D-Day-Lance Goddard 2004 Survivors. Vets. Comrades. A single day changed their lives forever. From the producer of the documentary Victory from Above, Lance Goddard's D-Day, Juno Beach: Canada's 24 Hours of Destiny is a montage of first-hand accounts, memories, and a pictorial archive of that day, sixty years ago. It captures all of the pride, patriotism, and collective will of Canadians who served and endured the horrific events of that day for a greater cause - for freedom, to defeat Hitler, to liberate Europe. From the beginning, at 0000 hours, to the end, 24 hours later, the voices of over thirty veterans unravel the battle with recollections, tactical details, and, often, self-effacing humour - but always at the very heart of Goddard's D-Day: Juno Beach, Canada's 24 Hours of Destiny, the message, sixty years later, is clear... lest we forget.

Juno Beach-Mark Zuehlke 2009-07-01 On June 6, 1944 the greatest armada in history stood off Normandy and the largest amphibious invasion ever began as 107,000 men aboard 6,000 ships pressed toward the coast. Among this number were 18,000 Canadians, who were to land on a five-mile long stretch of rocky ledges fronted by a wide expanse of sand. Code named Juno Beach. Here, sheltered inside concrete bunkers and deep trenches, hundreds of German soldiers waited to strike the first assault wave with some ninety 88-millimetre guns, fifty mortars, and four hundred machineguns. A four-foot-high sea wall ran across the breadth of the beach and extending from it into the surf itself were ranks of tangled barbed wire, tank and vessel obstacles, and a maze of mines. Of the five Allied forces landing that day, they were scheduled to be the last to reach the sand. Juno was also the most exposed beach, their day's objectives eleven miles inland were farther away than any others, and the opposition awaiting them was believed greater than that facing any other force. At battle's end one out of every six Canadians in the invasion force was either dead or wounded. Yet their grip on Juno Beach was firm.

Holding Juno-Mark Zuehlke 2009-12-01 Following his national best-seller, Juno Beach, and with his usual verve and narrative skill, historian Mark Zuehlke chronicles the crucial six days when Canadians saved the vulnerable beachheads they had won during the D-Day landings. D-Day ended with the Canadians six miles inland — the deepest penetration achieved by Allied forces during this longest day in history. But for all the horror endured on June 6 every soldier knew the worst was yet to come. The Germans began probing the Canadian lines early in the morning of June 7 and shortly after dawn counter attacked in force. The ensuing six days of battle was to prove bloodier than D-Day itself. Although battered and bloody, the Canadians had held their ground and made it possible for the slow advance toward Germany and eventual Allied victory to begin. Holding Juno recreates this pivotal battle through the eyes of the soldiers who fought it, with the same dramatic intensity and factual detail that made Juno Beach, in the words of Quill & Quire reviewer Michael Clark, "the defining popular history of Canada's D-Day battle."

Juno Beach-Tim Saunders 1990-12-31 By June 1944, Juno Beach was a key part of Hitler's vaunted Atlantic Wall, with no less than four major strong points along its length. German pillboxes were sited to sweep the beaches with machine gun fire and were surrounded by belts of barbed wire and mines. Leading the attack were the 3rd Canadian Division, supported by the specialist assault tanks of the 79th Armoured Division (Hobart's 'Funnies'). Despite careful planning, poor D-Day weather led to a piecemeal landing and heroic individual battles in the streets of the seaside towns.

Valour on Juno Beach-T. Robert Fowler 1994 Recounts the actions and experiences of decorated Canadian troops who landed on Juno Beach on D-Day.

Juno Beach-Yann Magdeleine 2010-10-15 Juno constituted half (with Gold Beach, the British-led objective) the Western section of the British sector of the D-Day landings. This book explores what happened to the Canadian troops landing at Juno, as they desperately fought their way off the beach.

Juno Beach-Patrick Ouellet Spring 1944. After years of occupation, the inhabitants of Bernières-sur-Mer in Calvados watch out with impatience for the great landing that will free them from the Nazi yoke. But, on D-Day, the Allied troops don't launch an attack when or where the enemy prepared to receive them. And liberators are not the ones we expected.

