Marketing Management-Mark Johnston 2014-02-25 Marshall/Johnston's Marketing Management, 2e has taken great effort to represent marketing management the way it is actually practiced in successful organisations today. Given the dramatic changes in the field of marketing, it is a sure bet that the job of leading marketing manager's contributions to the organisation and its customers, clients, and partners has changed at the same level. Yet, no marketing management book on the market today fully and effectively captures and communicates to students how marketing management is really practiced in the 21st century business world. Clearly, it is time for an updated approach to teaching and learning within the field. Marketing Management 2e is designed to fulfill this need.

Microeconomics: An Intuitive Approach-Thomas Nechyba 2016-01-01 Examine microeconomic theory as a way of looking at the world with MICROECONOMICS: AN INTUITIVE APPROACH, 2E. Using a conversational writing style, everyday examples and outstanding graphs, this book sets a new standard for clarity and rigor without requiring any background in calculus. The author builds on the foundation of individual behavior, showing readers the larger context of economic intuition while developing conceptual thinking skills with carefully written analysis. The first chapters establish a set of tools that prepare the reader to understand supply, demand and equilibrium. The text offers unprecedented flexibility in topical coverage with four distinct paths through the topics. Readers can follow a non-game theory path through microeconomics, a path emphasizing game theory, a path emphasizing policy issues or a path focused on business. Rigorous Framework - A pedagogy based on the use of Learning Objectives, Learning Reviews, Learning Objectives Reviews, and supportive student supplements.

The Image of the City-Kevin Lynch 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.
