Journal of a Mountain Man-James Clyman 1984 The journals of James Clyman, a keen, thorough and precise observer of life in the West during the early nineteenth century.

From Mountain Man to Millionaire-William R. Nester 2011-06-20 Robert Campbell (1804-1879) came to America from Ireland in 1822 and entered the fur trade soon thereafter. He quickly rose from trapper to brigade leader to partner, all within a half dozen years. In the mid-1830s, Campbell retired from the mountains, having already amassed considerable wealth, and embarked on a new career. He returned to St. Louis and built up a business empire that embraced mercantile, steamboat, railroad, and banking interests. Through these ventures he not only gained more wealth but also became a leading force behind the development of the region's economy. Exploring the enormous treasure trove of letters, journals, and account books that Campbell left behind, William Nester places Campbell in the context of the times in which he lived, showing the economic, political, social, and cultural forces that provided the opportunities and challenges that shaped his life.

The Mountain Man's Bride-Gary Corbin 2017-02-08 In this sequel to *The Mountain Man's Dog*, rustic forester Lehigh Carter must prove that his fiancée is innocent of murdering a popular Acting Sheriff — but evidence of a secret affair makes even Lehigh wonder if he should fight for her freedom against the corrupt local machine that accused her. Lehigh conducts his own investigation into the murder and discovers a series of clandestine meetings between Jared and Stacy leading up to his death—meetings that look a lot like an ongoing secret love affair, rekindled from their youth. Lehigh's doubts about Stacy's innocence multiply when she reconnects with her ex-fiancé, attorney Paul van Paten, a leading member of the conspiracy against Lehigh. Rejecting the advice of his lawyer, Lehigh plays a high-stakes game of legal chicken to infiltrate the conspiracy and discover the truth behind Jared Barkley's murder, putting himself in greater danger than he ever imagined. *The Mountain Man's Bride*, book two of *The Mountain Man Mysteries*, combines the adventure and grit of a thriller, the suspense of a mystery, the sweetness of a romance, and the humor of a dog cozy to delight and enchant all readers who enjoy a well-written story.

Fur Traders, Trappers, and Mountain Men of the Upper Missouri-LeRoy Reuben Hafen 1995 John Jacob Astor's dream of empire took shape as the American Fur Company. At Astor's retirement in 1834, this corporate monopoly reached westward from a depot on Mackinac Island to subposts beyond the confluence of the Missouri and Yellowstone Rivers. *Fur Traders, Trappers, and Mountain Men of the Upper Missouri* focuses on eighteen men who represented the American Fur Company and its successors in the Upper Missouri trade. Their biographies have been compiled from the classic ten-volume *Mountain Men and the Fur Trade of the Far West*, edited by LeRoy R. Hafen.

These chapters bring back movers and shapers of a great venture: Ramsay Crooks, the mountain man who headed the American Fur Company after Astor; Kenneth McKenzie, "King of the Missouri;" Gabriel Franchere, survivor of the Astorian disaster; Charles Larpenteur, commander of Fort Union and fur-trade chronicler. Here, too, are the fiery William Laidlaw, ambitious James Kipp and John Cabanne Sr., diplomatic David Dawson Mitchell and Malcolm Clark, goutish James A. Hamilton (Palmer), controversial John F. A. Sanford and Francis A. Chardon, easy-going William Gordon, and ill-fated William E. Vanderburgh. Completing this memorable cast are Alexander Culbertson, skilled hunter; Auguste Pike Vasquez, mountain man; Henry A. Boller, educated clerk; and Jean Baptiste Moncravie, trader and raconteur.

Journal of a Trapper - Nine Years in the Rocky Mountains-Osborne Russell 2019-04-17 "Journal of a Trapper" contains notes and extracts taken from Osborne Russell's journal during his time as a trapper in the Rocky Mountains between 1834 and 1843. Osborne Russell (1814 - 1892) was a politician and mountain man who notably helped form the government of the U.S. state of Oregon. Contents include: "Expedition Left Independence, Mo., April 28, 1834, Headed by Nathaniel J. Wyeth", "Meeting with Captain B. S. Bonneville and Party-Establishment of the Trading Post at Fort Hall", "Snake Valley, a Winter Resort for Trappers", "Hunting Party Suffers from Hunger", "One Member Lost", "Description of a Fall Hunt", etc. Many vintage books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in a modern, high-quality edition complete with a specially-commissioned new introduction on the history of dog breeding.