D-Day 1944 (4)-Ken Ford 2011-01-01 Operation Overlord, the Allied invasion of Normandy, was the greatest sea-borne military operation in history. At the heart of the invasion and key to its success were the landings of British 50th Division on Gold Beach and Canadian 3rd Division on Juno Beach. Not only did they provide the vital link between the landings of British 3rd Division on Sword Beach and the Americans to the west on Omaha, they would be crucial to the securing of the beachhead and the drive inland to Bayeux and Caen. In the fourth D-Day volume Ken Ford details the assault that began the liberation of Nazi-occupied Europe.

The Juno Beach Trilogy-Mark Zuehlke 2012-11-02 Together in one convenient ebook, three of Mark Zuehlke's epics of Canadian soldiers in World War II take us from the dramatic events of D-Day (June 6, 1944) to the days following, and the final push. Juno Beach, Holding Juno and Breakout from Juno focus on the Normandy Invasion and its aftermath. Juno Beach dramatically unfolds as 18,000 Canadian soldiers storm the five-mile-long stretch of Juno Beach. At battle's end one out of every six Canadians in the invasion force was either dead or wounded. The Canadians were the only Allied troop to meet their objectives. Holding Juno chronicles the crucial six days following the successful invasion. The ensuing battle was to prove bloodier than D-Day itself. The Canadians made it possible for the slow advance toward Germany and an Allied victory. Breakout from Juno takes us to the next battle a month later. On July 4, 1944, the 3rd Canadian Infantry Division won the village of Carpique but not the adjacent airfield. The 3rd Division, 2nd Infantry and 4th Armoured Divisions -- along with a Polish division and several British divisions came together as the First Canadian Army. This is their story.

Valour on Juno Beach-Robert T. Fowler 1994

Assault on Juno-Mark Zuehlke 2012 Recounts the day-long assault on heavily-defended Juno Beach by Canadian troops during the Normandy landings on D-Day, an attack which played a key role in the success of the Allied invasion.

D Day War Diaries JUNO Beach-James Robertshaw

On Juno Beach-Hugh Brewster 2004 June 6th, 2004 will mark the 60th anniversary of D-Day, when Canadians landed on Juno Beach. This outstanding book contains unpublished accounts of D-Day eyewitnesses and participants, and through their eyes we are able to see what it was like to live through the assault on Hitler's Atlantic Wall and the massive invasion that followed. Captivating photographs and memorabilia bring these stories to life, and the topic of Juno Beach works directly with school curriculum

Another River to Cross-Robert Sawdon 2004-12-02 There are 96 narratives in Another River to Cross. I decided that the Field of Honour deserved to be the first story in the book. It is about my visit to my brother's grave site in Beny-sur-Mer Canadian War Cemetery in Normandy. He was with the Royal Canadian Engineers and was killed, on June 6th, 1944, as he began his task of clearing obstacles from Juno Beach. There are humorous stories, sad stories, action stories, and some are of events that took place on the periphery. Some accounts are descriptions of happenings that are one of a kind and probably would not be read elsewhere. My experiences are not exceptional and are probably the same as other front line soldiers and certainly not as intense as those of the Infantry fighters. However I did have a few close calls and certain actions will never leave my memory. I can still smell the acrid odour of burning cordite from the shells exploding very close to me. It was a time to pray for protection from above. I still think back to the time a V1 rocket (Buzz Bomb) landed, very close to me, many miles short of its intended target. It exploded with a tremendous blast shaking the very foundations of buildings along the street and left me bleeding from superficial cuts from flying glass. Read about Washing Machine Charlie (also known as the Mad Major), the lone nightly visitor, a German pilot, harassing our area. A friend bought a copy of Another River to Cross and passed it on to his son who was a member of the crew of HMCS Frigate St. John's of the Royal Canadian Navy. The book was read by him and other crew members while they were cruising in the Caribbean and then it was placed in the ship's library. In June, 2004 high school students from the Durham Region in Ontario took part in the 60th anniversary of D-Day at Juno Beach in Normandy. A student of Port Perry High School adopted my brother, James Sawdon, who lost his life on Juno Beach, June 6th, 1944 and was buried in Beny-sur Mer Canadian War Cemetery. Mementos, one based on my story The Field of Honour, were placed by the students in a time capsule at the Juno Beach Memorial site. It was a noble gesture by the youth of our country in remembering and respecting soldiers who fell in battle. Feedback from readers: You are a fantastic writer and should be very

