Women and Mystical Experience in the Middle Ages-Frances Beer 2006-04-01 Original and thought-provoking study of three medieval women mystics based on writings and biographical material.

Catholic Women Writers-Mary R. Reichardt 2001 Women have been writing in the Catholic tradition since early medieval times, yet no single volume has brought together critical evaluations of their works until now. The first reference of its kind, Catholic Women Writers provides biographical, critical, and bibliographical entries on 64 Catholic women writers from around the world and across the centuries. Each entry is written by an expert contributor and is designed to acquaint the reader with the author, her major works, her Catholic and women's themes, and her critical reception. An introductory essay places the authors in the context and tradition of Catholic writing, and a selected, general bibliography lists works for further reading.

Revelations of Divine Love, Translated from British Library Additional MS 37790-Julian (of Norwich) 1998 The Revelations of Julian of Norwich (sixteen visions inspired by the crucified Christ which she received during a serious illness) are recorded in two versions: the short text, written near the time; and the better-known second version, completed some twenty years later. The short text has a personal quality which Julian chose, probably for reasons of modesty, to edit out in her later version, but it has a simplicity and natural grace which give a clear sense of Julian as a person, and has been chosen by Frances Beer as the basis of this translation. Also included is Julian's doctrine of the Motherhood of God, excerpted from the long text. The introduction covers Julian's life and places her in the larger context of the fourteenth-century English mystical tradition.

Julian of Norwich-Philip Sheldrake 2018-12-26 A noted scholar examines the work of the English mystic Julian of Norwich Julian of Norwich is the late fourteenth-century and early fifteenth-century English woman theologian. With her mystical writings, she has become one of the most popular and influential spiritual figures of our times. In Julian of Norwich: In God's Sight, the eminent scholar Philip Sheldrake offers a study of the theology that Julian expresses in her writings. The author examines what is known about Julian's mystical experience or mystical consciousness, discusses what can be surmised about Julian's likely identity and places her writings in historical, cultural and spiritual contexts. Julian of Norwich: In God's Sight is based on a faithful reading of Julian's texts, especially the Long Text, as well as on her own declared theological-spiritual purpose. This compelling book: Presents a contextually-grounded and text-related study of the key elements of Julian's theology Offers a scholarly work by a well-known expert in the field Unlocks an ever-richer understanding of Julian's writings Includes an examination of the key texts attributed to Julian Written for students of theology and those interested in learning more about this popular mystic, Julian of Norwich: In God's Sight offers ascholarly review of Julian's most important writings.

Julian of Norwich-Elisabeth M. Dutton 2008 A new reading of the Revelations in the context of late-medieval manuscript traditions.

The Writings of Julian of Norwich-Nicholas Watson 2006 Julian of Norwich (ca. 1343&-ca. 1416), a contemporary of Geoffrey Chaucer, William Langland, and John Wyclif, is the earliest woman writer of English we know about. Although she described herself as &"a simple creature unlettered,&" Julian is now widely recognized as one of the great speculative theologians of the Middle Ages, whose thinking about God as love has made a permanent contribution to the tradition of Christian belief. Despite her recent popularity, however, Julian is usually read only in translation and often in extracts rather than as a whole. This book presents a much-needed new edition of Julian's writings in Middle English, one that makes possible the serious reading and study of her thought not just for students and scholars of Middle English but also for those with little or no previous experience with

the language. &• Separate texts of both Julian's works, *A Vision Showed to a Devout Woman* and *A Revelation of Love*, with modern punctuation and paragraphing and partly regularized spelling. &• A second, analytic edition of *A Vision* printed underneath the text of *A Revelation* to show what was left out, changed, or added as Julian expanded the earlier work into the later one. &• Facing-page explanatory notes, with translations of difficult words and phrases, cross-references to other parts of the text, and citations of biblical and other sources. &• A thoroughly accessible introduction to Julian's life and writings. &• An appendix of medieval and early modern records relating to Julian and her writings. &• An analytic bibliography of editions, translations, scholarly studies, and other works. The most distinctive feature of this volume is the editors' approach to the manuscripts. Middle English editions habitually retain original spellings of their base manuscript intact and only emend that manuscript when its readings make no sense. At once more interventionist and more speculative, this edition synthesizes readings from all the surviving manuscripts, with careful justification of each choice involved in this process. For readers who are not concerned with textual matters, the result will be a more readable and satisfying text. For Middle English scholars, the edition is intended both as a hypothesis and as a challenge to the assumptions the field brings to the business of editing.

