

Julius Caesar Man Soldier And Tyrant

Julius Caesar-J. F. C. Fuller 1965 Since the Renaissance, Julius Caesar has been idolized as a superman. Classical sources, however, present a far less exalted being. As General Fuller writes, Caesar was "an unscrupulous demagogue whose one aim was power, and a general who could not only win brilliant victories but also commit dismal blunders. . . . It is reasonable to suspect that, at times, Caesar was not responsible for his actions, and toward the end of his life, not altogether sane." There is not doubt that Caesar was an extraordinary man." But Fuller points out that he was extraordinary for his reckless ambition, matchless daring, and ruthless tyranny, rather than for his skills as a military commander. Caesar continually had to extricate himself from results of mistakes of judgement. His unnecessary Alexandrian War, his close call at Thapsus, and his seemingly unpremeditated Gallic conquest are just a few of Fuller’s many examples.And in telling Caesar’s history, Fuller illuminates a century of Roman history as well. Aided by maps of Caesar’s principal battles and diagrams of many of his weapons, Fuller brings to life Caesar’s wars, his armies, his equipment, and his methods. Brilliant in design and impressive in scope, Julius Caesar clarifies how the military, political, and economic aspects of the Roman Republic worked together to produce a man whose name has come down to us as a synonym for absolute authority.

Julius Caesar-John Frederick Charles Fuller (Théoricien militaire) 1965

The War for Gaul-Julius Caesar 2021-07-13 A translation that captures the power of one of the greatest war stories ever told—Julius Caesar’s account of his brutal campaign to conquer Gaul Imagine a book about an unnecessary war written by the ruthless general of an occupying army—a vivid and dramatic propaganda piece that forces the reader to identify with the conquerors and that is designed, like the war itself, to fuel the limitless political ambitions of the author. Could such a campaign autobiography ever be a great work of literature—perhaps even one of the greatest? It would be easy to think not, but such a book exists—and it helped make Julius Caesar a legend. This remarkable translation of Caesar’s War for Gaul captures, like never before in English, the powerfully concise style of the future emperor’s dispatches from the front lines in what are today France, Belgium, Germany, and Switzerland.

The Generalship Of Alexander The Great-J.J.F.C. Fuller 1960 In a brief and meteoric life (356-323 BC) the greatest of all conquerors redirected the course of world history. Alexander the Great accomplished this feat with a small army-no more than 40,000 men-and a constellation of bold, revolutionary ideas about the conduct of war and the nature of government. In a style both clear and witty, Fuller imparts the many sides to Alexander’s genius and the full extent of his empire, stretching from India to Egypt.

Julius Caesar-Luciano Canfora 2007 In this splendid profile, Canfora offers a radically new interpretation of one of the most controversial figures in history. The result of a comprehensive study of the ancient sources, "Julius Caesar" paints an astonishingly detailed portrait of this complex man and the times in which he lived.

Mark Antony-Paolo de Ruggiero 2014-02-12 Mark Antony was embroiled in the tumultuous events of the mid-1st century BC, which saw the violent transformation from the Roman Republic to the Roman Empire. After being defeated by Augustus he has often been characterized by hostile historians as a loyal henchman of his uncle Julius Caesar but without the guile and vision to attain greatness in his own right (hence Shakespeare casts him as a 'plain, blunt man' whom Caesar's assassins don't think it worthwhile to kill). In his infamous alliance and love affair with Cleopatra of Egypt he is also often seen as duped and manipulated by a sharper mind. Despite this there is no doubt Antony was a capable soldier. He first saw action leading a cavalry unit in Judeaa, before giving valuable service to Julius Caesar in Gaul. He again served with distinction and led Caesar's right wing at the climactic battle of Pharsalus, and he was decisive in the defeat of the conspirators at Philippi which ended 100 years of Civil wars. But Paolo de Ruggiero re-assesses this pivotal figure, analyses the arguments of his many detractors, and concludes that he was much more than a simple soldier, revealing a more complex and significant man, and a decisive agent of change with a precise political vision for the Roman world.

Julius Caesar: Soldier, Statesman, Emperor-Hilary Hardinge 1912 This biography of Julius Caesar focuses on his political rise to power.

