God's Laws: Sin, Law, Grace, and Obligation in Pauline Theology-Paul Hughes 2014-07-31 ""What shall we do?"" was the question people asked John the Baptist as they came to be baptized. Others asked this question of Jesus during his ministry in Galilee, and of Peter on the Day of Pentecost. After two thousand years, even many confirmed Christians remain confused. May a Christian work on the Sabbath? Is the Sabbath Saturday or Sunday? Must we eat Kosher? Paul said that Christ fulfilled the Law, so what are the rules for today? Must Christians still follow the Ten Commandments, or have all the commandments been abolished in favor of ""love""? If there is no Law, is anything still a sin? What are we required to do, or forbidden to do, and how much can we get away with, and still be saved? The New Testament, especially in the practical teachings of the Apostle Paul, contains adequate answers to many of these questions and provides principles for making Godly decisions even on debatable matters never dreamt of two thousand years ago.

Judge Bao and the Rule of Law-Wilt L. Idema 2010 Pure, orthodox and incorruptible, Judge Bao has been serving as the preeminent embodiment of justice in China for almost a thousand years, so much so his court case have been adapted as stories, novels and plays over the centuries. Now, for the very first time a series of eight ballad-stories on Judge Bao, dating from the period 1250ndash;1450, are offered in a complete and annotated translation. These texts will provide the reader a complete reflection of the legend of Judge Bao in its earliest phase of development, with an extended introduction placing the ballad-stories in context with the development of the Judge Bao legend. These ballad-stories, in contrast to past plays dating from the same period, present abuse of power and corruption as endemic in the courts and bureaucratic service, and show Judge Bao imposing the rule of law even on the emperor.

Shielding Humanity-Charles Chernor Jalloh 2015-06-12 On the contemporary international law
scene, there are not many jurists who match the eminence and stature of Abdul G. Koroma, who

served as distinguished judge of the International Court of Justice for 18 years. This volume of outstanding essays, *Shielding Humanity*, written by renowned judges, scholars and practitioners of international law in honour of Judge Koroma, discuss both classical and contemporary topics of significant relevance to the current and future of international law.

Judging Bertha Wilson-Ellen Anderson 2002-01-01 Madame Justice Bertha Wilson, the first woman appointed to the Supreme Court of Canada, is an enormously influential and controversial figure in Canadian legal and political history. This engaging, authorized, intellectual biography draws on interviews conducted under the auspices of the Osgoode Society for Legal History, held in Scotland and Canada with Madame Justice Wilson, as well as with her friends, relatives, and colleagues. The biography traces Wilson's story from her birth in Scotland in 1923 to the present. Wilson's contributions to the areas of human rights law and equality jurisprudence are many and well-known. Lesser known are her early days in Scotland and her work as a minister's wife or her post-judicial work on gender equality for the Canadian Bar Association and her contributions to the Royal Commission on Aboriginal Peoples. Through a scrupulous survey of Wilson's judgements, memos, and academic writings (many as yet unpublished), Ellen Anderson shows how Wilson's life and the law were seamlessly integrated in her persistent commitment to a stance of principled contextuality. This stance has had an enduring effect on the evolution of Canadian law and cultural history. Supported with the warmth and generosity of Wilson's numerous personal anecdotes, this work illuminates the life and thought of a woman who has left an extraordinary mark on Canada's legal

landscape.

Judging and Understanding-Dr Pedro Alexis Tabensky 2012-10-01 This collection embodies a debate that explores what could be characterised as the tension between judging and understanding. It seems that after a particular threshold of understanding of the basic facts leading to a given moral transgression, the more we understand the context and motives leading to crime, the more likely we are to abstain from harsh retributive judgement. Martha Nussbaum's essay 'Equity and Mercy', included in this collection, is the philosophical starting point of this debate, and Bernhard Schlink's novel *The Reader* - a novel exploring the tension between judging and understanding, among other things - is used as a case study by most contributors. Some contributors, situated at one end of the spectrum of views represented in this collection, argue for the wholesale elimination of our practices of retribution in the light of the tension between judging and understanding, while contributors on the other side of the spectrum argue that the tension does not actually exist. A whole array of intermediate positions, including Nussbaum's, are represented. This anthology is comprised of nearly all specially commissioned essays bringing together work dealing with the moral, metaphysical, epistemological and phenomenological issues required for properly understanding whether in fact there is a tension between judging and understanding and what the moral and legal implications may be of accepting or rejecting this tension.

Judging the Supreme Court-Clarke Rountree 2007 Judging the Supreme Court: Constructions of Motives in Bush v. Gore examines how the U.S. Supreme Court, its defenders, and its critics explained what the majority justices were doing in this case. The decision, which was split 5-4 along conservative-liberal ideological lines, was widely criticized for using weak legal arguments to support ending the recounts of presidential ballots in the state of Florida and, thereby, handing the 2000 U.S. Presidential election to Republican Texas Governor George W. Bush.

Judges, Judging and Humour-Jessica Milner Davis 2018-07-20 This book examines social aspects of humour relating to the judiciary, judicial behaviour, and judicial work across different cultures and eras, identifying how traditionally recorded wit and humorous portrayals of judges reflect social attitudes to the judiciary over time. It contributes to cultural studies and social science/socio-legal studies of both humour and the role of emotions in the judiciary and in judging. It explores the surprisingly varied intersections between humour and the judiciary in several legal systems: judges as the target of humour; legal decisions regulating humour; the use of humour to manage aspects of judicial work and courtroom procedure; and judicial/legal figures and customs featuring in comic and satiric entertainment through the ages. Delving into the multi-layered connections between the seriousness of the work of the judiciary on the one hand, and the lightness of humour on the other hand, this fascinating collection will be of particular interest to scholars of the legal system, the
