The Praxis of English Language Teaching and Learning (PELT)-
Mark Vicars 2015-06-17 This edition of Critical New Literacies: The Praxis of English Language Teaching and Learning (PELT) begins with an examination of bricolage as a way to engage in critical research in TEFL/TESOL teaching and research. The volume considers the quality of ‘encounter’ needed in the global and intercultural classroom. The authors address validity, reliability and an authentic need for research which has at its heart ethical practice. Disenfranchisement of the co-participants in research, which is usually not considered, is reviewed in the volume. The manner in which quantitative methods can be used to deliberate on “praxis” is also explored. Self-reflexive practice is at the heart of EFL research and remains central to this volume. The authors are all praxis based research practitioners and make the work of research accessible, equitable and socially just. This series has at its core the need to state that equitable research is about shared authority and shared power. These nine authors address the periphery and in doing so contest the way the world sees research. The PELT series has a disruptive quality as its raison d’etre and Steinberg et al are asking us to revisit; review and re-assess the notion of our life work as researchers in EAL, ESL, TEFL and TESOL. These nine authors are all global leaders in research inquiry and the provocations offered here are unified in the parading by questioning the more traditional field of research inquiry. The ethic of care and courage is encapsulated in this edition.
德塔人並沒有滅絕，所有現代人類體內都帶有尼安德塔人的基因，也就是說，我們都是尼安德塔人的後代。這個發現讓人不得不重新描繪人類演化的歷程。這是一個關於深具遠見的科學家與科學研究本質的故事，對於「我們是誰」這個基本問題，提供了豐富的見解。這也是一本好看的實驗室文學，科學家在探索科學真相時理論上的思辨，不斷檢驗實驗成果，並尋求出路時的波折連連，實驗室成員的互動以及與科學競爭團隊的競合，將科學工作的第一手資料極為生動地記錄下來。本書敘述的是一個成功的故事，但是故事的發展交織著遠見、挫折、毅力以及運氣，絕非理所當然。同時本書也為讀者開了一扇窗，觀察現代科學的運作。對於有志於科學的讀者，這是個難得的機會。

language academies or tutoring centers. The diversity of learners and contexts within the TESOL field presents a unique opportunity for educators to address varied educational and societal needs. This opportunity calls for TESOL educators who can support the whole learner in a range of contexts for the greater social good. There is an urgent need for readily reproducible and step-by-step research-based practices and current standards in TESOL that bridge the gap between critical scholarship and equitable teaching practices. This book would serve as a critical addition to current literature in TESOL. TESOL Guide for Critical Praxis in Teaching, Inquiry, and Advocacy is an essential reference that provides practical and equitable step-by-step guides for TESOL educators through the current best practices and methods for effective and equity-minded teaching, critical inquiry, and transformative advocacy. This book is of particular value as it bridges theories to practices with a critical look at racial and social justice in English language teaching, which will lead to the integration of social justice-focused practice across the new curriculum. Covering topics such as integrated language instruction, equity and inclusivity, critical consciousness, and online learning, this text is essential for in-service and pre-service TESOL educators, education students, researchers, administrators, teacher educators, and academicians.

A scholarly contribution to educational praxis-M.A. Mokoena 2016-12-31 This publication contains original research targeting scientific specialists in the field of education, through research
endeavours grounded on a philosophical basis, as well as being embedded in the empirical. The research methodology of each chapter emanates from applicable philosophical assumptions in the form of an applicable theoretical and conceptual framework. The latter forms a firm basis for the application of sound empiricism. The content of this book adds to the body of scholarly knowledge in education. In his evaluation of the book, Acting Executive Dean, Faculty of Education and Training, Professor Akpovire Oduaran, made the following remarks: ‘To a large extent, the ideas put together in this book have come from data generated not just from literature found in books and journals but actual interactions with educators and the learning environment. So then, what the reader is offered in this volume is the articulation of ideas that have been interrogated, structured and presented in surprisingly simplistic and yet incisive and academically enriching content that can match the standards of scholarship that is available in the Western World. Yet, what makes this book so welcome, relevant and timely, is the fact that it is built around Afrocentric theories and practices such as one may find in imported literature.’

Contextualizing College ESL Classroom Praxis-Laurence N Berlin 2012-12-06 Contextualizing College ESL Classroom Praxis: A Participatory Approach to Effective Instruction provides pre-service and in-service teachers with a model for engaging in effective instruction with the variety of students encountered in college English as a second language or foreign language classrooms. Along with the model, the text is designed to help readers develop the tools to use it within a participatory approach. This approach, based on the principles of Paulo Freire's critical pedagogy, is combined with multicultural education and the general tenets of a communicative approach to language teaching. From the philosophical to the theoretical to the practical, these strands are combined into a cohesive whole. The underlying premise is that the best way to develop an understanding of a participatory approach is to engage in it. Throughout the book, readers are asked to apply problem-posing--a learning process that begins with naming issues, reflecting on them and possible solutions, and acting upon one's ideas. Questions addressed include: *What is the nature of process over
product? *Is a new definition of effective instruction necessary? *What are the factors that can affect second language acquisition? *What do teachers believe about effective language instruction? *What do students believe about effective language instruction? *What makes pedagogy effective? *How do teachers and students relate in the classroom? *What does instruction mean for students? *How can effective praxis be adapted to various contexts? Each chapter includes Pre-Reading Questions, Post-Reading Questions, a topic for a Reflective Journal, and Follow-Up Activities. These provide opportunities to enhance comprehension of the material, to co-construct new knowledge with classmates, and to review personal beliefs and ideas in an effort to modify or reinforce them in one's own developing model for effective language instruction.
