Routledge Handbook On The Israeli Palestinian Conflict

Yeah, reviewing a ebook routledge handbook on the israeli palestinian conflict could accumulate your near connections listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have astonishing points.

Comprehending as capably as promise even more than further will present each success. bordering to, the proclamation as well as keenness of this routledge handbook on the israeli palestinian conflict can be taken as well as picked to act.

Routledge Handbook on Middle East Cities Haim
Yacobi 2019-07-01 Presenting the current debate about cities in the Middle East from Sana’a, Beirut and Jerusalem to Cairo, Marrakesh and Gaza, the book explores urban planning and policy, migration, gender and identity as well as politics and economics of urban settings in the region. This handbook moves beyond essentialist and reductive analyses of identity, urban politics, planning, and development in cities in the Middle East, and instead offers critical engagement with both historical and contemporary urban processes in the region. Approaching "Cities" as multi-dimensional sites, products of political processes, knowledge production and exchange, and local and global visions as well as spatial artefacts. Importantly, in the different case studies and theoretical approaches, there is no attempt to idealise urban politics, planning, and everyday life in the Middle East — which (as with many other cities elsewhere) are also situations of contestation and violence — but rather to highlight how cities in the region, and especially those which are understudied, revolve around issues of housing, infrastructure, participation and identity, amongst other concerns. Analysing a variety of cities in the Middle East, the book is a
significant contribution to Middle East Studies. It is an essential resource for students and academics interested in Geography, Regional and Urban Studies of the Middle East.

The Routledge Handbook of Religion and Security Chris Seiple 2013 This Handbook breaks new ground by addressing global security through the lens of religion and examining the role religion plays in both war and peace. In recent years there has been a considerable upsurge of public concern about the role of religion in contemporary violence. However, other than historical materials, there has been a relative neglect of the subject of religion and security. The Routledge Handbook of Religion and Security fills this gap in the literature by providing an interdisciplinary, comprehensive volume that helps non-specialists and experts alike understand how religion is both part of the problem and part of the solution to security challenges. Featuring contributions from many of the key thinkers in the field, the Handbook is organized into thematic sections, reflective of three basic questions: What does religion think of security?; What does security think of religion?; and, What happens when the two are mixed in specific real-world cases of religious conflict? This
Handbook offers analyses of how nine different world religions have related to issues of war and peace, theologically and practically; overviews of how scholars and practitioners in nine different topical areas of security studies have (or have not) dealt with the relationship between religion and security; and five case studies of particular countries in which the religion–security nexus is vividly illustrated: Nigeria, India, Israel, the former Yugoslavia and Iraq. This Handbook will be of great interest to students of religion, security studies, war and conflict studies and IR in general.

Routledge Handbook of Minorities in the Middle East Paul S Rowe 2018-09-20 The Routledge Handbook of Minorities in the Middle East gathers a diverse team of international scholars, each of whom provides unique expertise into the status and prospects of minority populations in the region. The dramatic events of the past decade, from the Arab Spring protests to the rise of the Islamic state, have brought the status of these populations onto centre stage. The overturn of various long-term autocratic governments in states such as Tunisia, Egypt, Libya, and Yemen, and the ongoing threat to government stability in
Syria, Iraq, and Lebanon have all contributed to a new assertion of majoritarian politics amid demands for democratization and regime change. In the midst of the dramatic changes and latent armed conflict, minority populations have been targeted, marginalized, and victimized. Calls for social and political change have led many to contemplate the ways in which citizenship and governance may be changed to accommodate minorities – or indeed if such change is possible. At a time when the survival of minority populations and the utility of the label minority has been challenged, this handbook answers the following set of research questions. What are the unique challenges of minority populations in the Middle East? How do minority populations integrate into their host societies, both as a function of their own internal choices, and as a response to majoritarian consensus on their status? Finally, given their inherent challenges, and the vast, sweeping changes that have taken place in the region over the past decade, what is the future of these minority populations? What impact have minority populations had on their societies, and to what extent will they remain prominent actors in their respective settings? This
handbook presents leading-edge research on a wide variety of religious, ethnic, and other minority populations. By reclaiming the notion of minorities in Middle Eastern settings, we seek to highlight the agency of minority communities in defining their past, present, and future.

**Conflict Change and Persistence** Meirav Mishali-Ram 2019-09-05 This book examines and compares change and persistence in the India-Pakistan and Palestinean-Israeli conflicts. Covering a wide range of historical events throughout the years, the study detects variation in hostilities over time, accompanied by changing agendas and identity discourses of the main actors involved.

