Designed for business professionals and tertiary students, this business English course features original texts drawn from a range of authentic sources, including magazines, books and films. The course's flexible structure allows the ten units to be used sequentially or to be dipped into. It features complete coverage of key business areas, revises key grammar and includes a comprehensive grammatical reference with exercises at the back.

Race, Culture, and Identities in Second Language Education-Ryuko Kubota 2009-06-02 The concept and construct of race is often implicitly yet profoundly connected to issues of culture and identity. Meeting an urgent need for empirical and conceptual research that specifically explores critical issues of race, culture, and identities in second language education, the key questions addressed in this groundbreaking volume are these: How are issues of race relevant to second language education? How does whiteness influence students’ and teachers’ sense of self and instructional practices? How do discourses of racialization influence the construction of student identities and subjectivities? How do discourses on race, such as colorblindness, influence classroom practices, educational interventions, and parental involvement? How can teachers transform the status quo?

Each chapter is grounded in theory and provides implications for engaged practice. Topics cover a wide range of themes that emerge from various pedagogical contexts. Authors from diverse racial/ethnic/cultural backgrounds and geopolitical locations include both established and beginning scholars in the field, making the content vibrant and stimulating. Pre-reading Questions and Discussion Questions in each chapter facilitate comprehension and encourage dialogue.

Corpora in Applied Linguistics-Nikola Dobrić 2016-08-17 This volume brings together contributions from the Klagenfurt Conference of Corpus-Based Applied Linguistics (CALK14), in order to extend corpus linguistic research in different areas of applied linguistics. The studies gathered here explore the opportunities that both spoken and written corpora offer for answering questions in different domains of applied linguistics such as second language learning, language testing, comparative linguistics, learner pragmatics and specialised discourses. At the same time, the contributions also give insight into possible limitations and further challenges of corpus-based research in these areas.

Business Law: Text & Cases - The First Course - Summarized Case Edition-Roger LeRoy Miller 2016-12-05 Comprehensive, authoritative, and reader-friendly, market-leader BUSINESS LAW: The First Course - Summarized Case Edition, 14E delivers an ideal blend of classic black letter law and cutting-edge contemporary issues and cases. Today, BUSINESS LAW: The First Course - Summarized Case Edition continues to set the standard for excellence. The book’s strong reader orientation makes the law accessible, interesting, and relevant. Intriguing cases, timely content, and effective learning features are thoroughly updated to represent the latest developments in business law. Cases range from precedent-setting landmarks to important recent decisions. Ethical, global, e-commerce, digital, and corporate themes are integrated throughout this edition with new features, such as new Digital Update that shows how digital progress is affecting the law. Numbered examples, Case in Points, sample answers, new reader-friendly Concept Summary Designs and
helpful exhibits all work together to ensure reader comprehension. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The British National Bibliography-Arthur James Wells 2000
Powerbase Pre-Intermediate-David Evans 2003 Powerbase is an ideal introduction to general English for working adults. It provides excellent preparation for other Business English courses. The Study Book provides revision, practice, and consolidation activities. It corresponds directly to lessons in the Coursebook.

English for Specific Purposes-María del Carmen Lario de Oñate 2008-03 Bajo este título se recopilan una serie de artículos que giran todos en torno a la misma temática, el estudio de la importancia y el impacto del English for Specific Purposes en el contexto general de la enseñanza de la lengua inglesa.

Aspects of Culture in Second Language Acquisition and Foreign Language Learning-Janusz Arabski 2011-08-27 In recent years language learning has been increasingly viewed by some SLA researchers as an essentially social-psychological process in which the role of a wider sociocultural context should not be marginalized. This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence, the role of English as a lingua franca in intercultural communication, and the place of cultural factors in SLA theorizing, research, second/foreign language teaching and teacher training. The volume also contains contributions which share the linguistic interest in the culture-related concepts and constructs such as time, modesty, politeness, and respect, discussing the culture-dependent differences in conceptualization and their reflection in particular language forms and linguistic devices.

