So you're ready to make the leap from writing HTML and CSS web pages to creating dynamic web applications. You want to take your web skills to the next level. And you're finally ready to add "programmer" to the resume. It sounds like you're ready to learn the Web's hottest programming language: JavaScript. Head First JavaScript is your ticket to going beyond copying and pasting the code from someone else's web site, and writing your own interactive web pages. With Head First JavaScript, you learn: The basics of programming, from variables to types to looping How the web browser runs your code, and how you can talk to the browser with your code Why you'll never have to worry about casting, overloading, or polymorphism when you're writing JavaScript code How to use the Document Object Model to change your web pages without making your users click buttons If you've ever read a Head First book, you know what to expect -- a visually rich format designed for the way your brain works. Head First JavaScript is no exception. It starts where HTML and CSS leave off, and takes you through your first program into more complex programming concepts -- like working directly with the web browser's object model and writing code that works on all modern

browsers. Don't be intimidated if you've never written a line of code before! In typical Head First style, Head First JavaScript doesn't skip steps, and we're not interested in having you cut and paste code. You'll learn JavaScript, understand it, and have a blast along the way. So get ready... dynamic and exciting web pages are just pages away.

2011-09-25 Marc Mazis "The Book of Lessons attempts to describe a series of lessons which were born from some encounters, signs, experiences and messages that I received from God. It is filled with the spiritual tools that were lovingly given to me to help me avoid the crash and burn of a life lived selfishly and without regard to the well being of myself and others. The messages and lessons include sacred sources of untold wisdom and intertwine all-religions and spiritual paths. They have taken me on a journey of tremendous personal transformation occurring by 'tuning into the Living Universe'" and ~ by practice. It is my hope that you too will see synchronicity in the signs and messages that you experience everyday, in your great Dance with God in a loving relationship. And that your connection with that love and power will light your path as you proceed, and the transformation will bring you unspeakable joy."- Marc Steven Mazis

Brittany Handle was doing the best she could. She had just

gotten out of a violently abusive relationship, and she was doing her best to get her business rolling. Having heard her sister died, she and her son, Jamie, went to Ohio to settle her sister's affairs. Dwayne Bishop was settling into his new job at Addington. The owner was grooming him to take over when she retired. He was walking back to his office when Jamie literally barreled into him. The boy was being chased by three bullies. He had given as good as he got until one of them had hit him in the head with a baseball bat. Dwayne stepped in and protected the boy. Once back at his office, the boy was hurt worse than Dwayne thought and collapsed. Panicking, Dwayne reaches out to his family for help. Brit was doing her best to keep her shit together. Everyone kept saying it was bad, but she hadn't seen Jamie yet, and until she did, she was doing her best to keep from snapping at everyone. But when Dwayne handed her what Jamie had had in his pocket, the jolt nearly knocked her off her chair. They were mates! She had just got out of one abusive relationship. There was no way she was bowing down to any man ever again....

2011-01-29 Prospero Shimshon Shimon The Autobiography of a Repaired Physician : Mental Health as Seen from Both Sides of the Desk is a trilogy. Book I deals with my life before, during and after the emergence of an attack of bipolar disorder. The shattering consequences of the disorder and the personal history that precede it are discussed in great clinical and personal detail. My chief concern is that the reader comprehend how the past, present, and future come into

play in understanding the outcome in the treatment of this destructive and deadly disease. Book II concerns the social stigma associated with having a history of the disorder and the many pitfalls clinically, psychologically and socially that exist for an individual, such as myself who is charged with the professional responsibility of caring for people suffering from similar afflictions. Book III is about my adventures in the real world as I have seen it. It relates to the madness of our world in which the ever present and infuriating search for power prestige and possessions appear unfortunately to be the primary determinants of behavior in our society. Many of my closest friends have tried to dissuade me from writing about this issue because they feared I would be exposing myself to further social stigma. I feel strongly that those who have suffered from the destructive effects of the spectrum of bipolar disorder must know how treatment works and what pitfalls to avoid in treatment. As a physician it is my duty to heal myself and with the help of some very talented colleagues. I have been able to do just that. My struggle continues and in that sense more books will be written. I would like to especially acknowledge the help of my wife Barbara, who has stuck with me through thick and thin, and my children Miranda, Alexander and Victoria who love each other and me.

2009-05 Tammy Crawford A beautiful collection of poetry between a granddaughter and grandmother. Between Two Hearts shows a great amount of difference between the

authors, in thier way of writing. Both authors show mostly triditional rhyme style, but show a contrast with thier story-telling. You will feel yourself in these wonderful poems, as if you have lived it, been there in some point in your life. You will laugh, smile, and cry. Very emotional and heartfelt for readers as well as the authors.

