
The part interchange manual can be used to look up NOS part numbers. It includes approximately 3000 parts descriptions with factory part numbers by make model and year for Buick, Chevrolet, Pontiac, and Oldsmobile parts by year, make, and model that are interchangeable. For example, you can also determine if different years of Pontiac used the same part or as a parts manual for your car. Covers engine parts, body parts, electrical parts, suspension parts, clutches, transmission, rear ends, steering, and more. There are even some parts listed for the early 1930's. For convenience the parts are listed in sequence by group number. Model application or interchangeable parts for each car line is shown under the respective columns. Anyone looking for or selling parts, attending swap meets or restoring an antique auto will be able to put this information to good use.

process and explains it in detail. A book dedicated to the Dana, Sure-Grip, and AMC Jeep axles has never been published before, and Mopar, Jeep and AMC enthusiasts are hungry for this information. The Dana and AMC axles should remain in wide use into the foreseeable future, and therefore there will be a consistent demand for this information. This book will also feature extensive gear and application charts, so the reader is sure to select the correct gear ratio for a particular vehicle and application. Special coverage is therefore dedicated to ring and pinion gears. In addition selecting the best aftermarket and production axle shafts is covered as well as modifying and upgrading the differential housings.
