

Kaspar Hauser

Kaspar Hauser-Peter Tradowsky 2012-03-09 'Here lies Kaspar Hauser, riddle of his time. His birth was unknown, his death mysterious.' (Inscription on Kaspar Hauser's tombstone.) In 1828 a teenage boy was discovered on the streets of Nuremberg. Barely able to walk, he clutched a letter in his hand. This youth, Kaspar Hauser, who couldn't properly speak or write, was soon to become an international phenomenon known as 'the Child of Europe'. The story of Kaspar Hauser presents many mysteries. According to his account, the young boy spent most of his life confined in a darkened space. Unable to stand up, and with no knowledge of his captors, he was fed a diet of bread and water. Eventually released from this macabre prison, he survived an assassination attempt only to be stabbed to death in 1833. Why was a child kept in such squalid circumstances? Who were his parents? Who was responsible for such a cruel attack on childhood? Who murdered him? In this seminal work Peter Tradowsky addresses these questions through the insights of anthroposophy. His analysis reveals some of the secrets of Kaspar Hauser's short life, and the occult significance of his incarnation, spiritual nature and individuality.

Kaspar Hauser, Child of Europe-Eckart Böhmer 2019-10-01 'From time to time in the history of humanity, extraordinary individualities appear, carrying with them great tasks which are difficult to assess. Through this lens, the events around Kaspar Hauser (1812-1833) can be seen as signposts to one of the most important mysteries of modern times, which will radiate far into the future. Kaspar's appearance and the essence of his being are deeply connected with the question of the identity of the human being itself.' - From the Foreword This book offers a unique, creative approach to the mystery of Kaspar Hauser - the teenage boy who was found abandoned on the streets of Nuremberg, barely able to walk, speak or write. Introducing the subject with a historical overview, Eckart Böhmer goes on to offer multiple artistic approaches to comprehending the enigma of Kaspar Hauser's brief and tragic life. He presents poems from his cycle I not human, I Kaspar, a short story entitled 'Crossing the Border', and a play about Hauser's mentor, 'Feuerbach or an Example of a Crime Against the Human Consciousness Soul'. These are followed by transcripts of two lectures held during the Kaspar Hauser Festival in New York, which reflect on esoteric research carried out in the last twenty years. The volume concludes with short meditations followed by an interview with the author on his biographical connections to the theme. Inspired by the Kaspar Hauser Festival in Ansbach and the Kaspar Hauser Research Circle, this valuable book offers many imaginative gems for deeper contemplation.

The Wild Child-Jeffrey Masson 2010-05-11 Kept in a dungeon for his entire childhood, Kaspar Hauser appeared in Nuremberg, Germany, in 1828 at age sixteen, barely able to walk or talk. When he was killed in 1833, his true identity and the motives for his unsolved murder became the subjects of intense speculation. This provocative essay sheds new light on this mystery and delves into fundamental questions about the long-term effects of child abuse.

Kaspar Hauser-Terry Boardman 2006 The mysterious circumstances surrounding the life and death of Kaspar Hauser still raise questions today. Born into the aristocratic house of Baden, then imprisoned and cut off from all human contact as a child, in 1828 Kaspar appeared on the streets of Nuremberg at the age of fifteen, incoherent and underdeveloped. He went on to display great purity and spiritual maturity during the short time he spent in the company of others, until his brutal murder at the age of twenty-one. Who was this young man who spent almost all of his childhood in isolation? Why was he locked away? Where did his life begin? In the last month of his life, Rudolf Steiner identified the matter of Kaspar Hauser's origin as one of the great questions of history. In this fascinating book, Terry Boardman conducts a phenomenological and historical enquiry into Steiner's question and tries to answer it mostly in terms of Kaspar's spiritual origin and less in terms of his genetic roots. Kaspar Hauser's life represents a moving triumph of the human spirit over darkness and adversity, which has both historical and contemporary relevance. The text, along with powerful and provocative illustrations by David Newbatt, offers an interpretation of the phenomena surrounding the life of Kaspar Hauser while shedding light on his spiritual origin and mission. This book is an important addition to the literature on the mysterious figure of Kaspar Hauser.