The Assassination of Julius Caesar-Michael Parenti 2004-09-03 “A provocative history” of intrigue and class struggle in Ancient Rome—“an important alternative to the usual views of Caesar and the Roman Empire” (Publishers Weekly). Most historians, both ancient and modern, have viewed the Late Republic of Rome through the eyes of its rich nobility—the 1 percent of the population who controlled 99 percent of the empire’s wealth. In The Assassination of Julius Caesar, Michael Parenti recounts this period, spanning the years 100 to 33 BC, from the perspective of the Roman people. In doing so, he presents a provocative, trenchantly researched narrative of popular resistance against a powerful elite. As Parenti carefully weighs the evidence concerning the murder of Caesar, he adds essential context to the crime with fascinating details about Roman society as a whole. In these pages, we find reflections on the democratic struggle waged by Roman commoners, religious augury as an instrument of social control, the patriarchal oppression of women, and the political use of homophobic attacks. The Assassination of Julius Caesar offers a whole new perspective on an era thought to be well-known. “A highly accessible and entertaining addition to history.” —Book Marks

Julius Caesar-Richard A. Billows 2008-11-28 This thoroughly up to date English biography provides an account of Caesar’s life it is both lively and engaging, offering an imaginative recounting of actions and events, while giving a thorough coverage and analysis.

Julius Caesar and the Transformation of the Roman Republic-Tom Stevenson 2014-10-30 Julius Caesar and the Transformation of the Roman Republic provides an accessible introduction to Caesar’s life and public career. It outlines the main phases of his career with reference to prominent social and political concepts of the time. This approach helps to explain his aims, ideals, and motives as rooted in tradition, and demonstrates that Caesar’s rise to power owed much to broad historical processes of the late Republican period, a view that contrasts with the long-held idea that he sought to become Rome’s king from an early age. This is an essential undergraduate introduction to this fascinating figure, and to his role in the transformation of Rome from republic to empire.

The Civil War-Julius Caesar 2008-05-08 The Civil War is Caesar’s masterly account of the celebrated conflict between himself and his great rival Pompey, from the crossing of the Rubicon in January 49 B.C. to Pompey’s death and the start of the Alexandrian War in the autumn of the following year. This new translation is the most fully annotated edition available, and also includes accounts of the Alexandrian War, the African War, and the Spanish War by other hands.

Who Was Julius Caesar?-Nico Medina 2014 Looks at the life and accomplishments of the ancient Roman general and leader.

Julius Caesar-Phillip Freeman 2008 Retells the life and death of the famous Roman ruler, using contemporary documentation to present him as a skilled general, politician, and orator.

Julius Caesar-Antony Kamm 2006-09-27 This is a fresh account of Julius Caesar - the brilliant politician and intriguing figure who became sole ruler of the Roman Empire. Julius Caesar examines key figures such as Marius, Sulla, Cicero, Mark Antony, Gaius Octavius (emperor Augustus), Calpurnia and Cleopatra, as well as the unnamed warriors who fought for and against him, and politicians who supported and opposed him. Including new translations from classical sources, Antony Kamm sets Caesar’s life against the historical, political and social background of the times and addresses key issues: Did Caesar destroy the Republic? What was the legality of his position and the moral justifications of his actions How good a general was he? What was his relationship with Cleopatra? Why was he assassinated? What happened next? This is Caesar - the lavish spender, the military strategist, a considerable orator and historical writer, and probably the most influential figure of his time - in all his historical glory. Students of Rome and its figures will find this an enthralling, eye-opening addition to their course reading.

Warfare in the Age of Gaius Julius Caesar-Volume 2-Theodore Dodge 2013-07 A two volume masterpiece on ancient warfare Little needs to be said here about the fascinating era of the Roman Empire of the first century B. C., or about one of the most outstanding military commanders in history, Gaius Julius Caesar.

The military history of the period has always had its avid students and enthusiasts. It also has its notable historians and foremost among these was former soldier, Theodore Ayrault Dodge who was probably the first military historian to walk upon the ground on which all of the events about which he wrote in this classic work took place. Dodge’s grasp of topography and its bearing on tactical issues makes this work indispensable. The Leonaur editors highly regard Dodge’s works on the great captains of warfare through the ages and our edition of 'Warfare in the Age of Napoleon' is already available. 'Warfare in the Age of Gaius Julius Caesar' is our second offering in the series and it follows the model already established by its predecessor. Based on Dodge’s academically ground-breaking work, 'Caesar, ' this unique two volume edition, like all of the author's 'great captains' series, benefits from numerous diagrams and maps that explain the campaigns, battles, marches, weapons, equipment, etc., in significant detail. The Leonaur editions have been substantially represented so that all the images-often small in the original editions-have been enlarged to the fullest degree to aid understanding. Volume two covers a five year period in considerable detail and concludes in 45 B. C., a year before Caesar’s death. Chapters on Caesar the man and soldier and the art of war in the Roman Empire are also included. Highly Recommended. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands.