**Routledge Handbook on Middle East Security**
Anders Jägerskog 2019-02-11 Routledge Handbook on Middle East Security provides the first comprehensive look at Middle East security issues that includes both traditional and emerging security threats. Taking a broad perspective on security, the volume offers both analysis grounded in the ‘hard’ military and state security discourse but also delves into the ‘soft’ aspects of security employing a human security perspective. As such the volume addresses imminent
challenges to security, such as the ones relating directly to the war in Syria, but also the long-term challenges. The traditional security problems, which are deep-seated, are at risk of being exacerbated also by a lack of focus on emerging vulnerabilities in the region. While taking as a point of departure the prevalent security discourse, the volume also goes beyond the traditional focus on military or state security and consider non-traditional security challenges. This book provides a state-of-the-art review of research on the key challenges for security in the Middle East; it will be a key resource for students and scholars interested in Security Studies, International Relations, Political Science and Middle Eastern Studies.

The Routledge Handbook of EU–Russia Relations
Tatiana Romanova 2021-07-26

The Routledge Handbook of EU-Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field.

Coherently organised into seven parts, the book provides a structure through which EU-Russia relations can be studied in a comprehensive yet manageable fashion. It provides readers with the
tools to deliver critical analysis of this sometimes volatile and polarising relationship, so new events and facts can be conceptualised in an objective and critical manner. Informed by high-quality academic research and key bilateral data/statistics, it further brings scope, balance and depth, with chapters contributed by a range of experts from the EU, Russia and beyond. Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU-Russia relations, such as political and security relations, economic relations, social relations and regional and global governance. The Routledge Handbook of EU-Russia Relations aims to promote dialogue between the different research agendas in EU-Russia relations, as well as between Russian and Western scholars and, hopefully, also between civil societies. As such, it will be an essential reference for scholars, students, researchers, policymakers and journalists interested and working in the fields of Russian politics/studies, EU studies/politics, European politics/studies, post-Communist/post-Soviet politics and international relations. The Routledge Handbook
of EU-Russia Relations is part of a mini-series
Europe in the World Handbooks examining EU-
regional relations established by Professor Wei
Shen.

Routledge Handbook of Mediterranean Politics
Richard Gillespie 2017-08-14 The Mediterranean
space, defined by a major sea, a large number of
littoral countries and to some extent their
hinterlands, is at the same time an interface
between Europe, Africa and Asia. This brings
complex challenges in terms of achieving peace
and stability. Recently it has received intense
international attention through the internal
destructiveness and spill-over from conflicts,
primarily those waged in Libya, Syria and, more
remotely, Iraq. This Handbook provides an
overview of the political processes that shape the
Mediterranean region in the contemporary
context. It explores the issues of crucial
importance to Mediterranean dynamics through a
series of analytical sections that guide the reader
towards a comprehensive understanding of the
main regional interactions and trends. The
Handbook explores: the complex historical
formation of the contemporary Mediterranean
geopolitical perspectives issues around peace
and conflict the political economy of the region
the role of non-state actors and social movements
societal and cultural trends. The wide range of
contributions from many of the leading academic
experts on the region offers not only insights into
the debates and processes that structure each
theme, but also key pointers for a more general
understanding of how distinct political, economic,
social and cultural dynamics interact across the
region. It will therefore be a key resource for
policy-makers and students and scholars of
Mediterranean politics and international relations.

Philosophical Perspectives on the Israeli–

Palestinian Conflict Tomis Kapitan 2015-06-11
This volume addresses a number of philosophical
problems that arise in consideration of the
century-old conflict between Israeli Jews and
Palestinian Arabs. Consisting of essays by fifteen
contributors (including both Israeli and Palestinian
philosophers) and a lengthy introduction by the
editor, it deals with rights to land, sovereignty,
self-determination, the existence and legitimacy of
states, cultural prejudice, national identity,
intercommunal violence, and religious
intransigence.

Palestine in EU and Russian Foreign Policy
Malath Alagha 2016-10-04 The establishment of a Palestinian state has long been a strategic objective of EU and Russian foreign policy in the Middle East. However, over a decade after the creation of the road-map, the establishment of an independent Palestinian state has still not been achieved. Palestine in EU and Russian Foreign Policy uses the school of constructivism to provide a new understanding of EU and Russian foreign policy. It explores the failure of these global actors to speed up the process of establishing a Palestinian state, despite this being a strategic objective and top priority of their involvement in the Middle East peace process.

The book then analyses the role of identity and self-other perception in the making of EU and Russian foreign policy towards the Middle East peace process. It is argued that Palestinian statehood provides a telling empirical example of how, and to what extent, the search for global actorliness, as a matter of international identity, informs foreign policy-making by global actors. The book then proceeds to discuss why the EU and Russia are so eager to be involved in initiating a peace settlement. Offering a new understanding of foreign policy-making by global
players in Middle Eastern politics, this book will appeal to students, scholars and policymakers working in International Relations and European, Russian and Middle Eastern studies.

