Encyclopedia of Television Film Directors-Jerry Roberts 2009-06-05 From live productions of the 1950s like Requiem for a Heavyweight to big budget mini-series like Band of Brothers, long-form television programs have been helmed by some of the most creative and accomplished names in directing. Encyclopedia of Television Film Directors brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, Encyclopedia of Television Film Directors is an indispensable resource for anyone interested in the history of the medium.

Still Me-Christopher Reeve 2009-07-02 Through his leading role in the three Superman films, Christopher Reeve became so

closely identified with the superhero that he wasn't just seen as the actor who played Superman, he was Superman. Which is why the tragic riding accident which left him paralysed from the neck down shocked the world. Superman was not superhuman. It is also why he is now the world's most recognisable person in a wheelchair. In true superhero style, Christopher Reeve refuses to resign himself to the life of a quadriplegic, and is actively campaigning to raise the profile of spinal-cord injury victims and research. Although he was initially told that he would only ever be able to move his head, he can now shrug his shoulders and breathe alone for increasing periods of time, and is determined that he will walk again. It is this extraordinary courage and determination that has made Christopher Reeve the internationally admired figure that he is, and it is this bravery which makes this autobiography about his paralysis and his journey to recovery such a powerful and moving story.

Overcoming Celebrity Obsession-Diane Saks 2011-08-01

OVERCOMING CELEBRITY OBSESSION is a star-studded journey from celebrity obsession to fulfilling life in three easy phases.

When a fan is obsessed, a story character version of the celebrity is created. It is through the fan's celebrity characterization that guides the fan through Phase 1. Upon understanding why the fan was obsessed in the first place, the journey through Phase 2 begins. This is the dark part of the fan's life that the fan used the favorite celebrity to escape from. Professional counseling is not recommended in Phase 1, but can begin in Phase 2. In order to get the most from Phase 3, the fan must be able to look at parts of his or her real life and pull out the celebrity obsession. For example, every time someone couldn't communicate or understand me, I saw that as my John Travolta obsession. If I was not given a chance to help out during a particular event, that was my David Cassidy obsession. It is in Phase 3 where we discuss personal behavior and set goals both professional and personal. The typical celebrity obsession theory is, the obsession is because of hero worship. Until now, celebrity obsession therapy has been in the hands of "professionals" who have never lived through celebrity obsession. Typical celebrity obsession studies state, that obsessed people need to stop obsessing over celebrities and get on with life. Diane knows better than that. She believes the fan needs to take some time to celebrity obsess while in OVERCOMING CELEBRITY OBSESSION in order to work through what is stopping the fan from getting the most out of life. Why would you want to put your celebrity obsession into the hands of someone with an advanced college degree or two, who has never been celebrity obsessed?

Pre-Incident Indicators of Terrorist Incidents-Brent L. Smith

2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Look Both Ways-Brooke Ellison 2021-07-18 There is no accurate portrayal of my life that excludes the lessons I have learned or the manifestations of strength on which I have relied. These ideas are central to who I am. They are as central to who I am as are the events that have given my life structure. LOOK BOTH WAYS is a memoir. It is a book about my life, as a woman with a disability, in all its interwoven parts. LOOK BOTH WAYS is a deeply personal and highly introspective account of my life, from the time of my accident in 1990 that left me paralyzed from my neck down and dependent on a ventilator to breathe. This memoir brings to light seminal points in my life since that time: my life at Harvard, my political run for New York State Senate, my entrance into academia and the field of medical ethics. These are important to who I am but they are not, in fact, who I am. My identity is built on the lessons I have learned and the understandings I have gained about myself by virtue of the life I have lived. LOOK BOTH WAYS is a conversation with myself and with anyone experiencing struggle. It delves deeply into the emergence of and need for hope in our lives. It focuses on how we adapt to life-changing circumstances and learn to grow from them. It amplifies strength

over vulnerability, empowerment over marginalization. And it puts at the very center the idea that we all have intrinsic worth and lives of value. I am a writer and have written essays, books, speeches, and articles of many sorts. LOOK BOTH WAYS is, without equivocation, the most personal and honest work I have ever written. It is perhaps the most personal and honest work I have ever read.