proud of these accomplishments. Remember when you had doubts about starting to compile your stories into a book? Now you will be so pleased that you have persisted through it all. Bill & Ann Peckham. I find the stories very interesting. I could only imagine what it would have been like to live through a war but with your descriptive detail it's like being part of your stories. Kim Hurst, Oshawa, ON He has taken the book out of the library and was so impressed that he wants one for himself and one for his brother. Jack Yuill, Gilbert Plains, MB I really enjoyed reading your book...I found your recall to be amazing so many facts and so many memories. It must have been quite an achievement to have your book in print. It was an unbelievable time in history and your contribution along with all of the other men and women who served will never be forgotten. Pauline Clarke, Reference Assistant, Adult Services, Pickering Public Library, Pickering, ON I've read a lot of war books over the years, but yours was the first to really give me the appreciation of the general situation facing the Canadian enlisted man. Your experiences were interesting and I could picture you enduring them. Too many of the other books deal with exaggerated feats of heroism and extreme situations. Much of your book dealt with the everyday experiences and the unusual little incidents you remembered, and that made it so unique and enjoyable. I actually found some of your recollections very funny, despite the fact that they came through the tragic medium of war. Aug.20, 2005, R. Moyle, Pickering, Ontario. War Amps of Canada have produced a documentary on the Sicilian and Italian Campaigns of Canadian Troops in WWII. It is called A War of Their Own. Dear Mr. Sawdon, I wanted to let you know that we had placed an order for your book through the Web site and I am pleased to say that a copy has arrived at our office. Another River to Cross is a fascinating account of what it was like to serve in an infantry regiment. This book is a fine tribute to the men with whom you served. The War Amps is honoured to have your book as part of our military heritage resource library and museum which is located in our National Headquarters here in Ottawa. Another River to Cross will be a valuable resource for members of Operation Legacy, whereby older members of our Child Amputee Program learn about war from those who were there so they can pass on these first-hand accounts to younger generations. The War Amps is committed to preserving Canada's military history and, through our documentaries, Web site and the various projects within Operation Legacy, we will continue to tell the stories of the Canadians who served our country. On behalf of Mr. Chadderton, I would like to extend to you our sincere appreciation for your support. The Gallant Cause-Mark Zuehlke 2010-03-04 At the outbreak of the Spanish Civil War on July 17, 1936, forty-two thousand Internationals, comprised of Canadians, Americans, and Spaniards, fought together on the side of the Republicans who were trying to throw back fascist dictator General Franco's troops, which included countless German and Italian soldiers. By October 29, 1938 though, only two thousand Internationals were able to gather for a speech requesting them to withdraw. Despite all their efforts, Spain wanted to continue on its own, hoping the war would become a Spanish affair once again. Drawing on diaries and newly documented sources, Zuehlke offers a compelling account of the Canadian experience in Spain. It was not a popular war for Canada, with even the prime minister praising Hitler for his social and economic advances. Most world powers were aligning themselves with Italy and Germany, who supported Franco's movement. Along with allied troops, some 1,500 Canadians joined together in a valiant but doomed cause. This is the story of these brave Canadians, who like all veterans of war, deserve to have their story told and their experiences related, so that they will not be forgotten.

Canada and the Liberation of the Netherlands, May 1945-Lance Goddard 2005 Nazi Germany's invasion of the Netherlands in May 1940 marked the beginning of five years of terror for the Dutch people. They faced oppression and death with remarkable stoicism, but nothing could save them from the Hunger Winter of 1944-5, when more than 30,000 people died of starvation. In this time of unimaginable despair, Canada came to the rescue, playing the largest role in liberating the Netherlands and ending the Nazi reign of terror. The Canadians gave the Dutch freedom - and food - and out of such dark times an eternal friendship was forged. Told through interviews with Dutch survivors and Canadian veterans, Canada and the Liberation of the Netherlands, May 1945 delves into this little known chapter of history.