**Politics and Government in Israel**

Gregory S. Mahler 2016-03-03 This balanced and comprehensive text explores Israeli government and politics, tracing the history of the state, and the social, religious, economic, and military environments of Israeli politics. Gregory Mahler’s concise book provides an invaluable start for readers needing an introduction to Israel today.

**Palestine and the International Criminal Court**

Seada Hussein Adem 2019-04-05 This book deals with the possible investigation and prosecution by the International Criminal Court (ICC) of crimes allegedly committed in the Israeli-Palestinian conflict. In light of the Rome Statute and the Practice of the Office of the Prosecutor of the Court, among others, it examines the route, possible outcomes, and challenges that may arise were the Palestine situation to be brought before the ICC. The subject matter is approached using the route the Prosecutor of the Court would generally employ to deal with situations. The publication offers a step-by-step procedure by
which to conduct the preliminary examination and investigation of the situation in Palestine and deals with matters of jurisdiction, followed by a discussion of the fundamental concepts of complementarity and gravity to determine the admissibility before the ICC. Alleged crimes particularly unique to the Israeli-Palestinian conflict, such as the construction of settlements, forced displacement, house demolitions, the expropriation of land, the crime of apartheid and the blockade of Gaza, are dealt with in light of the Rome Statute and international law. On the basis of the established theories of transitional justice, the possible impacts of an ICC investigation and prosecution on the conflict are analysed and a number of insights are shared with regard to the impacts of the ICC on combatting impunity, fostering Palestine’s statehood, peace negotiations and the stability of the region. Due to the politicisation of the conflict and the various interests at stake, the impact of the ICC’s involvement on the credibility of the ICC itself is also reviewed. Recognizing the numerous impacts of the conflict on the existence of the two nations and the multitude of causes for its perpetuity, it does not limit itself to the ICC, but
also provides other conflict resolution alternatives that could enable reconciliation and sustainable peace in the region. This book provides an array of opinions and a crucial input for researchers and practitioners alike, while it is also useful to those investigating and possibly involved in prosecutions regarding Palestine or other similar situations before the ICC. Seada Hussein Adem obtained a PhD from Humboldt University of Berlin, Germany, an LLM from the University of the Western Cape, South Africa, and an LLB from Haramaya University, Ethiopia.

The Routledge Handbook on the Israeli-Palestinian Conflict 2013

The Israeli-Palestinian conflict is one of the most prominent issues in world politics today. Few other issues have dominated the world's headlines and have attracted such attention from policy makers, the academic community, political analysts, and the world's media. The Routledge Handbook on the Israeli-Palestinian Conflict offers a comprehensive and accessible overview of the most contentious and protracted political issue in the Middle East. Bringing together a range of top experts from Israel, Palestine, Europe and North America the Handbook tackles a range of topics
including: The historical background to the conflict peace efforts domestic politics critical issues such as displacement, Jerusalem and settler movements the role of outside players such as the Arab states, the US and the EU This Handbook provides the reader with an understanding of the complexity of the issues that need to be addressed in order to resolve the conflict, and a detailed examination of the varied interests of the actors involved. In-depth analysis of the conflict is supplemented by a chronology of the conflict, key documents and a range of maps. The contributors are all leading authorities in their field and have published extensively on the Israeli-Palestinian conflict/peace process. Many have played a leading role in various Track II initiatives accompanying the peace process.

Routledge Handbook of Political Islam Shahram Akbarzadeh 2012-03-12 The Routledge Handbook of Political Islam provides a multidisciplinary overview of the phenomenon of political Islam, one of the key political movements of our time. Drawing on the expertise from some of the top scholars in the world it examines the main issues surrounding political Islam across the world, from aspects of Muslim integration in the
West to questions of political legitimacy in the Muslim world. Bringing together an international team of renowned and respected experts on the topic, the chapters in the book present a critical account of: Theoretical foundations of political Islam Historical background Geographical spread of Islamist movements Political strategies adopted by Islamist groups Terrorism Attitudes towards democracy Relations between Muslims and the West in the international sphere Challenges of integration Gender relations. Presenting readers with the diversity of views on political Islam in a nuanced and dispassionate manner, this handbook is an essential addition to the existing literature on Islam and politics. It will be of interest across a wide range of disciplines, including political science, Islamic studies, sociology and history.

