

healing energy flowing through your body. How will you feel when your turn comes, and a loved one or a neighbor is in desperate need of help? Will you know what to do, so that you can spring into action to relieve a pain, correct problems, and give hope to those who need it. Or will you sit there feeling helpless and powerless, wishing you had learned a simple technique that could relieve your loved one's pain and maybe save their life. Many years of research Imagine what you'd have to do if you wanted to learn the secrets of holistic faith healers: You'd travel the world persuading faith healers, psychic surgeons, with doctors, mucumbas, kahunas...every type of healer you could find...to permit you to observe them, assist them, and learn from them. You would ask them to teach you their techniques...but they would refuse. They won't share the prestige and the honor that comes with their special ability. You would have to rely on your understanding, insight, and intuition about how the human mind works, about energy fields in and around the human body, about universal healing energies, and you would have to use all of your experience, knowledge, and insight to weed out the showmanship and misdirection from the real techniques, the ones that actually produce the healing effect. It would be a daunting task to unlock their secrets. Only one scientist has succeeded at it. Many techniques to correct health problems Jose Silva took the common denominators, the things that he knew produce real results, and developed scientifically researched and proven effective healing techniques that will work for you. He used his techniques to help people in Laredo for many years. Then he broke the unwritten code of secrecy and started teaching other people to heal the way he did. "I realized that I could not personally heal everybody who needed to be healed," he explained. "But I knew that if I could train enough people so that there would be a healer in every home, then in that way, I could help everybody." Now you can learn the same techniques that Jose Silva and thousands of Silva healers use, in a convenient home study course or a live Holistic Faith Healing workshop.

Subjective Communication-Jose Silva 2014-03-14 What is Subjective Communication?Subjective Communication is a natural ability that all of the highly successful people on our planet have in common. Subjective Communication is the ability that permits people to know more than their physical senses alone can tell them. Subjective Communication is the one "secret of success" that people have sought to reveal for thousands of years, yet remained hidden because those who had it did not realize that the way they functioned was different from the way the vast majority of people function, and those who didn't have it considered it so unlikely that they doubted its existence. For the fortunate few who, through natural means, developed the ability to use subjective communications to know more than the majority of people, life has been a fabulous success.These people - about ten percent of the population - are the ones we consider "lucky." Though they do no more work than other people, they prosper. Though they are no more persistent than millions of others, they succeed while others fail. Though they are no more intelligent than the masses, we call them geniuses. You can develop this ability.All humans are born with the potential to communicate in more ways than through the physical senses. It is your mind, and your phenomenal imagination, that makes you human. In this book, you will learn why imagination is not only used for make believe, but is also used as a communications tool. You will learn exactly what human intelligence is, and what mind is, and how these function in another - invisible-to-the-human-eyes - dimension where we exchange vital information that helps improve our relationships, our decision making ability, and our chances for success and happiness in this life. You will have a rare opportunity to look inside the mind of a genius, a natural psychic who has been using this ability for more than sixty years, as this genius is interviewed by a veteran newspaper reporter turned researcher. This insight and understanding will help you develop your own abilities. Never before has there been a book like this one, that strips the mystery away and explains in simple language exactly what this thing called ESP really is and how you can learn to use it like the most successful people in our world do. It is your heritage as a human being. Use it.
