HAVE POSITIVE ATTITUDE YOU WILL SURELY WIN

ABOUT THE BOOK

INTRODUCTION

What do we think about Positivity Attitude? The feeling of positivity is within us. It is said that positive living is purely an internal matter. It has nothing to do with our external circumstances. There is something positive within us who keep us happy and there is something negative within us which keep you unhappy. Happy living through positivity is nothing more than that of living a normal life free from undue pressures, problems and tensions. If we want to live a happy life then we need to get rid of the negativity within us which makes us unhappy. Negative approach always complicates the problems and increases unhappiness.
Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards. Be positive, be strong, be bold and be courageous every day. Even if we are having a bad day, think of some good things that may come our way, either later that day, tomorrow, next week, month, or year.

Daily Inspiration for Educators-Jimmy Casas 2020-05-26 After writing and speaking about all aspects
of education for several years, one day Jimmy Casas decided to begin sharing what he called a
"Thought for the Day" through various social media outlets. Most often, these "thoughts" were
simply things he had been saying in presentations around the country or snippets from books he had
written such as Culturize and Live Your Excellence. He certainly never considered them very
profound or even original, yet was gratified by the response these daily thoughts received from those
who followed them and he realized that many people were just like him in that they were always on
the lookout for a short saying that might make them think or might help carry them through their
busy day. As a result of the positive feedback he was receiving from many educators, he continued to
send out a daily thought about teaching, learning, leadership, or life in general for over two years. It
became a fun habitual start to his day and gratifying to see the responses each daily thought elicited
from other educators. This book compiles many of these daily thoughts into a collection of 365 daily
inspirational messages. Most of the daily thoughts contained herein are variations on the "Thoughts
for the Day" Casas has shared over the past years. Others are sayings found elsewhere, some of
which are hundreds of years old and others found only recently. The goal of this volume is that in
some small way, these daily thoughts will provide hope, validation, and inspiration to some of the
most inspiring people in the world: hard working education professionals. Thank you for continuing
to do what you do each day. For educators reading this collection of daily thoughts, your career in
education is likely more of a "calling" than a mere job. Serving as a professional educator is so
important that we must commit to doing whatever it takes to ensure that every child achieves
success each and every day we serve. It is noble work, indeed. But it is difficult work with many
daily challenges and disappointments. Daily Inspiration for Educators can serve as a resource that
motivates and inspires educators during times of joy as well as when things get tough, as we know
they will periodically in a profession as important and challenging as ours.