Kaspar Hauser-M. Kitchen 2001-07-11 On Whit Monday 1828 a strange youth, barely able to speak and hardly able to walk appeared in Nuremberg. This new case of a 'wild man' excited widespread curiosity, and many prominent figures wanted to test their pedagogical and medical theories on such a promising subject. Who was he? Was he, as many claimed, the rightful heir to the Grand Duchy of Baden, or was he simply an ingenious fraud? This book examines the many ramifications of this fascinating case, and offers many insights into the social, political and intellectual life of Biedermeier Germany.

The Diary of Kaspar Hauser-Febbraro Paolo 2017-04-30 Part notebook, part ethical treatise, part fantasized autobiography, The Diary of Kaspar Hauser is a striking collection of forty or so haiku-like compositions, diary entries imagined to have been penned by the "idiot" Kaspar Hauser and discovered, by chance, after his death by brutal murder, among the papers of his patron, Franz Paul Webern.

Kaspar Hauser Speaks for Himself-Kaspar Hauser 1993 In 1828, a young man mysteriously appeared in Nuremberg. He could hardly speak or walk and yet began to exhibit remarkable qualities that made a deep impression on everyone he met. This book contains the extraordinary letters, essays, and observations written by Kaspar Hauser himself, along with notes by Georg Daumer, who became his teacher, guardian, and friend. These striking documents show not only an exceptional destiny but also are a moving testament to the power of a pedagogical relationship.

Kaspar Hauser-Véronique BERGEN 2019-12-27T00:00:00+01:00 1828, un adolescent surgit sur une place de Nuremberg, une lettre à la main. Illettré, comme coupé du monde, il passe aux mains de différents tuteurs avant de disparaître en 1833. Très vite, d'extraordinaires rumeurs circulent sur le jeune homme : il serait le fils du grand-duc de Bade et de Stéphanie de Beauharnais, une nièce de Napoléon mariée à un souverain allemand pour consolider la politique d'alliances impériales. Il aurait été enfermé dès sa naissance dans une minuscule cellule et privé de tout contact avant d'être relâché vers sa seizième année. Banal cas d'autisme ou enfance martyre, brisée par la raison d'État ? Telle est encore aujourd'hui l'énigme de Kaspar Hauser. L'histoire de Karpar Hauser, adaptée par Werner Herzog, est ici renouvelée à travers les récits vibrants d'amour ou de haine de personnages ayant approché intimement l'enfant sauvage princier : sa mère, un cheval, son assassin... Romancière, philosophe, poète, élue à l'Académie de langue et de littérature françaises de Belgique en 2018, Véronique Bergen est l'auteure entre autres des romans Marilyn, naissance année zéro ; Tous doivent être sauvés ou aucun, des essais Luchino Visconti. Les promesses du crépuscule ; Hélène Cixous. La langue plus-que-vive ; Patti Smith, Horses.

Kaspar Hauser, the Foundling of Nuremberg (Classic Reprint)-Anselm Von Feuerbach 2017-05-30 Excerpt from Kaspar Hauser, the Foundling of Nuremberg If, in times like the present, when events of extreme importance succeed each other with unexampled rapidity, and years seem to comprise the history of centuries, we can turn our minds from the contemplation of public affairs to those of a private or personal nature, there is, perhaps, no subject which more deserves our attention, and none which can be more interesting, both to the philosopher and to the philanthropist, than the Narrative which is here translated. Our sympathy must be excited by the case of a Youth, who appears to have been confined from his early childhood for a period of many years, and to have been secluded from all human society, and even from the light of heaven. The curiosity which these circumstances must inspire, is heightened by the mystery in which the causes and the circumstances are still enveloped. The real name of the youth, his family, the place in which he was confined, the criminal by whose orders he was condemned to languish in solitude and darkness, he who was employed as the instrument of the crime, and he who afterwards attempted the assassination, remain undiscovered, or, at least, unknown to the public. In this, as in every other case which is extraordinary, or mysterious, a doubt may arise whether there did not exist deception on the one side, and delusion on the other; and whether the statement is deserving of full credit. It appears by the following Narrative, that the evidence does not, in this instance, rest upon the testimony of witnesses, however numerous or respectable, nor upon documents, however authentic, but that it is written with plain and legible characters by the hand of nature in the mind, and in the physical organization of the individual himself and that it is established by the qualities in which he was deficient, as well as by those with which he was pre-eminently endowed.