*English Literature in the Age of Chaucer*-Dieter Mehl 2014-06-11 Written in an engaging and accessible manner, *English Literature in the Age of Chaucer* serves as both a lucid introduction to Middle English literature for those coming fresh to the study of earlier English writing, and as a stimulating examination of the themes, traditions and the literary achievement of a number of particularly original and interesting authors. In addition to detailed and sensitive treatment of Chaucer's major works, the book includes chapters on his chief contemporaries, such as John Gower, William Langland and the Gawain-poet. It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve, as well as the interesting and original work of the Scottish poets, Robert Henryson, William Dunbar and Gavin Douglas, who also claim Chaucer as their model. Apart from the narrative poetry of Chaucer and his followers, the book also contains chapters on the Middle English lyric; Middle English prose, including Mandeville's travels; the most original and imaginative writings of the Middle English mystics, in particular Julian of Norwich and Margery Kempe; and Thomas Malory's impressive prose compilation of Arthurian stories.

*An Explorer's Guide to Julian of Norwich*-Veronica Mary Rolf 2018-06-12 *Julian of Norwich's Revelations of Divine Love* is truly an astounding work: an inspiring example of Christian mysticism, a unique contribution to Christian theology, the first book in English known to have been written by a woman. *Revelation and the Apocalypse in Late Medieval Literature*-Justin M. Byron-Davies 2020-02-01 This interdisciplinary book breaks new ground by systematically examining ways in which two of the most important works of late medieval English literature - Julian of Norwich's *Revelations of Love* and William Langland's *Piers Plowman* - arose from engagement with the biblical Apocalypse and exegetical writings. The study contends that the exegetical approach to the Apocalypse is more extensive in Julian's *Revelations* and more sophisticated in Langland's *Piers Plowman* than previously thought, whether through a primary textual influence or a discernible Joachite influence. The author considers the implications of areas of confluence, which both writers reapply and emphasise - such as spiritual warfare and other salient thematic elements of the Apocalypse, gender issues, and Julian's explications of her vision of the soul as city of Christ and all believers (the fulcrum of her eschatologically-focused Aristotelian and Augustinian influenced pneumatology). The liberal soteriology implicit in Julian's 'Parable of the Lord and the Servant' is specifically explored in its Johannine and Scotistic Christological emphasis, the absent vision of hell, and the eschatological

'grete dede', vis-à-vis a possible critique of the prevalent hermeneutic.

Islam, Christianity and the Mystic Journey-Ian Richard Netton 2011-04-30 This distinctive comparison of Islamic and Christian mysticism focuses on the mystic journey in the two faith traditions - the journey which every believer must make and which leads to the Divine. The author clears away misconceptions and highlights similarities and differences in the thought and lives of six key mystics: Al-Kalabadhi, Al-Daylami, Al-Qushayri, Julian of Norwich, Thomas a Kempis and Teresa of Avila. He considers the ways of Perfection on the Mystic Path and asks in what ways these authors have embarked on the mystic journey. He looks at the themes they have in common, as well as their differences, and asks how they envisage the concept of 'union' with the Deity. Readers will gain a broad understanding of the interdisciplinary and intertextual nature of the subject, as well its the diverse intellectual and historical contexts.

The Essence of Julian-Ralph Milton 2002-01 Many people, including trained church professionals, find Julian of Norwich very difficult to read. Translations in modern English don't even seem to help. It's hard to get past her medieval Catholicisms to her radically inclusive ideas - to the insights that made Julian a spiritual giant. The essence of Julian is the most accessible and lively translation of this difficult medieval masterpiece yet available. It is simply much easier to read and understand than any previous treatment of Julian's writings enthusiast will be satisfied for many years to come. Pilgrims in Love-Frances Beer 2004 Frances Beer's Pilgrims in Love involves a re-visioning of the Canterbury Tales, told from the point of view of Alison, Wife of Bath, and Eglentyne, Prioress. Both undertake the pilgrimage to Canterbury because of personal crises that they face as they approach middle age. In the course of their journey they grow out of the straight-jackets that have been imposed on them by medieval misogyny, become wiser and more compassionate. They learn to love others, and most importantly, themselves.

Julian's Gospel-Veronica Mary Rolf 2013 Unlike other brief summaries of Julian's life in 14th-century Norwich, England, this book goes in-depth to uncover the political, cultural, social and religious milieu that formed and deeply influenced her development as a woman and a Christian mystic.