The Routledge Handbook on Informal Urbanization Roberto Rocco 2019-01-02 The Routledge Handbook on Informal Urbanization investigates the mutual relationship between the struggle for political inclusion and processes of informal urbanization in different socio-political and cultural settings. It seeks a middle ground between two opposing perspectives on the political meaning of
urban informality. The first, the ‘emancipatory perspective’, frames urban informality as a practice that fosters autonomy, entrepreneurship and social mobility. The other perspective, more critical, sees informality predominantly as a result of political exclusion, inequality, and poverty. Do we see urban informality as a fertile breeding ground for bottom-up democracy and more political participation? Or is urban informality indeed merely the result of a democratic deficit caused by governing autocratic elites and ineffective bureaucracies? This book displays a wide variety of political practices and narratives around these positions based on narratives conceived upon specific case cities. It investigates how processes of urbanization are politicized in countries in the Global South and in transition economies. The handbook explores 24 cities in the Global South, as well as examples from Eastern Europe and East Asia, with contributions written by a global group of scholars familiar with the cases (often local scholars working in the cities analyzed) who offer unique insight on how informal urbanization can be interpreted in different contexts. These contributions engage the extreme urban
environments under scrutiny which are likely to be the new laboratories of 21st-century democracy. It is vital reading for scholars, practitioners, and activists engaged in informal urbanization.

International Relations Theory and European Security Lorenzo Cladi 2015-08-20 This book engages with key contemporary European security issues from a variety of different theoretical standpoints, in an attempt to uncover the drivers of foreign policy and defence integration in the EU. Although European foreign policy has been attracting an ever-increasing number of International Relations (IR) scholars since the end of the Cold War, consensus on what drives European foreign policy integration has not yet emerged. This book seeks to encourage debate on this issue by examining a wide range of high-profile security issues which have roused significant interest from policy makers, academics and the public in recent years. The volume discusses, amongst other issues, the strategic posture of the European Union as a security actor, the troubled relationship with Russia, the debate regarding France’s relations with the US following France’s rapprochement with NATO and the EU’s influence
in the Israeli-Palestinian conflict. The collective intent of the contributors to highlight the drivers of EU foreign policy and defence integration ties together the wide variety of topics covered in this volume, forming it into a comprehensive overview of this issue. By paying considerable attention not just to the internal drivers of EU cooperation, but also to the critical role played by the US as an incentive or obstacle to European security, this book presents a unique contribution to this field of debate. This book will be of much interest to students of European security, IR theory, Transatlantic Relations, European politics and EU foreign policy.

Routledge Handbook of Modern Israel Alain Dieckhoff 2018-08-10 Israel is a country made up of contradictions. A lively democracy in a multicultural society but within a state promoting a strong national identity; a thriving economy in an unequal society; a culture open to modern trends but drawing on the Hebrew past and preoccupied with the Holocaust and the Arab-Israeli conflict; a sovereign member in the international arena, whose existence is still contested in the Middle East. The Routledge Handbook of Modern Israel provides a comprehensive profile of the intricacies
of contemporary Israel, offering a unique, in-depth survey of the country. Organised thematically, a full range of topics are discussed, including:

Politics and international relations
The foundation of the Israeli state
The birth and development of the Israeli economy
Israeli culture
Israel's role in the Middle East
Bringing together more than thirty notable contributors from across the globe, this Handbook sheds light on the multifaceted reality of modern Israel in order to better understand, beyond clichés, this complex society.

The Israel-Palestine Conflict
Elizabeth Matthews
2011-03-21
The Israel-Palestine conflict is frequently characterised by the violence between the two sides, beneath which lie a whole series of issues and disagreements. This book uniquely brings together Israeli and Palestinian viewpoints on key topics, providing an invaluable guide to the latest thinking on the major topics that the peace process will be based around.

The Routledge Handbook of China - Middle East Relations
Jonathan Fulton
2021-10
"This handbook brings together a mix of established and emerging international scholars to provide valuable analytical insights as to how China's growing Middle East presence affects intra-
regional development, trade, security, and diplomacy. As the largest extra-regional economic actor in the Middle East, China is the biggest source of foreign direct investment into the region and the largest trading partner for most Middle Eastern states. This portends a larger role in political and security affairs, as the value of Chinese assets combined with a growing expatriate population in the region demand a more proactive role in contributing to regional order. Exploring the effect of these developments, the expert contributors also consider the reverberations in great power politics, as the U.S.A., Russia, India, Japan, and the European Union also have considerable interests in the region. The book is divided into four sections: historical and policy context state and regional case studies trade and development international relations, security and diplomacy"--

*Routledge Handbook on the Israeli-Palestinian Conflict* Joel Peters 2013-03-05 The Israeli-Palestinian conflict is one of the most prominent issues in world politics today. Few other issues have dominated the world’s headlines and have attracted such attention from policy makers, the academic community, political analysts, and the
world’s media. The Routledge Handbook on the Israeli-Palestinian Conflict offers a comprehensive and accessible overview of the most contentious and protracted political issue in the Middle East. Bringing together a range of top experts from Israel, Palestine, Europe and North America the Handbook tackles a range of topics including: The historical background to the conflict, peace efforts, domestic politics, critical issues such as displacement, Jerusalem and settler movements, the role of outside players such as the Arab states, the US and the EU. This Handbook provides the reader with an understanding of the complexity of the issues that need to be addressed in order to resolve the conflict, and a detailed examination of the varied interests of the actors involved. In-depth analysis of the conflict is supplemented by a chronology of the conflict, key documents and a range of maps. The contributors are all leading authorities in their field and have published extensively on the Israeli-Palestinian conflict/peace process. Many have played a leading role in various Track II initiatives accompanying the peace process.

