Judicial Tyranny and Your Income Tax-Jeffrey A. Dickstein 1990

Stolen Sovereignty-Daniel Horowitz 2021-03-19 We are confronted with a jarring reality that the Left has succeeded in growing the power of the courts. Obama has replaced roughly 30 percent of the district and appellate judges on the federal benches. We are now facing a judicial time bomb, the likes of which we've never seen before. With the Obergefell v. Hodges ruling the courts have usurped the will of the people and set a precedent that has become a de facto law of the land. In STOLEN SOVEREIGNTY Horowitz reveals just how disenfranchised voters have become. On issue after issue we are witnessing a transformation of our society before our very eyes, all without the ability to stop it through the political process. We are becoming a government not of the people, by the people, for the people, but of the elites by the justices and for the few. First the courts went after your income. Then they went after the right to abortion. Then the right for men to marry men and women to marry women. Next they will go after the right to our sovereign borders. Where will it end? It is the legislative branch that gives the people their voice. With a weak congress, the people will suffer at the hands of a tyrannical few. By ceding the power of the purse, willfully ignoring executive overreach, blindly confirming judicial nominees, and writing statutes so broadly they transfer full legislative power to the president, the past few generations of congressmen have helped the executive branch and the courts crush their own power. STOLEN SOVEREIGNTY is a book

defending sovereignty and society from the courts. Horowitz masterfully explains the legal foundations of this great nation and how the three branches of government are designed to keep the people free. He outlines how the recent overreach of the judicial branch has led to the extinguishing of the voice of the people. And most important, he provides solutions as the looming immigration crisis overshadows the political landscape. "It is no longer sufficient to sneer, scorn, or warn against the judicial tyranny; it's time to fight back and implement immediate reforms or we will cease to exist as a democratic society and a sovereign nation," says Horowitz. As we hunger for leaders who will steer the country back on the track of liberty and justice for all, we must ensure we are never one court decision or one executive order away from losing our society, sovereignty, and government. The courts have spoken. Now, it's time for the American people to reclaim their sovereignty.

Judicial Tyranny-Carrol D. Kilgore 1977 Published at the beginning of the third century of American independence.

Corporate Income Tax-Michael Vandeburg 2012-07-19 Supplement to "Income Tax Fraud: Know

Your Rights and Liabilities”Double WOW, is the only way to describe this book! Everyone needs to forget what you thought you knew about taxes in America. This book is a work of art, a renaissance of new thinking, a renewal of the spirit, an American taxation rebirth and a moral reawakening in a medieval world. Is Corporate Taxes legal in America? Michael says, “No!” According the tax code, Michael outlines our rights created by Congress in 1939, which is a legal right to tax exemption for the majority of corporations. This book should open the door for a job creation explosion in America. Unlike anything ever seen in our country before, the roaring 20's shouldn't even compare to the coming job explosion in America. This book lays out in fine detail our 'unambiguous conferred rights and liabilities' established by the United States Congress in 1939. U.S.C. TITLE 26, Subtitle F, CHAPTER 80, Sec. 7851, (b) Effect of repeal of Internal Revenue Code of 1939(1) Existing rights and liabilities The repeal of any provision of the Internal Revenue Code of 1939 shall not affect any act done or any right accruing or accrued, or any suit or proceeding had or commenced in any civil cause, before such repeal; but all rights and liabilities under such code shall continue, and may be enforced in the same manner, as if such repeal had not been made. This book gives a detailed easy-to-understand breakdown of laws and one's 'rights and liabilities' for Corporate Income Tax. This fourth book in the series drives a wooden stake into the heart of a sacred government taxing scam. Corporate Income Taxes in America are a complete fraud. Our Congress in 1939 permanently exempted most corporations from the income tax. It is a supplement to Michael's book, “Income Tax: Know Your Rights and Liabilities. You will need it to understand the basics, sense this book does not cover the basics of understanding our new statutory federal rights established by Congress in 1939. The 16th Amendment never gave our government an unlimited right to tax and spend any way they desired. Taxation in America is an abuse of power, leading the bondage and slavery of a free

people. This book releases the chains of taxation bondage, reclaiming all our constitutional rights, all our new Statutory Federal Rights, and our God given rights to live as free people in liberty, with our pursuit of happiness. Michael opens the door to real knowledge about our taxation rights in America. Ask yourself one question, is America really a nation of free people? If you answered, no, then you need this book. "Corporate Income Tax: Claim Your Right to Zero Tax Liability in America" is the fourth book written in a series of books on the subject of "rights and liabilities" per the 1939 Statutes at Large. The first published book in the series is "Why Marijuana is Legal in America" and the second book is "Social Security: The New American Slave." The first three chapters are the same in all three books. Each book is about the same subject but focused on a different important issue. Michael felt that dividing the subject up into manageable bites was the only way to teach it correctly. Otherwise, it would have taken over a 1,000 pages to cover all the different issues. This book is a supplement to the book "Income Tax Fraud: Know Your Rights and Liabilities". You will need to read the first 3 chapters to understand your legal rights created by Congress in 1939. Are you excited about hopping aboard the Liberty Train, and claiming your freedoms, your rights, your liabilities, and enforcing your pursuit of happiness, loosening the chains of government tyranny? Yes, it applies to most foreign corporations also.

American History Through the Eyes of Modern Chaos Theory-Burton P. Fabricand 2009-11 American History Through the Eyes of Modern Chaos Theory concerns itself in the main with the time period between the Revolutionary War and the end of Civil War. Some leads, those concerned with finance, transportation and information, are followed into the 20th century. The point of view is that of modern chaos theory, a rather recent development that imposes severe limitations on future predictability in the social sciences, not to mention the physical, biological and environmental sciences. When taken into account, there emerges a picture of American history very different from today's conventional notions. The trees, so to speak, are the same, but the forest is changed. It is the aim of this book to reinterpret America's rise to Power, Consequence, and Grandeur in light of these findings.
