Just Call Me Joe presents a full picture of life in New York City for the working poor. Anna, Joe's older sister, struggles to cope with the terrible factory conditions of the time. Just Call Me Superhero-Alina Bronsky 2014-10-07 The acclaimed author of Broken Glass Park brings her “warmth, humor and sharp observational eye” to a disfigured teenager’s coming of age in Berlin (Kirkus Reviews). Once a handsome teenager, seventeen-year-old Marek is left badly disfigured after a Rottweiler attack. Now his mother sends him to a support group for young people with physical disabilities—what he calls “the cripple group”—led by an eccentric older man only known as “the guru”. Angry at the world and dismissive of the group, Marek sees no connection between their misfortunes and his own. Then a family crisis forces Marek to face his demons, and he finds himself in dire need of support. But the distance he has put between himself and the guru’s misshapen acolytes may well be too great to bridge. Just Call Me Superhero cements Alina Bronsky’s reputation as one of Germany’s most compelling and stylish young authors. An atmospheric evocation of modern Berlin, a vivid portrait of youth under pressure, and a moving story about learning to love, this new novel from the author of Broken Glass Park and Hottest Dishes of the Tartar Cuisine is an irreverent look at the sometimes-difficult work of self-acceptance.

Just Call Me Jane-Dennis Solon 2013-10-11 I have always had people who knew my mother tell me that someday someone should write a book about that woman. While I sometimes had the inclination to write her story, I never seemed to find the time. However, I was forced to have a spinal fusion and the recovery period meant months away from my golf game. I now had the time to write my mothers story, which turned out to be my story as well. Because this would be a totally new venture for me, I was looking for help and input from many directions. Undoubtedly, Martha, my wife, was my biggest helper and supporter. I want to thank her for putting up with Jane and her bizarre ways all those years. Martha also has a degree in English, which came in very handy when editing the book. Next I would like to acknowledge our four children, Mark, Michael, John, and Shannon. They all had to deal with Jane. They reminded me of some of Janes eccentricities which are mentioned in this book. Most of all, I want the kids to know that I sincerely regret that Jane was not a better Grandma to them. Grandmas are wonderful people and our kids missed out on that joy in life. I appreciate the input of Rosie Browning, our friend and accomplished teacher of English, who read the first draft and made many suggestions that I welcomed and incorporated into the book. I would also like to thank Sandi Faber for her contribution and editing skills. Many thanks to Dee Domingo, our neighbor and computer guru. I could not have put this book on a flash drive without her. I would be remiss if I did not acknowledge all of my friends who gave me such positive encouragement. My friend Jeanie Williamson suggested the title, and Nancy Campbell, my former secretary, shared some of her memories with me. Every story about Jane in this book is true and is written exactly as remembered by folks who dealt with her directly. To my brother-in-law Jerome Carrigan, my nephew Jay Carrigan and his wife Lisa, my niece Michele, and certainly John Nelson, I just want to say thanks for remembering.

Just Call Me Eva-Joyce Kennedy 2007 For half a century, Eva Kennedy was at the centre of things in the small eastern Ontario village of Cumberland, while raising a family of six, assisting her husband who was the township clerk, and running a private maternity hospital. And in writing, she found some solace for the fears that accompanied her sons to war, and contentment as her children made their own way in a brave new world. Her diaries and letters, annotated by her daughter, offer a remarkable insight into an extraordinary age.

Just Call Me Orville-Robert W. Topping 2011 Based on extensive interviews and archival research, this book traces the career of Orville Redenbacher, the “popcorn king,” from his agricultural studies at Purdue University to his emergence as an American advertising icon. Born in Brazil, Indiana, in 1907, Orville began his lifelong obsession with the development of new strains of seed at Purdue where he earned a degree in agronomy while also playing in the All-American Marching Band. After experimenting with thousands of varieties, Orville and his partner Charlie Bowman launched Orville Redenbacher’s Gourmet Popping Corn in 1970. Through a combination of shrewd marketing and a notably superior product, the partners controlled a third of the market for popping corn by 1976, when their Chester Hybrids business was sold to Hunt Wesson Foods. While the company gradually became absorbed into the food giant ConAgra, Orville Redenbacher prospered as a larger-than-life brand spokesperson and a symbol of wholesomeness and fun until his death in 1995.

Autobiography of a Repaired Physician-Prospero Shimshon Shimon 2011-01-29 The Autobiography of a Repaired Physician : Mental Health as Seen from Both Sides of the Desk is a trilogy. Book I deals with my life before, during and after the emergence of an attack of bipolar disorder. The shattering consequences of the disorder and the personal history that precede it are discussed in great clinical and personal detail. My chief concern is that the reader comprehend how the past, present, and future come into play in understanding the outcome in the treatment of this destructive and deadly disease. Book II concerns the social stigma associated with having a history of the disorder and the many pitfalls clinically, psychologically and socially that exist for an individual, such as myself who is charged with the professional responsibility of caring for people suffering from similar affl ictions. Book III is about my adventures in the real world as I have seen it. It relates to the madness of our world in which the ever present and infuriating search for power prestige and possessions appear unfortunately to be the primary determinants of behavior in our society. Many of my closest friends have tried to dissuade me from writing about this issue because they feared I would be exposing myself to further social stigma. I feel strongly that those who have suffered from the destructive effects of the spectrum of bipolar disorder must know how treatment works and what pitfalls to avoid in treatment. As a physician it is my duty to heal myself and with the help of some very talented colleagues. I have been able to do just that. My struggle continues and in that sense more books will be written. I would like to especially acknowledge the help of my wife Barbara, who has stuck with me through thick and thin, and my children Miranda, Alexander and Victoria who love each other and me.

I Have Good News and Bad News-Alnoor Rajan 2010-03 Rajan Talwar's book is not simply an individual's journey through the trials of living with Multiple Sclerosis. It is a discourse between a thinking, reflective being with his world. It is a discourse on life, not in any abstract fashion, but in the very real essence of living each day to its fullest. His sense of humour prevails even in his darkest moments of anger and despair, as he punctuates some of the most painful moments of his life with this humour. Every chapter contains a positive lesson from a negative circumstance. The question of self growth for the author is linked to the inexorable condition of the disease that holds him captive. Boustan Hirji - Dawson College Unique, self-told story of pain, courage and triumph. A candid account of the real turbulences of life. Informative of treatments that the medical profession considers 'Witchcraft' Passionately written. Refreshingly honest, open and sensitive. The author invites us to his world of MS and takes us on an intimate tour of his fears, hopes, despair, strengths. On this tour, we encounter our own innermost being; we find reflected in his world our own world. We find the echoes of our own questions, and we question our responses to the world we all live in. He provides us with the lens through which to view his world and we find that this lens is indeed a reflection of our own world. In this sense his world of MS is indeed our world and MS is then our metaphor for the calamities of our lives. This is one man's journey of coming to terms with his reality and it can only inspire us and help us to come to terms with our own reality. A must read for every thinking, feeling, and struggling person! Zeenat Shariff Aga Khan University