Music in Conflict Nili Belkind 2020-10-16 Music in Conflict studies the complex relationship of
musical culture to political life in Palestine-Israel, where conflict has both shaped and claimed the lives of Palestinians and Jews. In the context of the geography of violence that characterizes the conflict, borders and boundaries are material and social manifestations of the ways in which the production of knowledge is conditioned by political and structural violence. Ethical and aesthetic positions that shape artistic production in this context are informed by profound imbalances of power and contingent exposure to violence.

Viewing expressive culture as a potent site for understanding these dynamics, the book examines the politics of sound to show how music-making reflects and forms identities, and in the process, shapes communities. The ethnography is based on fieldwork conducted in Israel and the West Bank in 2011–2012 and other excursions since then. Author has "followed the conflict" by "following the music," from concert halls to demonstrations, mixed-city community centers to Palestinian refugee camp children’s clubs, alternative urban scenes and even a checkpoint. In all the different contexts presented, the monograph is thematically and theoretically underpinned by the ways in which music is used
to culturally assert or reterritorialize both spatial and social boundaries in a situation of conflict.

**Routledge Handbook of EU–Middle East Relations**

Dimitris Bouris 2021-12-31 EU–Middle East relations are multifaceted, varied and complex, shaped by historical, political, economic, migratory, social and cultural dynamics. Covering these relations from a broad perspective that captures continuities, ruptures and entanglements, this handbook provides a clearer understanding of trends, thus contributing to a range of different turns in international relations. The interdisciplinary and diverse assessments through which readers may grasp a more nuanced comprehension of the intricate entanglements in EU–Middle East relations are carefully provided in these pages by leading experts in the various (sub)fields, including academics, think-tankers, as well as policymakers. The volume offers original reflections on historical constructions; theoretical approaches; multilateralism and geopolitical perspectives; contemporary issues; peace, security and conflict; and development, economics, trade and society. This handbook provides an entry point for an informed
exploration of the multiple themes, actors, structures, policies and processes that mould EU–Middle East relations. It is designed for policymakers, academics and students of all levels interested in politics, international and global studies, contemporary history, regionalism and area studies.

The Routledge Handbook of Security Studies
Myriam Dunn Cavelty 2009-12-16 Focusing on contemporary challenges, this major new Handbook offers a wide-ranging collection of cutting-edge essays from leading scholars in the field of Security Studies. The field of Security Studies has undergone significant change during the past twenty years, and is now one of the most dynamic sub-disciplines within International Relations. It now encompasses issues ranging from pandemics and environmental degradation to more traditional concerns about direct violence, such as those posed by international terrorism and inter-state armed conflict. A comprehensive volume, comprising articles by both established and up-and-coming scholars, the Handbook of Security Studies identifies the key contemporary topics of research and debate today. This Handbook is a benchmark publication with major
importance both for current research and the future of the field. It will be essential reading for all scholars and students of Security Studies, War and Conflict Studies, and International Relations.

The Routledge Handbook of Muslim–Jewish Relations Josef Meri 2016-06-23 The Routledge Handbook of Muslim–Jewish Relations invites readers to deepen their understanding of the historical, social, cultural, and political themes that impact modern-day perceptions of interfaith dialogue. The volume is designed to illuminate positive encounters between Muslims and Jews, as well as points of conflict, within a historical framework. Among other goals, the volume seeks to correct common misperceptions about the history of Muslim-Jewish relations by complicating familiar political narratives to include dynamics such as the cross-influence of literary and intellectual traditions. Reflecting unique and original collaborations between internationally-renowned contributors, the book is intended to spark further collaborative and constructive conversation and scholarship in the academy and beyond.