Parenting Matters-National Academies of Sciences, Engineering, and Medicine 2016-12-21 Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies

used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

Nothing is Impossible-Christopher Reeve 2004 Drawing on his own personal experiences and those of others, the author explains how to overcome seemingly insurmountable problems and challenges and advocates living life fully with gratitude, zeal, and curiosity.

Walking by Faith While Living in Pain-Thomas L. Endicott 2013-12-04 One of the paradoxes that confronts Christians is the fact of living by faith and the reality of living in pain. How is it possible for a faithful believer to experience continuing suffering? As Dr. David Bishop poignantly asks in his foreword, "What can a person do when caught in the tension between the reality of persistent pain and the prayerful longing for its release?" Tom Endicott, in this personal chronicle of the challenges he has faced, doesn't dodge tough questions. He declares that even in pain, life should be lived productively and triumphantly, and—as one who has been through it—he shows how. He speaks to theological issues with insight and to practical matters with helpfulness. If you suffer, live with someone who does, or ministers to the hurting, you'll find help, solace and wisdom in these pages.

Gazza: My Story-Paul Gascoigne 2014-04-24 Almost as soon as Gazza burst on to the scene at Newcastle United, the young Geordie was the centre of attention: Vinnie Jones's notorious ball-

handling showed the lengths people would go to try to stop him. Then, with England on the verge of possibly reaching the World Cup final in 1990, came Gazza's tears - the moment that brought a whole new audience to the sport and helped set the football boom of the 1990s on its way. But then came a career-threatening injury, mental health problems, self-confessed alcoholism and family disputes, as life in the full glare of the media spotlight became too much. Now, at the end of his top-flight playing career, Gazza is ready to confront his demons. The result is quite simply the most remarkable footballing story you'll ever read: what it's like being Paul Gascoigne, in his own words.

Harm and Offence in Media Content-Andrea Millwood Hargrave

2009 Children and teenagers are often the first to adopt new media technologies, and parents and policy makers continue to be concerned about the widespread use of diverse media and its potential effects on young people. Harm and Offence in Media Content presents a significant and comprehensive analysis of the benefits and dangers posed by both established and emergent technologies. Newly updated, this balanced, critical account examines all media, including interactive games, social networking and mobile phones. Many examples specifically focus on the United States, noting the ways in which young people are using new technologies and the partnerships this has given rise to between state governments, media regulators and Internet service providers. This informative guide to a controversial field of study will be a useful resource for scholars in media, communication, psychology, sociology and education.

Vera-Carol Edgarian 2021-03-02 New York Times bestselling author Carol Edgarian delivers an astonishing feat of imagination, a grand adventure set in 1906 San Francisco—a city leveled by quake and fire—featuring an indomitable heroine coming of age in the aftermath of catastrophe and her quest for love and reinvention. Meet Vera Johnson, the uncommonly resourceful fifteen-year-old illegitimate daughter of Rose, notorious proprietor of San Francisco's most legendary bordello and ally to the city's corrupt politicians. Vera has grown up straddling two worlds—the madam's alluring sphere, replete with tickets to the opera, surly henchmen, and scant morality, and the violent, debt ridden domestic life of the family paid to raise her. On the

morning of the great quake, Vera's worlds collide. As the shattered city burns and looters vie with the injured, orphaned, and starving, Vera and her guileless sister, Pie, are cast adrift. Vera disregards societal norms and prejudices and begins to imagine a new kind of life. She collaborates with Tan, her former rival, and forges an unlikely family of survivors. Together they navigate their way beyond disaster. In *Vera*, Carol Edgarian creates a cinematic, deeply entertaining world, in which honor and fates are tested; notions of sex, class, and justice are turned upside down; and love is hard-won. A ravishing, heartbreaking, and profound affirmation of youth and tenacity, *Vera's* story brings to life legendary characters—tenor Enrico Caruso, indicted mayor Eugene Schmitz and boss Abe Ruef, tabloid celebrity Alma Spreckels—as well as an unforgettable cast that includes Vera's young lover, Bobby, protector of the city's tribe of orphans, and three generations of a Chinese family competing and conspiring with Vera. This richly imagined, timely tale of improbable outcomes and alliances takes hold from the first page, gifting readers with remarkable scenes of devastation, renewal, and joy. Told with unflinching candor and wit, *Vera* celebrates the audacious fortitude of its young heroine and marks a stunning achievement by an inventive and generous writer.

