Influences on Karl Marx are generally thought to have been derived from three sources, namely German idealist philosophy, ... as paramount. Indeed, by the look of Marx's writings in that period (most famous of which is the Economic and Philosophical Manuscripts of 1844, a text that most explicitly elaborated his theory of alienation), Marx's thinking could have taken at least three possible ...

Influences on Karl Marx - Wikipedia

Marx wrote: "No social order is ever destroyed before all the productive forces for which it is sufficient have been developed." (Karl Marx, Preface to A Contribution to the Critique of Political Economy.) The objective conditions for the creation of a new and higher form of human society have already been established by the development of capitalism. For the last 200 years the development ...

As we will see below, Karl Marx believed that the economic and political institutions of capitalism were exploitative in this sense. And some contemporary feminists have argued that the institution of traditional marriage is exploitative insofar as it preys upon and reinforces pernicious forms of inequality between men and women (Sample 2003: Ch. 4).

Exploitation (Stanford Encyclopedia of Philosophy)

Karl Marx (1818-1883) was a German philosopher, political economist, historian, political theorist, sociologist, communist, and revolutionary, whose ideas played a significant role in the development of modern communism. Marx summarized his approach in the first line of chapter one of The Communist Manifesto, published in 1848: "The history of all hitherto existing society is the history of ...

Karl Popper is generally regarded as one of the greatest philosophers of science of the twentieth century. He was also a social and political philosopher of considerable stature, a self-professed critical-rationalist, a dedicated opponent of all forms of scepticism and relativism in science and in human affairs generally and a committed advocate and staunch defender of the "Open Society".

Karl Popper (Stanford Encyclopedia of Philosophy)

Marxism describes a broad set of theories articulated by and then inspired by the writings of German philosopher, economist and sociologist, Karl Marx (1818-1883). Marx developed a critique of capitalism, both as an economic system but also in terms of the social conditions associated with it. He argued that at the heart of capitalism was a class struggle between the bourgeoisie and the ...

23 Ship of Theseus . Noah Levin. The ship of Theseus, also known as Theseus' paradox, is a thought experiment that raises the question of whether an object that has had all of its components replaced remains fundamentally the same object. The paradox is most notably recorded by Plutarch in Life of Theseus from the late first century. Plutarch asked whether a ship that had been restored by ...