Routledge Handbook of Civil Wars Edward Newman 2014-02-18 This comprehensive new...
Handbook explores the significance and nature of armed intrastate conflict and civil war in the modern world. Civil wars and intrastate conflict represent the principal form of organised violence since the end of World War II, and certainly in the contemporary era. These conflicts have a huge impact and drive major political change within the societies in which they occur, as well as on an international scale. The global importance of recent intrastate and regional conflicts in Afghanistan, Pakistan, Iraq, Somalia, Nepal, Cote d'Ivoire, Syria and Libya – amongst others – has served to refocus academic and policy interest upon civil war. Drawing together contributions from key thinkers in the field who discuss the sources, causes, duration, nature and recurrence of civil wars, as well as their political meaning and international impact, the Handbook is organised into five key parts: Part I: Understanding and Explaining Civil Wars: Theoretical and Methodological Debates Part II: The Causes of Civil Wars Part III: The Nature and Impact of Civil Wars Part IV: International Dimensions Part V: Termination and Resolution of Civil Wars Covering a wide range of topics including micro-level issues as well as broader
debates, Routledge Handbook of Civil Wars will set a benchmark for future research in the field. This volume will be of much interest to students of civil wars and intrastate conflict, ethnic conflict, political violence, peace and conflict studies, security studies and IR in general.

Conflict in the Middle East P.J. Vatikiotis
2016-07-22 The Middle East is a continuing crisis area in world politics. This crisp and penetrating book, first published in 1971, analyses the historical development of the major issues in Arab politics, explains the conflicting interests now at stake in the Middle East and how the politics of the area were likely to develop. It examines, among other topics, the Palestine Liberation Movement, the prospects for Arab unity, and Great Power interference, and was written by one of the world’s leading scholars writing on the Middle East.

The Routledge Handbook of Modern Turkey Metin Heper 2013-05-07 In recent years, there has been growing interest in Turkey, stemming from the country’s developing role in regional and global politics, its expanding economic strength, and its identity as a predominantly Muslim country with secular political institutions and democratic
processes. This Handbook provides a comprehensive and wide-ranging profile of modern Turkey. Bringing together original contributions from leading scholars with a wide range of backgrounds, this important reference work gives a unique in-depth survey of Turkish affairs, past and present. Thematically organised sections cover: Turkish history from the early Ottoman period to the present Turkish culture Politics and international relations Social issues Geography The Turkish economy and economics Presenting diverse and often competing views on all aspects of Turkish history, politics, society, culture, geography, and economics, this handbook will be an essential reference tool for students and scholars of Middle East studies, comparative politics, and culture and society.

Routledge Handbook on Contemporary Israel
Taylor & Francis Group 2022-06-29 This handbook provides a comprehensive overview of contemporary Israel, accounting for changes, developments and contemporary debates. The different chapters offer both a historical background and an updated analysis of politics, economy, society and culture. Across five sections, a multi-disciplinary group of experts,
including sociologists, political scientists, historians and social scientists, engage in a wide variety of topics through different perspectives and insights. The book opens with a historical section outlining the formation of Israel and Jewish nationalism. The second section examines contemporary institutions in Israel, their developments and the contemporary challenges they face in light of social, economic, political and cultural changes. The third section explores geopolitics and Israel's foreign relations, exploring conflicts, alliances and foreign policy with neighbours and powers. The fourth section engages with Israel's internal divisions and schisms, highlighting questions of identity and inequality whilst also outlining processes of integration and marginalization between groups. The final section explores matters of culture, through the social and demographic shifts in contemporary music, poetry, and cuisine, along with the struggles for inclusion and the impact of globalization on Israeli culture. The Routledge Handbook on Contemporary Israel is designed for academics along with undergraduate and postgraduate students taking courses on Israel, Israeli politics, and culture and society in modern
Conflict Transformation and the Palestinians
Alpaslan Ozerdem 2016-12-01 This book explores the challenges of transforming the violent conflict between the State of Israel and the Palestinians into just peace. There are many challenges involved in the bottom-up transformation of the violent structures that sustain the State of Israel’s occupation of Palestinian territory. This book examines these structures as it assesses the actors and strategies that are contributing to the termination of cycles of violence and oppression. Consisting of contributions from both peace practitioners and academics who have conducted research within Israel and the occupied territory, the volume utilises a multidisciplinary perspective to examine promising strategies for conflict transformation in Israel and the occupied Palestinian territory. Moreover, it spells out the types of nonviolent strategy that are being used to expose and undermine occupation structures, and surveys the manner in which a variety of key actors are working towards the transformation of the ongoing conflict. As a whole, the volume presents a proposal for the transformation of the conflict.
between Palestinians and the State of Israel that embraces the constructive potential of conflict, engages with power asymmetry, and pushes for justice and accountability. This book will be of much interest to students of conflict resolution, peace studies, Middle Eastern studies, the Arab-Israeli conflict, and IR in general.