D-Day to Carpiquet-Marc Milner 2007 The brutal battlefields of Europe during World War II were the testing ground for the young men of the 1st Battalion of the North Shore (New Brunswick) Regiment. On June 6, 1944, the soldiers landed on the coast of France as part of the first wave of the D-Day invasion. After securing the eastern flank of the Canadian landing along Juno Beach, the Regiment was in constant contact with the enemy over the next thirty days, suffering a steady stream of casualties. This led to a ferocious battle in the French village of Carpiquet. For five days, the Regiment endured a living hell and suffered nearly 300 casualties. By the end of it, the North Shore Regiment had effectively died. For the first time, the comprehensive tale of this storied Regiment is finally told. D-Day to Carpiquet is volume 9 in the New Brunswick Military Heritage Series.

Breakout From Juno-Mark Zuehlke 2011-11-08 The ninth book in the Canadian Battle Series, Breakout from Juno, is the first dramatic chronicling of Canada's pivotal role throughout the entire Normandy Campaign following the D-Day landings. On July 4, 1944, the 3rd Canadian Infantry Division won the village of Carpiquet but not the adjacent airfield. Instead of a speedy victory, the men faced a bloody fight. The Canadians advanced relentlessly at a great cost in bloodshed. Within 2 weeks the 2nd Infantry and 4th Armoured divisions joined coming together as the First Canadian Army. The soldiers fought within a narrow landscape extending a mere 21 miles from Caen to Falaise. They won a two-day battle for Verrières Ridge starting on July 21, after 1,500 casualties. More bloody battles followed, until finally, on August 21, the narrowing gap that had been developing at Falaise closed when American and Canadian troops shook hands. The German army in Normandy had been destroyed, only 18,000 of about 400,000 men escaping. The Allies suffered 206,000 casualties, of which 18,444 were Canadians. Breakout from Juno is a story of uncommon heroism, endurance and sacrifice by Canada's World War II volunteer army and pays tribute to Canada's veterans.

Generally Speaking-Richard Rohmer 2004-10-01 Lieutenant-General Richard Rohmer is arguably Canada's most decorated citizen. A commander of the Order of Military Merit and an Officer of the Order of Canada, his career began in World War II where he earned the reputation as one of Canada's top Mustang reconnaissance pilots. For his service, which includes flying over the beaches of Normandy on D-Day, he received the Distinguished Flying Cross. A lawyer, litigator, journalist and best-selling author of 28 fiction and non-fiction books, Rohmer has met with such public figure as Queen Elizabeth, General George Patton, "Intrepid" Sir William Stephenson, Presidents Eisenhower, Regan, and Clinton, and has flown with John F. Kennedy. He is currently a member of the board of directors of Hollinger Inc. Recently, he chaired the 60th anniversary of the D-Day Advisory Committee to the Minister of Veterans Affairs. His autobiography, Generally Speaking: The Memoirs of Richard Rohmer, is written with Rohmer's characteristic frankness and insight.

Breakout from Juno-Mark Zuehlke 2011 The ninth book in the Canadian Battle Series, Breakout from Juno, is the first dramatic chronicling of Canada's pivotal role throughout the entire Normandy Campaign following the D-Day landings. On July 4, 1944, the 3rd Canadian Infantry Division won the village of Carpiquet but not the adjacent airfield. Instead of a speedy victory, the men faced a bloody fight. The Canadians advanced relentlessly against Hitler's finest armoured divisions, at a great cost in bloodshed. Initially, only the 3rd Division was involved, but in a couple of weeks two other Canadian divisions -- 2nd Infantry and 4th Armoured -- along with a Polish division and several British divisions came together as First Canadian Army. While their generals wrangled and planned, the soldiers fought within a narrow landscape extending a mere 21 miles from Caen to Falaise. The Canadians won a two-day battle for Verrières Ridge starting on July 21, costing them 1,500 casualties. More bloody battles followed, until finally, on August 21, the narrowing gap that had been developing at Falaise closed when American and Canadian troops shook hands.

The German army in Normandy had been destroyed, only 18,000 of about 400,000 men escaping. The Allies suffered 206,000 casualties, of which 18,444 were Canadians. Breakout from Juno is a story of uncommon heroism, endurance and sacrifice by Canada's World War II volunteer army and pays tribute to Canada's veterans at a time when many Canadians, young and old, are actively engaged in acts of remembrance.

