Pharmaceutical Jurisprudence-Dr. B. S. Kuchekar 2008-01-08

Books-in-Brief: Public Policy: Beyond Traditional Jurisprudence-Basma I. Abdelgafar 2018-09-01 This work charts new territory in Islamic scholarship by attempting to address the field of public policy from a maqasid (higher objectives of the Shariah) perspective. Public Policy is an independent discipline from both law and politics. Thus, Public Policy in Islam is introduced here as a qualitatively different enterprise from both fiqh (Islamic jurisprudence) and siyasah shar’iyyah (Shariah-oriented politics). The book deals with a number of critical topics that include methodology, governance, human rights, ethics, political power, and reform and renewal. It highlights how the maqasid approach is indispensable to the theory and practice of public policy in Islam, how it could resolve some of the most persistent governance dilemmas throughout Muslim history, but more significantly, how it forces a re-conceptualisation of the wealth of knowledge available in Islam’s primary sources to introduce Public Policy in Islam to mainstream policy studies.

Islamic Jurisprudence-Rashid Ahmad Khan 1978

A First Book of Jurisprudence for Students of the Common Law-Frederick Pollock 1918

Law Series 7 : Jurisprudence-Abhinav Misra

The Province of Jurisprudence Determined-John Austin 1832

Text-book of Medical Jurisprudence and Toxicology-John James Reese 1891

What’s more, Routledge Q&As are written by lecturers who are also examiners, giving you an exclusive insight into exactly what examiners are looking for in an answer.

A Jurisprudence of Movement-Olivia Barr 2016-02-22 Law moves, whether we notice or not. Set amongst a spatial turn in the humanities, and jurisprudence more specifically, this book calls for a greater attention to legal movement, in both its technical and material forms. Despite various ways the spatial turn has been taken up in legal thought, questions of law, movement and its materialities are too often overlooked. This book addresses this oversight, and it does so through an attention to the materialities of legal movement. Paying attention to how law moves across different colonial and contemporary spaces, this book reveals there is a problem with common law’s place. Primarily set in the postcolonial context of Australia – although ranging beyond this nationalised topography, both spatially and temporally – this book argues movement is fundamental to the very terms of common law’s existence. How, then, might we move well? Explored through examples of walking and burial, this book responds to the challenge of how to live with a contemporary form of colonial legal inheritance by arguing we must take seriously the challenge of living with law, and think more carefully about its spatial productions, and place-making activities. Unsettling place, this book returns the question of movement to jurisprudence.

Journal of Jurisprudence and Scottish Law Magazine- 1890 Includes court reports.

Jurisprudence-Scott Veitch 2013-07-04 Jurisprudence: Themes and Concepts offers an original introduction to, and critical analysis of, the central themes studied in jurisprudence courses. The book is presented in three parts each of which contains General Themes, Advanced Topics, tutorial questions and guidance on further reading: Law and Politics, locating the place of law within the study of institutions of government Legal Reasoning, examining the contested nature of the application of law Law in Modernity, exploring the social forces that shape legal development. This second edition includes enhanced discussion of the rise of legal positivism within the context of the rise of the modern state, the changing role of natural and human rights discourse, concepts of justice in and beyond the nation state, the impact of emergency doctrines in contemporary legal regulation, and challenges to the rule of law in light of shifting and competing demands for new types of social solidarity. Accessible, interdisciplinary, and socially informed this book has been revised to take into account the latest developments in jurisprudential scholarship.

An Investigation of the Causal Inference between Epidemiology and Jurisprudence-Minsoo Jung 2018-01-31 This book examines how legal causation inference and epidemiological causal inference can be harmonized within the realm of jurisprudence, exploring why legal causation and epidemiological causation differ from each other and defining related problems. The book also discusses how legal justice can be realized and how victims’ rights can be protected. It looks at epidemiological evidence pertaining to causal relationships in cases such as smoking and the development of lung cancer, and enables readers to correctly interpret and rationally use the results of epidemiological studies in lawsuits. The book argues that in today’s risk society, it is no longer possible to thwart the competence of evidence using epidemiological research results. In particular, it points out that the number of cases that struggle to prove a causal relationship excluding those using epidemiological data will lead to an increase in the number of lawsuits for damages that arise as a result of harmful materials that affect our health. The book argues that the responsibility to compensate for damages that have actually occurred must be imputed to a particular party and that this can be achieved by understanding causal inferences between jurisprudence and epidemiology. This book serves as a foundation for students, academics and researchers who have an interest in epidemiology and the law, and those who are keen to discover how jurisprudence can bring these two areas together.

