The Power of Your Subconscious Mind, Revised Edition-Joseph Murphy 2007-01-01 I have seen miracles happen to men and women in all walks of life all over the world. Miracles will happen to you, too-when you begin using the magic power of your subconscious mind. This book is designed to teach you that your habitual thinking and imagery mold, fashion, and create your destiny; for as a man thinketh in his subconscious mind, so is he. Why is one man sad and another man happy? Why is one man joyous and prosperous and another man poor and miserable? Why is one man fearful and anxious and another full of faith and confidence? Why does one man have a beautiful, luxurious
home while another man lives out a meager existence in a slum? Why is one man a great success and another an abject failure? Why is one speaker outstanding and immensely popular and another mediocre and unpopular? Why is one man a genius in his work or profession while the other man toils and moils all his life without doing or accomplishing anything worthwhile? Why is one man healed of a so-called incurable disease and another isn’t? Why is it so many good, kind religious people suffer the tortures of the damned in their mind and body? Why is it many immoral and irreligious people succeed and prosper and enjoy radiant health? Why is one woman happily married and her sister very unhappy and frustrated? Is there an answer to these questions in the workings of your conscious and subconscious minds? There most certainly is. It is for the express purpose of answering and clarifying the above questions and many others of a similar nature that motivated me to write this book.

Subconscious Power-Kimberly Friedmutter 2020-09-01 Activate the raw power of your subconscious to create the life you’ve always wanted, using six essential lessons from one of the world’s most renowned hypnotherapists in this “nourishing and healing book” (Michael Bernard Beckwith, author of Spiritual Liberation). Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it’s your inner child, your authentic self. It is the honest compass that will lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we’re taught to stop daydreaming and to follow society’s rules, which makes us disconnect from our subconscious, often with tragic results. In Subconscious Power, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights. Featuring inspiring success stories and the practical tools you need to make meaningful change, Subconscious Power gives “you a pathway to achieve your goals and dreams in an effective and easily understandable manner. This book will improve your life in ways you never thought of” (David Zelon, producer of Soul Surfer).
