Our First Dog-Robert Copps 2011-06-03 Our First Dog is a fictionalized account of the domestication of the wolf and its profound impact, first on a small settlement of Stone Age hunters and gatherers, and then on the course of human history. Tork the Bison Butcher, a clever observer of animals, is fascinated by the behavior of a young female wolf which has been rejected by her pack. He brings her home to his family. Initially terrified, his children and their mother are soon enchanted by the animal which they name Star and welcome into the clan, never anticipating the dramatic consequences of their action. Within a brief period, Stars sentry duties and hunting skills provide the family with unprecedented wealth and security. Her contributions alter the established primitive trading patterns in the valley, unleashing jealousy and retribution between competing settlement leadersand within Torks own family. Torks philosophical ponderings on the inter-relationship of all living things prepare the reader for the inevitable clash of forces between competing settlements and reveal that early humans share with us the same aspirations and fundamental questions about life.

Beyond Dead End: The Solo Careers of The Dead End Kids-Joseph Fusco 2012-12 No one exemplifies the angst of the Depression era street kid more than The Dead End Kids. They were the stars of Sidney Kingsley's 1935 play, Dead End, and reprised their roles in Samuel Goldwyn's 1937 Hollywood film version. The movie defined the theme of slum dramas for the juvenile rebellion films of subsequent decades. The Dead End Kids were Billy Halop, Huntz Hall, Bobby Jordan, Leo Gorcey, Gabriel Dell, and Bernard Punsly. The best of their films were the gangster movies where the boys collided with the likes of Humphrey Bogart in Dead End and Crime School, James Cagney in Angels with Dirty Faces and John Garfield in They Made Me a Criminal. They bandied about lightweights like Ronald Reagan in lackluster efforts like Hell's Kitchen and Angels Wash Their Faces before being reformed by a military academy in On Dress Parade. Their original reign was short-lived, not because they ran out of steam but because they had to be toned down due to criticisms. It didn't matter because The Dead End Kids mutated into several splinter groups that starred in various configurations of the original members for the next quarter century, carving out a unique niche in motion picture history. One of the uncharted tributaries of this history is the solo careers of the actors who played the Dead End Kids. There were careers of mixed blessings after the initial stardom and each member faced and dealt with the typecasting dilemma in different ways and various degrees of success. There was plenty of heartbreak and disappointment along a way that started with Dead End in 1935 and ended with Dr. Bernard Punsly's death in 2004. Joseph Fusco's Beyond Dead End: The Solo Careers of The Dead End Kids chronicles a saga of mixed blessings, where each member faced and dealt with the typecasting dilemma in different ways and various degrees of success. 388 pages. Illustrated.

The Good Life-Tony Bennett 2012-12-25 Tony Bennett is the man Frank Sinatra called 'the best singer in the business', and whose 1995 Grammy Awards for 'Album of the Year' and 'Best Traditional Pop Vocal Performance' for MTV Unplugged moved the New York Times to say, 'Tony Bennett has not just bridged the generation gap, he has demolished it.' He has legions of fans over a staggeringly large age span and in a recording career spanning five decades he has made 40 albums. His autobiography is rich with the stories of his long career and of the personalities he has known and includes the highs and lows, the successes and excesses of what has ultimately been a blessed life.

Nasha Bil Hoga, He Who Walks Alone-Mike Wyant 2013-02-22 An eleven-year-old Navajo boy is taken by force from his Arizona reservation home and bussed to Fort Sill Indian School near Lawton and Fort Sill, Oklahoma, in 1949. The U.S. law requires the Navajo children to attend school in a federally operated boarding school. The boy is treated roughly at his capture and on the bus trip. He vows to escape from the school and walk/run back the eight hundred miles back to his home, realizing he has no money and does not trust the white man. He is forced to rely on his survival skills. He makes several friends at the school. However, in the spring, he leaves at night and starts his journey home. The challenges he faces at the school and also his journey and how he overcomes those challenges are detailed. When he finally reaches his home area, he hears crying from several people and creeps through the sagebrush to see what is happening. The same government agents who seized him are trying to wrestle an eight-year-old girl from her mother and grandmother and put her on the bus. But while that happens, the boy slips unnoticed on to the bus and invites all the children to follow him, and he will hide and protect them until the agents have gone and stopped looking for them. Twenty-one of the children come with him, and he hikes for two days, covering his trails, until he reaches an old unknown cliff dwelling that he and his family had stayed at many times. It is well hidden. For close to a year, the children survive in the cliff dwelling, learning Indian skills from the boy and school skills from a twelve-year-old girl. Meanwhile, a large political battle takes place for many months, and finally, the law is changed so the Navajo children can stay on the reservation to learn the white mans ways and education. When all the papers have been signed by the Congress and the president, the childrens group is able to return home. A large dinner is planned by the tribal council for their return. At this dinner, the boy, Jeff White Cloud, has his name formally changed by the tribal leaders to Nasha Bi Hoga, He Who Walks Alone.

This Ain't the Summer of Love-Steve Waksman 2009-02-04 "Waksman brings a new understanding to familiar material by treating it in an original and stimulating manner. This book tells 'the other side of the story.'"—Philip Auslander, author of *Performing Glam Rock: Gender and Theatricality in Popular Music* "While there are a number of histories of punk and metal and numerous biographies of important bands within each genre, there is no comparable book to *This Ain't the Summer of Love*. The ultimate contribution the book makes is to provoke the reader into rethinking the ongoing fluid relationship between punk, a music that enjoyed considerable critical support, and metal, a music that has been systematically denigrated by critics. This book is the product of superior scholarship; it truly breaks fresh ground and as such it is an important book that will be regularly cited in future work."—Rob Bowman, Professor of Music at York University and author of *Soulsville USA: The Story of Stax Records* "Debunking simplistic assumptions that punk rebelled and heavy metal conformed, Steve Waksman demonstrates with precisely chosen examples that for decades the two shared strategies and concerns. As a result, this important volume is among the first to extend to rock history the same much-needed revisionism that elsewhere has transformed our understanding of minstrelsy, blues, country music, and pop."—Eric Weisbard, author of *Use Your Illusion I & II*
