Haworth's-Frances Hodgson Burnett 2020-07-27 They took the girl home with them, and three days later the Ffrenchs returned. They came entirely unheralded, and it was Janey who brought the news of their arrival to the Works. "They've coom," she said, in passing Murdoch on her way to her father. "Mester Ffrench an' her. They rode through th' town this mornin' i' a kerridge. Nobody knowed about it till they seed 'em." The news was the principal topic of conversation through the day, and the comments made were numerous and varied. The most general opinions were that Ffrench was in a "tight place," or had "getten some crank i' hond." "He's

noan fond enow o' th' place to ha' coom back fur nowt," said Floxham. "He's a bit harder up than common, that's it." In the course of the morning Haworth came in. Murdoch was struck with his unsettled and restless air; he came in awkwardly, and looking as if he had something to say, but though he loitered about some time, he did not say it.

Abu Simbel (Chinese)-Nigel Fletcher-Jones 2020-09 An indispensable companion and guide to one of the world's great archaeological sites The three-thousand-year-old rock-cut temples at Abu Simbel and the story of their rescue from the rising waters of Lake Nasser in the 1960s are almost as familiar worldwide as the tale of the gold funerary mask and brief life of the boy king Tutankhamun. Yet although they are among the most celebrated, visited, and photographed archaeological sites in the world, the two temples are among the least understood by the visitor. In this lucidly written, beautifully illustrated guide, Nigel Fletcher-Jones explains the main features of both temples, discusses what they teach us about ancient Egypt during the reign of Rameses II (1265-1200 BC), and illustrates which gods and goddesses were worshipped here. With over 50 new photographs, drawings, and diagrams, and packed with fascinating insights, Abu Simbel: A Short Guide to the Temples is an indispensable companion and souvenir to one of the world's great archaeological sites.
