Wicca Book of Spells and Witchcraft for Beginners-Sarah Bruhun 2020-01-19 You would like to discover more about Wicca? With this audiobook you will learn about the history and practice of the Wiccan tradition, discover the incredible power of spellcasting for health, wealth and happiness, and explore the magical side of herbs & plants to connect with nature, as the earliest shamans did in the ancient world. The world we live in today seems wholly distant from the one our ancestors lived in—a world where humans and Nature were at one, their existence intertwined in the natural cycles of life. Wicca teaches us to appreciate the Earth, celebrating the intricate changes in the seasons and things they bring. As you discover in this book, Wicca is a reincarnation of the very earliest religions, practiced for millennia before the advent of Christianity. Wiccans celebrate and share many of the same beliefs our ancestors held, with practices that honor the old ways while being compatible with contemporary life. For thousands of years, our ancestors believed that the Elements — Earth, Air, Fire, and Water — were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest particular outcomes. Through ritual and magic, Wiccans interact with the primal forces of the Elements in a variety of ways, calling upon them for assistance in the transformation of their callalities. Interest in Wicca, Witchcraft, and modern contemporary magic has increased exponentially over the past few decades. The dramatic rise of this Nature-based religion is due in large part to the Internet—just twenty years ago, people curious about these subjects often had little access to credible information, especially those without a good New Age or Occult bookstore nearby. But the appeal of Wicca is also growing in tandem with the increasing complexities of our modern, high-pressured mainstream society. Whether you’re just looking to learn more about the Wiccan way of life, or you want to start practicing Wicca yourself, you will have a solid understanding of the essence of Wicca after listening to this audiobook. The Meaning of Witchcraft-Gerald Gardner 2004-03-01 Thought to be the father of modern witchcraft, Gerald Gardner published The Meaning of Witchcraft in 1959, not long after laws punishing witches were repealed. It was the first sympathetic book written from the point of view of a practicing witch. The Meaning of Witchcraft is an invaluable source book for witches today. Chapters include: Witch’s Memories and Beliefs, The Stone Age Origins of Witchcraft, Druidism and the Aryan Celts, Magic Thinking, Curious Beliefs about Witches, Signs and Symbols, The Black Mass, Some Allegations Examined. The Meaning of Witchcraft is a record of witches’ roots—and a tribute to a founding pioneer with the courage to set that record straight.

Modern Witchcraft and Magic for Beginners-Lisa Chamberlain 2015-10-31 Everything You Need to Know to Start Practicing Magic and Witchcraft "Witchcraft" is a word that, for some, may inspire fantastical images of women flying through the night sky on broomsticks and shooting sparks out of a glimmering wand. Others mistakenly associate people who practice Witchcraft with the dark arts-believing that Witches go around hexing people, or use other “black magic” to cause trouble for people they dislike. The truth is, Witchcraft is not fantasy, and is not inherently malicious. It’s a vibrant, nature-based spiritual practice that is alive and well in our modern times, just as it has been for longer than we’ve been recording history. Nonetheless, due to the persistence of these misconceptions in mainstream society, some Wiccans do not consider themselves to be practitioners of Witchcraft, and don’t identify as Witches. This is despite the fact that Gerald Gardner, the founder of what became known as Wicca, described the religious activities of his coven in exactly these terms-they were Witches practicing Witchcraft! Whether you choose to call yourself a Witch, a Wiccan, both, or neither, Witchcraft is an enormous topic that can be overwhelming for those who are just starting to explore it. There’s so much to learn, and there are many differing perspectives on what is “correct” or “incorrect” in terms of knowledge and practice. Truly, it may be the one of the most confounding of all possible areas of spirituality! Modern Witchcraft and Magic for Beginners was created to provide a fact-based, neutrally-oriented context for launching you on your exploration. Whether you feel called to study Wicca with a practicing coven, learn as much as you can on your own about a branch of Traditional Witchcraft, or forge an eclectic practice that combines several approaches, this book will help you navigate the various opinions, definitions, and perspectives you’ll find in the wide, wide world of the Craft. Foundations of Western Witchcraft Wicca has become the most well-known form of the Craft, but it emerged in tandem with other forms. Many of these other traditions were influenced by, and had influence on, what we now know as Wicca. A basic understanding of the wider realm of Witchcraft allows you to broaden your knowledge and enhance your practice. In these pages, you’ll find: An overview of the historical and cultural contexts in which contemporary Witchcraft has evolved A debunking of common misconceptions about Witchcraft as it is practiced today Core beliefs and practices found among a variety of forms of the Craft Clear distinctions between Wiccan, Traditional, and Eclectic paths Core concepts underlying the “why” and “how” of magic A brief look at a few common magical techniques-visualization, invocation, and candle magic Some example workings for you to try, if you feel so inclined Suggested reading for those who want to explore these topics further Whether your curiosity about the Craft is intellectual, spiritual, or both, you’ll find plenty of useful information in Modern Witchcraft and Magic for Beginners. By learning about what witchcraft, Wicca, and Magic truly is, you can unlock the secrets that the universe has been holding all around you for your entire life.