Nothing About Us Without Us—James I. Charlton 2000-08-30 "A study of the global oppression of people with disabilities and the international movement that has recently emerged to resist it ... A theoretical overview of disability oppression that shows its similarities to, and differences from, racism, sexism, and colonialism."--Jacket.

Camelot's Queen—Nicole Evelina 2016-03-23 History remembers

Guinevere's sin, but it was Arthur who transgressed first. Forced into a marriage she neither anticipated nor desired, Guinevere finds herself High Queen, ruling and fighting alongside Arthur as they try to subdue the Saxons, Irish and Picts who threaten Britain from every direction. Though her heart still longs for her lost love, Guinevere slowly grows to care for her husband as they join together to defeat their enemies. Meanwhile, within the walls of Camelot their closest allies plot against them. One schemes to make Guinevere his own, another seeks revenge for past transgressions, while a third fixes her eyes on the throne. When the unthinkable happens and Guinevere is feared dead, Arthur installs a new woman in her place, one who will poison his affections toward her, threatening Guinevere's fragile sanity and eventually driving her into the arms of her champion. Amid this tension a new challenge arises for the king and queen of Camelot: finding the Holy Grail, a sacred relic that promises lasting unity. But peace, as they will soon learn, can be just as dangerous as war. As the court begins to turn on itself, it becomes clear that the quest that was to be Arthur's lasting legacy may end in the burning fires of condemnation. This highly anticipated sequel to *Daughter of Destiny* proves there is much more to Guinevere's story than her marriage and an affair. See the legend you think you know through her eyes and live the adventure of Camelot's golden days yourself - but be prepared to suffer its downfall as well.

Movies Made for Television, 1964-2004: 2000-2004-Alvin H. Marill 2005

Mina's Child-Paul Butler 2020-05-15 Mina's Child imagines a second generation springing from the "heroes" in Bram Stoker's Dracula. In 1921, Mina and Jonathan Harker's daughter, Abree, a student at King's College, London, starts to question the extraordinary adventures her parents claim to have experienced in England and the Carpathians. Middle-aged Jonathan Harker is haunted by nightmares that Abree assumes to be about her brother, Quincey, killed in the Great War. As the Harkers follow the thread of their unease back to its source, they are haunted by memories of Lucy Westenra, fiancée to Arthur Holmwood, and the manner of Lucy's death. Having lost her brother, Quincey, in the Great War, Abree refuses to believe in a clear dividing line between good and evil. Abree suspects her parents' tales of glory hide a profound sense of guilt, particularly about the unexplained death of their friend, Lucy Westenra. The Harkers' maid, Jenny, it transpires, has reasons of her own to worry about the chaos in her employer's household. She is carrying Jonathan's child, but Harker plans to evade all such responsibilities. Jenny, suddenly unleashed as a destructive force against the household, decides to make the Harkers face their hypocrisy.

Care Packages-Dana Reeve 1999 The actress-wife of Christopher Reeve shares dozens of the inspirational letters that her husband received following his paralyzing accident, and describes how they have given the family strength

The Award-Danielle Steel 2016-11-03 Gaëlle de Barbet is sixteen years old in 1940 when the German army occupies France. In a

matter of months, her father and brother are killed, her mother descends into madness, and her closest friend, Rebekah Feldmann, is sent to a detention camp. Taking terrifying risks, Gaëlle becomes a member of the Resistance, fearlessly delivering Jewish children to safety underneath the eyes of the Gestapo and their French collaborators. Conducted in secret, her missions for the Resistance will mark her for years. In the final days of the war, she executes a plan to help save France's art treasures. But when the war draws to a close, she is falsely accused of collaboration, and flees to Paris in disgrace. There, she begins a new life that eventually takes her to New York, from a career as a Dior model to marriage and motherhood, unbearable loss, and mature, lasting love when she returns to France. The ghosts of the past are always near. No matter where she goes, her label as a collaborator remains, until her granddaughter, a respected political journalist, embarks on a journey to see her grandmother recognized as the war hero she was . . . Danielle Steel is famous for her inspirational stories about family, love and life. Her novels will be enjoyed by readers of Penny Vincenzi, Jodi Picoult and Diane Chamberlain.