Managing and Interpreting D-Day's Sites of Memory-Geoffrey Bird 2016-03-02 More than seventy years following the D-Day Landings of 6 June 1944, Normandy's war heritage continues to intrigue visitors and researchers. Receiving well over two million visitors a year, the Normandy landscape of war is among the most visited cultural sites in France. This book explores the significant role that heritage and tourism play in the present day with regard to educating the public as well as commemorating those who fought. The book examines the perspectives, experiences and insights of those who work in the field of war heritage in the region of Normandy where the D-Day landings and the Battle of Normandy occurred. In this volume practitioner authors represent a range of interrelated roles and responsibilities. These perspectives include national and regional governments and coordinating agencies involved in policy, planning and implementation; war cemetery commissions; managers who oversee particular museums and sites; and individual battlefield tour guides whose vocation is to research and interpret sites of memory. Often interviewed as key informants for scholarly articles, the day-to-day observations, experiences and management decisions of these guardians of remembrance provide valuable insight into a range of issues and approaches that inform the meaning of tourism, remembrance and war heritage as well as implications for the management of war sites elsewhere. Complementing the Normandy practitioner offerings, more scholarly investigations provide an opportunity to compare and debate what is happening in the management and interpretation at other World War II related sites of war memory, such as at Pearl Harbor, Okinawa and Portsmouth, UK. This innovative volume will be of interest to those interested in remembrance tourism, war heritage, dark tourism, battlefield tourism, commemoration, D-Day and World War II.

Canada at War-Paul Keery 2012 In 1914, Canada went to war as a subject of Britain. In 1939, it made the choice to fight all on its own. Canada at War follows the developments and setbacks, wins and losses, of a nation learning to stand up for itself under the toughest possible conditions: in the midst of the most difficult war of the twentieth century. In graphic-novel format, fully illustrated and in full colour, Canada at War shows the growth of a nation's army, navy, and air forces through movingly depicted triumphs and tragedies. From the disheartening losses at Dieppe and Hong Kong through the Battle of the Atlantic and the invasion of Sicily, it focuses on the human dimension of the key battles and decisions that ultimately swung the war in the Allies' favour. This moving, graphic account ends, after the victories of D-Day and Juno Beach and the liberation of Europe, with a final reckoning of the legacy these storied years have had on a country forged through war. Aimed at a general audience of both adults and young adults, this very human history tells the stories behind some of this country's most distinguishing military moments.

Hell and High Water-Lance Goddard 2007-10-22 Although it has been overshadowed by other events of the Second World War, Canada's role in the Italian Campaign, from 1943 to 1945, was significant. Canadian forces played a major role in this campaign, whose goal was to open a second front in order to ease the pressure on Russian forces in the east. Canada fought under British command alongside British and American units, but our soldiers saw some of the fiercest fighting and achieved glory many times, including at the Battle of Ortona, one of Canada's greatest military accomplishments. The pictorial history examines the Italian Campaign from the view of the soldiers serving there. Regiments represented in interviews in this book include the Princess Patricia's Light Infantry, the Perth Regiment, the Governor-General's Horse Guards, the Ontario Regiment, the 48th Highlanders, the Calgary Regiment, the Hastings and Prince Edward Regiment, the Royal Canadian Dragoons, and the Royal Canadian Navy.

Too Young to Die-John Boileau 2016-10-03 John Boileau and Dan Black tell the stories of some of the 30,000 underage youths -- some as young as fourteen -- who joined the Canadian Armed Forces in the Second World War. This is the companion volume to the authors' popular 2013 book *Old Enough to Fight* about boy soldiers in the First World War. Like their predecessors a generation before, these boys managed to enlist despite their youth. Most went on to face action overseas in what would become the deadliest military conflict in human history. They enlisted for a myriad of personal reasons -- ranging from the appeal of earning regular pay after the unemployment and poverty of the Depression to the desire to avenge the death of a brother or father killed overseas. Canada's boy soldiers, sailors and airmen saw themselves contributing to the war effort in a visible, meaningful way, even when that meant taking on very adult risks and dangers of combat. Meticulously researched and extensively illustrated with photographs, personal documents and specially commissioned maps, *Too Young to Die* provides a touching and fascinating perspective on the Canadian experience in the Second World War. Among the individuals whose stories are told: Ken Ewing, at age sixteen taken prisoner at Hong Kong and then a teenager in a Japanese prisoner of war camp; Ralph Frayne, so determined to fight that he enlisted in the army, navy and Merchant Navy all before the age of seventeen; Robert Boulanger, at age eighteen the youngest Canadian to die on the Dieppe beaches.

