

Kentucky Moonshine

Kentucky Moonshine-David W. Maurer 2013-07-24 " When the first American tax on distilled spirits was established in 1791, violence broke out in Pennsylvania. The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat, stills on board, to settle anew in the fertile bottomlands of Kentucky. Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye. Thus, the licit and illicit branches of the distilling industry grew up side by side in the state. This is the story of the illicit side -- the moonshiners' craft and craftsmanship, as practiced in Kentucky. A glossary of moonshiner argot sheds light on such colorful terms as "puker," "slop," and "weed-monkey." David Maurer's tone is tongue-in-cheek, but he provides a realistic look at the Kentucky moonshiner and the moonshining industry.

Kentucky Moonshine-David W. Maurer 2021-10-12 When the first American tax on distilled spirits was established in 1791, violence broke out in Pennsylvania. The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat, stills on board, to settle anew in the fertile bottomlands of Kentucky. Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye. Thus, the licit and illicit branches of the distilling industry grew up side-by-side in the state. This is the story of the illicit side—the moonshiners' craft and craftsmanship, as practiced in Kentucky. A glossary of moonshiner jargon sheds light on such colorful terms as "puker," "slop," and "weed-monkey." With a new foreword by author Wes Berry, David M. Maurer's classic history of this subject is tongue-in-cheek, but

nevertheless provides a realistic look at the Kentucky moonshiner and the moonshining industry. Kentucky Moonshine-David W. Maurer 2003-03 David Maurer's tone is tongue-in-cheek, but he provides a realistic look at the Kentucky moonshiner and the moonshining industry.

Illegal Odyssey-Betty Boles Ellison 2003-10-29 Every person is unique. At least we believe ourselves to be. Many of us have a heightened sexuality. With the latter group, a common denominator must exist in the pulsating intensity and grinding confusion I have found in the rollercoaster ride which has been my sex life. As a homosexual man who has breathed in more than half of the 20th and the beginning of the 21st Centuries I have experienced some privileged moments, always with the knowledge of being a man set apart, mostly because I am a Queer. Looking back on my life I recognize it as a rich tapestry of favourable experiences - my work as a successful hairdresser in the film industry in Toronto with celebrity acquaintances, my family, my friends, my pets, home, music, travel, and my lovers. Well, the lovers don't all fall into the success category but do add colour to the picture. Because of the dark wings of Depression which have hovered over me throughout much of my life, the element of Joy has been elusive in spite of a splendid endowment of entitlement (or plain old fashioned good luck) - bestowed on me by Fate. My addiction to the pursuit of sexual gratification which has ruled my social patterns and actions since I was a child is all part of the story. Sometimes I think it is my story.

Hillbilly-Anthony Harkins 2005 In this pioneering work of cultural history, historian Anthony Harkins argues that the hillbilly-in his various guises of "briar hopper," "brush ape," "ridge runner," and "white trash"-has been viewed by mainstream Americans simultaneously as a violent degenerate who threatens the modern order and as a keeper of traditional values of family, home, and physical production, and thus symbolic of a nostalgic past free of the problems of contemporary life.

"Hillbilly" signifies both rugged individualism and stubborn backwardness, strong family and kin networks but also inbreeding and bloody feuds. Spanning film, literature, and the entire expanse of American popular culture, from D. W. Griffith to hillbilly music to the Internet, Harkins illustrates how the image of the hillbilly has consistently served as both a marker of social derision and regional pride. He traces the corresponding changes in representations of the hillbilly from late-nineteenth century America, through the great Depression, the mass migrations of Southern Appalachians in the 1940s and 1950s, the War on Poverty in the mid 1960s, and to the present day. Harkins also argues that images of hillbillies have played a critical role in the construction of whiteness and modernity in twentieth century America. Richly illustrated with dozens of photographs, drawings, and film and television stills, this unique book stands as a testament to the enduring place of the hillbilly in the American imagination. Hillbilly received an Honorable Mention, John G. Cawelti Book Award of the American Culture Association.