The Polished Hoe-Austin Clarke 2003-09-03 Winner of the 2002 Scotiabank Giller Prize and of the 2003 Commonwealth Writers' Prize: Best Book (Canada and the Caribbean) When an elderly Bimshire village woman calls the police to confess to a murder, the result is a shattering all-night vigil that brings together elements of the African diaspora in one epic sweep. Set on the post-colonial West Indian island of Bimshire in 1952, The Polished Hoe unravels over the course of 24 hours but spans the lifetime of one woman and the collective experience of a society informed by slavery. As the novel opens, Mary Mathilda is giving confession to Sargeant, a police officer she has known all her life. The man she claims to have murdered is Mr. Belfeels, the village plantation owner for whom she has worked for more than thirty years. Mary has also been Mr. Belfeels' mistress for most of that time and is

the mother of his only son, Wilberforce, a successful doctor. What transpires through Mary's words and recollections is a deep meditation about the power of memory and the indomitable strength of the human spirit. Infused with Joycean overtones, this is a literary masterpiece that evokes the sensuality of the tropics and the tragic richness of Island culture.

Weight Gain During Pregnancy-National Research Council 2010-01-14 As women of childbearing age have become heavier, the trade-off between maternal and child health created by variation in gestational weight gain has become more difficult to reconcile. *Weight Gain During Pregnancy* responds to the need for a reexamination of the 1990 Institute of Medicine guidelines for weight gain during pregnancy. It builds on the conceptual framework that underscored the 1990 weight gain guidelines and addresses the need to update them through a comprehensive review of the literature and independent analyses of existing databases. The book explores relationships between weight gain during pregnancy and a variety of factors (e.g., the mother's weight and height before pregnancy) and places this in the context of the health of the infant and the mother, presenting specific, updated target ranges for weight gain during pregnancy and guidelines for proper measurement. New features of this book include a specific range of recommended gain for obese women. *Weight Gain During Pregnancy* is intended to assist practitioners who care for women of childbearing age, policy makers, educators, researchers, and the pregnant women themselves to understand the role of gestational weight gain and to provide them with the tools needed to promote optimal pregnancy outcomes.

Research Methods for Social Justice and Equity in Education-Liz

Atkins 2019-02-21 *Research Methods for Social Justice and Equity in Education* offers researchers a full understanding of very important concepts, showing how they can be used as a means to develop practical strategies for undertaking research that makes a difference to the lives of marginalised and disadvantaged learners. It explores different conceptualisations of social justice and equity, and leads the reader through a discussion of what their implications are for undertaking educational research that is both moral and ethical and how it can be enacted in the context of their chosen research method and a variety of others, both well-known and more innovative. The authors draw on real, practical examples from a range of educational contexts, including early childhood, special and inclusive education and adult education, and cultures located in both western and developing nations in order to exemplify how researchers can use methods which contribute to the creation of more equitable education systems. In this way, the authors provide a global perspective of the contrasting and creative ways in which researchers reflect on and integrate principles of social justice in their methods and their methodological decision making. It encourages the reader to think critically about their own research by asking key questions, such as: what contribution can research for equity and social justice make to new and emerging methods and methodologies? And how can researchers implement socially just research methods from a position of power? This book concludes by proposing a range of methods and methodologies which researchers can use to challenge inequality and work towards social justice, offering a springboard from which they can further their own studies.

Fireweed-Jill Paton Walsh 2013-08-01 A re-issue of a forgotten favourite, *FIREWEED* is an evocative and unflinching story of wartime survival for younger readers Bill is a fifteen-year-old runaway evacuee, and he's finding that surviving on the streets of London is pretty easy, thank you very much. He's fed by a local

cafe owner, he earns some cash as a barrow-boy in Covent Garden, and sleeping in the Underground air-raid shelters is cosy - if a bit smelly. Things get more complicated for Bill with the arrival of Julie. She's a runaway too, and although she's a bit posh, she's just as determined as Bill to stay free of interfering parents and 'the social'. But although it's fun for a while to duck Jerry missiles and camp out in bombed-out houses, the reality of living through the Blitz quickly begins to set in. Winter is coming, and Bill and Julie will discover that playing at being grown-ups can be a very dangerous game.... First published in 1969, and winner of the 1970's Book World Festival Award, FIREWEED evokes a time of tin Spitfires, powdered eggs, warm woollen mittens and reading by firelight. Perfect for readers young and old, this book is a beautifully written classic, full of adventure, heroism and British wartime courage.

