'Heart of Darkness' - a hellish postcard from a murky colonial outpost, founded on the author's own experiences in the Belgian Congo - is Conrad's most enduring work and the definitive literary portrayal of life at the sharp tail end of imperialism. Bonus material: Conrad's contemporaneous short story 'An Outpost of Progress', also set in the Congo. [Printed on traditional cream paper and set in comfortably legible print with wide, thumb-friendly margins.]

2012-03-23 Claudia Durst Johnson This compelling volume examines Joseph Conrad's life and writings, with a specific look at key ideas related to Heart of Darkness. The text discusses a variety of topics, including the evil pettiness behind colonial bureaucracy; facing colonialism's racial divide; the relationship between Victorian ethics, new science, and colonialism; and modern views of colonialism, including colonialism in North African countries and multinational corporate abuse in India.

Conrad's story, about a voyage up the Congo River into the Congo Free State, in the heart of Africa, by the story's narrator Marlow. Marlow tells his story to friends aboard a boat anchored on the River Thames, London, England. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create

a parallel between London and Africa as places of darkness. Central to Conrad's work is the idea that there is little difference between so-called civilised people and those described as savages; Heart of Darkness raises questions about imperialism and racism.

1995 Joseph Conrad With wide format pages to give generous margins for notes, the editor presents the latest Conrad scholarship in an introduction, and also includes notes, selected criticism and a chronology of the author's life and times.

Heart of Darkness is about Charles Marlow's life as an ivory transporter down the Congo River in Central Africa. The river is "a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land." In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. Nostromo is a story of vast riches, of unbridled passions, of patriotism, of greed, of barbaric cruelty, of the most debased and of the most noble impulses, the whole history of South America seems to be epitomized.

1995 Joseph Conrad Generally regarded as the pre-eminent work of Conrad's shorter fiction, 'Heart of Darkness' is a chilling tale of horror which, as the author intended, is capable

of many interpretations.

By Joseph Conrad

2018-08-17 Joseph Conrad The novella centres on the efforts of Marlow, Conrad's alter ego, to travel up an unnamed African river on behalf of his employer in order to bring back a rogue ivory trader, Mr Kurtz. Kurtz's reputation precedes him: "He is a prodigy... an emissary of pity and science and progress." Yet as Marlow gets closer to Kurtz, there is the growing suggestion that he has in some way become corrupted and descended into savagery. The further upstream Marlow gets, the more intense the sense of impending danger, with cryptic warnings and a bloody ambush ratcheting up the tension. When Marlow finally reaches Kurtz's camp, he discovers a scene of unimaginable depravity. The dying Kurtz is taken aboard the boat (along with a prodigious quantity of ivory), but he does not survive the journey back downstream. With Marlow present, his chilling last words are "The horror! The horror!"

2008-08 Joseph Conrad In the Heart of Darkness Joseph Conrad explores the degradation of human morality

as symbolized by Marlow's journey towards the "heart of darkness." As Marlow "penetrates deeper and deeper into the heart of darkness," and farther and farther into the African wilderness, he probes further into the human subconscious and psyche, represented by the jungle. Marlow's experiences in the jungle, and the episodes of barbarism, depict what happens when man crosses the line of civility and gives in to his baser instincts, such as violence.

Heart of Darkness, a novel by Joseph Conrad, was originally a three-part series in Blackwood's Magazine in 1899. It is a story within a story, following a character named Charlie Marlow, who recounts his adventure to a group of men onboard an anchored ship. The story told is of his early life as a ferry boat captain. Although his job was to transport ivory downriver, Charlie develops an interest in investing an ivory procurement agent, Kurtz, who is employed by the government. Preceded by his reputation as a brilliant emissary of progress, Kurtz has now established himself as a god among the natives in "one of the darkest places on earth." Marlow suspects something else of Kurtz: he has gone mad. A reflection on corruptive European colonialism and a journey into the nightmare psyche of one of the corrupted, Heart of Darkness is considered one of the most influential works ever written.

2003-02-20 Geoffrey Schöning Essay from the year 2002 in the subject English Language and Literature Studies - Literature, grade: A-, University of Auckland (Englisch Department), course: Seminar - Victorian Literature, Stage III (5.-6. Semester), language: English, abstract: 'He [Kurtz] began with the

argument that we whites, from the point of development we had arrived at, "must necessarily appear to them [savages] in the nature of supernatural beings ... by the simple exercise of our will we can exert a power for good practically unbounded" ... It gave me the notion of an exotic Immensity ruled by an august Benevolence.' (Marlow) Write an essay discussing whether you think Heart of Darkness endorses this view of the colonizing enterprise. Being a student of history, and of European colonialism in particular, I have had the pleasure to hear of Heart of Darkness several times. Whether it was introduced as a literary bonus to lectures on the notorious atrocities in the Congo or merely served as a vague metaphorical reference in scientific and popular articles, Conrad's novel seemed to produce unanimous tenor. "[One] of fiction's strongest statements about imperialism"1 it was; one that like "[no] other Victorian literary work addressed so radically [this] great era."2 Readers like me would thus deny the above quotation in a sort of reflex retort; pointing to the fact that imperial rule might have been immense in its impact on native life but was certainly far from being benevolent. Rapacity and ruthlessness dominated under the spurious cloak of philanthropic interest - just as Heart of Darkness so clearly shows. Apparently. It is the aim of this essay to dive beyond such well-nigh automatic associations and scrutinise the