A Literary History of the American West-Western Literature Association (U.S.) 1987 Literary histories, of course, do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance.

山月-Grace Lin 2014-08 Simplified Chinese edition of Where the Mountain Meets the Moon Mountain Men-Rick Steber 1990 Born into every generation are a few restless souls who long for adventure. In the early 1800s this wild breed became mountain men who headed up the Missouri, crossed the Rockies and continued west, hunting, trapping and exploring as they went. One mountainman, reflecting the general attitude of the day, wrote, 'We found the richest place for beaver we had yet come across, and it took us forty days to clean that section.' Valley by valley, stream by stream, the mountain men eliminated the beaver. They reasoned they would never pass that way again and, anyway, why should they leave fur for the competition? A typical mountain man had grown up in Kentucky, Virginia or Tennessee hunting squirrels, deer, coon and turkey gobblers. When civilization pressed in he escaped, in search of places no white man had been. Where beaver were plentiful and would come easily to his traps. Where there were no property lines. No neighbors. No boundaries. Where he could come and go as he pleased and the world, as far as the eye could see, was his. The heyday of the mountain men spanned only a few short decades. By the 1840s wagon pioneers were flooding into the West. And the free-roaming mountain men disappeared.

The Adventures of the Mountain Men-Stephen Brennan 2013-02-01 The "mountain men" were the hunters and trappers who fiercely strode the Rocky Mountains in the early to mid-1800s. They braved the elements in search of the skins of beavers and other wild animals, to sell or barter for goods. The lifestyle of the mountain men could be harsh, existing as they did among animals, and spending most of their days and nights living and camping out in the great unexplored wilds of the Rockies. Life outdoors presented many threats, not least among them Native Americans, who were hostile to the mountain men encroaching on the area for their own purposes. For a certain kind of pioneer, this risk and more were outweighed by the benefits of living free, without the restrictions

and boundaries of “civilized” settlements. In *The Adventures of the Mountain Men*, editor Stephen Brennan has compiled many of the best stories about the mountain men—the most daring exploits, the death-defying chances taken to hunt big game, the clashes with the arrows of Native Americans, and also the moments when the men were struck by the incomparable beauty of the unsullied, majestic Rocky Mountains.

Walter Arnold, Maine Trapper-Jeremiah Wood 2020-06-11 Walter Arnold (1894-1980) was one of the last in a long line of independent fur trappers from the mountain man era. Living most of his life in the woods of Maine, Arnold spent his early decades guiding sportsmen in the summer and trapping furbearers in winter, on foot out of remote cabins deep in the Maine woods. Arnold built a reputation in the trapping industry through the dozens of articles he wrote in national outdoor magazines, particularly his writings in *Fur-Fish-Game* magazine from the 1930's to the 1950's. He also manufactured trapping lures and sold scents and ingredients to trappers throughout North America. In his later years, Walter Arnold sold his business and most of his possessions, and retreated to a full time life in the Maine woods, in a trapping cabin only accessible by airplane. It was these years that Arnold gained nationwide popularity as the last woods hermit from a bygone era. In this book, I revisit many of the stories Walter Arnold published in the old days and provide a modern perspective for those of us still fascinated by a traditional lifestyle that's all but gone today.

The Saga of Hugh Glass-John Myers Myers 1976-01-01 Before his most fabulous adventure (celebrated by John G. Neihardt in *The Song of Hugh Glass* and by Frederick Manfred in *Lord Grizzly*), Hugh Glass was captured by the buccaneer Jean Lafitte and turned pirate himself until his first chance to escape. Soon he fell prisoner to the Pawnees and lived for four years as one of them before he managed to make his way to St. Louis. Next he joined a group of trappers to open up the fur-rich, Indian-held territory of the Upper Missouri River. Then unfolds the legend of a man who survived under impossible conditions: robbed and left to die by his comrades, he struggled alone, unarmed, and almost mortally wounded through two thousand miles of wilderness.

