Volume 15, Tome IV: Kierkegaard's Concepts-Dr Jon Stewart 2014-11-28 Kierkegaard's Concepts is a comprehensive, multi-volume survey of the key concepts and categories that inform Kierkegaard's writings. Each article is a substantial, original piece of scholarship, which discusses the etymology and lexical meaning of the relevant Danish term, traces the development of the concept over the course of the authorship, and explains how it functions in the wider context of Kierkegaard's thought. Concepts have been selected on the basis of their importance for Kierkegaard's contributions to philosophy, theology, the social sciences, literature and aesthetics, thereby making this volume an ideal reference work for students and scholars in a wide range of disciplines.

One, Holy, Catholic, and Apostolic, Tome 1-John Williamson Nevin 2017-08-24 The mid-nineteenth century is a gold mine for contemporary scholars interested in American Protestant ecclesiology. There one will find the extensive writings of John Nevin who came to the notice of the theological world with *The Anxious Bench*, a critique of the "quackery" of Protestant revivalism. Influenced by a critical appropriation of cutting-edge contemporary German theology, he came to believe that the church was not "invisible," but the visible manifestation of Jesus Christ's incarnate life. Christians were to pursue unity, not in external institutional arrangements, but as unity of spiritual life. This compilation presents his theology of the catholicity of the church prior to his masterwork, *The Mystical Presence*, and a multifaceted, sophisticated critique of American sectarianism. This edition carefully preserves the original texts while providing extensive introductions, annotations, and bibliography. The Mercersburg Theology Study Series presents for the first time attractive, readable, scholarly modern editions of the key writings of the nineteenth-century movement known as the Mercersburg Theology. An ambitious multi-year project, it aims to make an important contribution to the academic community and to the broader public, who can at last be properly introduced to this unique blend of American and European Reformed and Catholic theology.

Tome 1 Philosophie du langage, Logique philosophique / Volume 1 Philosophy of language, Philosophical logic-Guttorm Fløistad 2012-12-06 The present publication is a continuation of two earlier series of chronicles, *Philosophy in the Mid-Century* (Firenze 1958/59) and *Contemporary Philosophy* (Firenze 1968), edited by Raymond KJibansky. As with the earlier series the present chronicles purport to give a survey of significant trends in contemporary philosophical discussion. The time space covered by the present series is (approximately) 1966-1978. The need for such surveys has, I believe, increased rather than decreased over the last years. The philosophical scene appears, for various reasons, more complex than ever before. The continuing process of specialization in most branches, the emergence of new schools of thought, particularly in philosophical logic and the philosophy of language, the convergence of interest (though not necessarily of opinion) of different traditions upon certain problems, and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributory factors. Surveys of the present kind are a valuable source of knowledge of this complexity and may as such be an assistance in renewing the understanding of one's own philosophical problems. The surveys, it is to be hoped, may also help to strengthen the Socratic

element of modern philosophy, the dialogue or Kommunikationsgemeinschaft. So far, four volumes have been prepared for the new series. The present chronicles in the Philosophy of Language and Philosophical Logic (Vol. I), are followed by chronicles in the Philosophy of Science (Vol. II), and Philosophy of Action (Vol.

Empowering Women-Carmen Diana Deere 2001-01-15 The expansion of married women's property rights was a main achievement of the first wave of feminism in Latin America. As Carmen Diana Deere and Magdalena Leon reveal, however, the disjuncture between rights and actual ownership remains vast. This is particularly true in rural areas, where the distribution of land between men and women is highly unequal. In their pioneering, twelve-country comparative study, the authors argue that property ownership is directly related to women's bargaining power within the household and community, point out changes resulting from recent gender-progressive legislation, and identify additional areas for future reform, including inheritance rights of wives.

Delphi Complete Works of Charles Darwin (Illustrated)-Charles Darwin 2015-06-01 One of the most influential scientists of world history, the naturalist Charles Darwin gained widespread fame and notoriety with the 1859 publication of 'On the Origin of Species'. Gods holy minde touching matters morall: which himself uttered in ten words, or Ten Commandements. Also, Christs holy minde touching prayer, etc. [The epistle dedicatory signed: John Hill; the preface signed: Tho. Gataker.]-Edward ELTON (B.D.) 1647

Marriage, It'S Not Physical ...It'S ... S P I R I T Ua L!!! ...(Holy)-Evangelist Alicia F. Rooks 2015-02-05 I was inspired to write the book titled: Marriage, Its Not PhysicalIts Spiritual (Holy) about 12 years ago. After experiencing two unsuccessful marriages, and still having the desire to marry again one day when the Lord allow me to connect with the right person, for real this time then I will be relieved. I pray that this time I will take my own advice, do my homework, and realize that it is not a physical thing, it is Spiritual! I am no marriage counselor, and definitely do not claim to have all of the answers however, experience isI would say a great teacher. You see, some people, they never learn. I pray that this time I could reminisce on what I have gone through realizing that it was not just for me, but on purpose and for others. You see when God has a plan and has a willing vessel that will answer the call then He will allow His will/work to be done through whomever is willing. The key word is willing because a lot of people are not willing. Instead of complaining, I have learned to say, ok, Lord, what lesson do You want me to learn from this? Who would you like me to minister to through my experience of going about marriage that You have designed the wrong way? As others read this book, I know that it would be a life-changing awakening. I believe that hearts/marriages/relationships would be mended, and healed. I know that this is not just another book to pick up and read at your own leisure, but if I must say so myself, it is a book that once you pick it up, you will not want to put it down until it has ministered to you completely!

Men, Women and the Mystery of Love-Edward Sri 2014-07-02 Love and Responsibility brilliantly sheds light on the mysterious dynamics between men and women and challenges us to live those dynamics better.—From the Introduction The essential background to the Theology of the Body! Father Karol Wojtyla (Pope John Paul II) published Love and Responsibility in 1960, the fruit of his pastoral work, particularly among young people. His analysis of the true meaning of human love is life-transforming and practical, shedding light on real issues between men and women. Edward Sri unpacks the contents of this great work, making it accessible to every reader. The author emphasizes the down-to-earth nature of Love and Responsibility, helping readers appropriate practical information on such topics as: how to determine if a relationship is one of authentic love or is doomed to failure the problem of pornography the meaning of friendship how to achieve greater intimacy in marriage and much more. Study questions with each chapter make this a valuable resource not only for individual personal reading but also for small group study.

View of Society in Europe-Gilbert Stuart 1995-01-01 This series reprints classic works illustrating the cultural and intellectual life of Scotland during one of its most creative and dynamic periods: the second half of the eighteenth century. It was the age of the mature Scottish Enlightenment, when Scotland, to the surprise of most Europeans, became one of the leading cultural and intellectual centres of the western world. Although the writings of some eighteenth-century Scottish thinkers, such as David Hume and Adam Smith, are widely available, many others are scarce. This series will regularly publish groups of thematically connected titles, most of which have not been reprinted for a century or more, many with specially commissioned new introductions.
