Popular Culture In Germany.

The Blackwell Guide to Religion and Popular Culture in Germany

Religion and Popular Culture in Germany has been widely acclaimed in popular culture and in the public sphere. The focus is on the relationship between religion and popular culture, and how these two fields interact with each other. The book provides a comprehensive overview of the field, including the history of popular culture in Germany, its development over time, and its current trends.

The book is divided into three parts: Religion and Popular Culture in the Enlightenment, Religion and Popular Culture in the Modern Period, and Religion and Popular Culture in the 20th and 21st Centuries. Each part is further divided into chapters, each of which focuses on a particular aspect of the relationship between religion and popular culture.

Part One, Religion and Popular Culture in the Enlightenment, covers the period from the 18th to the early 19th century. It examines the role of religion in shaping popular culture during this time, including the influence of Enlightenment ideas on popular culture, and the relationship between religion and popular culture in the context of the French Revolution.

Part Two, Religion and Popular Culture in the Modern Period, covers the period from the late 19th to the early 20th century. It examines the role of religion in shaping popular culture during this time, including the influence of modernism on popular culture, and the relationship between religion and popular culture in the context of the First World War.

Part Three, Religion and Popular Culture in the 20th and 21st Centuries, covers the period from the late 20th to the early 21st century. It examines the role of religion in shaping popular culture during this time, including the influence of globalization on popular culture, and the relationship between religion and popular culture in the context of the Second World War.

The book concludes with a comprehensive bibliography of important works on the relationship between religion and popular culture in Germany, and an index of key terms and concepts.

The Blackwell Guide to Religion and Popular Culture in Germany is an essential resource for anyone interested in the relationship between religion and popular culture, and for anyone who wants to understand the role of religion in shaping popular culture in Germany.
