Keeping Up the Kardashian Brand-Amanda Scheiner McClain 2013-10-01 "Amanda Scheiner McClain explores the Kardashians' brand and celebrity via narrative discourse analyses of their hit reality television series, Keeping Up with the Kardashians, social media utilization, and popular press coverage. This triangulated study allows insight into contemporaneous American culture: societal norms, values, and ideologies, as well as structural and cultural aspects of cross-platform brand creation. The television series examination finds intrinsic paradoxes of sexuality/conservatism, family/business, beauty/unhappiness, narcissism/celebrity, intimate/transgressive, and traditional/nontraditional gender roles, as well as materialism and public vs. private spheres themes."-

Keeping Up with the Kardashians: Kim Kardashian, Kris Jenner, Kylie Jenner, the Kardashians - 4 Books in 1-Lotti Davidson 2019-02-25 KEEPING UP WITH THE KARDASHIANS: Kim Kardashain, Kris Jenner, Kylie Jenner, The Kardashians - 4 books in 1Featuring... \*Kim Kardashian\*Kris Jenner\*Kylie Jenner\*The Kardashians 4 Great Books in 1! Kim Kardashian Love them or hate them, there is no discussion of the phenomena of modern celebrity without its apex creatures, the Kardashian family. The Kardashians are exceptional in every sense of the word. A non-traditional, racially-diverse, blended family from immigrant stock, they are also spearheaded and moved by empowered women with limited education. How this brood turned the proverbial 15 minutes of fame into 15 fabulous years of that plus staggering fortune is practically a fairy tale. This is lightning in a bottle, especially for reality TV stars whose initial, ambiguous claims to fame were links to a 1970s sports icon, a 1990s murder trial and a 2007 starlet sex tape. The once unconventional family name has since become an unforgettable global brand, monetized by its members into various forms into a collective valuation of well over one billion dollars. And the journey all began with Kim, Kim Kardashian, Superstar? "Superstar" does not even begin to cut it. What she eventually became was a constellation of superstar. This is her story... Kris Jenner This is Kris Houghton Kardashian Jenner, or whatever incarnation she chooses to go by these days. With everything she has achieved, she could be anything. But before she got her here she was Kris Houghton, beautiful teen from a broken family, on the lookout for a better life and seeing it linked to securing a good husband. She was Mrs. Robert Kardashian, high school graduate suddenly swept off her feet and into the halls of the powerful, popular and wealthy - and expected to play the part of Beverly Hills homemaker to the hilt. She was Mrs. Bruce Jenner, finally able to spread her wings and explore her heretofore undiscovered talents of managing a brand and a business. She was the former Mrs. Caitlyn Jenner too, from when her husband transitioned to a woman and she consequently had to weather the storms as gracefully as possible, before the cruel glare of the spotlight and the public eye. She now holds pride in her main role of mom and manager - "momager" - to her Kardashian and Jenner children, through five of whom, she is also a loving and indulgent grandmother. This is Kris Houghton Kardashian Jenner - SELF-MADE - and all the she had made of herself, by herself. This is her story. Kylie JennerThe Kardashian family has ignited many a national debate on a variety of topics over their more than ten years in the spotlight, and on complex issues at that. Their prominence has repeatedly raised interesting questions on what it means to be a family, on modern-day celebrity, racial politics, female sexuality and gender norms. And now, with Kylie Jenner's news-making Forbes cover, the family has stirred the pot again... The Kardashians "The American Dream" are words often uttered with the reverence it deserves. It is a collective ethos, a defining piece of national character that champions the idea that the individuals of a country, regardless of their background, would be able to maximize their personal potentials in pursuit of their happiness and success. It is a vision of meritocracy, where hard work, risk-taking and gumption is rewarded; where everyone has ample opportunity to show and be justly compensated for their abilities, determination and daring. It is an appropriately new vision, for the New World. It is a bold, revolutionary vision. But by its very name, "The American Dream" is just that - a dream. It is an acknowledgement that reality does not always match the ideal. It requires work and protection to continue being upheld. But for one family, the dream has become a reality.

Kardashian Dynasty-Ian Halperin 2016-11-22 Investigator and #1 New York Times bestselling author Ian Halperin pulls back the curtain on America’s notorious Kardashian family’s seemingly meteoric rise to fame, and the dark secrets they’ve struggled to hide in Kardashian Dynasty, now in paperback. As matriarch and momager of the Kardashian clan, Kris has been accused of exploiting her children for fame and money and playing the media like a deck of cards. Based on extensive research, Ian Halperin delivers the salacious details behind the Kardashians’ rise to fame. With revelations exposing the family’s foundation as unstable at best and scandalous at worst, Halperin scrutinizes their self-made multi-million dollar brand and provides an unparalleled glimpse into the events and scandals that have propelled the Kardashians to worldwide celebrity, for better or worse.

Lifestyle TV-Laurie Ouellette 2016-01-29 From HGTV and the Food Network to Keeping Up With the Kardashians, television is preoccupied with the pursuit and exhibition of lifestyle. Lifestyle TV analyzes a burgeoning array of lifestyle formats on network and cable channels, from how-to and advice programs to hybrid reality entertainment built around the cultivation of the self as project, the ethics of everyday life, the mediation of style and taste, the regulation of health and the body, and the performance of identity and "difference." Ouellette situates these formats historically, arguing that the lifestyling of television ultimately signals more than the television industry's turn to cost-cutting formats, niche markets, and specialized demographics. Rather, Ouellette argues that the surge of reality programming devoted to the achievement and display of lifestyle practices and choices must also be situated within broader socio-historical changes in capitalist democracies.
