Exploring Depth Psychology and the Female Self: A Feminist Read of Jungian Psychology

Leslie Gardner

2020-11-23

Exploring Depth Psychology and the Female Self: A Feminist Read of Jungian Psychology offers an international assessment with a dynamic political edge which includes perspectives from both modern feminism and contemporary psychology. The book explores core issues such as the feminine and the feminine unconscious, the relationship between self and society, and the role of the unconscious in the development of identity. The book also examines the implications of Jungian psychology for contemporary women's issues, including the significance of the feminine in contemporary feminism, the role of the unconscious in the development of identity, and the importance of the relationship between self and society in the development of identity. The book concludes with a discussion of the implications of Jungian psychology for contemporary women's issues, including the significance of the feminine in contemporary feminism, the role of the unconscious in the development of identity, and the importance of the relationship between self and society in the development of identity.

Feminist Challenges

Irene Diamond

1987
