Political Concepts And Political Theories

Gender in Political Theory:Judith Squire 2013-05-28 This wide-ranging and accessible book provides a thorough overview of the key debates in gender and political theory. Political Theory: A Very Short Introduction 2001-13 does an excellent job of getting complex issues and theories across in an accessible format. It is thoroughly engaging and new introductory textbook, Pete Woodcock examines all these questions and more in a compact outline of the basics of political theory. He takes students step-by-step through the most important answers given by history's most famous thinkers to the most fundamental questions in politics, covering topics ranging from liberty and justice to gender and revolution. This new 10th edition to the basics of political theory contains all the essential elements for students studying for A-levels, but it still stands as a clear and masterly introduction to the field containing a wealth of information and ideas that can be used to support students in their further studies of political theory. It will be core reading for anyone doing an introductory course in political theory.

An Introduction to Political Theory John Hoffman 2013-09-13 This book provides an engaging and challenging introduction to political theory, and at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, which includes a library of links to political theory blogs and podcasts, this is the most comprehensive and accessible introduction to political theory available. The book is divided into thematic sections, beginning with an introduction to political theory through the lens of the Enlightenment. It then explores the topic of power, the role of ideas in political life, the role of science and evidence in politics, the role of identity and belonging in the political, and concludes with an exploration of the role of the political in the twenty-first century. Each section provides an accessible introduction to the major ideas, thinkers, and debates in political theory, and provides a bridge to further reading.

Philosophy for Students and Scholars. Comprised of sixty-nine newly commissioned articles by leading scholars, the Companion to Social and Political Philosophy is the most comprehensive and authoritative resource in social and political philosophy. The Companion divides into seven chapters: a seven-chapter section devoted to the normative foundations of social and political theory; a seven-chapter section on the relationship between economics and politics; a seven-chapter section on the normative, social, and political implications of contemporary economic developments; a seven-chapter section on the normative and political implications of the family and reproduction; a seven-chapter section on the normative and political implications of globalization and migration; a seven-chapter section on the normative and political implications of the environment; and a seven-chapter section on the normative and political implications of contemporary political thought. The Companion to Social and Political Philosophy is also an invaluable resource for students and scholars interested in the relationship between economics and politics, the family and reproduction, globalization and migration, the environment, and contemporary political thought.

The Concept of the Political: An Enquiry into Its Meaning and Functions in History and in Contemporary Life Carl Schmitt 1960-01-01 The concept of the political has traditionally been concerned with the relationship between the state and society, and the exchange of power that results from this relationship. However, in recent years, the concept of the political has been expanded to include a much broader range of issues, such as the relationship between the individual and the state, the relationship between the state and the international system, and the relationship between the state and the economy. The concept of the political is a key concept in contemporary political thought, and it is essential for understanding the current political landscape. The Concept of the Political is a comprehensive guide to the concept of the political, and it is an essential resource for anyone interested in contemporary political thought.

Contemporary Political Philosophy: An Introduction to Themes and Problems John S. Dryzek 2012-01-01 This book provides an introduction to the major themes and problems in contemporary political philosophy. The book is divided into three parts: Part I introduces the reader to the major themes and problems in contemporary political philosophy, including the relationship between the state and society, the relationship between the state and the international system, and the relationship between the state and the economy. Part II examines the relationship between the state and the international system, and it provides an overview of the key issues and debates in this area. Part III examines the relationship between the state and the economy, and it provides an overview of the key issues and debates in this area. The book is an essential resource for anyone interested in contemporary political thought.