Requiem for a Character Actor-Kenniston Lord 2006-08-01 Police Chief Quentin Price is called to the scene of a bloody murder backstage at the Chainville Theater. Steve Gossman, aka Willy Loman, has been executed with a 12-gauge buckshot load at the end of the play, Death of a Salesman. Who wanted Steve dead? Nobody. Well, nearly nobody. His wife Mildred wanted him questioned about the death of her parents. Mildred was involved with two lovers--did one of them want Steve dead? It was Ben Tilden's turn to play the part this night, but he was ill. Did somebody want Ben dead? Who? Might it have been Arnie, the Building Inspector? Might it have been Alice, the bisexual who had something going with Karla, Ben's wife? Major Alton Douglas is convinced that the real target for the night was Ben. Was that before or after the muscle men from Vegas showed up demanding a hundred thousand dollars? Was that before or after Arnie and Karla met in the roadhouse? And what about the Mercedes?
Crossing the Goal-Danny Abramowicz 2009 Crossing the Goal: Playbook on the Virtues from Emmaus Road Publishing maps out a strategy for becoming godly men. Written by Coach Danny Abramowicz and team members Peter Herbeck, Curtis Martin, and Brian Patrick of the popular EWTN Global Catholic Network series by the same name, this Bible study guide serves as a companion to the sports-format show. While readers can use the study guide on their own, it is even better when shared with a group of men. The Leading a Discussion section gives sure-to-win pointers to the quarterbacks or group leaders. To Talk About suggestions can launch discussions or give readers things to think about on their own. Complete with on-screen photos and space for taking personal notes, the team's playbook briefly summarizes the main points of the nine episodes. Segments featured for each episode include Kickoff (tackling a real problem men face), Game Plan (identifying the virtue needed to overcome the challenge), The Red Zone (serving up advice from the men who have been there), and The End Zone (applying practical, faith-filled wisdom to secure the victory). Pre-Game and Halftime sections further inspire readers of this book to become the virtuous men God has called them to be. Episodes included in Crossing the Goal: Playbook on the Virtues: Courage Perseverance: Staying in the Game Temperance: Removing the Junk Temperance: Getting in Shape Wisdom: Living the Truth Justice: Giving What Is Due Faith: A Radical Choice Hope Love: An Act of the Will

Decentralized Economic Social Organization-Reed Camacho Kinney 2012-04-02 Representational government is not authentic democracy. The American Constitution cannot defend us from socioeconomic domination by centralized power. Independence means that people organize among themselves in order to meet all of their existential needs, which include more than preserving corporal survival. It means actualizing a better civil and civic organization, and adding to that a civic-economic organization (explained in my other writings) in order to afford every child the support needed to grow as individuated people. The genius my father contributed is the means of making consensus-based decision making processes a structured organization in conjunction with mutual banking, and its production-based economy, which as an organization must expand, or perish. That inbuilt expansive component is what distinguishes DESO from all other attempts to create a better lifestyle. By forcing decentralization to expand, as a structural component, consequent of consensus-based organization and its mutual banking, and its production-based economy, it will compete with mass centrist society for members, because living in real, sovereign community provides a better quality of life; a better culture. I am encouraged that there are people really interested in making this project move into its actualization, and that eventuality is nearing. My blog: http://decentralizationblog.wordpress.com

Diaspora, Development, and Democracy-Devesh Kapur 2013-12-01 What happens to a country when its skilled workers emigrate? The first book to examine the complex economic, social, and political effects of emigration on India, Diaspora, Development, and Democracy provides a conceptual framework for understanding the repercussions of international migration on migrants’ home countries. Devesh Kapur finds that migration has influenced India far beyond a simplistic “brain drain”--migration’s impact greatly depends on who leaves and why. The book offers new methods and empirical evidence for measuring these traits and shows how data about these characteristics link to specific outcomes. For instance, the positive selection of Indian migrants through education has strengthened India’s democracy by creating a political space for previously excluded social groups. Because older Indian elites have an exit option, they are less likely to resist the loss of political power at home. Education and training abroad has played an important role in facilitating the flow of expertise to India, integrating the country into the world economy, positively shaping how India is perceived, and changing traditional conceptions of citizenship. The book highlights a paradox--while international migration is a cause and consequence of globalization, its effects on countries of origin depend largely on factors internal to those countries. A rich portrait of the Indian
migrant community, Diaspora, Development, and Democracy explores the complex political and economic consequences of migration for the countries migrants leave behind.