Breakthrough Parenting for Children with Special Needs-Judy Winter 2006-03-20 Breakthrough Parenting for Children with Special Needs challenges families and professionals to help children with special needs to reach their full potential by using a proven motivational, how-to approach. This groundbreaking and inspiring book provides detailed information on how to let go of the "perfect-baby" dream, face and resolve grief, avoid the no-false-hope syndrome, access early intervention services, and avoid the use of limiting and outdated labels. Also included are specific guidelines for working with professionals, understanding the law and inclusion, planning for the future, and insightful interviews with Dana Reeve of the Christopher Reeve Foundation, Tim Shriver of Special Olympics, and Diane Bubel of the Bubel/Aiken Foundation.

The Female Brain-Louann Brizendine 2009-05-04 Accessible, fun and compelling, and based on more than three decades of research, The Female Brain will help women to better understand themselves - and the men in their lives. In this groundbreaking book, Dr Louann Brizendine describes the uniquely flexible

structure of the female brain and its constant, dynamic state of change - the key difference that separates it from that of the male - and reveals how women think, what they value, how they communicate, and whom they'll love. She also reveals the neurological explanations behind why... - A woman remembers fights that a man insists never happened... - Thoughts about sex enter a woman's brain perhaps once every couple of days, but may enter a man's brain up to once every minute... - A woman's brain goes on high alert during pregnancy - and stays that way long after giving birth... - A woman over 50 is more likely to initiate divorce than a man... - Women tend to know what people are feeling, while men can't spot an emotion unless someone cries or threatens them with bodily harm!

Breaking the Limit-Karen Larsen 2004-07-07 reaking the Limit is one woman's account of riding her motorcycle from New Jersey to Alaska and back. Realizing that years of work and travel in other

people's countries made her a stranger in her own, and with an invitation to meet her biological father for the first time, Karen Larsen set out on a fifteen-thousand-mile trip with nothing but her motorcycle and the barest of essentials. Larsen's journey tests the limits of her own endurance, challenges her long-held beliefs and values, and asks what it means to belong to a family. Through the the fields of Iowa and the deserts of the Southwest, over the Rockies and across Alaska's Kenai Peninsula, Larsen confronts questions of femininity, family, independence, and personal identity. Her journey speaks to the immense space and overwhelming beauty of North America, as well as to the diversity and vitality of the people she meets along the way. Breaking the Limit invites you to join her as she braces against the wind, trades security for freedom, sacrifices stability for motion, and opens herself up to the vast canopy of a continent.

2005

Love, Madness, and Scandal-Johanna Luthman 2017-05-04 The high society of Stuart England found Frances Coke Villiers, Viscountess Purbeck (1602-1645) an exasperating woman. She lived at a time when women were expected to be obedient, silent, and chaste, but Frances displayed none of these qualities. Her determination to ignore convention contributed in no small measure to a life of high drama, one which encompassed kidnappings, secret rendezvous, an illegitimate child, accusations of black magic, imprisonments, disappearances, and exile, not to mention court appearances, high-speed chases, a jail-break, deadly disease, royal fury, and - by turns - religious condemnation and conversion. As a child, Frances became a political pawn at the court of King James I. Her wealthy parents, themselves trapped in a disastrous marriage, fought tooth and nail over whom Frances should marry, pulling both king and court into their extended battles. When Frances was fifteen, her father forced her to marry John Villiers, the elder brother of the royal

favourite, the Duke of Buckingham. But as her husband succumbed to mental illness, Frances fell for another man, and soon found herself pregnant with her lover's child. The Viscountess paid a heavy price for her illicit love. Her outraged in-laws used their influence to bring her down. But bravely defying both social and religious convention, Frances refused to bow to the combined authority of her family, her church, or her king, and fought stubbornly to defend her honour, as well as the position of her illegitimate son. On one level a thrilling tale of love and sex, kidnapping and elopement, the life of Frances Coke Villiers is also the story of an exceptional woman, whose personal experiences intertwined with the court politics and religious disputes of a tumultuous and crucially formative period in English history.