Sex and Manifest Destiny-Martin Naporsteck 2012-09-26 Many factors—political, economic, sociological—contributed to the United States' westward expansion across the continent. But the role that sex played has largely been unexplored by scholars. This is the first book-length study to examine such topics as Thomas Jefferson's interest in the sex lives of American Indians, white's fear of Indians raping white women, Christian missionary beliefs that Native American sexual practices needed to be altered in order to save Indian souls, and the desire of Mormons to practice polygamy. These and other sex-related dynamics all combined to play a role in America's extension from the Atlantic to the Pacific.

The North American Journals of Prince Maximilian of Wied-Maximilian 2014-04-09 Few historical chronicles are as informative and eloquent as the journal written by Prince Maximilian of Wied as a record of his journey into the North American interior in 1833, following the route Lewis and Clark had taken almost thirty years earlier. Maximilian's memorable descriptions of topography, Native peoples, and natural history were further brought to life through the now-familiar watercolors and sketches of Karl Bodmer, the young Swiss artist who accompanied him. The first of the three volumes of the North American Journals recounts the prince's journey from Europe to St.

Louis—then the edge of the frontier. Volume II vividly narrates his experiences on the upper Missouri and offers an unparalleled view of the region and the peoples native to it. In these pages, we accompany Maximilian as he travels far up the Missouri River to Fort McKenzie, a trading post some 2,500 river miles from St. Louis near what is now Fort Benton, Montana. The handsome, oversize volume not only reproduces this historic document but also features every one of Maximilian's illustrations—more than 200 in all, including nearly 50 in color—from the original journal now housed at Joslyn Art Museum in Omaha, Nebraska. Maximilian recorded detailed observations of flora, fauna, geology, and climate. From his unique, scientifically trained perspective, he also undertook a serious field study of the cultures and languages of the central and northern Great Plains Indians he encountered. His journal contains important, firsthand descriptions of tribal social customs, religious rituals, material culture, and art, as well as an account of Native interactions with Euro-Americans engaged in the then-burgeoning fur trade. This book is published with the assistance of the National Historical Publications and Records Commission.

Rocky Mountain Rendezvous-Fred Gowans 2009-09 An excellent guide for mountain-man enthusiasts and an intriguing exploration of the West, Rocky Mountain Rendezvous focuses on the fur-trading rendezvous that took place from 1825-1840 in the Central Rocky Mountains. Originally commercial gatherings where furs were traded for necessities such as traps, guns, horses, and other supplies, they evolved into rich social events that were pivotal in shaping the early American West.

Old Bill Williams, Mountain Man-Alpheus Hoyt Favour 1981-03 Born during the American Revolution, Williams was a child of the early frontier. In his young manhood he became an itinerant preacher and appointed himself a missionary to the Osages, who soon converted him to their lifeway. The Osage girl he married died after bearing his two daughters. From this point on, Old Bill forsook civilization and made the wilderness his home. He was a master trapper and so identified himself in signing his name. He was one of the guides of the Sibley survey of the Santa Fe Trail in 1825 and some twenty years later was a guide with two different Fremont expeditions.

The Mountain Man Vernacular-Richard C. Poulsen 1985 The book is about the speech of the mountains: its historical evidence and implications, its linguistic nature (insofar as that can be determined), and its uses in and importance to the literature of the American West. No historical dialect has been given so exhaustive and complete treatment. The model the book provides for determining the authenticity of oral narrative establishes a key of verisimilitude never provided before. Literary criticism is here based upon the rigor of historical exactitude and a linguistic and stylistic model.

The Routledge Companion to Identity and Consumption-Ayalla Ruvio 2012-12-12 "Tell me what you eat, I'll tell you who you are," said Anthelme Brillat-Savarin. Today, "You are what you consume" is more apt. Barbara Krueger's ironic twist of Descartes - "I shop therefore I am" - has lost its irony. Such phrases have become commonplace descriptions of our identity in the contemporary world. In our materialistic world it seems as if there is no debate that our consumption behaviour is fused with our self-identity - shaping it, changing it and often challenging it. The Routledge Companion to Identity and Consumption introduces the reader to state-of-the-art research, written by the world's leading scholars regarding the interplay between identity and consumption. The book addresses the diverse issues regarding the ways identity affects our consumption behaviour and vice-versa and in doing so, presents a broad perspective on the dynamics of self-identity and consumption. With chapters discussing the theory, research and practical implications of these dynamics, including the way they change across our life span and their expression within different social, cultural and religious contexts, this book will be a valuable reference source for students and academics from a variety of disciplines.
