Modern Judge-Mark Hedley 2016-11-30 Sir Mark Hadley's aim in this book is to be frank rather than scholarly about judging. The trial judge is in a very different position to the appellate judge. The trial is where the facts are determined, and it is essentially a trial judge who exercises the powers of discretion which modern society increasingly vests in its judiciary. As society becomes more complex, so does the law. However, law cannot provide for every circumstance and so its application often involves the exercise of discretion. Criminal sentencing, child welfare, the protection of those who lack mental capacity, and disputes about medical treatment are obvious examples. How do judges go about that? How far are judges influenced or affected by their backgrounds, beliefs, and own life experiences? And, if consistency is an aspect of public justice, can that be achieved? And what about the conflict between public justice and personal privacy? These are pressing questions in a society where judges have greater effective power than ever before. Judgment in Berlin-Herbert J. Stern 2021-06-01

"Suspenseful...moving...equal to any fictional thriller." —San Francisco Chronicle In August 1978, the Iron Curtain still hung heavily across Europe. To escape from oppressive East Berlin, an

East German couple, Hans Detlef Alexander Tiede and Ingrid Ruske, hijacked a Polish airliner and diverted it to the American sector of West Berlin. Along with the couple, several passengers spontaneously defected to the West, and were welcomed by US officials. But within hours, Communist officials reminded the West of the anti-hijacking agreements in the Warsaw Pact, and thus the fugitives were arrested by the US State Department. Thirty-four years after World War II, the United States built a court in the middle of West Berlin, the former capital of the Third Reich, in the building that once housed the Luftwaffe, to try the hijacking couple. Former NJ district attorney, now a judge, Herbert J. Stern was appointed the "United States Judge for Berlin." What followed was a trial full of maneuvers and strategies that would put Perry Mason to shame, and answered the question: what is allowed to people seeking freedom? Judgment in Berlin, also a major motion picture starring Martin Sheen and Sean Penn, is unsurpassed as a true-life suspense story, with its vivid accounts of daring escapes, close calls, diplomatic intrigue, and dramatic courtroom confrontations. The original edition won the Freedom Foundation Award, and this updated edition includes a new introduction from author and trial judge Herbert J. Stern.

Called to Justice-Warren K. Urbom 2012-10-01 Early in his judicial career, U.S. District Judge Warren K. Urbom was assigned a yearlong string of criminal trials arising from a seventy-one-day armed standoff between the American Indian Movement and federal law enforcement at Wounded Knee, South Dakota. In Called to Justice Urbom provides the first behind-the-scenes look at what quickly became one of the most significant series of federal trials of the twentieth century. Yet Wounded Knee was only one set of monumental cases Urbom presided over during his years on the bench, a set that in turn forms but one chapter in a remarkable life story. Urbom's memoir begins on a small farm in Nebraska during the dustbowl 1930s. From making

it through the Great Depression and drought to serving in World War II, working summers for his father's dirt-moving business, and going to school on the G.I. Bill, Urbom's experiences constitute a classic American story of making the most of opportunity, inspiration, and a little luck. Urbom gives a candid account of his time as a trial lawyer and his early plans to become a minister—and of the effect both had on his judicial career. His story offers a rare inside view of what it means to be a federal judge—the nuts and bolts of conducting trials, weighing evidence, and making decisions—but also considers the questions of law and morality, all within the framework of a life well lived and richly recounted.