Julius Caesar-Don Nardo 2009 Loved by the common people and his fellow soldiers, Caesar came to control the Roman Republic. But his opponents were steadfast in their struggle against him. The tale of Julius Caesar is filled with ambition, glory, and ultimately, tragedy.

Resisting Rebellion-Anthony James Joes 2006-08-18 In Resisting Rebellion, Anthony James Joes explores insurgencies ranging across five continents and spanning more than two centuries. Analyzing examples from North and South America, Europe, Africa, and the Middle East, he identifies recurrent patterns and offers useful lessons for future policymakers. Insurgencies arise from many sources of discontent, including foreign occupation, fraudulent elections, and religious persecution, but they also stem from ethnic hostilities, the aspirations of would-be elites, and traditions of political violence. Because insurgency is as much a political phenomenon as a military one, effective counterinsurgency requires a thorough understanding of the insurgents' motives and sources of support. Clear political aims must guide military action if a counterinsurgency is to be successful and prepare a lasting reconciliation within a deeply fragmented society. The most successful counterinsurgency campaign undertaken by the United States was the one against Philippine insurgents following the Spanish-American War. But even more instructive than successful counterinsurgencies are the persistent patterns of errors revealed by Joes's comparative study. Instances include the indiscriminate destructiveness displayed by the Japanese in China and the Soviets in Afghanistan, and the torture of suspected Muslim terrorists by members of the French Army in Algeria. Joes's comprehensive twofold approach to counterinsurgency is easily applied to the U.S. The first element, developing the strategic basis for victory, emphasizes creating a peaceful path to the redress of legitimate grievances, committing sufficient troops to the counterinsurgent operation, and isolating the conflict area from outside aid. The second element aims at marginalizing the insurgents and includes fair conduct toward civilians and prisoners, systematic intelligence gathering, depriving insurgents of weapons and food, separating insurgent leaders from their followers, and offering amnesty to all but the most incorrigible. Providing valuable insights into a world of conflict, Resisting Rebellion is a thorough and readable exploration of successes and failures in counterinsurgency's long history and a strategy for the future.

The Leadership Genius of Julius Caesar-Phillip Barlag 2016-10-17 The Leadership Genius of Julius Caesar Modern Lessons from the Man Who Built an Empire “Brilliantly crafted to draw leadership lessons from history, this is one of the finest leadership books I have read.” —Doris Kearns Goodwin, bestselling author of Team of Rivals and The Bully Pulpit Leaders are always trying to get better, which is why there is an enormous and growing collection of literature of leadership paradigm or process. But sometimes the best way to move forward is to look back. Phillip Barlag shows us that Julius Caesar is one of the most compelling leaders of the past to study—a man whose approach was surprisingly modern and extraordinarily effective. History is littered with leaders hopelessly out of touch with their people and ruthlessly pursuing their own ambitions or hedonistic whims. But Caesar, who rose from impoverished beginnings, proved by his words and deeds that he never saw himself as being above the average Roman citizen. And he had an amazing ability to generate loyalty, to turn enemies into allies and allies into devoted followers. Barlag uses dramatic and colorful incidents from Caesa’s career—being held hostage by pirates, charging headlong alone into enemy lines, pardoning people he knew wanted him dead—to illustrate what Caesar can teach leaders today. Central to Barlag’s argument is the distinction between force and power. Caesar avoided using brute force on his followers, understanding that fear never generates genuine loyalty. He exercised a power deeply rooted in his demonstrated personal integrity and his intuitive understanding of people’s deepest needs and motivations. His supporters followed him because they wanted to, not because they were compelled to. Over 2,000 years after Caesar’s death, this is still the kind of loyalty every leader wants to inspire. Barlag shows how anyone can learn to lead like Caesar.

Julius Caesar-Margaux Baum 2016-12-15 One of the most revered, legendary, and nonetheless complicated figures from the history of Rome, Julius Caesar was a master politician and military genius. In this book, Caesar’s life and impressive accomplishments are related within the historical context of the Roman Republic, already an incredible power by his time, transforming into an empire. It explores Caesar’s role in this transformation, and his triumphs in war, illuminating the path of a leader both exalted and fear, and ultimately felled by his ambition.

