Swahili Beyond the Boundaries-Alamin M. Mazrui 2007 Africa is a marriage of cultures: African and Asian, Islamic and Euro-Christian. Nowhere is this fusion more evident than in the formation of Swahili, Eastern Africa's lingua franca, and its cultures. Swahili Beyond the Boundaries: Literature, Language, and Identity addresses the moving frontiers of Swahili literature under the impetus of new waves of globalization in the twentieth and twenty-first centuries. These momentous changes have generated much theoretical debate on several literary fronts, as Swahili literature continues to undergo transformation in the mill of human creativity. Swahili literature is a hybrid that is being reconfigured by a conjuncture of global and local forces. As the interweaving of elements of the colonizer and the colonized, this hybrid formation provides a representation of cultural difference that is said to constitute a "third space," blurring existing boundaries and calling into question established identitarian categorizations. This cultural dialectic is clearly evident in the Swahili literary experience as it has evolved in the crucible of the politics of African cultural production. However, Swahili Beyond the Boundaries demonstrates that, from the point of view of Swahili literature, while hybridity evokes endless openness on questions of home and identity, it can simultaneously put closure on specific forms of subjectivity. In the process of this contestation, a new synthesis may be emerging that is poised to subject Swahili literature to new kinds of challenges in the politics of identity, compounded by the dynamics and

counterdynamics of post-Cold War globalization.

Black Theatre and Performance-John Gray 1990 "This important work contains just short of 4,000 citations to monographs, chapters in monographs, journal articles, dissertations, audio tapes, video tapes, and reviews. Drawn American and Western European as well as African imprints. The main body of the work is divided into three sections: `Cultural History and the Arts,' `African Theatre,' and `Black Theatre and Performance in the Diaspora.' . . . Because of its arrangement, it is an easy bibliography to browse. Four separate indexes (artist, title, subject, and author) simplify its use even further. No other bibliographic compilation in African and black theater is as recent or as comprehensive." Choice

Never Be Silent-Durrani, Shiraz 2016-11-25 "We will never be silent until we get land to cultivate and freedom in this country of ours" ...so sang Mau Mau activists. The struggle for independence in Kenya was waged at many levels. Never be

Silent explores how this struggle was reflected in the communications field. It looks at publishing activities of the main contending forces and explores internal contradictions within each community. It documents the major part played by the communications activities of the organised working class and Mau Mau in the achievement of independence in Kenya. The book contributes to a reinterpretation of colonial history in Kenya from a working class point of view and also provides a new perspective on how communications can be a weapon for social justice in the hands of liberation forces.

Social Policy and Human Development in Zambia-Ndangwa

Noyoo 2010-01-30 Social Policy And Human Development In

Zambia discusses social policy and human development

endeavours in Zambia, including the various societal forces that

converged on the country in both the pre-colonial and colonial

periods and which later influenced post-colonial social policy

initiatives. The pre-colonial era epitomised indigenous forms of

social protection that safeguarded the well-being of Africans.

Colonial rule, which was foreign in orientation, was geared

towards meeting the needs of a small European settler population

through social policy programmes. Most of the discussions in the

book unfold in the setting of a post-colonial society. The central

thesis of the book is that social policy and human development in

Zambia are inextricably bound up with the political and economic

forces in the country and that they constantly reinforce each

other. Politics is taken as an important variable that legitimises

the role of politicians and policy-makers in determining the

development path of the country. Thus, their efficacy, lack of

depth or ineptitude will be translated into the way public policies,

including social policy, are formulated and implemented. Given

the normative nature of social policy, it is argued that ideology plays a critical role in both its formulation and execution. This argument is brought home by showing how the socialist government in Zambia during the 1960s and 1970s relied upon ideology to marshal social policy towards the goal of national development. Based on the analyses of different political eras in the country the book also argues that the economy is the central pillar in the implementation of social policy and the provision of social services.

Outline of Swahili Literature-Elena Bertoncini-Zúbková 2009

Outline of Swahili Literature is a major study and reference guide of modern prose and drama in Swahili — one of the largest languages of sub-Saharan Africa. This second edition of the eponymous study first published in 1989, is extensively revised and enlarged. It contains new and updated information, mapping trends and writers. In addition, the book contains a resourceful bio-bibliographical index of modern Swahili writers and an annotated bibliography of all known works in Swahili modern prose and drama published from the late 1950s up to 2008.