novel's treatment of imperialism, equipped with the tools of literary method. In which way does Heart of Darkness really depict the colonial enterprise? And what are the long-term consequences this view entails? I.e. what kind of general judgement can be inferred from the novel? Since imperialism is first and foremost a phenomenon rooted in time, insights from the historical discipline might be helpful and, wherever appropriate, will be used too. Conrad himself expressed this belief in synthesis between history and literature, emphasising that the "novelist is a historian, the preserver, the keeper, the expounder, of human experience."3 Nonetheless, it is the novel, his fictionalised account, which remains the basis of any kind of interpretation. 2019-06-11 Joseph Conrad HarperCollins is proud to present its range of best-loved, essential classics. 'The reaches opened before us and closed behind, as if the forest had stepped leisurely across the water to bar the way for our return. We penetrated deeper and deeper into the heart of darkness.' At the peak of European Imperialism, steamboat captain Charles Marlow travels deep into the African Congo on his way to relieve the elusive Mr Kurtz, an ivory trader renowned for his fearsome reputation. On his journey into the unknown Marlow takes a terrifying trip into his own subconscious, overwhelmed by his menacing,

perilous and horrifying surroundings. The landscape and the people he meets force him to reflect on human nature and society, and in turn Conrad writes revealingly about the dangers of imperialism.

2018-09-17 Joseph Conrad Heart of Darkness (1899) is a novella by Anglo-Polish novelist Joseph Conrad, written as a frame narrative, about Charles Marlow's experience as an ivory transporter down the Congo River in Central Africa. The river is "a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land". In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. The story is a complex exploration of the beliefs people hold on what constitutes a barbarian versus a civilized society and the stance on colonialism and racism that was part and parcel of European imperialism. Originally published as a three-part serial story in Blackwood's Magazine, the novella Heart of Darkness has been variously published and translated into many languages. In 1998, the Modern Library ranked Heart of Darkness as the sixty-seventh of the hundred best novels in English of the twentieth century.

2020-04-30 Joseph Conrad The book tells the story of Mr. Adolf Verloc and his work as a spy against Britain. Verloc is a businessman who owns a shop

which sells pornographic material, contraceptives and bric-a-brac. His friends are a group of anarchists of which Comrade Ossipon, Michaelis, and "The Professor" are the most prominent. The group produces anarchist literature in the form of pamphlets entitled F.P. - The Future of the Proletariat. Although a member of an anarchist cell, Verloc is also secretly employed by the embassy of a foreign country, but Mr. Vladimir, the new First Secretary in the Embassy is not satisfied with Verloc's contribution. In order to redeem himself, Verloc must carry out an operation - the destruction of Greenwich Observatory by a bomb.

2003 Joseph Conrad In this reprinting of the great Conrad classic, Green Integer presents his tale of white colonialism and the effects of the African world on European self-satisfaction. Marlow's tale of his voyage through the Congo and the legends surround a previous explorer-adventurer named Kurtz gradually reveal the dark horrors of both the Western impact on Africa and its effects on Western civilisation. Conrad's tale is a brilliant symbolic work as well as a great adventure story. The book, one of the true classics of 20th century literature endures as a favourite to this day.

2016-04-07 Joseph Conrad Joseph Conrad's turn of the century novel, "Heart of Darkness", has been ranked by the Modern Library as one of the top 100 novels of the twentieth century. His themes powerfully explore the accepted imperialistic attitudes of the time, pivoting civilization against and savagery and exposing the rampant racism prevalent in 19th century colonialism. 1990 Robert D. Hamner Issues of racial discrimination, imperialist exploitation, and accuracy of observation have long interested Conrad's critics. As a European writing about imperialism in exotic lands, Conrad offered a vivid, but subjective account of the confrontations between the cultures and peoples of East and West. Though some in Africa have condemned his novels as racist, the books have been used as models for the work of recent generations of native writers. This collection of essays places Conrad's work under the scrutiny of an international array of scholars, who explore the response to Conrad in contemporary times, as well as during his own era.

2013-04-25 Joseph Conrad Heart of Darkness (1899) Charles Marlow's job is to transport ivory down an African river but he becomes obsessed with Mr. Kurtz, an agent known to the natives and European colonials. It is these relationships - involving elements of savagery, racism,

and civilisation - that are at the heart of the novel and the heart of darkness. While Joseph Conrad's book is a relatively short work of 98 pages, it is consistently ranked among the top novels in the world.

2012 Cedric Thomas Watts This book offers a detailed discussion of Conrad's most brilliant and problematic work. Many significant aspects of Heart of Darkness are examined, from plot and

characterisation to imagery and symbolism, and particular attention is paid to its ambiguity and paradoxes. By relating the text to a variety of contexts, Cedric Watts explores Conrad's central preoccupations as a writer and as a commentator on his age. The first edition of this study appeared in 1977, and reviewers described it as 'criticism of the highest order' (Joseph Conrad Today) and 'an

important book' (Conradiana).