D-Day Invasion of Normandy-Michael Capek 2015-08 This title examines the invasion of Normandy during World War II, focusing on the planning, the equipment, and the brave soldiers who ensured an Allied victory. Compelling narrative text and well-chosen historical photographs and primary sources make this book perfect for report writing. Features include a glossary, a selected bibliography, websites, source notes, and an index, plus a timeline and essential facts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Scoundrels, Dreamers & Second Sons-Mark Zuehlke 2016-05-14 "‘Remittance man’ was meant to be a disparaging term. It reflected the fact that these young men had been sent to the colonies to spare their families continuing embarrassment or shame. At home they had been scoundrels, dreamers, and second sons without future prospects. Perhaps in...the Canadian West they would make something of themselves. If they didn't, at least they would be far enough away that little disgrace would fall upon their families." —Mark Zuehlke Beginning in 1880, thousands of young, upper-class British men with few prospects were sent to the Canadian West to distance them from British society. Still supported by their families, thus earning them the title "remittance men," these men set out to continue their lives of leisure in this new land. With education, respectable breeding and the belief "from birth that they were superior beings," the remittance men descended upon Western Canada with expectations of accomplishing something great and increasing their wealth. In reality, they hunted, played games, courted women, and enjoyed distinguished pursuits that squandered their parents' money and made hard-working Canadians raise their eyebrows. Though their era in Western Canada was short, 1880–1914, "they left an indelible mark perpetuated by the stories and legends that sprung up around them." In *Scoundrels, Dreamers & Second Sons*, first published fifteen years ago, Mark Zuehlke traces the path of the remittance men through Western Canada, highlighting their adventures, limited successes and glorious failures.

Forgotten Victory-Mark Zuehlke 2014-10-25 During the winter of 1944–45, the western Allies desperately sought a strategy that would lead to Germany's quick defeat. After much rancorous debate, the Allied high command decided that First Canadian Army would launch the pivotal offensive to win the war—an attack against the Rhineland, an area of Germany on the west bank of the Rhine. Winning this land would give them a launching point for crossing the river and driving into Germany's heartland. This was considered the road to victory. For those who fought, the names of battlegrounds such as Moyland Wood and the Hochwald Gap would forever call up memories of uncommon heroism, endurance and tragic sacrifice.

Their story is one largely lost to the common national history of World War II. Forgotten Victory gives this important legacy back to Canadians. **Terrible Victory**-Mark Zuehlke 2009-07-01 Mark Zuehlke is an expert at narrating the history of life on the battlefield for the Canadian army during World War II. In **Terrible Victory**, he provides a soldiers-eye-view account of Canada's bloody liberation of western Holland. Readers are there as soldiers fight in the muddy quagmire, enduring a battle that lasted three weeks and in which 6,000 soldiers perished. **Terrible Victory** is a powerful story of courage, survival, and skill.

**Tragedy at Dieppe**-Mark Zuehlke 2012 "The gripping story of the Canadian Army's disastrous raid on Dieppe -- the tenth installment of the bestselling Canadian Battle Series Nicknamed "the Poor Man's Monte Carlo," Dieppe had no strategic importance in World War II -- but the decision to assault it in August 1942 with the largest raid mounted to that date was political. With the Soviet Union thrown on the ropes by German invasion and America having just entered the war, Britain was under intense pressure to launch a major cross-Channel attack. In Canada, too, the public was calling for action, impatient to see Canadian soldiers wrap up their training in Britain and get into the war. Almost 5,000 Canadians formed the core of a 6,000-strong force. By the raid's end, 913 would be dead or mortally wounded, 1,946 would be prisoners of war and the Dieppe raid would become Canada's most costly day of World War II. Drawing on rare archival documents and personal interviews, Mark Zuehlke examines how the raid came to be and why it went so tragically wrong. From the clashes of personality and ambition among those masterminding the raid to the experiences of the common soldier left to carry it out, this tenth installment of the Canadian Battle Series tells a compelling, unflinching story."--Publisher's website. □□□□□□□□-Lawrence Sanders 1994

