English for Competitive Examinations: (Includes Descriptive and Objective Tests)-Wren & Martin

This book has been designed by combining the goodness of the original Wren & Martin text, High School Grammar & Composition, and specialized content developed by a panel of competitive examination experts in the area of the English language. The USP is therefore adapting a classical text to the needs of the various admission and recruitment competitive examination aspirants. Its exhaustive coverage ensures that virtually no competitive examination remains untouched. Students preparing for descriptive tests such as UPSC (Compulsory English and General English Papers of Main Exams) and state PCS examinations, Judicial Services examination, Indian Forest Service examination, Statistical Services and many other examinations in which subjective papers/tests are mandatory will find this book immensely useful. The book is also a boon for those students who are preparing for objective tests such as Banking and Insurance, SSC, UPSC preliminary, Defence Services, Law entrance, Business School entrance examinations, and many other admission and recruitment examinations. A unique feature of this book is demonstration of the connectedness of the concepts and their applications visually, with the help of arrows and pointers. The aspirant will also find questions from recent examinations on virtually every page of the book. An index of examination-wise questions has been included so that the aspirant can choose the sections according to the targeted examination and focus more. Topic-wise distribution of questions in English examination papers - both descriptive and objective - will also help aspirants to undertake a very well directed test-prep program using the book.

English to English. This book contains three books such as; 1. A key to the Perfect Spoken English, 2. The Perfect English Phonetics, 3. The Best Concise English Grammar & composition. Addition of three kinds of small books is finally produced as a complete book which is sub titled “A key to the Perfect Spoken English & Phonetics with the best concise English Grammar & Composition for keen learners” mostly needed not only for students of high school and college but also for keen learners. As far as I am concerned that it may be very useful up to college students and for keen learners those who do not know proper English and correct phonetics. I think this kind of book is rarely found in the market. As far as I know and hope that this kind of book might not have published before. There is no limit of level or age or class and duration for learning it; one who is eager to learn can learn at anywhere/any time/any year by having this book. This book gives you not only fundamental but also how you will be able to speak the perfect English throughout the world. It’s the primary key to success. The book has been written with the sole purpose of enlightening & enriching the readers about English grammar & Phonetics with the process of spoken English which will be very useful to all those who go through it; especially to new learners to get some ideas and knowledge in English language which is mostly used in spoken in day today’s life. ABOUT THE PERFECT ENGLISH PHONETICS:- Phonetics is the symbols to represent each different speech sounds, their pronunciation & script. The English language is meaningless without the phonetics; so one should know the correct sound of each word; otherwise he won’t be able to get what someone speaks or expresses. This kind of book is rarely found in the market for Indian students & keen learners those who really need it. Thus I have collected the phonetics from Oxford Dictionary & different kinds of books to make you easy to get. I hope that it will help us to get what someone wants to say meaningfully. It is also very important to know because there are some words which don’t sound but

have to be spelt as-tsunami /tsu:'nɑ:mi/ here 't' is silent, bristle /'brɪsl/ here also 't' silent; so in this case one can't come to know all the words without studying phonetics . If one knows the phonetics perfectly then he/she can speak or write in English frankly without fearing about it & everyone gets him that what he/she says. The basic knowledge of phonetics is enough to help us to acquire correct pronunciation. If we speak phonetically; then we may not face problem in writing or speaking in any necessary action. It is the only one language by knowing one can travel all over the world where English is used as a second or a foreign language. ABOUT THE BEST CONCISE ENGLISH GRAMMAR AND COMPOSITION:- This book is written concisely in perfection from Mr.Wren & Martin'S English Grammar Book from fundamental Grammar (root level). You can extend your thoughts and examples from it to get the thorough knowledge. It is up to you whether you grow branches from your root; I mean creativity, extendable thoughts and grasping examples. The more you practice the more you get; beacue we all know that there is saying "Practice makes a man perfect". It is great personal & professional satisfaction brought you by a new compilation. In our country the English language is taught as second language. This book develops communicative skills & elocution. It has been written in brief & concisely so that students can grasp quickly without taking long duration apart from their studies; especially for keen learners who don't get enough time being in their busy life & profession can give less time for learning proper English & Phonetics. I hope & i am sure that you will find English as easy if you really go through it thoroughly & put in practice giving more interest. I am hopeful that this book will be found useful mostly in our Odisha, India and in other places too; especially in India where English is used as a second or foreign language. I have been endeavored to refer writings of several authors in the form of books to bring this book out. By Hari Nayak (Hener/Hyarish) Compiler