Perjury-Stan Latreille 2015-06-17 From a writer and trial judge poised to join the ranks of Scott Turow and Lisa Scottoline, Perjury is a fast-paced courtroom drama about lies, sexual abuse, and the conflict between law and justice. Jack Brenner, a burned-out public de-fender from Chicago, has left lying clients and political maneuvering behind to take on the more lucrative, predictable routine of a civil lawyer in a small Michigan town. But when the court assigns him to defend a woman accused of perjury, he is swept back into the labyrinth of the criminal justice system--and into a nest of small-town politics, greed, and revenge. His client, Davey Alden, has admitted she lied on the stand, fabricating the incidents when she claimed her husband Joel Alden sexually abused their young daughter. Outraged by Davey's deceit, the town and the legal system have shifted their sympathies to her husband, one of the most powerful men in the county. A quick, open-and-shut trial is expected. Brenner faces a vengeful prosecutor, a political judge, hostility from the press, and overwhelming evidence and public opinion against Davey. Fueled by his growing attraction to his seductive client, Jack Brenner has a case he cannot win and must not lose--for if Davey is convicted, not only will she face time in jail, but her daughter will be surrendered to Joel's custody. And Brenner has reason to believe that even if Davey is guilty of perjury, Joel is far from innocent. Stan Latreille tells a riveting tale of the law as it is practiced behind the closed doors of a judge's chambers and in the public eye--how guilt and innocence, means and ends, morality and justice are served, and failed, by the law.

Trials of the State-Jonathan Sumption 2019-08-29 A SUNDAY

TIMES BESTSELLER In the past few decades, legislatures throughout the world have suffered from gridlock. In

democracies, laws and policies are just as soon unpicked as made.

It seems that Congress and Parliaments cannot forge progress or consensus. Moreover, courts often overturn decisions made by

elected representatives. In the absence of effective politicians, many turn to the courts to solve political and moral questions.

Rulings from the Supreme Courts in the United States and United Kingdom, or the European court in Strasbourg may seem to end

the debate but the division and debate does not subside. In fact, the absence of democratic accountability leads to radicalisation.

Judicial overreach cannot make up for the shortcomings of politicians. This is especially acute in the field of human rights.

For instance, who should decide on abortion or prisoners' rights

to vote, elected politicians or appointed judges? Expanding on arguments first laid out in the 2019 Reith Lectures, Jonathan

Sumption argues that the time has come to return some problems to the politicians.

Judge and Punish-Geoffroy de Lagasnerie 2018-05-22 What

remains anti-democratic in our criminal justice systems, and where does it come from? Geoffroy de Lagasnerie spent years

sitting in on trials, watching as individuals were judged and sentenced for armed robbery, assault, rape, and murder. His

experience led to this original reflection on the penal state, power, and violence that identifies a paradox in the way justice is

exercised in liberal democracies. In order to pronounce a judgment, a trial must construct an individualizing story of actors and their acts; but in order to punish, each act between individuals must be transformed into an aggression against society as a whole, against the state itself. The law is often presented as the reign of reason over passion. Instead, it leads to trauma, dispossession, and violence. Only by overturning our inherited legal fictions can we envision forms of truer justice. Combining narratives of real trials with theoretical analysis, *Judge and Punish* shows that juridical institutions are not merely a response to crime. The state claims to guarantee our security, yet from our birth, we also belong to it. The criminal trial, a magnifying mirror, reveals our true condition as political subjects.

The Day Justice Was Judged!-Jean Norbert Augustin DMM DD 2008-07 The Most Blatant Miscarriage of Justice In All Human History! Judiciary annals are full of examples of miscarriage of Justice. However, the trial of Jesus of Nazareth will remain the most blatant example of all. How could sinful men dare judge the Son of God? How could vile creatures arrest, judge and condemn Him by whom everything was created? How could men, condemned to hell, have the guts to judge and put to death He who had come to save humanity from eternal damnation? And what a death they subjected Him to! His trial was a real mockery - a parody of Justice! False witnesses were brought forward, voicing ridiculous testimonies. His judges did not quite well know how to deal with the situation! Pilate, the Governor, even declared he had found no guilt in Him! Yet, He was condemned and crucified! Why? Because God had so planned it that Jesus could die an undeserved death to save mankind from hell fire. But, that was only Act 1. Act 2 is very soon going to be staged when that same Jesus will judge the dead and the living! Are you ready to stand that trial, the outcome of which will be either eternal life in Heaven or eternal death in hell?