Armament And History-J. F. C. Fuller 1998-08-22 Although skill, leadership, strategy, and number of forces have been important factors in battles, armaments have played the most decisive role in determining ultimate military victory. Entranced by the power and precision of armaments, man has continuously invented faster, more accurate, and more devastating weapons, from the javelin, stone axe, sword, and the arrow to the cannon, musket, rifle, tank, super-fortress, and missile. In this study of the influence of armaments on history ,J.F.C. Fuller shows how the inventive genius of man can potentially obliterate his sense of moral values and destroy civilization. Divided into armament epochs—Ages of Valour, Chivalry, Gunpowder, Steam, Oil, and Atomic Energy—Armament and History examines the most influential military innovations of each period as well as the key leaders (including Alexander, Caesar, Gustavus Adolphus, and Napoleon) who skillfully employed these weapons. Although the author acknowledges that war cannot be eliminated entirely, he urges man to impose restrictions on warfare before society descends into a second Dark Age. Completed immediately after the bombings of Hiroshima and Nagasaki—chilling examples of mass destruction caused by armaments—this impassioned work remains relevant more than a half-century later.

The Second World War, 1939-45-J. F. C. Fuller 1993-03-22 Fuller’s biographer, Bryan Holden Reid, has described The Second World War as “an analysis of the breakdown, as Fuller saw it, of the vital relationship between grand strategy and grand tactics—the end and the means...Too often books on the Second world War detail the movements of formations about the battlefield and give space to strategic commentary without assessing the manner in which the war was actually fought. On the tactical level, The Second World War can still be read with profit.” Fuller himself characterized the book, however, as “in part a least a psychological study of the folly of man.” Expertly combining detailed military history and analysis with Clausewitzian insights based on his own theories of warfare, Fuller produced a modern military masterpiece in The Second World War.

The Gallic War-Julius Caesar 2012-03-05 The only chronicle by an ancient general of his own campaigns, this eloquent history offers priceless details about Gaul, Germany, and Britain during the 1st century B.C. Includes 6 maps, 7 figures.

A Passion for Glory-Mark R. Whittington 2016-06-18 A Passion for Glory is a screenplay depicting the early life of a Roman soldier and statesman named Caius Julius Caesar and the love story involving his first wife, Cornelia. Most people with a passing familiarity with Roman history know how Caesar conquered Gaul, crossed the Rubicon, and was eventually assassinated. Most do not know how, when still a teenager, Caesar defied the most powerful leader in the Roman Republic, a man named Sulla who had already demonstrated his capacity for murder, to keep from divorcing his wife. Nor do they know of his early battles, his capture by pirates, and how his marriage ended in tragedy. The screenplay, which remains unproduced, will have some familiar characters. Besides Caesar, historical figures such as Pompey and Cicero make appearances. Some characters are of the author’s imagination. The story is true, with details embellished for dramatic effect, of the rise of one of the most famous men in history and of the woman he loved long before he bestrode the world, as Shakespeare said, like a colossus.

Shakespeare’s Tragedy of Julius Caesar-William Shakespeare 1903

A Military History Of The Western World, Vol. I-J. F. C. Fuller 1987-08-22 Major General J. F. C. Fuller, a pioneer of mechanized warfare in Great Britain, was one of this century’s most renowned military strategists and historians. In this magisterial work he spans military history from the Greeks to the end of World War II, describing tactics, battle lines, the day-to-day struggles while always relating affairs on the field to the larger questions of social, political, and economic change in Western civilization. A masterpiece of scholarship and biting prose, these volumes are available for the first time in a handsome trade paperback edition. This first volume includes the rise of imperialism, the major battles, and the political and social changes from Greece, Rome, the Carolingian Empire, Byzantium, the siege and fall of Constantinople in 1453, to the rise of the Spanish and Ottoman Empires and the Battle of Lepanto in 1571.

The Generalship Of Ulysses S. Grant-J. F. C. Fuller 1991-08-22

Book 7 of Caesar’s Bellum gallicum-Julius Caesar 2004 This comprehensive reader utilizes a step-by-step approach to help students of Latin read and understand the longest and most dramatic book of Caesar’s Gallic War. Book 7 is the culmination of the conflict between Gaul, led by the young Arvernian Vercingetorix and fighting for its freedom and political survival, and the Romans, led by Julius Caesar and fighting for hegemony and political mastery. The final battle at Alesia, pitting the united might of Gaul at 339,000 men against a Roman army of 40,000, changed the course of Western history. This reader is ideal for Latin students of all levels who have a basic knowledge of grammar and morphology. The Latin text of all 90 chapters of Book 7 is broken down into manageable segments, normally about a sentence in length. Immediately following, all vocabulary is provided with several meanings of each word selected for that particular context. This is especially helpful for beginning students who are sometimes unsure which definition of a given word to select for translation. Following the vocabulary, there are notes on the passage. A unique feature of this reader is that the notes are complete and cover the syntax of every construction and every word in turn. The thoroughness of this reader facilitates speed in reading, increases comprehension, and promotes satisfaction in reading a difficult language. The benefits of this approach will be shared by teachers and students alike.