Gifted Origins to Graced Fulfillment-Kerrie Hide 2001 2002 Catholic Press Association Award Winner! The classical expression of soteriology (salvation theology) has tended to spiritualize salvation and place it on a supernatural plane where it loses contact with the existential lives of people. In the face of this heritage, questions have risen from contemporary experience that challenge the Christian tradition. Does life have meaning? Is love at the core of all reality? In Gifted Origins to Graced Fulfillment, Kerrie Hide searches for responses to these questions. Hide examines the soteriology presented in the Revelations of Divine Love, composed by Julian of Norwich. She analyzes the understanding of salvation expressed in the Visions, or showings of Julian and expands previous theological inquiry into Julian's texts. After demonstrating how Julian's theology is a trinitarian theology of love, Hide addresses each aspect of Julian's soteriology within the framework of her trinitarian formula. The theological precis reveals that, for Julian, salvation is a process of oneing in a mystical, three-part journey from our origins with God to our ultimate return to God. Hide's analysis provides a hermeneutic for examining mystical literature theologically and demonstrates the important contribution mystical theology makes to the broader field of theology. She contributes a systematic study of Julian's understanding of salvation not undertaken previously. In Part One, Hide examines Julian's Visionary experience and her expression of the experience that led others to reflect on, record, and write about her texts. She also presents a hermeneutic for interpreting Julian's showings. Part Two presents Julian's soteriology as a trinitarian soteriology of oneing and explores how our life is in three stages. In Part Three, Hide delves into our gifted origins. She surveys Julian's creation theology and her anthropology. Part Four focuses on Christology. This section presents Christ's role in redemption through the cross, through his work as servant, and through his function as mother. Part Five inquires into graced endings. The chapters examine the present experience of graced fulfillment in the power of the Holy Spirit and the hope for fulfillment in the eschaton. Finally, in Part Six, Hide draws together Julian's understanding of salvation. She

appraises the relevance of these teachings for today. Approaching Medieval English Anchoritic and Mystical Texts-Dee Dyas 2005 "Essays suggesting new ways of studying the crucial but sometimes difficult range of medieval mystical material"--Provided by publisher.

Revelations of Divine Love-Julian of Norwich 2015 'All shall be well, and all shall be well, and all manner of thing shall be well' Julian of Norwich is one of the most celebrated figures of the English Middle Ages. She is esteemed as one of the subtlest writers and profoundest thinkers of the period for her account of the revelations that she experienced in 1373. Julian lived as an anchoress in Norwich, and after recovering from a serious illness she described the visions that had come to her during her suffering. She conceived of a loving and compassionate God, merciful and forgiving, and believed in our ability to reach self-knowledge through sin. She wrote of God as our mother, and embraced strikingly independent theological opinions. This new translation conveys the poise and serenity of Julian's prose style to the modern reader. It includes both the short and long texts, written twenty years apart, through which Julian developed her ideas. In his introduction Barry Windeatt considers Julian's astonishingly positive vision of humanity and its potential for spiritual transformation. Anchoritism in the Middle Ages-Catherine Innes-Parker 2013-04-30 This volume explores medieval anchoritism (the life of a solitary religious recluse) from a variety of perspectives. The individual essays conceive anchoritism in broadly interpretive categories: challenging perceived notions of the very concept of anchoritic 'rule' and guidance; studying the interaction between language and linguistic forms; addressing the connection between anchoritism and other forms of solitude (particularly in European tales of sanctity); and exploring the influence of anchoritic literature on lay devotion. As a whole, the volume illuminates the richness and fluidity of anchoritic texts and contexts and shows how anchoritism pervaded the spirituality of the Middle Ages, for lay and religious alike. It moves through both space and time, ranging from the third century to the sixteenth, from England to the Continent and back.

