Digital Politics and Culture in Contemporary India-Biswarup Sen 2016-01-08 The relationship between information and the nation-state is typically portrayed as a face-off involving repressive state power and democratic flows: Twitter and the Arab Spring, Google in China, WikiLeaks and the U.S. State Department. Less attention has been paid to those scenarios where states have regarded information and its diffusion as productive of modernity and globalization. It is the central argument of this book that the contemporary nation-state, especially in the global South, is far from hostile to the current informational milieu and in fact makes crucial use of it in order to develop adequate modes of governance, communication and sociality in a networked world. This book focuses on India - an emerging country that has recently witnessed a "software miracle" - to highlight the critical role informatics has historically played in the national imagination and to demonstrate how the state, private capital and civic society have drawn upon and engaged the precepts and protocols of the information age to fashion an "info-nation."

First Day, Last Show-Rishikesh Joshi 2017-04-03 "Picture abhi baaki hai mere dost"; "Don ko pakadna mushkil hi nahi namumkin hai"; "Jo main bolta hun, Woh main karta hun. Jo main nahi bolta woh main definitely karta hun" Lines from well-remembered films (or 'dialogues' as we call them), are part of the currency of our everyday speech. Climactic scenes are unforgettably etched in our minds. Yes, we don't just watch movies, we internalize them. How many times, have you selected a movie shuffling through multiple reviews and ratings only to find that what you see on screen is very different from what you were led to believe? You wonder if they were written more objectively and someone like you could tell what to expect? Here is an attempt to do just that. First Day, Last Show takes you through an engrossing journey of movies seen through the eyes of a common cinemagoer. The book is a bouquet of impressions about films gathered over a period of four years. You will relate to these views easily, even if you have not seen or heard about the movie earlier. All you need is to be a fairly regular cinema goer. If you love movies, you will love reading First Day, Last Show.
