of history furiously. Amidst all this, in an unnamed village, a familiar corporeal spirit plunges into knee-deep mud. This is Tamiz's father, the man in possession of Khwabnama. At first glance, Khwabnama is the tale of a harmless young farmhand who becomes a sharecropper and dreams of a future that has everything to do with the land that he cultivates and the soil that he tills. The fabric of his dreams, though, have as much to do with the history of the land as its future, and as much to do with memories as with hope. In this magnum opus, which documents the Tebhaga movement, wherein peasants demanded two-thirds of the harvest they produced on the land owned by zamindars, Akhtaruzzaman Elias has created an extraordinary tale of magical realism, blending memory with reality, legend with history and the struggle of marginalized people with the stories of their ancestors.

1932 Thomas Grahame Bailey

1997-01-01 Sir Muhammad Iqbal An excellent work detailing with notes the thoughts of Allama Iqbal in his famous work. The text features extensive notes and gives an introduction to each poem.

2010 Eilli Goldberg

2018-11 Shaykh Muhammad Ibn Salih Al-Uthaymeen In the name of Allah, the Most Merciful and Most Compassionate. Praise to the One Who completed this religion and sent guidance through His Messenger salAllahu 'alayhi wa sallam. To begin: Every so often our daily lives preoccupy us and turn us away from Allah's promise. When we walk out of our homes, turn on the radio, TV, or Internet, we are distracted by the evils we see and hear. As result of immorality and unashamed

disobedience, our hearts grow hard and distant from Allah and His Messenger's call. We know the message of Islam is true, but we are weak due to the rigidity of our heart, spirit and mind. In times like these, we need something to penetrate that stiffness. We need a remedy to soften that hardness and the inflexibility of our choices. Disunity and harshness afflicts this Ummah today. Consequently, many people have turned away from brotherhood, caring, and even Islam itself. Their hearts have transformed into dwellings of complete hatred for a sinner, disdain toward the weak Muslim, and jealousy of their successful brother or sister. I have selected some ahaadeeth from the most authentic book after the Qur'aan to soften the hearts in our chests. I used Shaykh Muhammad ibn Saalih Al-'Uthaymeen's explanations for the ahaadeeth selected. The ahaadeeth selected come from a book in Imam Al-Bukhari's collection titled Riqaq: Heart Softeners. This chapter brings tears to one's eyes, fear to one's mind, and most importantly it diminishes the rigidity in one's heart. I ask Allah to make the translation and compilation solely for His pleasure. I pray to Allah for acceptance of this deed and His mercy in the Hereafter. Abu Aaliyah Abdullah ibn Dwight Battle Ramadan 18th, 1433Doha, Qatar (c)

1992 Muhammad M. Al-Akili

1999-12 Sheikh Shahabudin Suhrawardi The Awarif ul-Maarif is recognized as a great work pertaining to Tasawwuf or Sufism.

2018-04-17 Larry Burk An exploration of dreams as a spiritual source of healing and inner guidance for your health and well-being • 2018 Nautilus Silver Award • Shares stories--confirmed by pathology reports--from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives • Explores medical studies and ongoing research on the diagnostic power of precognitive dreams, including Dr. Burk's own medical research • Includes an introduction to dream journaling and interpretation techniques Your dreams can provide inner guidance filled with life-saving information. Since ancient Egypt and Greece, people have relied on the art of dreaming to diagnose illness and get answers to personal life

challenges. Now, dreams are making a grand reappearance in the medical arena as recent scientific research and medical pathology reports validate the diagnostic abilities of precognitive dreams. Are we stepping back into the future as modern medical tests show dreams can be early warning signs of cancer and other diseases? Showcasing the important role of dreams and their power to detect and heal illness, Dr. Larry Burk and Kathleen O'Keefe-Kanavos share amazing research and true stories of physical and emotional healings triggered by dreams. The authors explore medical studies and ongoing research on the diagnostic power of precognitive dreams, including Dr. Burk's own research on dreams that come true and can be medically validated. They share detailed stories--all confirmed by pathology reports--from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives, including Kathleen's own story as a three-time breast cancer survivor whose dreams diagnosed her cancer even when it was missed by her doctors. Alongside these stories of survival and faith, the authors also include an introduction to dream journaling and interpretation, allowing the reader to develop trust in their dreams as a spiritual source of healing and inner guidance.

1995 Sir Muhammad Iqbal

1995-07 Patricia Garfield With more than 250,000 copies sold, this classic exploration of dreams and how to use them has been updated to reflect recent research on dreams and dreaming.

1997 Patricia Telesco This work offers a creative interactive approach for readers who wish to discover the meaning of their inner, personal imagery. The book seeks to crack the codes of our dream life with an encyclopaedia of over 800 common dream images, and an interactive course of investigation - a voyage into the interior to help us to understand these symbols as they relate to our inner life. Each interpretation incorporates multi-cultural, psychological, religious, folk and historical meanings, so that each entry will speak to a broad and diverse range of people.