Julian of Norwich's Showings-Denise Nowakowski Baker 2014-07-14 The first woman known to have written in English, the fourteenth-century mystic Julian of Norwich has inspired generations of Christians with her reflections on the "motherhood" of Jesus, and her assurance that, despite evil, "all shall be well." In this book, Denise Baker reconsiders Julian not only as an eloquent and profound visionary but also as an evolving, sophisticated theologian of great originality. Focusing on Julian's Book of Showings, in which the author records a series of revelations she received during a critical illness in May 1373, Baker provides the first historical assessment of Julian's significance as

a writer and thinker. Inscribing her visionary experience in the short version of her Showings, Julian contemplated the revelations for two decades before she achieved the understanding that enabled her to complete the long text. Baker first traces the genesis of Julian's visionary experience to the practice of affective piety, such as meditations on the life of Christ and, in the arts, a depiction of a suffering rather than triumphant Christ on the cross. Julian's innovations become apparent in the long text. By combining late medieval theology of salvation with the mystics' teachings on the nature of humankind, she arrives at compassionate, optimistic, and liberating conclusions regarding the presence of evil in the world, God's attitude toward sinners, and the possibility of universal salvation. She concludes her theodicy by comparing the connections between the Trinity and humankind to familial relationships, emphasizing Jesus' role as mother. Julian's strategy of revisions and her artistry come under scrutiny in the final chapter of this book, as Baker demonstrates how this writer brings her readers to reenact her own struggle in understanding the revelations. Julian of Norwich-Sandra J. McEntire 2013-09-13 These essays-written specifically for this book-provide a rich evaluation of this late 14th and early 15th-century mystical writer's book of revelations and considers the construction of her narrative, its theological complexity, and its literary and intellectual context. Julian Among the Books-Julia Bolton Holloway 2016-04-26 Julian among the Books: Julian of Norwich's Theological Library brings together innovative research on aspects of the Showing of Love, especially the Pan-European background of its manuscripts, and their contexts, arguing for the concept of 'Holy Conversations' in a *mise en abyme*, where her readers, breaking the frame, participate in her contemplative visions. It discusses the three versions of her text, her knowledge of Hebrew, and her Benedictine context and its *lectio divina*, including textual and physical links with the Norwich monk, Cardinal Adam Easton, OSB, his collegial friendship with St Catherine of Siena and St Catherine of Sweden, and his support for St Birgitta of Sweden's canonisation. The book also explores the library of texts of the 'Friends of God' movement, including the *Mirror of Simple Souls* of Marguerite Porete, presents the texts of Julian's conversation with Margery Kemp, and discusses the exiled Brigittine and Benedictine nuns who continued to treasure and copy Julian's text on the Continent following England's Reformation. Scholarly methods used in this study include palaeography, codicology, iconography, reader reception, discourse on the Body, use of Hebrew, Greek and Latin, and the concepts of 'Holy Conversation' and 'Textual Communities'. It gives much of the text of the Westminster Manuscript in translation, along with many quotations from the Westminster, Paris and Sloane manuscripts in their original layout and spelling. Illustrated with colour plates of the Julian manuscripts in the centrefold and other images, and black and white figures throughout the body of the text, it brings the reader as close as possible to Julian's writing,

her context, and her preservation by other women contemplatives throughout time.

Julian of Norwich's Legacy-S. Salih 2009-11-09 Julian of Norwich the best-known of the medieval mystics today. The text of her Revelation has circulated continually since the fifteenth century, but the twentieth century saw a massive expansion of her popularity. Theological or literary-historical studies of Julian may remark in passing on her popularity, but none have attempted a detailed study of her reception. This collection fills that gap: it outlines the full reception history from the extant manuscripts to the present day, looking at Julian in devotional cultures, in modernist poetry and present-day popular literature, and in her iconography in Norwich, both as a pilgrimage site and a tourist attraction.

Julian of Norwich, Theologian-Denys Turner 2011-04-26 For centuries readers have comfortably accepted Julian of Norwich as simply a mystic. In this astute book, Denys Turner offers a new interpretation of Julian and the significance of her work. Turner argues that this fourteenth-century thinker's sophisticated approach to theological questions places her legitimately within the pantheon of other great medieval theologians, including Thomas Aquinas, Bernard of Clairvaux, and Bonaventure. Julian wrote but one work in two versions, a Short Text recording the series of visions of Jesus Christ she experienced while suffering a near-fatal illness, and a much expanded Long Text exploring the theological meaning of the "showings" some twenty years later. Turner addresses the apparent conflict between the two sources of Julian's theology: on the one hand, her personal revelation of God's omnipotent love, and on the other, the Church's teachings on and her own witnessing of evil in the world that deserves punishment, even eternal punishment. Offering a fresh and elegant account of Julian's response to this conflict--one that reveals its nuances, systematic character, and originality--this book marks a new stage in the century-long rediscovery of one of the English language's greatest theological thinkers.
