Poodle Training-Claudia Kaiser 2020-06-28 Poodle Training - Dog Training for your Poodle puppy The training of dogs is often... ... confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Poodle profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is “normal” for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Poodle will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Poodle training books. Vol. 2 for your grown up Poodle is also available with the title "Poodle Training Vol. 2: Dog Training for your grown-up Poodle" Author Claudia Kaiser says about her book: “It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship.” Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step instructions and secret tips which are tailor-made for your Poodle. Get your copy of this book today and experience... ... how your Poodle sees his world ... and how you can progressively train your dog to receive the best results. Your Poodle will appreciate it... ... so this is my advice: Don't hesitate to buy this book! What’s the best way to introduce my Poodle to kids and other pets? How often do my Poodle need grooming? No matter which size, color, or gender you own, Poodles are not a “wash ‘n’ wear” breed. Gaston-Kelly DiPucchio 2014-06-03
A bulldog and a poodle learn that family is about love, not appearances in this adorable doggy tale from New York Times bestselling author Kelly DiPucchio and illustrator Christian Robinson. This is the story of four puppies: Fi-Fi, Foo-Foo, Ooh-La-La, and Gaston. Gaston works the hardest at his lessons on how to be a proper pooch. He sips—never slobber! He yips—never yap! And he walks with grace—never races! Gaston fits right in with his poodle sisters. But a chance encounter with a bulldog family in the park—Rocky, Ricky, Bruno, and Antoinette—reveals there’s been a mix-up, and so Gaston and Antoinette switch places. The new families look right...but they don’t feel right. Can these puppies follow their noses—and their hearts—to find where they belong?