The Bantu-Jareer Somalis-Mohamed A. Eno 2008 Somalia is generally thought of as a homogenous society, with a common Arabic ancestry, a shared culture of nomadism and one Somali mother tongue. This study challenges this myth. Using the Jareer/Bantu as a case study, the book shows how the Negroid physical features of this ethnic group has become the basis for ethnic marginalization, stigma, social exclusion and apartheid in Somalia. The book is another contribution to the recent deconstruction of the perceived Somali homogeneity and self-same assertions. It argues that the Somalis, just like most societies, employ multiple levels of social and ethnic distinctions, one of which is the Jareer versus Jileec divide. Dr. Eno successfully portrays another Somalia, in which a mythical homogeneity masks the oppression and social exclusion suffered by some ethnic groups in the country.

The Power of Babel-Ali A. Mazrui 1998-08-03 Linguists estimate that there are currently nearly 2,000 languages in Africa, a staggering figure that is belied by the relatively few national languages. While African national politics, economics, and law are all conducted primarily in the colonial languages, the cultural life of the majority of citizens is conducted in a bewildering Babel of local and regional dialects, making language itself the center of debates over multiculturalism, gender studies, and social theory. In *The Power of Babel*, the noted Africanist scholar Ali Mazrui and linguist Alamin Mazrui explore this vast territory of African language. *The Power of Babel* is one of the first comprehensive studies of the complex linguistic constellations of Africa. It draws on Ali Mazrui's earlier work in its examination of the "triple heritage" of African culture, in which indigenous, Islamic, and Western traditions compete for influence. In bringing the idea of the triple heritage to language, the Mazruis unravel issues of power, culture, and modernity as they are embedded in African linguistic life. The first section of the book takes a global perspective, exploring such issues as the Eurocentrism of much linguistic scholarship on Africa; part two takes an African perspective on a variety of issues from the linguistically disadvantaged position of women in Africa to the relation of language policy and democratic development; the third section presents a set of regional studies, centering on the Swahili language's exemplification of the triple heritage. *The Power of Babel* unites empirical information with theories of nationalism and pluralism—among others—to offer the richest contextual account of African languages to date.

A Giant Tree Has Fallen-Seifudein Adem 2016-09-13 This book memorialising the life and work of Ali Al'amin Mazrui comprises more than 130 tributes written by people ranging from heads of state to journalists. Presented here are those tributes for which copyright permissions were received from among the hundreds that appeared online and print. In preparing this book, it was made very clear that, unlike other books of tributes to great men and women, there would be no segmentation of the sections based on writers' and speakers' positions in life. Instead, it was

decided that the tributes be presented in alphabetical order based on writers' and speakers' last names. The decision hinged on the fact that Mazrui would not have apportioned any segmentation of people by class, race, ethnicity and gender etc. Nonetheless, out of great respect for Mazrui's immediate family members, their tributes are presented first, followed by those from his global family members. Also included at the beginning of the book are three chapters that comprise an introductory essay, a brief biography of Mazrui, and an essay on metaphorical-linguistic analysis of the tributes that follow. The book also has a preface by the co-editors and a forward by Salim Ahmed Salim, the former Prime Minister of the United Republic of Tanzania and Secretary-General of the Organisation of African Unity (OAU), now known as the Africa Union. Dr. Salim, who served as the Secretary-General of the OAU from 1989 to 2001, was Mazrui's friend and contemporary. Mazrui once described Salim as "Mr Africa" and the "first real postcolonial Secretary-General of the OAU."

The Green Cross of Kafira-Imbuga, Francis 2014-01-16 In his last play published posthumously the late Francis Imbuga presents the dramatic dialogue of his characters as mind games. In addition to using a narrator, Sikia Macho, to fill us in on the broken politics of Kafira, centring around detention without trial, Imbuga deliberately delays the inciting action, the formation of the Green Party of Kafira which then challenges the hitherto political monolith called the National Party. The candidate of the new party, former detainee Pastor Mgei, wins the election, and thereby dethrones the so-called Chief of Chiefs. In The Green Cross of Kafira, Imbuga, with a renewed sense of urgency, addresses the theme of dictatorship in Africa, and completes his trilogy of the Kafira plays which begins with Betrayal in the city followed by Man of Kafira.