Moonshine-Jaime Joyce 2014-06-10 DIVIn Moonshine: A Cultural History of America's Infamous Liquor, writer Jaime Joyce takes readers on an intoxicating tour of the enduring phenomena of moonshine in America./div

Hollywood Musicals You Missed-Edwin M. Bradley 2020-06-05 Pre-World War II Hollywood musicals weren't only about Astaire and Rogers, Mickey and Judy, Busby Berkeley, Bing Crosby, or Shirley Temple. The early musical developed through tangents that reflected larger trends in film and American culture at large. Here is a survey of select titles with a variety of influences: outsized songwriter personalities, hubbub over "hillbilly" and cowboy stereotypes, the emergence of swing, and the brief parade of opera stars to celluloid. Featured movies range from the smash hit Alexander's Ragtime Band (1938), to obscurities such as Are You There? (1930) and Swing, Sister,

Swing (1938), to the high-grossing but now forgotten Mountain Music (1937), and It's Great to Be Alive (1933), a zesty pre-Code musical/science-fiction/comedy mishmash. Also included are some of the not-so-memorable pictures made by some of the decade's greatest musical stars.

Big Whiskey (The Revised Second Edition)-Carlo DeVito 2021-07-20 An updated edition of Big Whiskey, the definitive guide to the American Whiskey Trail. This updated edition of the definitive guide to the American Whiskey Trail is comprehensive collection of the whiskey, bourbon, and rye made by the best distillers in Kentucky and Tennessee. Full color images throughout showcase each and every bottle and label, behind-the-scenes images, and the beauty of the Whiskey Trail.

Interviews with renowned distillers provide incredible insight into how whiskey is made. Locals and tourists alike will discover new distillers and expressions that are sure to satisfy any and all tastes.

Big Whiskey is the perfect gift for the whiskey lover in your life.

Kentucky Moonshine-David W. Maurer When the first American tax on distilled spirits was established in 1791, violence broke out in Pennsylvania. The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat, stills on board, to settle anew in the fertile bottomlands of Kentucky. Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye. Thus, the licit and illicit branches of the distilling industry grew up side by side in the state. This is the story of the illicit side--the moonshiners' craft and crafts-manship, as practiced in Kentucky. A glossary of moonshiner argot sheds light on such colorful terms as "puker," "slop," and "weed-monkey." David W. Maurer's tone is tongue-in-cheek, but he provides a realistic look at the Kentucky moonshiner and the moonshining industry.

Kentucky Folklore Record- 1974

Catalog of Copyright Entries-Library of Congress. Copyright Office 1967

The Kentucky Encyclopedia-John E. Kleber 2015-01-13 The Kentucky Encyclopedia's 2,000-plus entries are the work of more than five hundred writers. Their subjects reflect all areas of the commonwealth and span the time from prehistoric settlement to today's headlines, recording Kentuckians' achievements in art, architecture, business, education, politics, religion, science, and sports. Biographical sketches portray all of Kentucky's governors and U.S. senators, as well as note congressmen and state and local politicians. Kentucky's impact on the national scene is registered in the lives of such figures as Carry Nation, Henry Clay, Louis Brandeis, and Alben Barkley. The commonwealth's high range from writers Harriette Arnow and Jesse Stuart, reformers Laura Clay and Mary Breckinridge, and civil rights leaders Whitney Young, Jr., and Georgia Powers, to sports figures Muhammad Ali and Adolph Rupp and entertainers Loretta Lynn, Merle Travis, and the Everly Brothers. Entries describe each county and county seat and each community with a population above 2,500. Broad overview articles examine such topics as agriculture, segregation, transportation, literature, and folklife. Frequently misunderstood aspects of Kentucky's history and culture are clarified and popular misconceptions corrected. The facts on such subjects as mint juleps, Fort Knox, Boone's coonskin cap, the Kentucky hot brown, and Morgan's Raiders will settle many an argument. For both the researcher and the more casual reader, this collection of facts and fancies about Kentucky and Kentuckians will be an invaluable resource.

Bootleggers and Beer Barons of the Prohibition Era-J. Anne Funderburg 2014-04-15 Bootleggers and Beer Barons is an accurate, wide-ranging, and entertaining account of the illegal liquor traffic during the Volstead Era (1920 to 1933) of prohibition. Based on FBI files, legal documents, old newspapers and other sources, the author offers a coast-to-coast survey of Volstead crime--

outrageous stories of America's most notorious liquor lords, including those who made headlines during Prohibition but are little remembered today. Readers will find the lesser known Volstead outlaws to be as fascinating as their more famous counterparts. The riveting tales of Max Hassel, Waxy Gordon, Roy Olmstead, Pat Thomas, George Cassiday, and Max "Boo Boo" Hoff will be new to most readers. Likewise, the exploits of women bootleggers and flying bootleggers are unknown to most Americans. Books about prohibition crimes and criminals usually note that Canadian liquor exporters abetted the U.S. bootleggers, but they fail to go into detail. *Bootleggers and Beer Barons* examines the major cross-border routes for smuggling liquor from Canada into the U.S.: Quebec to Vermont and New York, Ontario to Michigan, Saskatchewan to Montana, and British Columbia to the State of Washington.