Power-Sharing Allison McCulloch 2017-04-21

Power-sharing is an important political strategy for managing protracted conflicts and it can also facilitate the democratic accommodation of difference. Despite these benefits, it has been much criticised, with claims that it is unable to produce peace and stability, is ineffective and inefficient, and obstructs other peacebuilding values, including gender equality. This edited collection aims to enhance our understanding of the utility of power-sharing in deeply divided places by subjecting power-sharing theory and practice to empirical and normative analysis and critique. Its overarching questions are: Do power-sharing arrangements enhance stability, peace and cooperation in divided societies? Do they do so in ways that promote effective governance? Do they do so in ways that promote justice, fairness and democracy? Utilising a broad range
of global empirical case studies, it provides a space for dialogue between leading and emerging scholars on the normative questions surrounding power-sharing. Distinctively, it asks proponents of power-sharing to think critically about its weaknesses. This text will be of interest to students, scholars and practitioners of power-sharing, ethnic politics, democracy and democratization, peacebuilding, comparative constitutional design, and more broadly Comparative Politics, International Relations and Constitutional and Comparative Law.

The Routledge Handbook of Contemporary Italy

Andrea Mammone 2015-05-15 The Routledge Handbook of Contemporary Italy provides a comprehensive account of Italy and Italian politics in the 21st Century. Featuring contributions from many leading scholars in the field, this Handbook is comprised of 28 chapters which are organized to deliver unparalleled analysis of Italian society, politics and culture. A wide range of topics are covered, including: Politics and economy, and their impact on Italian society Parties and new politics Regionalism and migrations Public memories Continuities and transformations in contemporary Italian society. This is an essential
reference work for scholars and students of Italian and Western European society, politics, and history.

This is an autobiography of an unusual and versatile woman, focusing on her academic development and achievements as well as her international activism. In addition to a discussion of the origins and path of the author's academic work and activism (for peace and for women's rights), that deals with the author's work in US intelligence and immigration to Israel in the 1960s, the volume includes ground-breaking articles from the different, often controversial areas of her academic specializations (Czechoslovak communism, Soviet foreign policy; peace studies, the Arab-Israeli conflict; women's rights). The volume also includes photos of the author at work and in action. - The book offers an inside look at a lifetime of courageous activities and ground breaking intellectual pursuits of a woman who was a leader in her academic field and in the struggle for peace and for women's rights. - The included texts themselves shed light
on important topics, both past and present, including the Israeli-Arab Conflict and also the issue of women and peace.

Routledge Companion to the Israeli-Palestinian Conflict Asaf Siniver 2022 "This companion explores the Israeli-Palestinian conflict from its inception to the present day, demonstrating the depth and breadth of the many facets of the conflict, from the historical, political and diplomatic to the social, economic and pedagogical aspects. The contributions also engage with notions of objectivity and bias and the difficulties this causes when studying the conflict, in order to reflect the diversity of views and often contentious discussion surrounding this conflict. The volume is organised around six parts, reflecting the core aspects of the conflict: historical and scholarly context of the competing narratives contemporary evolution of the conflict and its key diplomatic junctures key issues of the conflict its local dimensions international environment of the conflict the 'other images' of the conflict, as reflected in public opinion, popular culture, the boycott, divestment and sanctions (BDS) movement, and academia and pedagogy. Providing a comprehensive approach to the
Israeli-Palestinian conflict, this companion is designed for academics, researchers, and students interested in the key issues and contemporary themes of the conflict"--

*Routledge Handbook of International Relations in the Middle East* Shahram Akbarzadeh 2019-03-26

This handbook examines the regional and international dynamics of the Middle East. It challenges the state society dichotomy to make sense of decision-making and behavior by ruling regimes. The 33 chapter authors include the world’s leading scholars of the Middle East and International Relations (IR) in order to make sense of the region. This synthesis of area studies expertise and IR theory provides a unique and rigorous account of the region’s current dynamics, which have reached a crisis point since the beginning of the Arab Spring. The Middle East has been characterized by volatility for more than a century. Although the region attracts significant scholarly interest, IR theory has rarely been used as a tool to understand events. The constructivist approach in IR highlights the significance of state identity, shaped by history and culture, in making sense of international relations. The authors of this volume consider
how IR theory can elucidate the patterns and principles that shape the region, in order to provide a rigorous account of the contemporary challenges of the Middle East. The Routledge Handbook of International Relations in the Middle East provides comprehensive coverage of International Relations issues in the region. Thus, it offers key resources for researchers and students interested in International Relations and the Middle East.

