fly fishing requires supreme athleticism, a surgeon's delicate touch, and the serene spirit of a Zen master. But forget the hype: The updated edition of Fly Fishing for Dummies shows that all you need to get the hang of this enjoyable sport are the right tools, a disciplined technique, and a positive attitude. Whether you're an old salt or dipping your toes in for the first time, you'll find everything you need to learn, improve, and keep your casting sharp and fresh! Longtime fishing writer Peter Kaminsky wades right in, taking you from choosing a rod and tying flies all the way through to staying dry with the right wardrobe and cooking up a delicious catch. You'll also find out how you can get by with just 20 flies, a half dozen casts, and three knots. And, if you want to plunge deeper into the sport, he suggests some bucket-list destination rivers and streams to keep you agreeably hooked and learning for life—proving that the father of fishing writers Izaak Walton was right when, three centuries ago, he said: "No life is so pleasant and happy as that of a well-governed angler." Study your quarry—from rainbow trout to fashionable "glamour" fish Get the best rod, reel, and gear for success—including the smartest tech Know where to fish (land or sea) and how to read the water Follow visual examples to sharpen your casting Whatever your fly-fishing aims or skill level, the proven advice and 150+ illustrations in this friendly guide are your path to a lifetime of happy and productive trips: Don't let it be the one that got away!