More Than Moonshine-Sidney Saylor Farr 1983-06-30 Recipes for breads, beverages, meat dishes, preserves, vegetables, and other foods from Appalachia are accompanied by a discussion of the region's culture

A Taste of Kentucky-Janet Alm Anderson When war broke out in Europe in 1914, political leaders in the United States were swayed by popular opinion to remain neutral; yet less than three years later, the nation declared war on Germany. In *Nothing Less Than War: A New History of America's Entry into World War I*, Justus D. Doenecke examines the clash of opinions over the war during this transformative period and offers a fresh perspective on America's decision to enter World War I. Doenecke reappraises the public and private diplomacy of President Woodrow Wilson and his closest advisors and explores in great depth the response of Congress to the war. He also investigates the debates that raged in the popular media and among citizen groups that sprang up across the country as the U.S. economy was threatened by European blockades and as Americans died on ships sunk by

German U-boats. The decision to engage in battle ultimately belonged to Wilson, but as Doenecke demonstrates, Wilson's choice was not made in isolation. *Nothing Less Than War* provides a comprehensive examination of America's internal political climate and its changing international role during the seminal period of 1914--1917.

Kentucky Moonshine-Morris McNeil Musselman 1938

Food and Drink in American History-Andrew F. Smith 2013-10-28 This three-volume encyclopedia on the history of American food and beverages covers topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants.

Moonshiners and Prohibitionists-Bruce E. Stewart 2011 Homemade liquor has played a prominent role in the Appalachian economy for nearly two centuries. The region endured profound transformations during the extreme prohibition movements of the nineteenth century, when the manufacturing and sale of alcohol -- an integral part of daily life for many Appalachians -- was banned. In *Moonshiners and Prohibitionists: The Battle over Alcohol in Southern Appalachia*, Bruce E. Stewart chronicles the social tensions that accompanied the region's early transition from a rural to an urban-industrial economy. Stewart analyzes the dynamic relationship of the bootleggers and opponents of liquor sales in western North Carolina, as well as conflict driven by social and economic development that manifested in political discord. Stewart also explores the life of the moonshiner and the many myths that developed around hillbilly stereotypes. A welcome addition to the *New Directions in Southern History* series, *Moonshiners and Prohibitionists* addresses major economic, social, and cultural questions that are essential to the understanding of Appalachian history.

A Mess of Greens-Elizabeth S. D. Engelhardt 2011 Combining the study of food culture with gender

studies and using perspectives from historical, literary, environmental, and American studies, Elizabeth S. D. Engelhardt examines what southern women's choices about food tell us about race, class, gender, and social power. Shaken by the legacies of Reconstruction and the turmoil of the Jim Crow era, different races and classes came together in the kitchen, often as servants and mistresses but also as people with shared tastes and traditions. Generally focused on elite whites or poor blacks, southern foodways are often portrayed as stable and unchanging—even as an untroubled source of nostalgia. *A Mess of Greens* offers a different perspective, taking into account industrialization, environmental degradation, and women's increased role in the work force, all of which caused massive economic and social changes. Engelhardt reveals a broad middle of southerners that included poor whites, farm families, and middle- and working-class African Americans, for whom the stakes of what counted as southern food were very high. Five “moments” in the story of southern food—moonshine, biscuits versus cornbread, girls' tomato clubs, pellagra as depicted in mill literature, and cookbooks as means of communication—have been chosen to illuminate the connectedness of food, gender, and place. Incorporating community cookbooks, letters, diaries, and other archival materials, *A Mess of Greens* shows that choosing to serve cold biscuits instead of hot cornbread could affect a family's reputation for being hygienic, moral, educated, and even godly.

