The Wounded Child's Journey Into Love's Embrace-Paul Ferrini 1991 Healing the Wounded Child  
The wounded child cannot be kept separate from you. If s/he is in fear, you need to love the one in fear. You must be willing to feel her pain. This is a sacred journey through fear to love. You must learn to approach the child, not as a judgmental parent, but as a loving one. For only love releases the pain. Only love gently brings the darkness into the light. The process of recovery does not end until there is no one left to blame or shame, including yourself. It does not end until you can see the light behind your shadow. It is time now to take the little child into your arms and rock her and speak to her softly the words of love s/he needs to hear. Do not be afraid of her anger or her pain but remember that all s/he wants is love. and that is the only gift you can offer her.

Journey into Love-Martin Rymarz 2020-06-17 Born and raised in the Midwest to a low-income family, Martin was raised in a racially diverse culture in the unforgiving and yet unbreakable town of Flint, Michigan. Having never met his biological father and having been adopted at a young age, Martin grew up in a religious family that often failed to practice what they heard preached on Sunday. Journey into Love chronicles Martin's journey through adolescence, marrying, having children at a young age, and the lessons learned throughout his life. Along the way, Martin experienced many teaching moments that, while not evident to him at the time, formed him and fermented in his subconscious as he continued to make choices, some wise and some poor, based upon his need for immediate gratification. Though unique in his specific experiences and the depth to which he took his studies to learn and grow, many of the challenges that Martin struggled with and describes in this book are common to many individuals, men and women, in today's society. As a Benedictine oblate, Martin developed close relationships with many priests, monks, nuns, and spiritual directors of different faiths. These relationships and the wisdom gained from these mentors and spiritual guides are woven into both sobering and humorous anecdotes throughout this book. In addition, Martin shares his experiences leaving the corporate world to pursue a path of service to others and personal exploration. The steps he took to divest himself of the material possessions he had acquired and begin this monumental shift in lifestyle is chronicled in detail for those also considering this path.

In From Fear to Love, they speak honestly of the process of moving from the bondage of fear to the confidence of giving and receiving authentic love. A Journey Into Poetry of Love and Life-Tilackdhary Munna 2016-10-24 These poems mostly convey the messages of life and death and that he who understands the real purpose of life has no fear of death. The really enlightened mind accepts the trials and tests of life and moves on; and becomes more prepared, rather than affected. There is no snapshot view of life. Life is an embodiment of our yesterdays, which makes us stronger to go through today and be prepared for tomorrow.

The Journey into God-Kenneth L. Bakken 2015-06-10 The Journey into God challenges the adequacy of the biomedical model alone in addressing the symptoms and causes of physical and mental illness. While allowing that the biomedical has its place in the treatment of disease, Dr. Kenneth Bakken argues persuasively that there are untapped resources for health and wholeness in Christian faith and practice. He invites the reader into the way of theosis, the transformation of the person in union with the divine. Opening the mystic heart of Christianity, The Journey into God gives individual Christians and the Christian communities of faith a trusty map for traversing the shifting spiritual

terrain of health and wholeness issues in the twenty-first century.

Archangel Jophiel tells us that ego-identification is sidetracking us from our life purpose and destroying our planet. Here, in a message of great hope, she reminds us that our only purpose on earth is to love and care for each other, and provides a prescription for healing our lives and our planet through the act of unconditional love. In Journey from Ego you will learn: - How the trance of living under the influence of the ego results in fear and anxiety, separatism, war and the destruction of our planet. - How the ego-voice manipulates us into believing its voice is that of our own mind. - How living outside of the influence of the ego-mind allows us to remember our life purpose and the reason for our incarnation into this earth-bound life. - To recognize the voice of the ego and to request the assistance of the angels in keeping it at bay - How quieting the voice of the ego allows us to clearly hear the voice of God and Her angels. - How remembering our essence and our holiness will heal our lives and affect the evolution of our earth.

Dreams of Love and Fateful Encounters-Ethel S. Person 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis: romantic, passionate love. Ethel Person views romantic love as a powerful agent of change, arguing that it is as central to human culture as it is to human existence. This new edition of Dreams of Love and Fateful Encounters emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love-related issues -- from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love. She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts. Employing a philosophical perspective in order to understand the existential dilemmas posed by love, and a cultural perspective in order to understand its cultural variability, Dr. Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love. She acknowledges love's vital importance and power, proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love. Among the issues she discusses are: romantic love's sources in our early lives, its relationship to imagination and creativity, and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love, love across generations, and love triangles, focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature, film, and real life, Person focuses on the lover's internal

soliloquy and external dialogue with the beloved that can develop over an individual's life. An uplifting resource for people experiencing failing or unorthodox romances, *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers, to professionals who encounter patients for whom key conflicts revolve around romantic love, and to anyone who has struggled to understand the importance of romantic love in his or her own life.