Routledge Handbook on Israeli Security Stuart A. Cohen 2018-10-17 The Routledge Handbook on Israeli Security provides an authoritative survey of both the historical roots of Israel’s national security concerns and their principal contemporary expressions. Following an introduction setting out its central themes, the Handbook comprises 27 independent chapters, all written by experts in their fields, several of whom possess first-hand diplomatic and/or military experience at senior levels. An especially noteworthy feature of this volume is the space allotted to analyses of the impact of security challenges not just on Israel’s diplomatic and military postures (nuclear as well as conventional) but also on its cultural life and societal behavior.
Specifically, it aims to fulfill three principal needs. The first is to illustrate the dynamic nature of Israel's security concerns and the ways in which they have evolved in response to changes in the country's diplomatic and geo-strategic environment, changes that have been further fueled by technological, economic and demographic transformations; Second, the book aims to examine how the evolving character of Israel's security challenges has generated multiple – and sometimes conflicting – interpretations of the very concept of "security", resulting in a series of dialogues both within Israeli society and between Israelis and their friends and allies abroad; Finally, it also discusses how areas of private and public life elsewhere considered inherently "civilian" and unrelated to security, such as artistic and cultural institutions, nevertheless do mirror the broader legal, economic and cultural consequences of this Israeli preoccupation with national security. This comprehensive and up-to-date collection of studies provides an authoritative and interdisciplinary guide to both the dynamism of Israel’s security dilemmas and to their multiple impacts on Israeli society. In addition to its
insights and appeal for all people and countries forced to address the security issue in today’s world, this Handbook is a valuable resource for upper-level undergraduates and researchers with an interest in the Middle East and Israeli politics, international relations and security studies.

Conflict over the Conflict Kenneth S. Stern
2020-04-15 The Conflict over the Conflict offers a unique view of the threat to free speech, academic freedom, and the future of the academy posed by those on both sides of the Israel/Palestine campus debate.

Routledge Handbook of EU-Middle East Relations
Dimitris Bouris 2021-12-14 EU-Middle East relations are multifaceted, varied and complex, shaped by historical, political, economic, migratory, social and cultural dynamics. Covering these relations from a broad perspective that captures continuities, ruptures and entanglements, this handbook provides a clearer understanding of trends, thus contributing to a range of different turns in International Relations. The interdisciplinary and diverse assessments through which readers may grasp a more nuanced comprehension of the intricate entanglements in EU-Middle East relations are
carefully provided in these pages by leading experts in the various (sub)fields, including academics, think-tankers, as well as policymakers. The volume offers original reflections on historical constructions, theoretical approaches, multilateralism and geopolitical perspectives, contemporary issues, peace, security and conflict and development, economics, trade and society. The chapters adopt various research methodologies organised into six main sections: History; Theoretical perspectives; Multilateralism and Geopolitical perspectives; MENA-EU relations in the contemporary world; Peace, security, and conflict in the Middle East; and Development, economics, trade and societal issues. This Handbook provides an entry point for an informed exploration of the multiple themes, actors, structures, policies and processes that mould EU-Middle East relations. It is designed for policymakers, academics and students of all levels interested in politics, international and global studies, contemporary history, regionalism and area studies.

Routledge Handbook of the Israeli–Palestinian Conflict 2009

The Politics of the Palestinian Authority Nigel
This book explores the development of the Palestinian Liberation Organization (PLO) from a liberation movement to a national authority, the Palestinian National Authority (PNA). Based on intensive fieldwork in the West Bank, Gaza and Cairo, Nigel Parsons analyzes Palestinian internal politics and their institutional-building by looking at the development of the PLO. Drawing on interviews with leading figures in the PLO and the Palestinian Authority, delegates to the negotiations with Israel, and the Palestinian political opposition, it is a timely account of the Israel/Palestine conflict from a Palestinian political perspective.

Churchill and the Jews, 1900-1948 Michael J. Cohen 2013-09-13 Churchill's exalted position in the pantheon of Jewish and Zionist heroes has been almost taken for granted. This book looks beyond the myth and makes a sober reappraisal of the British statesman's attitudes and policies towards the Jews and to Zionism.

Routledge Handbook on Human Rights and the Middle East and North Africa Anthony Tirado Chase 2016-11-10 Recent events such as ‘Iran’s Green Revolution’ and the ‘Arab Uprisings’ have
exploded notions that human rights are irrelevant to Middle Eastern and North African politics. Increasingly seen as a global concern, human rights are at the fulcrum of the region’s on-the-ground politics, transnational intellectual debates, and global political intersections. The Routledge Handbook on Human Rights and the Middle East and North Africa: emphasises the need to consider human rights in all their dimensions, rather than solely focusing on the political dimension, in order to understand the structural reasons behind the persistence of human rights violations; explores the various frameworks in which to consider human rights—conceptual, political and transnational/international; discusses issue areas subject to particularly intense debate—gender, religion, sexuality, transitions and accountability; contains contributions from perspectives that span from global theory to grassroots reflections, emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground. A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had, or
could have, an impact on Middle Eastern and North African politics. This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society, as well as anyone with a concern for Human Rights across the globe.