**D-Day in Numbers**-Jacob F. Field 2014-04-25 D-Day, 6 June 1944, the day on which the Allies landed on the beaches of Normandy with the intention of reclaiming mainland Europe from German occupation. The significance of the operation has captured the collective imagination to become the defining moment of World War Two and represents the ending to the struggles of the early twentieth century. **D-Day in Numbers** follows the course of the war in Europe from 1939 through to the D-Day landings and their aftermath, taking in the most poignant events and looking at each through the numbers involved. Each number signifies an important moment within a larger story as they are explained in the context of the surrounding events. And with the vast amount of planning that went into the execution of such an ambitious operation, the numbers involved are staggering, surprising and often inspiring. Broken down into chapters that set the scene of the war in Europe so far, the planning and preparation of D-Day, the landings, the battles and the aftermath. Discover the numbers that promised to change the balance of power in Europe, and indeed, the world, as Deliverance Day, 1944 got underway.

**On to Victory**-Mark Zuehlke 2010 Book eight in the Canadian Battle Series, **On to Victory** is the little-told story of the tense final days of World War II, remembered in the Netherlands as "the sweetest of springs," which saw the country's liberation from German occupation. The Liberation Campaign, a series of fierce, desperate battles during the last three months of the war, was bittersweet. A nation's freedom was won and the war concluded, but these final hostilities cost Canada 6,298 casualties, including 1,482 dead. With his trademark "you are there" style that draws upon official records, veteran memories, and a keen understanding of the combat experience, Mark Zuehlke brings to life this concluding chapter in the story of Canada in World War II. Published to coincide with the 65th anniversary of Canada's dramatic liberation of Holland. **Canada at War**-Paul Keery 2012-05-04 A beautifully crafted graphic novel, tracing the achievements of the Canadian Forces in the Second World War. In 1914, Canada went to war as a subject of Britain. In 1939, it made the choice to fight all on its own. **Canada at War** follows the developments and setbacks, wins and losses, of a nation learning to stand up for itself in the midst of the most difficult war of the 20th century. In graphic-novel format, fully illustrated and in full colour, **Canada at War** shows the growth of a nation's army, navy and air force through movingly depicted triumphs and tragedies. From the disheartening losses at Dieppe and Hong Kong through the Battle of the Atlantic and the invasion of Sicily, it focuses on the human dimension of the key battles and decisions that ultimately swung the war in the Allies' favour. This poignant graphic account ends, after the victories of D-Day and Juno Beach and the liberation of Europe, with a final reckoning of the legacy these storied years have had on a country forged through war. Aimed at both adult and young adult readers, this very human history tells the stories behind some of this country's most distinguishing military moments.

**Operation Husky**-Mark Zuehlke 2009-07-01 On July 10, 1943, two great Allied armadas of over 2,000 ships readied to invade Sicily. This was **Operation Husky**, the first step toward winning a toehold in fascist-occupied Europe. Among the invaders were 20,000 Canadian troops serving in the First Canadian Infantry Division and First Canadian Tank Brigade — in their first combat experience. Over the next 28 days, the Allied troops carved a path through the rugged land, despite fierce German opposition. Drawing on firsthand accounts of veterans and official military records, **Operation Husky** offers a gripping, meticulous account of this seminal operation and the young men who fought, died, and survived it.

**Canada and the Liberation of the Netherlands, May 1945**-Lance Goddard 2005-05-01 Nazi Germany's invasion of the Netherlands in May 1940 marked the beginning of five years of terror for the Dutch people. They faced oppression and death with remarkable stoicism, but nothing could save them from the Hunger Winter of 1944-5, when more than 30,000 people died of starvation. In this time of unimaginable despair, Canada came to the rescue, playing the largest role in liberating the Netherlands and ending the Nazi reign of terror. The Canadians gave the Dutch freedom - and food - and out of such dark times an eternal friendship was forged. Told through interviews with Dutch survivors and Canadian veterans, **Canada and the Liberation of the Netherlands, May 1945** delves into this little known chapter of history.