2017-06-29 Maya Morrow Silicon Valley Girl (Hardcover Version) by Maya Morrow Inspired by the life and works of poet Sylvia Plath, including Plath’s published journals, Maya Morrow presents her own coming-of-age journey in this collection of raw and uncensored diaries spanning a decade and a half. The story begins Christmas 1984 and ends in 1999, when the author, twenty-six, rediscovers the handwritten diaries for the first

time. "These diaries are compelling enough on their own," Morrow writes. "However, what makes this coming-of-age story different from many others is that it gives the reader a glimpse of not just an average, American middle class girl's life - it highlights the fact that my life was that, and I'm Afro American. When The Cosby Show came on, I saw my family on television, and didn't understand why the media said the show was an unrealistic depiction of African American life. It was realistic; it was my life!" Set against a backdrop of cultural touchstones any Gen-Xer would recognize, Silicon Valley Girl: My Adolescent Life and Times, and an Ode to Generation X offers a deeply personal look at the emotional life of a teenager of color trying to make sense of race, class, and sexuality at the dawn of Post-Cold War America. (2017, Hardcover, 242 pages)

DR. SEEMA DANSANA Loving someone and having them love you back is the most precious thing in the world. Love is a beautiful thing. Finding the love of your life is one of the best things that can happen to your life. When you are in love with "the one", you feel genuine attraction and passion towards each other. Your special someone will always make you smile and feel better, compromise with you, listen to you, and be a constant source of support.

2011-02-09 Angela De Souza Every little girl wants to know that their daddy thinks they are beautiful! As we grow older that doesn't change, our heart and soul still longs to hear the words, "You are beautiful". All my life I heard the words, "Angela you are strong", or

"Angela, you will get through this - you know you are strong". The words that caught me off guard one day were the words my husband, Eric, spoke to me. To my surprise the very words that I thought would cause me offense were the exact words that set me free. Quite simply, he said, "Darling, you are not strong". Hearing these simple words caught me off guard. What do you mean? I have always been told how amazingly strong I am and how I can always get through anything because I can cope. Are you really telling me that I am not all these things? Why does this feel good? Secure on the Rock is my journey in discovering the beautiful gift God has given me in making me the weaker vessel. He has shown me who I really am and set me free from the snare of controlling insecurity. No longer do I live life confused and unsure of myself; I know who I am and I love being me. I don't have to be in control and I don't have to feel insecure, I am totally free to be me. All my life I have longed for this freedom believing it only to be a fairy tale, but today I can testify beyond reasonable doubt that this freedom is possible, it's not a fairy tale and best of all you can have it too!

1992-01-01 Linda Feyder Cherr'e Moraga, Migdalia Cruz, Caridad Svich, Josefina Lopez , Edit Villarreal and Diana Sřena are in the vanguard of contemporary Hispanic women playwrights in the United States. The voices of three generations of Hispanic women are heard in these plays as the women explore their bicultural heritage, articulating what it means to be a Hispanic woman and, in essence, shattering the myths that have been associated with that heritage. The plays of Shattering the Myth illuminate a feminine language rich with texture and character, a language that has far too long been hidden from this country's cultural tapestry.

Opening the anthology is an introduction by Linda Feyder which provides background on the playwrights and their works. The plays in the collection were chosen by noted playwright and novelist Denise Chřvez.

2012-12-11 Reicko Antonio Young Michael Valentine narrates a first-hand account of his journey with words expressed in a manner that enables the reader to see everything down to the last detail as if you were watching it on the big screen. Following the death of his father, hes forced to become the man of the house. His vivid description of his life story helps you visualize his transition from a young naive Christian boy to a youthful contract killer hired by two of the largest crime families in the Metropolitan area and on the East Coast. You will feel his pain from the loss of his father to the betrayal of close friends and confidants as well as his pleasure he receives through his accomplishments. He not only grows into a man through his sexual and physical changes, but he learns the definition of loyalty, family, and greed as well. Travel with Michael as he takes you for a night on the town all around DC, Maryland, and Virginia and to various cities, countries, and bedrooms. Some of his sexual encounters are casual, few are emotional, but the majority is a part of business. Ride with him in exotic cars and walk with him as he stalks his target and takes them out. Nothings sugar coated; its as real as it gets. He

realizes that he becomes addicted to sex, murder and money. You wont just read the diary of a hit man; youll see it as he lives it.

2012-03 Warren O. Monroe A Collection of Daily Thoughts The word thought generally refers to any mental or intellectual activity involving an individual's subjective consciousness. It can refer either to the act of thinking or the resulting ideas or arrangements of ideas. Over the past few years, I've put my thoughts down on paper and shared them with family and friends. Some said to me "it's too long," some said to me "I've heard that before," and some said nothing, as if my thoughts were delivered and had fallen into a black hole. On the other hand, there were those who cheered me on and encouraged me to keep distributing my thoughts and consider some day writing a book. What Do You Think about It is a labor-of-love collection of my best thirty-one weekly thoughts (plus two bonus thoughts because I couldn't decide on just 31) for your daily preview. In addition, you can take an active part in my literary endeavor by writing down your thoughts at the end of each chapter. One difference between humans and other animals is our ability to think, process our thoughts, and make life-changing decisions on the results. As you read and hopefully enjoy this book of daily thoughts, do your best to retain the messages intended in each thought. It's not really our efforts that define us; it's

our ability to open our minds and hearts to the depths of our true thoughts and honest feelings. Paracelsus, renaissance period physician, chemist, and surgeon, wrote, "Thoughts are free and subject to no rule. On them rest the freedom of a man and they tower above the light of nature . . . create a new heaven, a new firmament, a new source of energy from which new art flows." This book represents a small piece of my heaven, my new firmament, my new source of energy from which my new art will flow. I hope you enjoy all my thoughts, but I don't expect you will just sail away on a literary cruise navigated by everything I've written. So I've provided space at the end of each chapter for your thoughts on each topic. Hence the title What Do You Think about It. Bon voyage!
