Dollfuss, 1832	2006 Terry Boardman The mysterious circumstances surrounding the life and death of Kaspar Hauser still raise questions today. Born into the aristocratic house of Baden, then imprisoned and cut off from all human contact as a child, in 1828 Kaspar appeared on the streets of Nuremberg at the age of fifteen, incoherent and underdeveloped. He went on to display great purity and spiritual maturity during the short time he spent in the company of others, until his brutal murder at the age of twenty-one. Who was this young man who spent almost all of his childhood in isolation? Why was he locked away? Where did his life begin? In the last month of his life, Rudolf Steiner identified the matter of Kaspar Hauser's origin as one of the great questions of history. In this fascinating book, Terry Boardman conducts a phenomenological and historical enquiry into Steiner's question and tries to answer it mostly in terms of Kaspar's spiritual origin and less in terms of his genetic roots. Kaspar Hauser's life represents a moving triumph of the human spirit over darkness and adversity, which has both historical and contemporary relevance. The text, along with powerful and provocative illustrations by David Newbatt, offers an interpretation of the

1993 Kaspar Hauser In 1828, a young man mysteriously appeared in Nuremberg. He could hardly speak or walk and yet began to exhibit remarkable qualities that made a deep impression on everyone he met. This book contains the extraordinary letters, essays, and observations written by Kaspar Hauser himself, along with notes by Georg Daumer, who became his teacher, guardian, and friend. These striking documents show not only an exceptional destiny but also are a moving testament to the power of a pedagogical relationship.	1983 Carlo Pietzner

In 1828, a ragged young man of about sixteen wandered into the city of Nuremberg in Germany. He could barely speak, and appeared to have been released from a strange captivity. Many people at the time were drawn to him and felt great compassion, not just for his fate, but because of the impression his presence made on them. Kaspar Hauser had a remarkable purity and innocence, and people were touched by his sensitivity and perception. In 1833, he was stabbed and died in mysterious circumstances. This classic book is a fascinating and engaging novelization of Kaspar Hauser's remarkable, short life. Jakob Wassermann interviewed many people connected with Hauser to glean as much as detail as possible, to best try to understand the strange young man.

On Whit Monday 1828 a strange youth, barely able to speak and hardly able to walk appeared in Nuremberg. This new case of a 'wild man' excited widespread curiosity, and many prominent figures wanted to test their

pedagogical and medical theories on such a promising subject. Who was he? Was he, as many claimed, the rightful heir to the Grand Duchy of Baden, or was he simply an ingenious fraud? This book examines the many ramifications of this fascinating case, and offers many insights into the social, political and intellectual life of Biedermeier Germany.

Kasper Hauser turned up in Nuremberg in 1828 when he was sixteen, after being kept in a dungeon most of his life. Hauser, barely able to talk or walk, was taken in by Feuerbach. Masson looks at who Hauser was and what his case tells us about abused children.

2019-10-01 Eckart Böhmer 'From time to time in the history of humanity, extraordinary individualities appear, carrying with them

great tasks which are difficult to assess. Through this lens, the events around Kaspar Hauser (1812-1833) can be seen as signposts to one of the most important mysteries of modern times, which will radiate far into the future. Kaspar's appearance and the essence of his being are deeply connected with the question of the identity of the human being itself.' - From the Foreword This book offers a unique, creative approach to the mystery of Kaspar Hauser - the teenage boy who was found abandoned on the streets of Nuremberg, barely able to walk, speak or write. Introducing the subject with a historical overview, Eckart Böhmer goes on to offer multiple artistic approaches to comprehending the enigma of Kaspar Hauser's brief and tragic life. He presents poems from his cycle I not human, I Kaspar, a short story entitled 'Crossing the Border', and a play about Hauser's mentor, 'Feuerbach or an Example of a Crime Against the Human Consciousness Soul'. These are followed by transcripts of two lectures held during the Kaspar Hauser Festival in New York, which reflect on esoteric research carried out in the last twenty years. The volume concludes with short meditations followed by an interview with the author on his biographical connections to the theme. Inspired by the Kaspar Hauser Festival in Ansbach and the Kaspar Hauser Research Circle, this valuable book offers many imaginative gems for deeper contemplation.

become an international phenomenon known as "the Child of Europe." The story of Kaspar Hauser presents many mysteries. According to his account, the young boy spent most of his life confined in a darkened space. Unable to stand up, and with no knowledge of his captors, he was fed a diet of bread and water. Eventually released from this macabre prison, he survived an assassination

attempt only to be stabbed to death in 1833. Why was a child kept in such squalid circumstances? Who were his parents? Who was responsible for such a cruel attack on childhood? Who murdered him? In this seminal work Peter Tradowsky addresses these questions through the insights of Anthroposophy. His analysis reveals some of the secrets of Kaspar Hauser's short life, and the occult significance of his incarnation, spiritual nature

and individuality. C O N T E N T S Foreword Introduction 1. Kaspar Hauser's Path of Sacrifice 2. Kaspar Hauser's Karmic Surroundings 3. Kaspar Hauser in the Karmic Proceedings of the Nineteenth and Twentieth Centuries 4. Kaspar Hauser and Rudolf Steiner 5. Kaspar Hauser's Character Appendices