The Battle for Gaul-Julius Caesar 1980 This new translation, which follows the original narrative sequence, is complete and includes the eighth and final book by Aulus Hirtius, who served under Caesar on many of his campaigns.

○○○○○○○: ○○○○○○○○○○○○○○○○ 1996

Julius Caesar-Emma Fischei 2002 Each title in this series tells the story of a man or woman whose dedication to their chosen cause led to changes that affect all our lives today. Each includes a vivid description of the world in which the famous person lived. The Roman world comes to life in this well-illustrated narrative recalling the life and times of one of the most famous characters in ancient history. The book charts Caesar’s life as a soldier and conquering general - detailing how he was the first to come to Britain in 55BC - then showing how hatred and rivalry when he was a politician led to his murder. The drawings help the reader understand complicated concepts and as such will be an entertaining but valuable help to those learning about Roman times as part of their Key Stage 2 studies.

Julius Caesar-William Shakespeare 2018-06-23 Julius Caesar is among the best of Shakespeare’s historical and political plays, composed in 1599. The story is about the power struggle that occurs after the assassination of Julius Caesar, and it takes its readers through the course of the rebels’ defeat in the Battle of Philippi. The book is set in the Roman Empire in 44 bc and paints a picture of the struggle for power that was prominent during the phase. The story begins when Brutus, a close ally and friend of Julius Caesar’s, is enticed by the conspirators who plot the murder of Caesar under the guise of working for the interest of the republic. The book then depicts the manner in which Caesar ignores the warning from his astrologer about the impending danger to his life. When Caesar is assassinated after Brutus delivers the final blow, the rebels attempt to win public support for their deeds, which Mark Antony, another Caesar faithful, works against, with the help of a rousing. Through events surrounding his death, the themes of frustrated ambition and crude demagoguery are picked up and brilliantly handled. It is interesting to see how Caesar’s personality dominates the play.

Julius Caesar-William Shakespeare 2010 The works of William Shakespeare come alive in these stunning graphic novels adaptation using the original Shakespearean dialog. The world-class art, history, revenge, and drama of Julius Caesar will capture the attention of reluctant readers. Supplement your traditional Shakespearean sources with the graphic novel adaptation that will help readers imagine the action like never before. Graphic Planet is an imprint of Magic Wagon, a division of ABDO Publishing Group. Grades 5-10.

Shakespeare’s Julius Caesar-William Shakespeare 1898

Julius Caesar-William Shakespeare 2012-10-26 Julius Caesar is a key link between Shakespeare’s histories and his tragedies. Unlike the Caesar drawn by Plutarch in a source text, Shakespeare’s Caesar is surprisingly modern: vulnerable and imperfect, a powerful man who does not always know himself. The open-ended structure of the play insists that revealing events will continue after the play ends, making the significance of the history we have just witnessed impossible to determine in the play itself. John D. Cox’s introduction discusses issues of genre, characterization, and rhetoric, while also providing a detailed history of criticism of the play. Appendices provide excerpts from important related works by Lucretius, Plutarch, and Montaigne. A collaboration between Broadview Press and the Internet Shakespeare Editions project at the University of Victoria, the editions developed for this series have been comprehensively annotated and draw on the authoritative texts newly edited for the ISE. This innovative series allows readers to access extensive and reliable online resources linked to the print edition.

Julius Caesar in Plain and Simple English (A Modern Translation)-BookCaps 2011 **IMPORTANT NOTE-- We were recently made aware of a problem with the spacing in this book. The book was updated 4/23/12. If you continue to experience problems with this book, please write directly to us and we will fix the problem. Julius Caesar has been helmed one of the greatest tragedies of all times--it has it all! Love! Conspiracy! Murder! Betrayal! And if you just don’t understand it, then you are not alone. If you have struggled in the past reading Shakespeare, then BookCaps can help you out. This book is a modern translation of Julius Caesar. The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

The Roman world comes to life in this well-illustrated narrative recalling the life and times of one of the most famous characters in ancient history. The book charts Caesar’s life as a soldier and conquering general - detailing how he was the first to come to Britain in 55BC - then showing how hatred and rivalry when he was a politician led to his murder. The drawings help the reader understand complicated concepts and as such will be an entertaining but valuable help to those learning about Roman times as part of their Key Stage 2 studies.
