Key Skills in Geography in Higher Education-Cheltenham & Gloucester College of Higher Education. Geography Discipline Network (GDN) 2000

Key Skills in Geography in Higher Education-Phil Gravestock 2000

Progress in Geography Skills: Key Stage 3-David Gardner 2020-05-29 This book is designed to help students build up and apply geographical skills throughout KS3. A wide range of skills are introduced in Unit 1, and then revisited and progressed in different contexts in Units 2-15 as part of a learning journey to becoming a geographer. These skills are progressed as an integral component of an enquiry process. The book provides a firm foundation for the geographical skills required at GCSE level and beyond. A wide range of geographical data is provided including satellite images and a large number of OS maps at a variety of scales, often linked to other data, such as ground and aerial photos. Progress in Geography Skills: Key Stage 3 can be used independently or alongside the Progress in Geography: Key Stage 3 Student book. Each page has a specific learning objective and skills focus, such as: - Conducting geographical enquiries; considering different points of view and making decisions - Drawing field sketches, linked to OS maps and locating places using lines of latitude and longitude on an atlas or grid references on OS maps - Understanding and drawing a wide variety of graphs - Analysis and presentation of statistical data - Comparing ground level photographs with Ordnance Survey maps and being able to identify coastal, glacial and river landforms on OS maps - Using newspapers to investigate issues, and detect bias - Using websites, including online GIS, as part of enquiries and investigating data

Geography Skills for NCEA Level 1 Workbook-Justin Peat 2015-08-14

The Really Practical Guide to Primary Geography-Marcia Foley 1996 Substantially revised to incorporate the contents of the 1995 Revised Order and its major implications for geography teaching. Includes two brand new chapters on the growing early years sector and OFSTED inspections. A whole range of different ways to organise the geography curriculum is discussed, with examples. The resources sections have been updated and expanded. Key Geography New Connections-John Smith 2002 New and updated exercises and assessments have been added to accompany the new chapters in the Students' Books. Citizenship, literacy, numeracy, ICT, sustainable development and work related learning are incorporated throughout the Guides. Alongside the Guide is a FREE CD-ROM that contains editable schemes of work and ICT exercises. Selected illustrations from the accompanying Students' Book are included on the CD-ROMs and can be used to make colour overheads or slides aiding class participation and discussion.

Basic Skills, Geography-Mark D. Alexander 1990

Key Geography Lower Ability Support Pack- 1996 Designed specially for lower-ability pupils at Key Stage 3, this pack is suitable for use as part of the Key Geography series in a mixed-ability classroom. It includes three levels of photocopiable worksheets for each topic, providing for progression, reinforcement, a range of different abilities, and individual teaching styles. With a focus on geographical skills and concepts, the worksheets incorporate a wide variety of activities, key words and terminology, and self-contained materials.

Basic Skills Geography-Sally Naish 1990 A flexible teaching resource for developing locational knowledge and practical and vocational geographical skills. Each double-page spread of the pupils' book provides everyday geographical data such as timetables, sketch maps and town plans, varied and stimulating pupil tasks - developing practical geographical skills, and locational knowledge, and extension assignments for more able pupils.

Key Geography Foundations-David Waugh 1996 Teachers will save valuable time through the use of suggested activities, assessment notes, mark schemes and teaching ideas. Teachers will benefit from further advice on developing an enquiry-based approach, assisting pupils with Special Educational Needs and incorporating cross-curricular themes. Pupils will learn vital IT skills through the use of worksheets demonstrating how electronic media can be used to support their geographical studies.

Skills in Geography in Secondary School-Vohn A. M. Rahil 1995 This book introduces students at the Lower Secondary level to the basic skills in map reading. All aspects of basic map work and map skills, representation of relief, the atmosphere, latitude and longitude, statistics and graphs are covered. It also gives the student information on the use of maps, plans, sketch-maps, scales, directions and grid references.

Basic Skills Geography-Sally Naish 1990 A flexible teaching resource for developing locational knowledge and practical and vocational geographical skills. The teachers' resource book provides a skills matrix, further extension material picking up geographical issues - for example, problems associated with the growth of tourism in areas of natural beauty, and a wealth of time-saving photocopiable masters and worksheets. Each double-page spread of the pupils' book provides everyday geographical data such as timetables, sketch maps and town plans, varied and stimulating pupil tasks - developing practical geographical skills, and locational knowledge, and extension assignments for more able pupils.