Kentucky's Famous Feuds and Tragedies-Chas. G Mutzenberg 2014-11-03 Example in this ebook A brief review of the history of Kentuckians may assist the reader to understand why they, a kind, hospitable people to the stranger, have so long borne the reputation of ready fighters who often kill upon the slightest provocation, and deserve that reputation in a large measure. It is “bred in the bone” for a Kentuckian to quickly resent an insult or redress an injury. Long before the advent of the

white man Kentucky, then Fincastle County, Virginia, had been the vast hunting grounds of the Cherokees, Creeks, Chickasaws and Catawbias of the South, and of the more hostile tribes of Shawnees, Delawares and Wyandots of the North. These tribes, when chance brought them together on their annual hunts, engaged in conflicts so instant, so fierce and pitiless that the territory became known as the Dark and Bloody Ground. It was indeed a hunter's paradise. Dense forests covered the mountains. Cane brakes fringed the banks of numerous beautiful streams, while to the west lay immense undulating plains. Forest, cane brake and plain were literally alive with bear, deer and the buffalo; the woods teemed with innumerable squirrels, pheasants, wild turkeys and quail. The fame of this hunting ground had attracted bold and adventurous hunters long before Daniel Boone looked upon one of the most beautiful regions in the world from the crest of Cumberland Mountain. These hunters, upon their return home, gave glowing accounts of the richness and fertility of the new country, and excited powerfully the curiosity and imagination of the frontier backwoodsmen east of the Alleghenies and of North Carolina. To the hardy adventurers the lonely wilderness, with its many dangers, presented attractions not to be found in the confinement and enfeebling inactivities of the towns and little settlements. Daniel Boone visited the new territory. He found that the descriptions he had received of it were by no means exaggerations, and decided to remove thither with his family. After some delay amid many difficulties the first white settlement, Harrodstown (Harrodsburg) was established. Within a few years other stations sprang into existence and population increased with amazing rapidity. Immigrants crossing the Cumberland mountains settled in the eastern and central parts of Kentucky, while those traveling down the Ohio and Mississippi rivers, generally located in the northern, western and southern portions of the state. This invasion by the white man was not accomplished, however, without long-continued, bloody struggles with the

savages. To maintain the slender foothold Boone and his companions had gained, required great courage and tenacity of purpose. The man who shivered at the winter's blast, or trembled at every noise, the origin of which he did not understand, was not known among those hardy settlers with nerves of iron and sinews of steel, who were accustomed from earliest childhood to absolute self-dependence and inured to exposure and dangers of every sort. Man in this connection must include the pioneer women who by their heroism illustrated their utter contempt of danger, and an insensibility to terrors which would palsy the nerves of men reared in the peaceful security of densely populated communities. Even children of tender years exhibited a courage and self-composure under trying circumstances that at this day seem unbelievable. To be continue in this ebook

The State of Bourbon-Cameron M. Ludwick 2018-08 Welcome to Kentucky, where bourbon barrels outnumber residents. After all, bourbon is Kentucky—its craftsmanship and flavors cannot be separated from the culture and history of the state. Discover that culture and history—and enjoy great food, fabulous drinks, and incredible people—on your own Kentucky bourbon road trip. The State of Bourbon showcases the region's finest distilleries as well as the local restaurants, hotels, parks, and adventures that every bourbon lover needs to experience. Bluegrass natives Cameron M. Ludwick and Blair Thomas Hess highlight some of their favorite stops on the Kentucky Bourbon Trail, the Urban Bourbon Trail, and the Craft Bourbon Trail, at stills and rick houses where the history and heritage of the nation's only native spirit come to life. Not just a trail or tasting guide, The State of Bourbon will lead you across Kentucky, through the history of the spirit, and into your own bourbon adventure.

The Ritz Brothers-Roy Liebman 2021-07-09 The Ritz Brothers were a popular comedy trio in vaudeville, nightclubs, movies and television for more than four decades. Today largely overlooked among the classic comedy pantheon, they have been acknowledged as inspirations by such comics as Mel Brooks, Milton Berle, Jerry Lewis and Sid Caesar. This first full-length study of their work examines all the Ritz Brothers' feature films and short subjects 1934-1976, and their television appearances, with background information from the 20th Century-Fox archives. Contemporaneous and modern-day reviews and critiques are included.