Legal Aspects of Business-Daniel Albuquerque 2017-10-19 The second edition of Legal Aspects of Business: Texts, Jurisprudence, and Cases is a comprehensive textbook designed especially for postgraduate students of business management. It presents a complete, all inclusive jurisprudence and supplements the concepts with numerous cases, exercises, and profiles of legal luminaries. The book is divided into six parts. Part I introduces the reader to Business Jurisprudence. As the contract law is foundation to all business laws, Part II, Commercial Jurisprudence, on Mercantile Law discusses the Indian Contract Act, 1872 and its features at length. The Sale of Goods Act, 1930, the Negotiable Instrument Act, 1881, The Indian Partnership Act, 1932, the Companies Act, 2013, and the Competition Act, 2002 are also covered in depth. Part III, Financial Jurisprudence, covers the laws related to finance and banking at length. Part IV, Labour and Industrial Jurisprudence, covers the laws related to wages, workers' social security, and industrial relations. Part V, Aspects of New Economy and Jurisprudence, throws light on laws related to information and communication, intellectual property rights, and environment protection. Part VI, Judicial and Social Jurisprudence, is devoted to business and criminal liability and basic rights and business. The book also offers valuable insights to practitioners to arrive at legally sound decisions in various business situations.

Therapeutic Jurisprudence and Overcoming Violence Against Women-Halder, Debarati 2017-02-22 Law is a multi-dimensional aspect of modern society that constantly shifts and changes over time. In recent years, the practice of therapeutic jurisprudence has increased significantly as a valuable discipline.

Therapeutic Jurisprudence and Overcoming Violence Against Women is a comprehensive reference source for the latest scholarly research on the strategic role of jurisprudential practices to benefit women and protect women’s rights. Highlighting a range of perspectives on topics such as reproductive rights,

workplace safety, and victim-offender overlap, this book is ideally designed for academics, practitioners, policy makers, students, and practitioners seeking research on utilizing the law as a social force in modern times.

The Legacy of John Austin's Jurisprudence-Michael Freeman 2012-09-12 This is the first ever collected volume on John Austin, whose role in the founding of analytical jurisprudence is unquestionable. After 150 years, time has come to assess his legacy. The book fills a void in existing literature, by letting top scholars with diverse outlooks flesh out and discuss Austin's legacy today. A nuanced, vibrant, and richly diverse picture of both his legal and ethical theories emerges, making a case for a renewal of interest in his work. The book applies multiple perspectives, reflecting Austin's various interests - stretching from moral theory to theory of law and state, from Roman Law to Constitutional Law - and it offers a comparative outlook on Austin and his legacy in the light of the contemporary debate and major movements within legal theory. It sheds new light on some central issues of practical reasoning: the relation between law and morals, the nature of legal systems, the function of effectiveness, the value-free character of legal theory, the connection between normative and factual inquiries in the law, the role of power, the character of obedience and the notion of duty.

Text-Book of Medical Jurisprudence and Toxicology (Classic Reprint)-John James Reese 2018-03-13 Excerpt from Text-Book of Medical Jurisprudence and Toxicology This Text-book has been written more particularly to meet the wants of students of Legal Medicine. The author is aware that the field has already been occupied by able and popular treatises on medical jurisprudence, well known to the professions of medicine and law; but an experience of over twenty years, as a public teacher of this branch of science, has convinced him that students in both these professions, who desire to acquire a knowledge of medical jurisprudence, are too often deterred from their purpose by being confronted by the ponderous works of recognized masters, extending to three, and even six large octavo volumes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. Modi-Jaising P. Modi 2011

The Social Rights Jurisprudence in the Inter-American Court of Human Rights-Isaac de Paz González 2018-12-28 The Inter-American Court of Human Rights continues to build justiciability to determine the social rights of marginalised individuals and groups in the Americas. In this engaging book, Isaac de Paz González unveils the abilities, and the practices of the Inter-American Court's contribution to human rights policy in the Global South.This innovative book offers a thorough and complete examination of the Inter-American Court's jurisprudence over its forty years of existence, within the framework of Economic and Social Rights (ESR). The author offers a concise discussion of both the historic and landmark cases in regards to ESR, and its theoretical basis, as well as giving insight into how to further improve and protect the lives of the most vulnerable people in the Americas. This book also exposes the possibility of enforcing legal remedies for poverty and structural discrimination in order to seek social justice.Contemporary and insightful, this book will be vital reading for legal scholars and students interested in human rights more broadly, as well as social justice and social rights specialists. Judges, practitioners and policymakers will also find this book a thought-provoking read.
