A Wicked Fist-Eve McDougall 1999 HIV and AIDS is something that concerns us all. The simple yet often moving accounts in Brid Cullen's book come from people who have been affected in different ways. The courage and determination of all these individuals shine through as encouragement to those who have just been diagnosed and their friends and families. This book shows that HIV and AIDS need not mean dying but rather living life to the full.

Wicked as They Come-Delilah S. Dawson 2012-03-27 The first in a steampunk paranormal romance series in which a woman is transported to a world filled with vampires and magic. When nurse Tish Everett forced open the lovely locket she found at an estate sale, she had no idea she was answering the call of Criminy Stain, from the far off land of Sang. He'd cast a spell for her, but when she's transported right to him, she's not so sure she's ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants of Sang are Pinkies—human—and the other half are Blutmen, who in Tish's world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They're rather like you and me, just more fabulous, long living, and mostly indestructible—they're also very good kissers. But when the evil Mayor of Manchester (formerly Blutchester) redoubles his efforts to rid Sang of the Blutmen once and for all, he steals Tish's locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Blutmares to get the locket back and allow Tish to return home...but has she found love with Criminy? Could she stay in Sang forever?

Fortune Favors the Wicked-Theresa Romain 2016-04-01 The author of the Holiday Pleasures series—who “writes with a delightfully romantic flair”—pens a Regency couple you'll never forget (Julianne MacLean, USA Today–bestselling author). As a lieutenant in the Royal Navy, Benedict Frost had the respect of every man on board—and the adoration of the women in every port. When injury ends his naval career, the silver-tongued libertine can hardly stomach the boredom. Not after everything—and everyone—he's experienced. Good thing a new adventure has just fallen into his lap . . . When courtesan Charlotte Perry learns the Royal Mint is offering a reward for finding a cache of stolen gold coins, she seizes the chance to build a new life for herself. As the treasure hunt begins, she realizes her tenacity is matched only by Benedict's—and that sometimes adversaries can make the best allies. But when the search for treasure becomes a discovery of pleasure, they'll be forced to decide if they can sacrifice the lives they've always dreamed of for a love they've never known . . . “Richly rewarding.” —Booklist (starred review) “A delightful flight of fancy . . . Romain exercises her flair for unconventional Regency characters with this intriguing couple.” —Publishers Weekly “The characters are wonderfully complete, the story is fascinating, the turns in the plot are fun and not entirely expected. It's well-written, it's heart-warming, and just lovely.” —All About Romance “A highly on-brand historical romance for me, one that hit all the right notes and satisfied all of my cravings . . . It was perfect and utterly satisfying. What a

The three siblings and their long-time family friend and mentor, an aged vampire named William, launch a supernatural mission to prove their innocence or guilt. It's witches, vampires, ghosts, seers, mermaids, I mean it goes on and on. However, it all happens in one place, in modern times, with special families that are protectors of said place. There's history to develop characters but the books are just awesome.” “I thoroughly loved reading this mixed supernatural Witches, Vampire, Shifters, Empaths...” “This is not a book to put down and get any sleep you just have to know if everyone's safe but of course they're not all are in deep trouble.” Fans of the Following Paranormal Romance Series Usually LOVE Wicked Good Witches: The Vampire Diaries Charmed TrueBlood Sookie Stackhouse Black Dagger Brotherhood The Magicians Midnight Texas Game of Thrones Witches of East End Buffy the Vampire Slayer Angel A Discovery of Witches The All Souls Trilogy Boxed Set Underworld Supernatural The Dresden Files Grimm Once Upon a Time Haven Being Human Bitten Sleepy Hollow Midnight Sun Divergent A Shade of Vampire Vampire Academy Gender Games Hunger Games Fans of the Following Urban Fantasy and Paranormal Romance Authors Typically LOVE Wilde & Witchy: Morgana Best Richelle Mead K.F.