Committed to Victory-Richard E. Holl 2015-10-06 When World War II broke out in Europe in September 1939, Kentucky was still plagued by the Great Depression. Even though the inevitability of war had become increasingly apparent earlier that year, the citizens of the Commonwealth continued to view foreign affairs as a lesser concern compared to issues such as the lingering economic depression, the approaching planting season, and the upcoming gubernatorial race. It was only the Japanese attack on Pearl Harbor that destroyed any lingering illusions of peace. In *Committed to Victory: The Kentucky Home Front During World War II*, author Richard Holl offers

the first comprehensive examination of the Commonwealth's civilian sector during this pivotal era in the state's history. National mobilization efforts rapidly created centers of war production and activity in Louisville, Paducah, and Richmond, producing new economic prosperity in the struggling region. The war effort also spurred significant societal changes, including the emergence of female and minority workforces in the state. In the Bluegrass, this trend found its face in Pulaski County native Rose Will Monroe, who was discovered as she assembled B-24 and B-29 bombers and was cast as Rosie the Riveter in films supporting the war effort. Revealing the struggles and triumphs of civilians during World War II, Holl illuminates the personal costs of the war, the black market for rationed foods and products, and even the inspiration that coach Adolph Rupp and the University of Kentucky basketball team offered to a struggling state. Committed to Victory is a timely and engaging account that fills a significant gap in the literature on a crucial period of American history. Catalog of Copyright Entries. Third Series-Library of Congress. Copyright Office 1976

The United Service- 1903

King of the Moonshiners-Bruce E. Stewart 2008 "Lewis R. Redmond was an archetypal moonshiner. On March 1, 1876, the twenty-one-year-old North Carolinian shot and killed a U.S. deputy marshal who tried to arrest him on charges of illicit distilling. He then fled to Pickens County, South Carolina, where, within three years, he gained national notoriety as the "King of the Moonshiners." More than any other individual moonshiner in southern Appalachia, Redmond captured the imagination of middle-class Americans. Then, as now, media coverage had a lot to do with his reputation."

An Evil Day in Georgia-Robert Neil Smith 2015-04-15 "Follows a homicide case committed in Georgia in 1927 from the crime to the executions of those convicted of the crime almost a year later.

Along the way, the narrative highlights a number of issues impacting the death penalty process, many of which are still relevant in the modern era of capital punishment in the United States ... Moreover, the case in question illustrates a range of themes prevalent in post-Progressive Georgia and brings them together to create a broader narrative. Thus, issues of race, class, and gender emerge from what was supposed to be a neutral process; ... demonstrates that capital punishment cannot be administered in an untainted fashion, but its finality demands that it must be"--From Athenaeum@UGA website.

Blood in the Hills-Bruce E. Stewart 2011-11-25 To many antebellum Americans, Appalachia was a frightening wilderness of lawlessness, peril, robbers, and hidden dangers. The extensive media coverage of horse stealing and scalping raids profiled the region's residents as intrinsically violent. After the Civil War, this characterization continued to permeate perceptions of the area and news of the conflict between the Hatfields and the McCoys, as well as the bloodshed associated with the coal labor strikes, cemented Appalachia's violent reputation. Blood in the Hills: A History of Violence in Appalachia provides an in-depth historical analysis of hostility in the region from the late eighteenth to the early twentieth century. Editor Bruce E. Stewart discusses aspects of the Appalachian violence culture, examining skirmishes with the native population, conflicts resulting from the region's rapid modernization, and violence as a function of social control. The contributors also address geographical isolation and ethnicity, kinship, gender, class, and race with the purpose of shedding light on an often-stereotyped regional past. Blood in the Hills does not attempt to apologize for the region but uses detailed research and analysis to explain it, delving into the social and political factors that have defined Appalachia throughout its violent history.

Lexington, Queen of the Bluegrass-Randolph Hollingsworth 2004 A history of the city located in the

heart of central Kentucky Bluegrass country traces Lexington's long, proud past which reaches far back before the "Horse Capital of the World" reared its first thoroughbred, claiming the first college, newspaper, and millionaire west of the Alleghenies--among many other firsts. Original.

They Say in Harlan County-Alessandro Portelli 2012-09-13 This book is a historical and cultural interpretation of a symbolic place in the United States, Harlan County, Kentucky, from pioneer times to the beginning of the third millennium, based on a painstaking and creative montage of more than 150 oral narratives and a wide array of secondary and archival matter.

Report of the Annual Re-union-Society of the Army of the Potomac 1908

The New Encyclopedia of Southern Culture-John T. Edge 2009-09 The American South embodies a powerful historical and mythical presence, both a complex environmental and geographic landscape and a place of the imagination. Changes in the region's contemporary socioeconomic realities and new developments in scholarship have been incorporated in the conceptualization and approach of The New Encyclopedia of Southern Culture. Anthropologist Clifford Geertz has spoken of culture as context, and this encyclopedia looks at the American South as a complex place that has served as the context for cultural expression. This volume provides information and perspective on the diversity of cultures in a geographic and imaginative place with a long history and distinctive character.
